

GSSP BASE PROSPECTUS 1

BARCLAYS BANK PLC

(Incorporated with limited liability in England and Wales)

Pursuant to the Global Structured Securities Programme

What is this document?

This document (the "**Base Prospectus**") constitutes a base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC (and amendments thereto) (the "**Prospectus Directive**") and is one of a number of prospectuses which relate to the Global Structured Securities Programme (the "**Programme**").

This Base Prospectus is valid for one year and may be supplemented from time to time to reflect any significant new factor, material mistake or inaccuracy relating to the information included in it.

What type of Securities does this Base Prospectus relate to?

This particular Base Prospectus ("**GSSP Base Prospectus 1**") relates to the issuance of securities (the "**Securities**"), which will bear fixed rate interest, floating rate interest, inverse floating rate interest, interest that is linked to the performance of a specified inflation index, a fixed rate of interest that will vary between two specified fixed rates (one of which may be zero) depending on whether a specified floating rate equals or exceeds a specified strike rate or a rate of interest linked to the spread between two floating rates, may be zero coupon securities (which do not bear interest) or may apply a combination of different interest types. The amount of interest payable in respect of Securities on an interest payment date may be subject to a range accrual factor that will vary depending on the performance of a specified inflation index or one or more specified floating rates during the observation period relating to that interest payment date. The type of interest (if any) payable on the Securities may be the same for all interest payment dates or may be different for different interest payment dates. Securities may also contain a provision which allows the Issuer to switch the type of interest payable on specified dates before maturity.

Upon maturity, the Securities will either pay a fixed redemption amount or a redemption amount that is linked to the performance of a specified inflation index. In addition, the Securities may provide for early redemption at the option of the issuer (a call option) or the investor (a put option).

Who is the Issuer?

The Securities will be issued by Barclays Bank PLC (the "**Issuer**"). The payment of any amount due under the Securities is subject to the Issuer's financial position and its ability to meet its obligations. The registration document, as supplemented, for the Issuer (the "**Registration Document**") which is incorporated by reference into this Base Prospectus, together with any other information provided in this Base Prospectus in relation to the Issuer, provides a description of the Issuer's business activities as well as certain financial information and material risks faced by the Issuer.

How do I use this Base Prospectus?

This Base Prospectus, together with certain other documents listed within, is intended to provide investors with information necessary to enable them to make an informed investment decision before purchasing any Securities.

The contractual terms of any particular issuance of Securities will be composed of the terms and conditions set out at pages 102 to 188 of this Base Prospectus (the "**General Conditions**"), as completed by a separate Final Terms document, which is specific to that issuance of Securities (the "**Final Terms**").

The General Conditions comprise five sections (A to E):

- Sections A.: INTRODUCTION, B.: FORM, TITLE, TRANSFER, CALCULATIONS AND PAYMENTS UNDER THE SECURITIES and E.: GENERAL PROVISIONS are generic provisions which apply to issuances of Securities generally;
- Sections C.: INTEREST, OPTIONAL EARLY REDEMPTION AND FINAL REDEMPTION and D.: INFLATION INDEX DISRUPTION EVENTS contain certain optional provisions that will only apply to certain issuances of Securities. The Final Terms document will specify which provisions from Section C apply to your Securities. Section D will only apply to Securities that bear interest or pay a redemption amount that is linked to the performance of a specified inflation index.

The provisions from Section C that are specified to be applicable in the Final Terms will contain the relevant economic terms applicable to your Securities as follows:

- General Condition 6 (*Interest*) will specify whether or not any interest is payable (and if so, how such interest is calculated);
- General Condition 7 (*Optional Early Redemption*) will specify whether the Issuer, or investors, have the right to redeem the Securities early and at what amount; and
- General Condition 8 (*Final Redemption*) will specify how the redemption amount is calculated upon maturity.

Worked examples of hypothetical Securities are set out in the section called 'How the return on your investment is calculated', which explains how the calculations in Section C of the General Conditions will be made.

This Base Prospectus includes other general information such as information about the material risks relating to investing in Securities and information on selling and transfer restrictions. This Base Prospectus (including the Registration Document and other information incorporated by reference into this Base Prospectus) also provides a description of the Issuer's business activities as well as certain financial information and material risks faced by the Issuer.

All capitalised terms used will be defined in this Base Prospectus or the Final Terms and are referenced in the Index to this Base Prospectus.

What other documents do I need to read?

This Base Prospectus (including the Registration Document and the other information which is incorporated by reference) contains all information which is necessary to enable investors to make an informed decision regarding the financial position and prospects of the Issuer and the rights attaching to the Securities. Some of this information is incorporated by reference from other publicly available documents and some of this information is completed in an issue-specific document called the Final Terms. You should read the documents incorporated by reference, as well as the Final Terms in respect of such Securities, together with this Base Prospectus.

Documents will be made available at the registered office of the Issuer and at <http://www.barclays.com/barclays-investor-relations/results-and-reports/results.html>, <http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/prospectuses> and at <http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/final-terms> (as applicable).

What information is included in the Final Terms?

While this Base Prospectus includes general information about all Securities, the Final Terms is the document that sets out the specific details of each particular issuance of Securities. For example, the Final Terms will contain:

- the issue date;

- the scheduled redemption date;
- the interest payment dates (if any);
- the type of interest that applies in respect of each interest payment date (if any)
- the type of final redemption;
- whether or not the Securities may be redeemed early at the option of the Issuer or the investor; and
- any other information needed to complete the terms of this Base Prospectus (identified by the words "as specified in the Final Terms" or other equivalent wording).

Wherever the General Conditions provide optional provisions, the Final Terms will specify which of those provisions apply to a specific issuance of your Securities.

What type of Underlying Assets may the Securities be linked to?

The interest and repayment terms of certain Securities issued under this Base Prospectus may be linked to:

- a reference rate for determining floating rate interest;
- a reference rate for determining the fixed rate at which digital interest is payable;
- two reference rates for determining spread-linked interest;
- one or more reference rates for determining the applicable range accrual factor (if any); and/or
- movements in an inflation index;

(each being an "**Underlying Asset**").

In addition, certain Securities issued under this Base Prospectus may pay fixed interest amounts and/or a fixed repayment amount. Such interest amounts and/or repayment amount (as applicable) will not be linked to an Underlying Asset.

Those Securities with repayment terms that are linked to movements in an inflation index will be 'derivative securities' for the purposes of the Prospectus Directive (and as such specific items of information are included in this Base Prospectus that may not be relevant for Securities that are not derivative securities).

17 February 2015

IMPORTANT INFORMATION

THE AMOUNT PAYABLE ON REDEMPTION OF THE SECURITIES MAY BE LESS THAN THE ORIGINAL INVESTED AMOUNT (AND IN SOME CASES MAY BE ZERO), IN WHICH CASE YOU MAY LOSE SOME OR ALL OF YOUR ORIGINAL INVESTMENT.

FOR ALL SECURITIES, IF THE ISSUER BECOMES INSOLVENT OR BANKRUPT OR OTHERWISE FAILS TO MAKE ITS PAYMENT OBLIGATIONS ON THE SECURITIES, YOU WILL LOSE SOME OR ALL OF YOUR ORIGINAL INVESTMENT.

INVESTING IN SECURITIES INVOLVES CERTAIN RISKS, AND YOU SHOULD FULLY UNDERSTAND THESE BEFORE YOU INVEST. SEE THE SECTION HEADED 'RISK FACTORS' BELOW.

Regulatory approval and passporting for the purposes of the EU Prospectus Directive

This Base Prospectus has been approved by the United Kingdom Financial Conduct Authority (the "FCA") in its capacity as competent authority in the United Kingdom (the "UK Listing Authority") as a base prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in the United Kingdom for the purpose of giving information with regard to the issue of Securities pursuant to the Programme on and during the period of 12 months after the date hereof.

Notification of this approval will be made to the competent authorities of Belgium, Denmark, Finland, France, Ireland, Italy, Luxembourg, Malta, the Netherlands, Norway, Portugal, Spain and Sweden.

The contents of this Base Prospectus have not been reviewed or approved by any regulatory authority other than the UK Listing Authority.

No compensation arrangements

Any failure by the Issuer to make payments due under the Securities would not of itself give rise to any claim for compensation on the grounds of such a failure. You would not have a claim for compensation against the UK's Financial Services Compensation Scheme. For more information regarding Issuer risk, please see 'Risk Factors' – risk factor 1 (*Risks associated with the Issuer's ability to fulfil its obligations under the Securities*).

No investment advice

Neither this Base Prospectus nor any Final Terms is or purports to be investment advice. Unless expressly agreed otherwise with a particular investor, neither the Issuer nor any Manager is acting as an investment adviser, providing advice of any other nature, or assuming any fiduciary obligation to any investor in Securities.

Ratings

The credit ratings included or referred to in this Base Prospectus or any document incorporated by reference are, for the purposes of Regulation (EC) No 1060/2009 on credit rating agencies (the "CRA Regulation"), issued by Fitch Ratings Limited ("Fitch"), Moody's Investors Service Ltd. ("Moody's") and Standard & Poor's Credit Market Services Europe Limited ("Standard & Poor's"), each of which is established in the European Union and has been registered under the CRA Regulation.

As of the date of this Base Prospectus, the short-term unsecured obligations of the Issuer are rated A-1 by Standard & Poor's¹, P-1 by Moody's², and F1 by Fitch³ and the long-term obligations of the Issuer

Notes on Issuer ratings: The information in these footnotes has been extracted from information made available by each rating agency referred to below. The Issuer confirms that such information has been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published by such rating agencies, no facts have been omitted which would render the reproduced information inaccurate or misleading.

¹ A short-term obligation rated 'A-1' is rated in the highest category by Standard & Poor's. The obligor's capacity to meet its financial commitment on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitment on these obligations is extremely strong.

² 'P-1' Issuers (or supporting institutions) rated Prime-1 have a superior ability to repay short-term debt obligations.

are rated A by Standard & Poor's⁴, A2 by Moody's⁵, and A by Fitch⁶.

Independent evaluation

Nothing set out or referred to in this Base Prospectus is intended to provide the basis of any credit or other evaluation (except in respect of any purchase of Securities described herein) or should be considered as a recommendation by the Issuer or any Manager that any recipient of this Base Prospectus (or any document referred to herein) should purchase any Securities.

An investor should not purchase the Securities unless they understand the extent of their exposure to potential loss. Investors are urged to read the factors described in the section headed '*Risk Factors*', together with the other information in this Base Prospectus (including any information incorporated by reference), as supplemented from time to time, and the Final Terms, before investing in the Securities.

Investors should note that (i) the risks described in the section headed '*Risk Factors*' of this Base Prospectus and (ii) the risks described in the section headed '*Risk Factors*' of the Registration Document (which is incorporated by reference into this Base Prospectus) are not the only risks that the Issuer faces or that may arise because of the nature of the Securities. The Issuer has described only those risks relating to its operations and to the Securities that it considers to be material. There may be additional risks that the Issuer currently considers not to be material or of which it is not currently aware.

Given the nature, complexity and risks inherent in the Securities (and investments relating to any Underlying Assets), the Securities may not be suitable for an investor's investment objectives in the light of his or her financial circumstances. Investors should consider seeking independent advice to assist them in determining whether the Securities are a suitable investment for them or to assist them in evaluating the information contained or incorporated by reference into this Base Prospectus or set out in the Final Terms.

You have sole responsibility for the management of your tax and legal affairs including making any applicable filings and payments and complying with any applicable laws and regulations. Neither the Issuer, nor any of its Affiliates will provide you with tax or legal advice and you should obtain your own independent tax and legal advice tailored to your individual circumstances. The tax treatment of structured products, such as the Securities, can be complex; the tax treatment applied to an individual depends on their circumstances. The level and basis of taxation may alter during the term of any product.

Amounts due to be paid to you are described on a gross basis, i.e. without calculating any tax liability. The Issuer shall make no deduction for any tax, duty, or other charge unless required by law.

Potential for discretionary determinations by the Determination Agent and the Issuer under the Securities

Under the terms and conditions of the Securities, following the occurrence of certain events relating to the Issuer, the Issuer's hedging arrangements, the Underlying Asset(s), taxation, the relevant currency or other matters, the Issuer or the Determination Agent may determine to take one of the actions available to it in order to deal with the impact of such event on the Securities or the Issuer or both. These actions may include (i) adjustment to the terms and conditions of the Securities, (ii) substitution

³ An 'F1' rating indicates the highest short-term credit quality and the strongest intrinsic capacity for timely payment of financial commitments; may have an added '+' to denote any exceptionally strong credit feature.

⁴ An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong. The ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

⁵ Obligations rated 'A' are considered upper-medium grade and are subject to low credit risk. Note: Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from 'Aa' through 'Caa'. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

⁶ An 'A' rating indicates high credit quality and denotes expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.

of the Underlying Asset(s) or (iii) early redemption of the Securities. Any such discretionary determination by the Issuer or Determination Agent could have a material adverse impact on the value of and return on the Securities. See, in particular, 'Risk Factors' – risk factor 10 (*Risks associated with discretionary powers of the Issuer and the Determination Agent, including in relation to the Issuer's hedging arrangements*) below.

Issue Price and Offer Price

Securities will be issued by the Issuer at the Issue Price specified in the Final Terms. The Issue Price will be determined by the Issuer in consultation with the relevant Manager at the time of the relevant offer and will depend, amongst other things, on prevailing market conditions at that time. The offer price of such Securities will be the Issue Price or a percentage of the Issue Price (such percentage being determined, in connection with the distribution of the Securities, as the Issue Price plus or minus any distribution fee agreed between the Issuer and the relevant distributor) as specified in the Final Terms or such other price as may be agreed between an investor and the Authorised Offeror making the offer of the Securities to such investor. The Issuer will not be party to arrangements between an investor and an Authorised Offeror, and the investor will need to look to the relevant Authorised Offeror to confirm the price at which such Authorised Offeror is offering the Securities to such Investor.

Distribution

The distribution or delivery of this Base Prospectus or any Final Terms and any offer or sale of Securities in certain jurisdictions may be restricted by law. This document does not constitute, and may not be used for the purposes of, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offering or solicitation. Other than as expressly described in this Base Prospectus, no action is being taken to permit an offering of Securities or the delivery of this Base Prospectus in any jurisdiction. Persons into whose possession this Base Prospectus or any Final Terms come are required by the Issuer to inform themselves about and to observe any such restrictions.

Details of selling restrictions for various jurisdictions are set out in the section headed '*Purchase and Sale*'.

United States Selling Restrictions

The Securities have not been and will not be registered under the US Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction of the United States. The Securities are being offered and sold outside the United States to non-US persons in reliance on Regulation S ("**Regulation S**") under the Securities Act.

The Securities may be in the form of Bearer Securities that are not Cleared Securities and therefore subject to US tax law requirements. Subject to certain exceptions, Securities may not be offered, sold or, in the case of Bearer Securities, delivered within the United States or to, or for the account or benefit of, US persons (as defined in Regulation S under the Securities Act) or, in the case of a Bearer Security that is not a Cleared Security, to US persons (as defined in the US Internal Revenue Code of 1986, as amended, and the regulations thereunder).

For a description of these and certain further restrictions on offers, sales and transfers of Securities and delivery of this Base Prospectus and any Final Terms, see '*Purchase and Sale*' and '*Clearance and Settlement*' herein.

US foreign account tax compliance withholding

THE FOREIGN ACCOUNT TAX COMPLIANCE ACT ("FATCA") IS PARTICULARLY COMPLEX AND ITS CURRENT AND FUTURE APPLICATION TO THE ISSUER, SECURITIES AND THE INVESTORS IS SUBJECT TO SIGNIFICANT UNCERTAINTY. YOU SHOULD CONSULT YOUR OWN TAX ADVISERS TO OBTAIN A MORE DETAILED EXPLANATION OF FATCA AND TO LEARN HOW THIS LEGISLATION MIGHT AFFECT YOU IN YOUR PARTICULAR CIRCUMSTANCE, INCLUDING HOW THE FATCA RULES MAY APPLY TO PAYMENTS RECEIVED UNDER THE SECURITIES BOTH CURRENTLY AND IN THE FUTURE.

Change of Circumstances

Neither the delivery of this Base Prospectus (including the Registration Document or any other information incorporated by reference in the Base Prospectus) or any Final Terms, nor any sale of Securities, shall create any impression that information in such documents relating to the Issuer is correct at any time subsequent to the date of the Base Prospectus and Registration Document (as supplemented) or that any other information supplied in connection with the Securities or the Programme is correct as of any time subsequent to the date of the relevant document containing the same.

Representations

In connection with the issue and sale of Securities, no person has been authorised to give any information or to make any representation not contained in or consistent with the Base Prospectus and Final Terms and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer. The Issuer does not accept responsibility for any information not contained in this Base Prospectus and Final Terms. This document does not constitute, and may not be used for the purposes of, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offering or solicitation and no action is being taken to permit an offering of the Securities or the distribution of this Base Prospectus in any jurisdiction where action is required.

Calculations and determinations

Unless otherwise specified, all calculations and determinations in respect of the Securities shall be made by either Barclays Bank PLC or Barclays Capital Securities Limited (acting in such capacity, the "**Determination Agent**").

	GENERAL INFORMATION	278
	<i>This section provides a general description of the Programme, as well as certain additional information relating to all Securities.</i>	

INDEX

282

An index of all defined terms used in this Base Prospectus.

SUMMARY

Summaries are made up of disclosure requirements known as 'elements'. These elements are numbered in sections A – E (A.1 – E.7).

This summary (the "**Summary**") contains all the elements required to be included in a summary for these types of securities and issuer. Because some elements are not required to be addressed, there may be gaps in the numbering sequence of the elements.

Even though an element may be required to be inserted in the Summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the element. In this case a short description of the element is included in the Summary after the words 'not applicable'.

Section A – Introduction and Warnings		
A.1	Introduction and warnings	<p>This Summary should be read as an introduction to the Base Prospectus. Any decision to invest in Securities should be based on consideration of the Base Prospectus as a whole, including any information incorporated by reference, and read together with the Final Terms.</p> <p>Where a claim relating to the information contained in the Base Prospectus is brought before a court, the plaintiff might, under the national legislation of the relevant Member State of the European Economic Area, have to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.</p> <p>No civil liability shall attach to any responsible person solely on the basis of this Summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of the Base Prospectus or it does not provide, when read together with the other parts of the Base Prospectus, key information in order to aid investors when considering whether to invest in the Securities.</p>
A.2	Consent by the Issuer to the use of prospectus in subsequent resale or final placement of Securities	<p>[The Issuer may provide its consent to the use of the Base Prospectus and Final Terms for subsequent resale or final placement of Securities by financial intermediaries, provided that the subsequent resale or final placement of Securities by such financial intermediaries is made during the offer period specified in the Final Terms. Such consent may be subject to conditions which are relevant for the use of the Base Prospectus.]</p> <p>[[Specific] [General] consent: The Issuer consents to the use of the Base Prospectus and these Final Terms with respect to the subsequent resale or final placement of Securities (a "Public Offer") which satisfies all of the following conditions:</p> <p>(a) the Public Offer is only made in [Belgium] [Denmark] [Finland] [France] [Ireland] [Italy] [Luxembourg] [Malta] [the Netherlands] [Norway] [Portugal] [Spain] [Sweden] [and/or] [the United Kingdom]; [and] the Public Offer is only made during the period from (and including) [●] to (but excluding) [●]; [and]</p> <p>(b) the Public Offer is only made by [●] [and] [each financial intermediary whose name is published on the Issuer's website (http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/final-terms) and who is identified as an authorised offeror for these Securities] [any financial intermediary which (i) is authorised to make such offers under the Markets in Financial Instruments Directive (Directive 2004/39/EC)] and (ii) has published on its website that it is using the Base Prospectus in accordance with the Issuer's consent and the conditions attached thereto] ([each] an "Authorised Offeror")].]; and]</p> <p>(c) [●].</p> <p>Information on the terms and conditions of an offer by any Authorised Offeror is to be provided at the time of that offer by the Authorised Offeror.]</p> <p>[Not Applicable: the Issuer does not consent to the use of the Base Prospectus for subsequent resales.]</p>

Section B - Issuer		
B.1	Legal and commercial name of the Issuer	The Securities are issued by Barclays Bank PLC (the " Issuer ").
B.2	Domicile and legal form of the Issuer, legislation under which the Issuer operates and country of incorporation of the Issuer	<p>The Issuer is a public limited company registered in England and Wales. The Issuer was incorporated on 7 August 1925 under the Colonial Bank Act 1925 and, on 4 October 1971, was registered as a company limited by shares under the Companies Acts 1948 to 1967. Pursuant to the Barclays Bank Act 1984, on 1 January 1985, the Issuer was re-registered as a public limited company.</p> <p>The principal laws and legislation under which the Issuer operates are the laws of England and Wales including the Companies Act.</p>
B.4b	Known trends affecting the Issuer and industries in which the Issuer operates	<p>The business and earnings of the Issuer and its subsidiary undertakings (together, the "Bank Group") can be affected by the fiscal or other policies and other actions of various governmental and regulatory authorities in the UK, EU, US and elsewhere, which are all subject to change. The regulatory response to the financial crisis has led and will continue to lead to very substantial regulatory changes in the UK, EU and US and in other countries in which the Bank Group operates. It has also (amongst other things) led to (i) a more assertive approach being demonstrated by the authorities in many jurisdictions, and (ii) enhanced capital and liquidity requirements (for example pursuant to the fourth Capital Requirements Directive (CRD IV)). Any future regulatory changes may restrict the Bank Group's operations, mandate certain lending activity and impose other, significant compliance costs.</p> <p>Known trends affecting the Issuer and the industry in which the Issuer operates include:</p> <ul style="list-style-type: none"> • continuing political and regulatory scrutiny of the banking industry which is leading to increased or changing regulation that is likely to have a significant effect on the industry; • general changes in regulatory requirements, for example, prudential rules relating to the capital adequacy framework and rules designed to promote financial stability and increase depositor protection; • the US Dodd-Frank Wall Street Reform and Consumer Protection Act, which contains far-reaching regulatory reform (including restrictions on proprietary trading and fund-related activities (the so-called 'Volcker rule')); • recommendations by the Independent Commission on Banking including: (i) that the UK and EEA retail banking activities of the largest UK banks should be placed in a legally, operationally and economically separate independent entity (so-called 'ring-fencing'); (ii) statutory depositor preference in insolvency; and (iii) a reserve power for the Prudential Regulatory Authority to enforce full separation of the retail operations of UK banks to which the reforms apply under certain circumstances; • investigations by the Office of Fair Trading into Visa and MasterCard credit and debit interchange rates, which may have an impact on the consumer credit industry; • investigations by (i) regulatory bodies in the UK, EU and US into submissions made by the Issuer and other panel members to the bodies that set various interbank offered rates such as the London Interbank Offered Rate ("LIBOR") and the Euro Interbank Offered Rate ("EURIBOR"); and (ii) regulatory bodies in the UK and US into historical practices with respect to ISDAfix, amongst other benchmarks; and • changes in competition and pricing environments.

B.5	Description of the group and the Issuer's position within the group	<p>The Bank Group is a major global financial services provider.</p> <p>The whole of the issued ordinary share capital of the Issuer is beneficially owned by Barclays PLC, which is the ultimate holding company of the Bank Group.</p>
B.9	Profit forecast or estimate	<p>Not Applicable: the Issuer has chosen not to include a profit forecast or estimate.</p>
B.10	Nature of any qualifications in audit report on historical financial information	<p>Not Applicable: the audit report on the historical financial information contains no such qualifications.</p>
B.12	Selected key financial information; no material adverse change and significant change statements	<p>Based on the Bank Group's audited financial information for the year ended 31 December 2013, restated to reflect the offsetting amendments to IAS 32, the Bank Group had total assets of £1,344,201m (2012 (restated): £1,512,777m), total net loans and advances of £474,059m (2012 (restated): £472,809m), total deposits of £487,647m (2012 (restated): £468,262m), and total shareholders' equity of £63,220m (2012: £59,923m) (including non-controlling interests of £2,211m (2012: £2,856m)). The profit before tax from continuing operations of the Bank Group for the year ended 31 December 2013 was £2,885m (2012: £650m) after credit impairment charges and other provisions of £3,071m (2012: £3,340m). The financial information in this paragraph is extracted from the audited consolidated financial statements of the Issuer for the year ended 31 December 2013.</p> <p>Based on the Bank Group's unaudited financial information for the six months ended 30 June 2014, the Bank Group had total assets of £1,315,492m (30 June 2013 (restated): £1,568,544m), total net loans and advances of £486,385m (30 June 2013 (restated): £522,026m), total deposits of £505,873m (30 June 2013 (restated): £541,671m), and total shareholders' equity of £65,119m (30 June 2013: £59,394m) (including non-controlling interests of £ 2,130m (30 June 2013: £2,620m)). The profit before tax from continuing operations of the Bank Group for the six months ended 30 June 2014 was £2,504m (30 June 2013: £1,648m) after credit impairment charges and other provisions of £1,086m (30 June 2013: £1,631m). The financial information in this paragraph is extracted from the unaudited consolidated financial statements of the Issuer for the six months ended 30 June 2014 and the unaudited consolidated financial statements of the Issuer for the six months ended 30 June 2013 restated to reflect the offsetting amendments to IAS 32.</p> <p>There has been no material adverse change in the prospects of the Issuer since 31 December 2013.</p> <p>Not Applicable: there has been no significant change in the financial or trading position of the Bank Group since 30 June 2014.</p>
B.13	Recent events particular to the Issuer which are materially relevant to the evaluation of Issuer's solvency	<p>In 2013 the United Kingdom Financial Policy Committee asked the PRA to take steps to ensure that, by the end of 2013, major United Kingdom banks and building societies, including Barclays PLC (and its subsidiaries, including the Issuer) (the "Group"), held capital resources equivalent to 7 per cent. of their risk weighted assets. As part of its review, the PRA also introduced a 3 per cent. Leverage ratio target, which the PRA requested the Group plan to achieve by 30 June 2014. The PRA's calculations for both capital and leverage ratios were based on CRD IV definitions, applied on a fully loaded basis with further prudential adjustments.</p> <p>In order to achieve these targets within the PRA's expected timeframes the Group formulated and agreed with the PRA a plan comprised of capital management and leverage exposure actions which was announced on 30 July 2013. The Group executed on this plan in 2013 by completing an underwritten rights issue to raise approximately £5.8 billion (net of expenses) in common equity tier 1 capital; issuing £2.1 billion (equivalent) CRD IV qualifying contingent convertible Additional Tier 1 securities with a 7 per cent. fully loaded CET1 ratio trigger; and reducing PRA leverage exposure to £1,365 billion. These actions, together with on-going leverage exposure reductions and a successful liability management exercise in June 2014, resulted in the Group reporting a fully loaded CRD IV CET1 ratio of 9.9% and a PRA leverage ratio of 3.4% as at 30 June 2014.</p>
B.14	Dependency of	<p>The Bank Group is a major global financial services provider. The whole of the issued</p>

	the Issuer on other entities within the group	<p>ordinary share capital of the Issuer is beneficially owned by Barclays PLC, which is the ultimate holding company of the Bank Group.</p> <p>The financial position of the Issuer is dependent on the financial position of its subsidiary undertakings.</p>
B.15	Description of the Issuer's principal activities	<p>The Bank Group is a major global financial services provider engaged in retail and commercial banking, credit cards, investment banking, wealth management and investment management services with an extensive international presence in Europe, the United States, Africa and Asia.</p>
B.16	Description of whether the Issuer is directly or indirectly owned or controlled and by whom and nature of such control	<p>The whole of the issued ordinary share capital of the Issuer is beneficially owned by Barclays PLC, which is the ultimate holding company of the Issuer and its subsidiary undertakings.</p>
B.17	Credit ratings assigned to the Issuer or its debt securities	<p>The short-term unsecured obligations of the Issuer are rated A-1 by Standard & Poor's Credit Market Services Europe Limited, P-1 by Moody's Investors Service Ltd. and F1 by Fitch Ratings Limited and the long-term obligations of the Issuer are rated A by Standard & Poor's Credit Market Services Europe Limited, A2 by Moody's Investors Service Ltd. and A by Fitch Ratings Limited. A specific issue of Securities may be rated or unrated.</p> <p>Ratings: This issue of Securities will [not be rated][be rated as [●] by [Fitch Ratings Limited] [Moody's Investors Service Ltd.] [Standard & Poor's Credit Market Services Europe Limited]].</p>
Section C - Securities		
C.1	Type and class of Securities being offered and/or admitted to trading	<p>Securities issued under this Base Prospectus may be debt securities or, where the repayment terms are linked to the performance of a specified inflation index, derivative securities.</p> <p>Securities will bear interest at a fixed rate, a floating rate plus a fixed percentage, a rate equal to a fixed percentage minus a floating rate, a rate that is equal to the difference between two floating rates, a rate that is calculated by reference to movements in a specified inflation index, or a rate that will vary between two specified fixed rates (one of which may be zero) depending on whether the specified floating rate exceeds the specified strike rate on the relevant date of determination, may be zero coupon securities (which do not bear interest) or may apply a combination of different interest types. The type of interest (if any) payable on the Securities may be the same for all interest payment dates or may be different for different interest payment dates. Securities may include an option for the Issuer, at its discretion, to switch the type of interest payable on the Securities once during the term of the Securities. The amount of interest payable in respect of the Securities on an interest payment date may be subject to a range accrual factor that will vary depending on the performance of a specified inflation index or one or more specified floating rates during the observation period relating to that interest payment date.</p> <p>Securities may include an option for the Securities to be redeemed prior to maturity at the election of the Issuer or the investor. If Securities are not redeemed early they will redeem on the scheduled redemption date and the amount paid will either be a fixed redemption amount, or an amount linked to the performance of a specified inflation index.</p> <p>Securities may be cleared through a clearing system or uncleared and held in bearer or registered form. Certain cleared Securities may be in dematerialised and uncertificated book-entry form. Title to cleared Securities will be determined by the books of the relevant clearing system.</p> <p>Securities will be issued in one or more series (each a "Series") and each Series may be issued in tranches (each a "Tranche") on the same or different issue dates. The Securities of each Series are intended to be interchangeable with all other Securities of that Series. Each Series will be allocated a unique Series number and an identification code.</p> <p>The Securities are transferable obligations of the Issuer that can be bought and sold by</p>

		<p>investors in accordance with the terms and conditions set out in the Base Prospectus (the "General Conditions"), as completed by the final terms document (the "Final Terms") (the General Conditions as so completed, the "Conditions").</p> <p>[Interest: [The Securities will not pay any interest.] [The interest payable in respect of the Securities will be determined by reference to [a combination of] [a fixed rate of interest/a floating rate of interest/an inverse floating rate of interest/interest that is linked to the performance of a specified inflation index/a fixed rate of interest that will vary between two specified fixed rates (one of which may be zero) depending on whether a specified floating rate equals or exceeds a specified strike rate/a rate of interest linked to the spread between two floating rates] [,provided that the rate of interest may be switched at the option of the Issuer to [a combination of] [a fixed rate of interest/a floating rate of interest/an inverse floating rate of interest/ a rate of interest linked to the spread between two floating rates.] [The amount of interest payable in respect of a security for an interest calculation period will be determined by multiplying the interest calculation amount of such security by the applicable interest rate and day count fraction[, and then multiplying the resultant amount by the range accrual factor for that interest calculation period.]</p> <p>Call or Put option: [Not applicable] [Securities may be redeemed before the scheduled redemption date at the option of [the Issuer on the following date[s]: [●]] [and] [the holder on the following date[s]: [●]].</p> <p>Final redemption: The final redemption amount will be [determined by reference to the [●] Index] [[●] per cent. of [●] (the calculation amount)].</p> <p>Form: [The Securities will initially be issued in [global [bearer] [registered] form.] [The Securities will be issued in definitive registered form.] [The Securities will be issued in dematerialised and uncertificated book-entry form.] [The Securities will be issued in [bearer dematerialised form (<i>au porteur</i>)] [registered dematerialised form (<i>au nominatif</i>)] [The Securities will be issued in the form of uncertificated securities and entered into the main register (<i>Hauptregister</i>) of SIX SIS AG as custodian (<i>Verwahrungsstelle</i>)] [The Securities will be represented by a single Global Security in registered form that is deposited with SIX SIS AG as central depository.] [Interests in the Securities will be constituted through the issuance of dematerialised depository interests ("CDIs"), issued, held, settled and transferred through Euroclear UK & Ireland Limited (formerly known as CRESTCO Limited) ("CREST").]</p> <p>Identification: Series number: [●]; Tranche number: [●]</p> <p>Identification codes: ISIN Code: [●]; Common Code: [●] [; Valoren: [●]] [●].</p> <p>Governing Law: The Securities will be governed by [English law] [French law] [Swiss law].</p>
C.2	Currency	<p>Subject to compliance with all applicable laws, regulations and directives, Securities may be issued in any currency. The terms of Securities may provide that all amounts of interest and principal payable in respect of such Securities will be paid in a settlement currency other than the currency in which they are denominated, with such payments being converted into the settlement currency at the prevailing exchange rate as determined by the Determination Agent.</p> <p>The Securities will be denominated in [pounds sterling ("GBP") [Euro ("EUR") [United States dollars ("USD") [●]. All amounts of interest and principal payable in respect of the Securities will be paid in [pounds sterling ("GBP") [Euro ("EUR") [United States dollars ("USD") [●], with such payments being converted from [GBP] [EUR] [USD] [●] into GBP] [EUR] [USD] [●] at the prevailing exchange rate as determined by the Determination Agent.</p>
C.5	Description of restrictions on free transferability of the Securities	<p>Securities are offered and sold outside the United States to non-US persons in reliance on "Regulation S" and must comply with transfer restrictions with respect to the United States.</p> <p>Securities held in a clearing system will be transferred in accordance with the rules, procedures and regulations of that clearing system.</p> <p>Subject to the above, the Securities will be freely transferable.</p>
C.8	Description of	<p>Rights: Each Security includes a right to a potential return of interest and amount payable</p>

	<p>rights attached to the Securities including ranking and limitations to those rights</p>	<p>on redemption together with certain ancillary rights such as the right to receive notice of certain determinations and events and the right to vote on future amendments.</p> <p>Price: Securities will be issued at a price and in such denominations as agreed between the Issuer and the relevant dealer(s) and/or manager(s) at the time of issuance. The minimum denomination will be the calculation amount in respect of which interest and redemption amounts will be calculated. The issue price of the Securities is [●] per cent. The [minimum] denomination of a Security is [●] (the "Calculation Amount").</p> <p>Taxation: All payments in respect of the Securities shall be made without withholding or deduction for or on account of any UK taxes unless such withholding or deduction is required by law. In the event that any such withholding or deduction is required by law, the Issuer will, save in limited circumstances, be required to pay additional amounts to cover the amounts so withheld or deducted.</p> <p>Ranking: Securities are direct, unsubordinated and unsecured obligations of the Issuer and rank equally among themselves.</p> <p>Events of default: If the Issuer fails to make any payment due under the Securities or breaches any other provision of the Securities (and such failure is not remedied within 30 days, or in the case of interest 14 days), or the Issuer is subject to a winding-up order, then, (subject, in the case of interest, to the Issuer being prevented from payment by a mandatory provision of law) the Securities will become immediately due and payable, upon notice being given by the holder (or, in the case of Securities governed by French law, the representative of the holders).</p> <p>Limitations to rights:</p> <ul style="list-style-type: none"> • Notwithstanding that the Securities are linked to the performance of the underlying asset(s), holders do not have any rights in respect of the underlying assets. • The terms and conditions of the Securities permit the Issuer and the Determination Agent (as the case may be), on the occurrence of certain events and in certain circumstances, without the holders' consent, to make adjustments to the terms and conditions of the Securities, to redeem the Securities prior to maturity, (where applicable) to postpone valuation of the underlying asset(s) or scheduled payments under the Securities, to change the currency in which the Securities are denominated, to substitute the Issuer with another permitted entity subject to certain conditions and to take certain other actions with regard to the Securities and the underlying asset(s) (if any). • The Securities contain provisions for calling meetings of holders to consider matters affecting their interests generally and these provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority. <p>The Securities will be governed by [English law] [French law] [Swiss law] and the rights thereunder will be construed accordingly.</p>
<p>C.9</p>	<p>Interest/ Redemption</p>	<p>Interest: In respect of each interest calculation period, Securities may or may not bear interest. For each interest calculation period in respect of which the Securities bear interest, interest will accrue at one of the following rates: a fixed rate, a floating rate plus a fixed percentage, a rate equal to a fixed percentage minus a floating rate, a rate that is equal to the difference between two floating rates, a rate that is calculated by reference to movements in a specified inflation index, or a rate that will vary between two specified fixed rates (one of which may be zero) depending on whether the specified floating rate exceeds a specified level on the relevant date of determination. Securities may include an option for the Issuer, at its discretion, to switch the type of interest payable on the Securities once during the term of the Securities (the "Switch Option"). The amount of interest payable in respect of the Securities on an interest payment date may also be subject to a range accrual factor that will vary depending on the performance of a specified inflation index or one or more specified floating rates, as described in 'Range Accrual Factor' below (the "Range Accrual Factor").</p> <p>Final Redemption: The amount payable on final redemption of the Securities will either be fixed at a percentage of the calculation amount of the Securities, or may reference the</p>

calculation amount of the Securities (being the minimum denomination of the Securities) as adjusted upwards or downwards to account for movements in an inflation index.

Optional Early Redemption: Certain Securities may be redeemed earlier than the scheduled redemption date following the exercise of a call option by the Issuer or the exercise of a put option by a holder of the Securities.

Mandatory Early Redemption: Securities may also be redeemed earlier than the scheduled redemption date if performance of the Issuer's obligations becomes illegal, if the Determination Agent so determines, following cessation of publication of an Inflation Index, or following the occurrence of a change in applicable law, a currency disruption or a tax event affecting the Issuer's ability to fulfil its obligation under the Securities.

Indicative amounts: If the Securities are being offered by way of a Public Offer and any specified product values below are not fixed or determined at the commencement of the Public Offer (including any amount, level, percentage, price, rate or other value in relation to the terms of the Securities which has not been fixed or determined by the commencement of the Public Offer), these specified product values will specify an indicative amount, an indicative minimum amount, an indicative maximum amount or any combination thereof. In such case, the relevant specified product value(s) shall be the value determined based on market conditions by the Issuer on or around the end of the Public Offer. Notice of the relevant specified product value will be published prior to the Issue Date.

[INTEREST

[Fixed Rate Interest. [Each] [If the Switch Option is exercised, each] [During the life of the Securities or, if the Switch Option is exercised, until the Switch Date following exercise of the Switch Option, each] [For the period from and including [the Issue Date/the Interest Payment Date falling in [●]] to but excluding the Interest Payment Date falling in [●], each] Security will bear interest [(subject to the application of the Range Accrual Factor as described below)] [from [●] [the interest calculation period beginning on or nearest the Switch Date]] at [a rate of [●]%] [the rate specified below under the heading 'Fixed Rate(%)'] per annum payable at the end of each interest calculation period on [[●] in each year] [each date specified below under the heading 'Interest Payment Date(s)'] [falling after the Switch Date] (each, an "**Interest Payment Date**").]

[Interest Payment Date:]	[Fixed Rate(%):]
[●] [[●] business days after each interest determination date]	[●]

[Indication of yield. The yield for Securities that pay only fixed rate interest will be [●] on the Issue Date and will be calculated on the basis of the compound annual rate of return if the relevant Securities were to be purchased at the Issue Price on the Issue Date and held to maturity. This is not an indication of future yield.]

[Floating Rate Interest. [**Digital Interest.** [Each] [If the Switch Option is exercised, each] [During the life of the Securities or, if the Switch Option is exercised, until the Switch Date following exercise of the Switch Option, each] [For the period from and including [the Issue Date/the Interest Payment Date falling in [●]] to but excluding the Interest Payment Date falling in [●], each] Security will bear interest payable on each date specified below under the heading 'Interest Payment Date(s)' (each, an "**Interest Payment Date**") at (i) [the rate specified below under the heading 'Digital Rate 1'] [the Digital Rate 1 (as defined below) determined for the relevant interest payment date], if the Floating Rate on the relevant date of determination is less than the rate specified below under the heading 'Strike', (ii) [the rate specified below under the heading 'Digital Rate 2'] [the Digital Rate 2 (as defined below) determined for the relevant interest payment date], if the Floating Rate on the relevant date of determination is greater than the rate specified below under the heading 'Strike', or (iii) the greater of [the rates specified below under the headings 'Digital Rate 1' and 'Digital Rate 2'] [the rate specified below under the heading 'Digital Rate 1' and the Digital Rate 2 determined for the relevant interest payment date] [the Digital Rate 1 determined for the relevant interest payment date and the rate specified below under the heading 'Digital Rate 2'] [the Digital Rate 1 and Digital Rate 2, each as determined for the relevant interest payment date], if the Floating Rate on the relevant date of determination is equal to the rate specified below under the heading 'Strike'

Interest Payment Date(s):	Digital Rate 1 (%):	Digital Rate 2 (%):	Strike (%):
[●]	[●]	[●]	[●]

"**Floating Rate**" means the [CMS Reference Rate (as defined below)] [the quotation for [●] [month/year] [●] that appears on [Bloomberg Screen] [Reuters Screen Page] [●] at [●] [a.m.] [p.m.] on the date for determining the floating rate]/[the arithmetic mean of the quotations for [●] [month/year] [●] that appears on [Bloomberg Screen] [Reuters Page] [●]] at [●] [a.m.] [p.m.] on the date for determining the floating rate].

["**Digital Rate 1**" means the [CMS Reference Rate (as defined below)] [the quotation for [●] [month/year] [●] that appears on [Bloomberg Screen] [Reuters Screen Page] [●] at [●] [a.m.] [p.m.] on the date for determining the floating rate]/[the arithmetic mean of the quotations for [●] [month/year] [●] that appears on [Bloomberg Screen] [Reuters Page] [●]] at [●] [a.m.] [p.m.] on the date for determining the floating rate].]

["**Digital Rate 2**" means the [CMS Reference Rate (as defined below)] [the quotation for [●] [month/year] [●] that appears on [Bloomberg Screen] [Reuters Screen Page] [●] at [●] [a.m.] [p.m.] on the date for determining the floating rate]/[the arithmetic mean of the quotations for [●] [month/year] [●] that appears on [Bloomberg Screen] [Reuters Page] [●]] at [●] [a.m.] [p.m.] on the date for determining the floating rate].]

[**Spread-Linked Interest.** [Each] [If the Switch Option is exercised, each] [During the life of the Securities or, if the Switch Option is exercised, until the Switch Date following exercise of the Switch Option, each] [For the period from and including [the Issue Date/the Interest Payment Date falling in [●]] to but excluding the Interest Payment Date falling in [●], each] Security will bear interest from [●] [the interest calculation period beginning on or nearest the Switch Date] and will pay an amount of interest [(subject to the application of the Range Accrual Factor as described below)] based on the Rate of Interest (as defined below) at the end of each interest calculation period on [[●] in each year] [each date specified below under the heading 'Interest Payment Date(s)'] [falling after the Switch Date] (each, an "**Interest Payment Date**").

The applicable rate of interest ("**Rate of Interest**") will be [equal to Spread-Linked Rate One minus the product of the number set out under the heading 'Leverage' below and Spread-Linked Rate Two] [multiplied by the number set out under the heading 'Participation' below] [and then [adding] [subtracting] the relevant percentage specified below under the heading 'Spread(%)' below / [●] %] [, provided that such rate shall not be [greater than [the percentage set out under the heading 'Cap(%)' below / [●] %] [the Curve Cap Rate (as defined below))] [or] [less than [the relevant percentage specified under

'Floor(%)' below / [●]% [zero]] [(subject to the application of the Range Accrual Factor as described below)].

"**Spread-Linked Rate One**" means [the CMS Reference Rate 1 (as defined below)] [the quotation for [●] [month/year] [●] that appears on [Bloomberg Screen] [Reuters Screen Page] [●] at [●] [a.m.] [p.m.] [●] time on the date for determining the floating rate]/[the arithmetic mean of the quotations for [●] [month/year] [●] that appears on [Bloomberg Screen] [Reuters Page] [●] at [●] [a.m.] [p.m.] [●] time on the date for determining the floating rate].

"**Spread-Linked Rate Two**" means [the CMS Reference Rate 2 (as defined below)] [the quotation for [●] [month/year] [●] that appears on [Bloomberg Screen] [Reuters Screen Page] [●] at [●] [a.m.] [p.m.] [●] time on the date for determining the floating rate]/[the arithmetic mean of the quotations for [●] [month/year] [●] that appears on [Bloomberg Screen] [Reuters Page] [●] at [●] [a.m.] [p.m.] [●] time on the date for determining the floating rate].

[Interest Payment Date(s):]	[Leverage:]	[Participation:]	[Spread (%):]	[Cap (%):]	[Floor (%):]
[●]	[●]	[●]	[●]	[●]	[●]

"**Curve Cap Rate**" means a percentage determined by the Determination Agent equal to the product of [(i) [●] and (ii) the sum of (a) the product of [●] and the rate of the [●] and (b) [●]] [(i) [●] and (ii) the sum of (a) the product of [●] and the rate of the [●], [minus][plus] the product of [●] and the rate of the [●], and (b) [●]], subject to a maximum percentage equal to [●].]

"**CMS Reference Rate**" means the [swap rate/annual swap rate/semi-annual swap rate/quarterly swap rate/quarterly-annual swap rate/quarterly-quarterly swap rate] for swap transactions in [●] (the Reference Currency) with a maturity of [●] (the Designated Maturity) which appears on [●] (the Relevant Screen Page) as at [●] (the Relevant Time) on [●] (the Interest Determination Date).]

"**CMS Reference Rate 1**" means the [swap rate/annual swap rate/semi-annual swap rate/quarterly swap rate/quarterly-annual swap rate/quarterly-quarterly swap rate] for swap transactions in [●] (the Reference Currency) with a maturity of [●] (the Designated Maturity) which appears on [●] (the Relevant Screen Page) as at [●] (the Relevant Time) on [●] (the Interest Determination Date); and

"**CMS Reference Rate 2**" means the [swap rate/annual swap rate/semi-annual swap rate/quarterly swap rate/quarterly-annual swap rate/quarterly-quarterly swap rate] for swap transactions in [●] (the Reference Currency) with a maturity of [●] (the Designated Maturity) which appears on [●] (the Relevant Screen Page) as at [●] (the Relevant Time) on [●] (the Interest Determination Date).]

Range Accrual Factor. The amount of interest payable in respect of [each interest calculation period [prior to/following the exercise of the Switch Option]][the following interest period[s]: [●]] will be determined in accordance with [Fixed Rate Interest] [Floating Rate Interest] [Inverse Floating Rate Interest] [Spread-Linked Interest] above, and then multiplying the resultant amount by the Range Accrual Factor for that interest calculation period.

[If Range Accrual Floating Rate is applicable: The "**Range Accrual Factor**" with respect to any interest calculation period will be the fraction equal to the number of observation dates in the observation period on which the 'Accrual Condition' has been satisfied divided by the total number of observation dates in the observation period.

The 'Accrual Condition' will be satisfied on any observation date in the relevant observation period on which [*if Single Rate Range Accrual is applicable:* the Range Accrual Floating Rate 1 on such observation date is greater than or equal to [Lower Barrier] and less than or equal to [Upper Barrier]] [*if Spread Range Accrual is applicable:*, the Range Accrual Floating Rate 1 minus the Range Accrual Floating Rate 2, in each case on such observation date is greater than or equal to [Lower Barrier] and less than or equal to [Upper Barrier]] [*if Dual Rate Range Accrual is applicable:* each of (i) the Range Accrual Floating Rate 1 on such observation date is greater than or equal to [Lower Barrier 1] and less than or equal to [Upper Barrier 1] and (ii) Range Accrual Floating Rate 2 on such observation date is greater than or equal to [Lower Barrier 2] and

less than or equal to [Upper Barrier 2]] [if Dual Spread Range Accrual is applicable: each of (i) the Range Accrual Floating Rate 1 minus the Range Accrual Floating Rate 2, in each case on such observation date is greater than or equal to [Lower Barrier 1] and less than or equal to [Upper Barrier 1] and (ii) the Range Accrual Floating Rate 3, in each case on such observation date, is greater than or equal to [Lower Barrier 2] less than or equal to [Upper Barrier 2]].

The [Range Accrual Floating Rate 1] [Range Accrual Floating Rate 2] [and/or] [Range Accrual Floating Rate 3] for each observation date during the observation period relating to the relevant Interest Payment Date will be the offered quotation (expressed as a percentage rate per annum) for the [Range Accrual Floating Rate 1] [Range Accrual Floating Rate 2] [and/or] [Range Accrual Floating Rate 3] as applicable, of the relevant Range Accrual Designated Maturity which appear[s], on the Relevant Screen Page as at the Relevant Time, each as specified in the table below[, and, with respect to the Range Accrual Floating Rate 2 only, multiplied by [●]]:

	Relevant Screen Page	Relevant Time
[Range Accrual Floating Rate 1]	[●]	[●]
[Range Accrual Floating Rate 2]	[●]	[●]
[Range Accrual Floating Rate 3]	[●]	[●]

[Interest Payment Date(s)/Interest Observation Date(s):]	Lower Barrier [1]:	Upper Barrier [1]:	[Lower Barrier 2:]	[Upper Barrier 2:]
[●]	[●]	[●]	[●]	[●]

If Range Accrual Inflation Performance is applicable: The "**Range Accrual Factor**" with respect to any Interest Payment Date will be the fraction equal to the number of months in the observation period on which the Accrual Condition has been satisfied divided by the number of months in the observation period.

The Accrual Condition will be satisfied on any monthly observation date during the [●] [month] [period] [ending on the] [●] [nd/_{rd}/th] month prior to the relevant Interest Payment Date on which the Range Accrual Inflation Performance is greater than or equal to the [Lower Barrier] and less than or equal to the [Upper Barrier].

The "**Range Accrual Inflation Performance**" in respect of a monthly observation date will be a number determined by the Determination Agent by dividing (i) the level of the [●] Index, [●], ([Bloomberg Screen] [Reuters Screen Page] "[●]") (the "**Inflation Index**") for the month in which such observation date falls by (ii) the level of the Inflation Index for the 12th month prior to the month in which such observation date falls, and subtracting 1.]]

["**Switch Option**". The Issuer may at its option, elect to switch the type of interest payable in respect of the Securities from [a combination of] [Fixed Rate Interest] [Floating Rate Interest] [Inverse Floating Rate Interest] [Digital Interest] [Inflation-Linked Interest] [Spread-Linked Interest] [subject to the Range Accrual Factor] to [a combination of] [Fixed Rate Interest] [Floating Rate Interest] [Inverse Floating Rate Interest] [Digital Interest] [Inflation-Linked Interest] [Spread-Linked Interest] [subject to the Range Accrual Factor] by giving a minimum of [●] business days' notice to holders on any business day falling in [one of] the Switch Exercise Period[s] specified below (the "**Switch Option**"). The Switch Option shall take effect from the Interest Payment Date (the "**Switch Date**") applicable to the Switch Exercise Period.

Switch Exercise Period (each date inclusive):	Interest Payment Date:
[●] to [●]	[●]

Upon exercise of the Switch Option, the Securities will (i) no longer bear interest as described by [the first combination of] [Fixed Rate Interest] [Floating Rate Interest] [Inverse Floating Rate Interest] [Digital Interest] [Inflation-Linked Interest] [Spread-Linked Interest] [and the relevant Range Accrual Factor(s)] above as at (but excluding) the last day of the interest calculation period ending on or nearest to the Switch Date and (ii) bear interest as described by [the second combination of] [Fixed Rate Interest] [Floating Rate Interest] [Inverse Floating Rate Interest] [Digital Interest] [Inflation-Linked

Interest] [Spread-Linked Interest] [and the relevant Range Accrual Factor(s)] above from (and including) the interest calculation period beginning on or nearest to the Switch Date.

If the Switch Option is not exercised by the Issuer, the Securities will continue to bear interest as described by [the first combination of] [Fixed Rate Interest] [Floating Rate Interest] [Inverse Floating Rate Interest] [Digital Interest] [Inflation-Linked Interest] [Spread-Linked Interest] [and the relevant Range Accrual Factor(s)] above.]

["**Zero Coupon**": [Each] [If the Switch Option is exercised, each] [During the life of the Securities or, if the Switch Option is exercised, until the Switch Date following exercise of the Switch Option, each] [For the period from and including [the Issue Date/the Interest Payment Date falling in [●]] to but excluding the Interest Payment Date falling in [●], each] Security will not bear any amount of interest unless any principal becomes overdue (in which case the rate of interest shall be equal to [●]) [from [●] [the interest calculation period beginning on or nearest the Switch Date]]]

[All amounts of interest payable in respect of the Securities will be paid in [GBP] [EUR] [USD] [●], with such payments being converted from [GBP] [EUR] [USD] [●] into GBP [EUR] [USD] [●] at the prevailing exchange rate as determined by the Determination Agent.]

FINAL REDEMPTION

The Securities are scheduled to redeem on [●] by payment by the Issuer of an amount in [GBP] [EUR] [USD] [●] equal to [●] multiplied by [[●]%/] [whichever is greater of (i) the level determined by dividing the level of the [Inflation Index]/[●] Index, [●], ([Bloomberg Screen [●]] [Reuters Screen [●] Page "[●]"] (the "**Inflation Index**") for [●] by the level of the Inflation Index for [●] and (ii) [●]%)].

[The amount payable on redemption of the Securities will be paid in [GBP] [EUR] [USD] [●], with such payment being converted from [GBP] [EUR] [USD] [●] into GBP [EUR] [USD] [●] at the prevailing exchange rate as determined by the Determination Agent.]

OPTIONAL EARLY REDEMPTION

[These Securities cannot be redeemed early at the option of the Issuer or the holder.]

[**Call Option**: The Issuer may elect to redeem all of the Securities before the Scheduled Redemption Date by giving a minimum of [●] business days' notice to the holders, which notice may be given on any business day falling within the period from and including [●], to and including [●]] [falling within each period specified below under the heading 'Issuer Option Exercise Period'] ([the] [each, an] "**Issuer Option Exercise Period**"). The Securities will be redeemed by payment of an amount per [●] equal to [●] % [the percentage specified below under the heading 'Early Redemption Percentage'] multiplied by [●] on [●]] [the relevant Optional Cash Redemption Date specified below under the heading 'Optional Cash Redemption Date'] (the "**Optional Cash Redemption Date**").]

[Issuer Option Exercise Period (each date inclusive):]	[Optional Cash Redemption Date:]	Early Redemption Percentage (%)
[●] to [●]	[●]	[●]

If the option to redeem the Securities is not exercised by the Issuer then the Securities will be redeemed on the Scheduled Redemption Date.]

[**Put Option**: A holder may elect to redeem a Security before the Scheduled Redemption Date [by giving a minimum of [●] business days' notice to the Issuer, which notice may be given on any business day [falling within the period from and including [●], to and including [●]] [falling within each period specified below under the heading 'Put Option Exercise Period'] ([the] [each, a] "**Put Option Exercise Period**"). The relevant Securities will be redeemed by payment of an amount per [●] equal to [[●] %] [the percentage specified below under the heading 'Early Redemption Percentage'] multiplied by [●] on [●]] [the relevant Optional Cash Redemption Date specified below under the heading 'Optional Cash Redemption Date'] (the "**Optional Cash Redemption Date**").]

[Put Option Exercise Period (each date inclusive):]	[Optional Cash Redemption Date:]	[Early Redemption Percentage (%)
[●] to [●]	[●]	[●]

If the option to redeem a Security is not exercised by the holder then the Security will be

		<p>redeemed on the Scheduled Redemption Date.]</p> <p>[The amount payable on an optional early redemption of the Securities will be paid in [GBP] [EUR] [USD] [●], with such payment being converted from [GBP] [EUR] [USD] [●] into GBP [EUR] [USD] [●] at the prevailing exchange rate as determined by the Determination Agent.]</p>
C.10	Derivative component in the interest payment	<p>[The amount of interest payable on each Interest Payment Date will be calculated by reference to movements in the Inflation Index. The fixed spread will be [●]%. The participation will be [●]. The applicable rate of interest will be determined by dividing the level of the Inflation Index for the [●] [^{nd/th/rd/st}] month prior to the relevant Interest Payment Date by the level of the Inflation Index for the reference month falling twelve months prior to such month, subtracting 1 (expressing the result as a percentage), multiplying by the participation and then adding or subtracting the fixed spread. A decrease in the level of the Inflation Index will reduce the amount of interest payable on the Securities.]</p> <p>[Not applicable[, there is no derivative component in the interest payment] [the Securities do not pay interest].]</p>
C.11	Listing and admission to trading	<p>Securities may be listed and admitted to trading on a regulated market in Belgium, Denmark, Finland, France, Ireland, Italy, Luxembourg, Malta, the Netherlands, Norway, Portugal, Spain, Sweden or the United Kingdom. [Securities may be listed and admitted to trading on a market in Switzerland or Italy that is not a regulated market for the purposes of the Prospectus Directive.]</p> <p>[Application [has been/is expected to be] made by the Issuer to list the Securities on the official list and admit the Securities to trading on [the regulated market of] the [London Stock Exchange] [Irish Stock Exchange] [NYSE Euronext Paris] [NYSE Euronext Brussels] [NYSE Euronext Amsterdam] [Luxembourg Stock Exchange] [Malta Stock Exchange] [NASDAQ OMX Copenhagen] [NASDAQ OMX Stockholm] [Oslo Stock Exchange] [Nordic Derivatives Exchange (NDX)] [NASDAQ OMX Helsinki] [Borsa Italiana S.p.A.] [Bolsas y Mercados Españoles] [NYSE Euronext Lisbon] [SIX Swiss Exchange] [multilateral trading facility of EuroTLX SIM S.p.A.] with effect from [●]. [The [SIX Swiss Exchange] [and the] [multilateral trading facility of EuroTLX SIM S.p.A.] [is] [are] not [a] regulated market[s] for the purposes of the Prospectus Directive.]]</p> <p>[Not applicable; the Securities are not intended to be listed or admitted to trading.]</p>
C.15	Description of how the value of the investment is affected by the value of the underlying instrument	<p>The return on, and value of, Securities that are derivative securities will be linked to the performance of a specified inflation index. In addition, any interest payments will be calculated by reference to a fixed rate and/or one or more floating rates or movements in the specified inflation index.</p> <p>[Payments of interest are calculated by reference to [a Fixed Rate of [●]] [the Floating Rate] [Fixed Rates 1 and 2, the Floating Rate and the Spread] [Spread-Linked Rate One and Spread-Linked Rate Two] [movements in the Inflation Index] [and the Range Accrual Factor]. [A decrease in the level of the [Floating Rate] [Inflation Index] will reduce the amount of interest payable on the Securities.] [An increase in the level of the Floating Rate will reduce the amount of interest payable on the Securities.] [The amount of interest for a given period is however subject to a [maximum rate of [●]] [and a] [minimum rate of [●].]] [A decrease in the level of the Range Accrual Factor will reduce the amount of interest payable on the Securities.]</p> <p>[Payments of principal are subject to adjustment by reference to movements in the Inflation Index. A decrease in the level of the Inflation Index will reduce the redemption amount payable on the Securities.]</p>
C.16	Expiration or maturity date of the securities	<p>Securities with repayment terms that reference the performance of a specified inflation index, are scheduled to redeem on the scheduled redemption date.</p> <p>[The scheduled redemption date of the Securities will be [●].]</p>

<p>C.17</p>	<p>Settlement procedure of the derivative securities</p>	<p>Securities that are derivative securities will be delivered on the specified issue date either against payment of the issue price (or in the case of Securities having a Settlement Currency different from the currency of denomination, the Settlement Currency equivalent of the issue price) or free of payment of the issue price of the Securities. The Securities may be cleared and settled through Euroclear Bank S.A./N.V., Clearstream Banking <i>société anonyme</i>, CREST, Euroclear France, S.A., VP Securities, A/S, Euroclear Finland Oy, Norwegian Central Securities Depository, Euroclear Sweden AB or SIX SIS Ltd.</p> <p>[Securities will be delivered on [●] (the "Issue Date") [against payment] [free of payment] of the issue price of the Securities].</p> <p>[The Securities are cleared and settled through [Euroclear Bank S.A./N.V.] [Clearstream Banking <i>société anonyme</i>] [CREST] [Euroclear France S.A.] [VP Securities A/S] [Euroclear Finland Oy] [Norwegian Central Securities Depository] [Euroclear Sweden AB] [SIX SIS Ltd.] [●].]</p> <p>[Interests in the Securities will be constituted through the issuance of CDIs, issued held, settled and transferred through CREST, representing interests in the Securities underlying the CDIs. CDIs are independent securities under English law and will be issued by [●]. Holders of CDIs will not be entitled to deal in the Securities directly and all dealings in the Securities must be effected through CREST in relation to the holding of CDIs.]</p>
<p>C.18</p>	<p>Description of how the return on derivative securities takes place</p>	<p>The value of the Underlying Asset to which Securities that are derivative Securities are linked will affect the interest paid and/or the amount paid on the Scheduled Redemption Date. Interest and any redemption amount payable will be paid in cash.</p> <p>[Not applicable; the Securities are not derivative securities.]</p> <p>[Payments of interest are subject to adjustment by reference to movements in the Inflation Index. [[The amount of interest payable to Holders on each Interest Payment Date will be determined by multiplying a specified fixed percentage [for the relevant Interest Payment Date] by an amount equal to the level of the Inflation Index for the [●] [^{nd/th/rd/st}] month prior to the relevant Interest Payment Date divided by the level of the Inflation Index for [●].][The amount of interest payable to Holders on each Interest Payment Date will be adjusted by an amount determined by dividing the level of the Inflation Index for the [●] [^{nd/th/rd/st}] month prior to the relevant Interest Payment Date by the level of the Inflation Index for the [●] [^{nd/th/rd/st}] month prior to the relevant Interest Payment Date, subtracting 1 and expressing the resulting figure as a percentage, multiplied by a specified fixed percentage] [and then [adding][subtracting] a specified percentage, the Spread].] A decrease in the level of the Inflation Index will reduce the amount of interest payable on the Securities] [The amount of interest payable to Holders on each Interest Payment Date will be multiplied by the applicable Range Accrual Factor adjusted by an amount determined by dividing the level of the Inflation Index for the [●] [^{nd/th/rd/st}] month prior to the relevant Interest Payment Date by the level of the Inflation Index for [●]. A decrease in the level of the Inflation Index will reduce the amount of interest payable on the Securities].</p> <p>[Payments of principal are subject to adjustment by reference to movements in the Inflation Index. Subject to any early redemption of the Securities, the Securities will be redeemed on [●] by payment by the Issuer of an amount per [●] [in [GBP] [EUR] [USD] [●]] equal to [●] multiplied by [whichever is greater of](i) the level determined by dividing the level of the Inflation Index for [●] by the level of the Inflation Index for [●][and (ii) [●]]. A decrease in the level of the Inflation Index will reduce the redemption amount payable on the Securities.]</p>
<p>C.19</p>	<p>Final reference price of the underlying</p>	<p>The final level of any specified inflation index to which Securities that are derivative securities are linked will be the level for a given month that is published on a designated page on Reuters Monitor Money Rates Service (at www.reuters.com) or Bloomberg© (at www.Bloomberg.com) by the sponsor of the inflation index. Details of the reference month and designated page will be provided in the Final Terms.</p> <p>[The amount payable in respect of the Securities will be calculated by looking at the level of the Inflation Index at [●] on [Bloomberg Screen [●]] [Reuters Screen [●] Page] as determined by the determination agent.] [Not applicable; the Securities are not derivative securities.]</p>

C.20	Type of underlying	[The underlying asset is the Inflation Index. Information on the Inflation Index, including the level for a particular month, can be found on [Bloomberg Screen [●]] [Reuters Screen [●] Page] [●] [and at www.[●].] [Not applicable; the Securities are not derivative securities.]
C.21	Market where Securities are traded	[Application [has been/is expected to be] made by the Issuer to list the Securities on the [official list of] the [UK Listing Authority] [●] and admit the Securities to trading on [the regulated market of] the [London Stock Exchange] [Irish Stock Exchange] [NYSE Euronext Paris] [NYSE Euronext Brussels] [NYSE Euronext Amsterdam] [Luxembourg Stock Exchange] [Malta Stock Exchange] [NASDAQ OMX Copenhagen] [NASDAQ OMX Stockholm] [Oslo Stock Exchange] [Nordic Derivatives Exchange (NDX)] [NASDAQ OMX Helsinki] [Borsa Italiana S.p.A.] [Bolsas y Mercados Españoles] [NYSE Euronext Lisbon] [SIX Swiss Exchange] [multilateral trading facility of EuroTLX SIM S.p.A.] with effect from [●]. [The [SIX Swiss Exchange] [and the] [multilateral trading facility of EuroTLX SIM S.p.A.] [is][are] not [a] regulated market[s] for the purposes of the Prospectus Directive.]]
Section D - Risks		
D.2	Key information on the key risks that are specific to the Issuer	<p>Credit risk: The Issuer is exposed to the risk of suffering loss if any of its customers, clients or market counterparties fails to fulfil its contractual obligations. The Issuer may also suffer loss where the downgrading of an entity's credit rating causes a fall in the value of the Issuer's investment in that entity's financial instruments.</p> <p>Weak or deteriorating economic conditions negatively impact these counterparty and credit-related risks. In recent times, the economic environment in the Issuer's main business markets (being Europe and the United States) has been marked by generally weaker than expected growth, increased unemployment, depressed housing prices, reduced business confidence, rising inflation and contracting GDP. Operations in the Eurozone remain affected by the ongoing sovereign debt crisis, the stresses being exerted on the financial system and the risk that one or more countries exit the Euro. The current absence of a predetermined mechanism for a member state to exit the Euro means that it is not possible to predict the outcome of such an event and to accurately quantify the impact of such event on the Issuer's profitability, liquidity and capital. If some or all of these conditions persist or worsen, they may have a material adverse effect on the Issuer's operations, financial condition and prospects.</p> <p>Liquidity risk: The Issuer is exposed to the risk that it may be unable to meet its obligations as they fall due as a result of a sudden, and potentially protracted, increase in net cash outflows. These outflows could be principally through customer withdrawals, wholesale counterparties removing financing, collateral posting requirements or loan drawdowns.</p> <p>Capital risk: The Issuer may be unable to maintain appropriate capital ratios, which could lead to: (i) an inability to support business activity; (ii) a failure to meet regulatory requirements; and/or (iii) credit ratings downgrades. Increased regulatory capital requirements and changes to what constitutes capital may constrain the Issuer's planned activities and could increase costs and contribute to adverse impacts on the Issuer's earnings.</p> <p>Legal and regulatory-related risk: Non-compliance by the Issuer with applicable laws, regulations and codes relevant to the financial services industry could lead to fines, public reprimands, damage to reputation, increased prudential requirements, enforced suspension of operations or, in extreme cases, withdrawal of authorisations to operate.</p> <p>Reputation risk: Reputational damage reduces – directly or indirectly – the attractiveness of the Issuer to stakeholders and may lead to negative publicity, loss of revenue, litigation, regulatory or legislative action, loss of existing or potential client business, reduced workforce morale, and difficulties in recruiting talent. Sustained reputational damage could have a materially negative impact on the Issuer's licence to operate and the value of the Issuer's franchise, which in turn could negatively affect the Issuer's profitability and financial condition.</p>
D.3	Key information on the key risks	<p>You may lose up to the entire value of your investment in the Securities:</p> <p>Even if the relevant Securities are stated to be repayable at an amount that is equal to or greater than their initial purchase price, you will lose up to the entire value of your</p>

<p>that are specific to the Securities</p>	<p>investment if the Issuer fails or is otherwise unable to meet its payment obligations. You may also lose some or all of your investment if:</p> <ul style="list-style-type: none"> • you sell your Securities prior to maturity in the secondary market (if any) at an amount that is less than the initial purchase price; • the Securities are redeemed early for reasons beyond the control of the Issuer (such as following a change in applicable law, a currency disruption or a tax event affecting the Issuer's ability to fulfil its obligations under the Securities) and the amount paid to investors is less than the initial purchase price; or • the terms and conditions of the Securities are adjusted (in accordance with the terms and conditions of the Securities) with the result that the redemption amount payable to investors and/or the value of the Securities is reduced. <p>[Option risk: The Securities are derivative financial instruments which may include an option right (for example, a call option or put option) and which, therefore, have many characteristics in common with options. Transactions in options (and therefore an investment in Securities including options) involve a high level of risk. Any amount received by investors in connection with the exercise of an option may be less than their initial investment and could be zero.]</p> <p>[Risk of withdrawal of the public offering: In case of a public offer, the Issuer may provide in the Final Terms that it is a condition of the offer that the Issuer may withdraw the offer for reasons beyond its control, such as extraordinary events that in the determination of the Issuer may be prejudicial to the offer. In such circumstances, the offer will be deemed to be null and void. In such case, where you have already paid or delivered subscription monies for the relevant Securities, you will be entitled to reimbursement of such amounts, but will not receive any remuneration that may have accrued in the period between their payment or delivery of subscription monies and the reimbursement of the Securities.]</p> <p>Reinvestment risk/loss of yield: Following an early redemption of the Securities for any reason, holders may be unable to reinvest the redemption proceeds at a rate of return as high as the return on the Securities being redeemed.</p> <p>Volatile market prices: The market value of the Securities is unpredictable and may be highly volatile, as it can be affected by many unpredictable factors, including: market interest and yield rates; fluctuations in foreign exchange rates; exchange controls; the time remaining until the Securities mature; economic, financial, regulatory, political, terrorist, military or other events in one or more jurisdictions; changes in laws or regulations; and the Issuer's creditworthiness or perceived creditworthiness.</p> <p>[Risks relating to digital interest: The rate of interest payable on the Securities will vary between the two specified rates (one of which may be zero) depending on the performance of the Floating Rate. The performance of floating interest rates is dependent upon a number of factors, including supply and demand on the international money markets, which are influenced by measures taken by governments and central banks, as well as speculations and other macroeconomic factors.</p> <p>[Risks relating to Spread-Linked Interest: The rate of interest payable on the Securities will be linked to the spread of Spread-Linked Rate One over Spread-Linked Rate Two on the date of determination. If on such date of determination Spread-Linked Rate Two is equal to or greater than Spread-Linked Rate One, no interest will be payable on the Securities.]</p> <p>[Risks relating to Floating Rates: The performance of floating interest rates is dependent upon a number of factors, including supply and demand on the international money markets, which are influenced by measures taken by governments and central banks, as well as speculations and other macroeconomic factors.]</p> <p>[Risks relating to inflation indices: Investors are exposed to the performance of the Inflation Index, which may be subject to fluctuations that may not correlate with other indices and may not correlate perfectly with the rate of inflation experienced by investors in their home jurisdiction. Payments [of interest] [and] [upon redemption] will be calculated by reference to movements in the Inflation Index since [●]. Any such calculations may be made by reference to the Inflation Index for a month which is several</p>
---	---

		<p>months prior to the date of payment and therefore could be substantially different from the level of inflation at the time of payment on the Securities. Any information about the past performance of the Inflation Index should not be taken as an indication of how prices will change in the future. In a deflationary environment, [the interest payable may be less than the investors would have received on the fixed rate of interest that would have been applicable without any adjustments for inflation] [and] [the redemption amount may be reduced].]</p> <p>[Risks relating to Securities that include an option for the Issuer to switch the method for the calculation of interest: The Securities bear interest at a rate that converts, at the option of the Issuer, from a [combination of] [fixed/floating/inverse-floating/inflation-linked/digital/spread-linked/zero coupon] rate[s] to a [combination of] [fixed/floating/inverse-floating/inflation-linked/digital/spread-linked/zero coupon] rate[s]. The investor will have no control over whether or not this option is exercised. If the Issuer elects to exercise such option, this may affect the secondary market and the market value of the Securities, as the Issuer may have converted the rate[s] because the alternative rate[s] [is/are] lower.]</p> <p>[Risks relating to Securities where the interest calculation includes a range accrual factor. The Securities bear interest at a rate that is subject to the application of the relevant range accrual factor. If the range accrual factor in respect of an Interest Payment Date is lower than the Range Accrual Factor in respect of any prior Interest Payment Date, the amount of interest payable in respect of the Securities on such Interest Payment Date will be less than the amount of interest paid in respect of the Securities on such prior Interest Payment Date.]</p> <p>[Risks relating to Securities with a settlement currency different to the currency in which they are denominated: Investors are exposed to the relative performance of the settlement currency under the Securities and the currency in which the Securities are denominated. If the value of the currency in which the Securities are denominated declines as against the value of the settlement currency, the settlement currency amounts payable to investors will be reduced.]</p> <p>[Risks relating to Settlement Expenses: Payments under the Securities may be subject to deduction of taxes and settlement expenses (which may comprise costs, fees, expenses or other amounts payable in connection with the redemption, exercise or settlement of the Securities), if applicable. Such deduction will reduce the amount payable to investors upon redemption or early redemption.]</p>
D.6	Risk warning that investors may lose value of entire investment or part of it	<p>[The capital invested in the Securities is at risk. Consequently, you may lose the value of their entire investment, or part of it.]</p> <p>[Not applicable; unless the Issuer fails or goes bankrupt and provided that you hold your securities to maturity and they are not early redeemed or adjusted, your invested capital is not at risk.]</p>
Section E - Offer		
E.2b	Reasons for offer and use of proceeds when different from making profit and/or hedging certain risks	<p>The net proceeds from each issue of Securities will be applied by the Issuer for its general corporate purposes, which include making a profit and/or hedging certain risks. If the Issuer elects at the time of issuance of Securities to make different or more specific use of proceeds, the Issuer will describe that use in the Final Terms.</p> <p>[Not Applicable; the net proceeds will be applied by the Issuer for making profit and/or hedging certain risks.]</p> <p>[Not applicable; the Securities have not been offered to the public.]</p> <p>[Reasons for the offer and use of proceeds: [●]]</p>
E.3	Description of the terms and conditions of the offer	<p>[The terms and conditions of any offer of Securities to the public may be determined by agreement between the Issuer and the Manager(s) at the time of each issue.]</p> <p>[Not Applicable; the Securities have not been offered to the public.]</p> <p>[The Securities are offered subject to the following conditions:</p> <p>Offer Price: [The Issue Price] [[●]% of the Issue Price] [●]</p>

		<p>Conditions to which the offer is subject: [●]</p> <p>Description of the application process: [●]</p> <p>Details of the minimum and/or maximum amount of application: [●]</p> <p>Description of possibility to reduce subscriptions and manner for refunding excess amount paid by applicants: [●]</p> <p>Details of the method and time limits for paying up and delivering the Securities: [The period from [●] until [●]] [the Issue Date] [the date which falls [●] business days thereafter]</p> <p>Manner in and date on which results of the offer are to be made public: [●]</p> <p>Procedure for exercise of any right of pre-emption, negotiability of subscription rights and treatment of subscription rights not exercised: [●]</p> <p>Categories of holders to which the Securities are offered and whether Tranche(s) have been reserved for certain countries: [●]</p> <p>Process for notification to applicants of the amount allotted and indication whether dealing may begin before notification is made: [●]</p> <p>Name(s) and address(es), to the extent known to the Issuer, of the placers in the various countries where the offer takes place: [the [Initial] Authorised Offeror(s)] [None] [●]</p>
<p>E.4</p>	<p>Description of any interest material to the issue/offer, including conflicting interests</p>	<p>[The relevant Manager[s] or authorised offeror(s) may be paid fees in relation to any issue or offer of Securities. Potential conflicts of interest may exist between the Issuer, Determination Agent, relevant Manager[s] or authorised offeror(s) or their affiliates (who may have interests in transactions in derivatives related to the Underlying Asset(s) which may, but are not intended to, adversely affect the market price, liquidity or value of the Securities) and holders.]</p> <p>[The [Manager[s]][Initial Authorised Offeror(s)] will be paid aggregate commissions equal to [●]% of the aggregate nominal amount of the Securities.] [Any [Manager[s]][Initial Authorised Offeror(s)] and its affiliates may be engaged, and may in the future engage, in hedging transactions with respect to the [Underlying Asset[s]].]</p> <p>[Not Applicable: no person involved in the issue or offer has any interest, or conflicting interest, that is material to the issue or offer of Securities.]</p>
<p>E.7</p>	<p>Estimated expenses charged to investor by the issuer/offeree</p>	<p>[The Issuer will not charge any expenses to holders in connection with any issue of Securities.] [Offerors may, however, charge expenses to holders. Such expenses (if any) will be determined by agreement between the offeror and the holders at the time of each issue.]</p> <p>[Not Applicable: no expenses will be charged to the holder by the issuer or the offeror[s].]</p> <p>[The following estimated expenses will be charged to the holder by the offeror[s]: [●] [fees within a range between [●] and [●]] (which, for [●] invested, amount to [●]).]</p> <p>[Not Applicable: the Securities have not been offered to the public.]</p>

RISK FACTORS

You should only invest in the Securities after assessing these principal risks, including any risks applicable to the relevant Underlying Asset(s). More than one risk factor may have a simultaneous or a compounding effect which may not be predictable. No assurance can be given as to the effect that any combination of risk factors may have on the return on the Securities. The risks below are not exhaustive and there may be additional risks and uncertainties that are not presently known to the Issuer or that the Issuer currently believes to be immaterial but that could have a material impact on the business, operations, financial condition or prospects of the Issuer or the return on the Securities.

You should consider carefully the following discussion of risks to help you decide whether or not the Securities are suitable for you.

RISK WARNING

You may lose some or all of your investment in the Securities.

The terms of the Securities may not provide for scheduled minimum payment of the face value or issue price of the Securities at maturity. Depending on the performance of the Underlying Asset(s) in respect of such Securities, you may lose some and up to all of your investment.

The payment of any amount due under the Securities is dependent upon the Issuer's ability to fulfil its obligations when they fall due. The Securities are unsecured obligations. They are not deposits and they are not protected under the UK's Financial Services Compensation Scheme or any other deposit protection insurance scheme. Therefore, if the Issuer fails or is otherwise unable to meet its payment obligations under the Securities, you will lose up to the entire value of your investment.

You may also lose some or all of your investment where:

- The market price of your Securities prior to maturity may be significantly lower than the purchase price you pay for them. Consequently, if you sell your Securities before the stated scheduled redemption date, you may receive far less than your original invested amount.
- Your Securities may be redeemed in certain extraordinary circumstances prior to scheduled maturity and, in such case, the early redemption amount paid to you may be less than what you paid for the Securities.
- The terms and conditions of your Securities are adjusted by the Issuer or Determination Agent with the (direct or indirect) effect that the amount payable to you is less than your initial investment.

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER THE SECURITIES

1. Risks associated with the Issuer's ability to fulfil its obligations under the Securities

The Securities are direct, unsecured and unsubordinated obligations of the Issuer and will rank equally among themselves. Any payments to be made by the Issuer under the Securities are dependent upon the Issuer's ability to fulfil its obligations when they fall due. Holders of Securities are therefore exposed to the creditworthiness of the Issuer and any deterioration in the Issuer's creditworthiness or perceived creditworthiness (whether measured by actual or anticipated changes in the credit ratings of the Issuer) may adversely affect the value of the Securities.

The Issuer is a major, global financial services company and, as such, faces a variety of risks that are substantial and inherent in its businesses, and which may affect its ability to fulfil its payment, delivery or other obligations under the relevant Securities. These risks include liquidity risk, market risk, credit risk, operational risk, reputational risk, legal, regulatory and compliance risks, litigation and other contingent liabilities, competition risks, the financial condition of clients, customers and counterparties, adverse economic, monetary, political or legal developments, cross-border and foreign exchange risk, catastrophic events, risks from estimates and valuations and risks relating to strategy.

These risks are described in '*Risk Factors*' on pages from 4 to 22 in the Registration Document incorporated by reference into this Base Prospectus – see '*Information Incorporated by Reference*'.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSES OF ASSESSING THE MARKET RISKS IN RELATION TO THE SECURITIES

2. Risks associated with the valuation of Securities

2.1 Initial value of the Securities and Issue Price

The market value of the Securities is likely to be lower, and may be significantly lower, than the issue price of the Securities. In particular, the issue price may take into account:

- (a) where permitted by applicable law, amounts with respect to commissions relating to the issue and sale of the Securities;
- (b) the estimated profit that the Issuer and its subsidiary undertakings (together, the "Bank Group" or "Barclays") expects to earn in connection with structuring the Securities;
- (c) internal funding rates (which are internally published borrowing rates based on variables such as market benchmarks, the Bank Group's appetite for borrowing and Barclays' existing obligations coming to maturity), which may vary from the levels at which Barclays' benchmark debt Securities trade in the secondary market;
- (d) the estimated cost which Barclays may incur in hedging its obligations under the Securities; and
- (e) estimated development and other costs which Barclays may incur in connection with the Securities.

Information with respect to the amount of any such inducements, commissions and fees may be obtained from the Issuer or distributor upon request.

2.2 Secondary market value of the Securities

Any secondary market prices of the Securities will likely be lower than the original issue price of the Securities because, amongst other things, secondary market prices take into account the secondary market credit spreads of the Issuer and, also, because (as described in risk factor 2.1 (*Initial value of the Securities and Issue Price*) above) secondary market prices will likely exclude selling commissions, profits and hedging and other costs that are included in the original issue price of the Securities. As a result, the price, if any, at which the Manager or any other person would be willing to buy Securities from you in secondary market transactions, if at all, is likely to be lower than the original issue price. Any sale by you prior to the scheduled redemption date could result in a substantial loss to you. See the immediately following risk consideration about additional factors that may impact any secondary market prices of the Securities.

2.3 Factors affecting the value and trading price of the Securities

Generally, the market value of your Securities will be affected by the volatility, level, value or price of the Underlying Asset(s) at the time, changes in interest rates, the financial condition of the Issuer (whether such changes are actual or perceived) and credit ratings, the supply of and demand for the Securities, the time remaining until the maturity of the Securities and a number of other factors. Some of these factors are interrelated in complex ways; as a result, the effect of any one factor may be offset or magnified by the effect of another factor.

The price, if any, at which you will be able to sell your Securities prior to maturity, may be substantially less than the amount you originally invested. The following paragraphs describe the manner in which the market value of the Securities may be affected in the event of a change in a specific factor, assuming all other conditions remain constant.

- Performance of the Underlying Asset(s). The market value of the Securities prior to maturity or prior to the relevant exercise date or period, as applicable, will likely depend substantially on the current level (or, in some cases, performance since the date on which the Securities were originally priced) of the Underlying Asset(s) relative to its initial level, value or price. If you decide to sell your Securities prior to maturity, when the current level, price or value of the Underlying Asset at the time of sale is favourable relative to its initial level, value or price, you may nonetheless receive substantially less than the amount that would be payable at maturity based on that level, value or price

because of expectations that the level, value or price will continue to fluctuate until the final level, value or price is determined.

- Volatility of the Underlying Asset(s). Volatility is the term used to describe the size and frequency of market fluctuations. If the volatility of the Underlying Asset(s) or its or their components increases or decreases, the market value of the Securities may be adversely affected.
- Interest rates. The market value of the Securities will likely be affected by changes in interest rates. Interest rates also may affect the economy and, in turn, the value of the Underlying Asset(s) (if any) (or its components, if any), which would affect the market value of the Securities.
- Supply and demand for the Securities. In general, if the supply of the Securities decreases and/or the demand increases and/or the demand for the Securities decreases, the market value of the Securities may be adversely affected. The supply of the Securities, and therefore the market value of the Securities, may be affected by inventory positions held by Barclays.
- The Issuer's or the Bank Group's financial condition, credit ratings and results of operations. Actual or anticipated changes in the financial condition of the Issuer or the Bank Group, current credit ratings or results of operations may significantly affect the market value of the Securities. The significant difficulties experienced in the global financial system in recent periods and resulting lack of credit, lack of confidence in the financial sector, increased volatility in the financial markets and reduced business activity could materially and adversely affect Barclays' business, financial condition, credit ratings and results of operations. However, because the return on the Securities is dependent upon factors in addition to the Issuer's ability to pay or settle its obligations under the Securities (such as the current level, value or price of the Underlying Asset(s)), an improvement in the Issuer's financial condition, credit ratings or results of operations is not expected to have a positive effect on the market value of the Securities. These credit ratings relate only to the Issuer's creditworthiness, do not affect or enhance the performance of the Securities and are not indicative of the risks associated with the Securities or an investment in the Underlying Asset(s). A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.
- Time remaining to maturity. A 'time premium' results from expectations concerning the level, value or price of the Underlying Asset(s) during the period prior to the maturity of the Securities. As the time remaining to the maturity of the Securities decreases, this time premium will likely decrease, potentially adversely affecting the market value of the Securities. As the time remaining to maturity decreases, the market value of the Securities may be less sensitive to the volatility in the Underlying Asset(s).
- Events affecting or involving the reference asset. Economic, financial, regulatory, geographic, judicial, political and other developments that affect the level, value or price of the Underlying Asset(s), and real or anticipated changes in those factors, also may affect the market value of the Securities. For example, for Underlying Asset(s) composed of equity securities, the financial condition and earnings results of the share issuer, and real or anticipated changes in those conditions or results, may affect the market value of the Securities. In addition, speculative trading by third parties in the Underlying Asset(s) could significantly increase or decrease the level, value or price of the Underlying Asset(s), thereby exposing the Underlying Asset(s) to additional volatility which could affect the market value of the Securities.
- Exchange rates. Depending on the terms of the Securities, movements in exchange rates and the volatility of the exchange rates between the currency of denomination of the Securities and the currency of the Underlying Asset(s) (if different) may affect the market value of the Securities.

- **Issuer call right.** During any period when the Issuer may elect to redeem the Securities, and potentially prior to this period, the market value of the Securities will generally not rise above the price at which they can be redeemed.

The effect of one of the factors specified above may offset some or all of any change in the market value of the Securities attributable to another factor.

These factors may affect the market price of the Securities, including any market price which you receive in any secondary market transaction, and may be: (i) different from the value of the Securities as determined by reference to Barclays' pricing models; and (ii) less than the issue price. As a result, if you sell your Securities prior to scheduled maturity, you may receive back less than your initial investment or even zero.

2.4 **Risk of withdrawal of the public offering**

In the case of public offers, the Issuer may provide in the Final Terms that it is a condition to the offer that the Issuer reserves the right to withdraw the offer for reasons beyond its control, such as extraordinary events, substantial change of the political, financial, economic, legal, monetary or market conditions at national or international level and/or adverse events regarding the financial or commercial position of the Issuer and/or other relevant events that in the determination of the Issuer may be prejudicial to the offer. In such circumstances, the offer will be deemed to be null and void. In such case, where you have already paid or delivered subscription monies for the relevant Securities, you will be entitled to reimbursement of such amounts, but will not receive any remuneration that may have accrued in the period between their payment or delivery of subscription monies and the reimbursement of the Securities.

2.5 **Over-issuance**

As part of its issuing, market-making and/or trading arrangements, the Issuer may issue more Securities than those which are to be initially subscribed or purchased by third party investors. The Issuer (or the Issuer's affiliates) may hold such Securities for the purpose of meeting any future investor interest or to satisfy market-making requirements. You should therefore not regard the issue size of any Securities as indicative of the depth or liquidity of the market for such Securities, or of the demand for such Securities. In the event that an active and liquid secondary market does not develop, it is unlikely that you will be able to sell your Securities or, if you are able to sell your Securities, you are unlikely to achieve a price that will provide you with a yield comparable to similar investments that have a developed secondary market.

3. **Risks associated with the liquidity of Securities**

3.1 **Possible illiquidity of the Securities in the secondary market**

A secondary trading market for the Securities may not develop. Even if a secondary market does develop, it is not possible to predict the prices at which the Securities will trade in such secondary market. Such prices may not accurately reflect the theoretical value of the Securities.

The Issuer is under no obligation to make a market in or to repurchase Securities. Therefore, you may not be able to sell your Securities easily or at prices that will provide you with a yield comparable to similar investments that have a developed secondary market. The number of Securities of any series may be relatively small, further adversely affecting the liquidity of such Securities.

The Issuer may list Securities on a stock exchange but the fact that Securities are listed will not necessarily lead to greater liquidity. If Securities are not listed or traded on any exchange, pricing information for such Securities may be more difficult to obtain and the liquidity of such Securities may be adversely affected.

The number of Securities outstanding or held by persons other than the Issuer's affiliates could be reduced at any time due to early redemptions of the Securities. Accordingly, the liquidity of the market for the Securities could vary materially over the term of the Securities.

A lack of liquidity in the secondary market for the Securities may have a severely adverse effect on the market value of Securities and may result in you: (i) being unable to sell your Securities on the secondary market, or (ii) receiving less than the initial price paid for the Securities.

In respect of Securities listed on the regulated market of Borsa Italiana, the Issuer (or an entity on behalf of the Issuer) will, for so long as the listing rules of such regulated market so require, display continuous 'bid' and 'offer' prices for such Securities, in accordance with such listing rules.

3.2 **Issue of further Securities**

If additional securities or options with the same characteristics or linked to the same Underlying Asset(s) as your Securities are subsequently issued, either by the Issuer or another issuer, the supply of securities with such characteristics or linked to such Underlying Asset(s) in the primary and secondary markets will increase and may cause the secondary market price of your Securities to decline.

4. **Risks associated with certain features in relation to the interest or principal amount calculations under the Securities**

4.1 **Interest**

The Securities may bear interest at a rate that is contingent upon the performance of one or more underlyings and may vary from one interest payment date to the next. The interest rate reflected by any given interest payment may be less than the rate that the Issuer (or any other bank or deposit-taking institution) may pay in respect of deposits for an equivalent period and may be zero.

If interest payments are contingent upon the performance of one or more Underlying Assets, you should be aware of the risk that they may not receive any interest payments if the Underlying Asset(s) do not perform as anticipated. See also risk factor 8.1 (*The value of and return on the Securities depends on the performance of the Underlying Asset(s)*).

If the Final Terms specifies 'Range Accrual' as being applicable interest will only be paid if the value or level of the Underlying Asset(s) is at or above one or more specific lower barrier(s) and, if applicable, also at or below one or more specific upper barrier(s). It is possible that such value or level will not lie between the barriers throughout the lifetime of the Securities and, therefore, no interest will be payable.

4.2 **Floating interest rates**

The performance of floating interest rates is dependent upon a number of factors, including supply and demand on the international money markets, which are influenced by measures taken by governments and central banks, as well as speculations and other macroeconomic factors. Any of these factors could affect the performance of the floating interest rate and therefore could adversely affect the value and return on your Securities.

(a) **Determination of a floating rate following a floating rate disruption**

If, on any day on which a valuation or determination in respect of a reference rate is to be made, the relevant reference rate is not available, the Determination Agent shall determine the floating rate using a methodology which will vary depending on the designated maturity of the relevant reference rate or whether the reference rate is EONIA.

For reference rates with a designated maturity of 12 months or less, the Determination Agent shall determine the floating rate using Linear Interpolation. If any of the rates to be used for Linear Interpolation is unavailable, the relevant floating rate shall be the last published offered quotation for the reference rate that appeared on the relevant screen page, subject to a cut-off of five preceding business days from the relevant interest determination date. If no offered quotation is available during such five preceding business days, the relevant floating rate shall be determined using Linear Interpolation, save that the relevant interest determination date for

such purpose will be deemed to be the immediately preceding business day on which the rates to be used for Linear Interpolation are both available, subject to a cut-off of five preceding business days. If any of the rates to be used for Linear Interpolation is unavailable the relevant floating rate will be some other rate determined by the Determination Agent in its discretion.

For reference rates with a designated maturity of more than 12 months, the Determination Agent shall request four banks in the relevant market to provide an offered quotation for the relevant reference rate. If two or more quotations are obtained, such quotations shall be used to determine the floating rate to be used for calculating interest payable for the relevant period. If fewer than two quotations are obtained, the Determination Agent shall determine the floating rate by postponement of the interest determination date to the first business day on which the relevant reference rate is available, subject to a maximum of two business days. If the relevant reference rate remains unavailable for more than two consecutive business days, the relevant floating rate will be some other rate determined by the Determination Agent in its discretion.

If the reference rate is EONIA, the Determination Agent shall determine the floating rate as the last published offered quotation for the reference rate that appeared on the relevant screen page, subject to a cut-off of five preceding business days from the relevant interest determination date. If no offered quotation is available during such five preceding business days, the relevant floating rate will be some other rate determined by the Determination Agent in its discretion.

There is a risk that the determination of the floating rate using any of these methodologies may result in a lower interest amount payable to holders of Securities than the use of other methodologies.

(b) **Reference rate discontinuance**

If the calculation and publication of the relevant reference rate is permanently discontinued, the Determination Agent shall determine the floating rate using a methodology which will vary depending on the reference rate.

If the reference rate is not EONIA, the Determination Agent may identify an alternative rate that it determines, in its sole discretion, represents the same or a substantially similar measure or benchmark as the relevant reference rate, and the Determination Agent may deem that rate (the "**Successor Rate**") to be the reference rate. If a Successor Rate is selected, that Successor Rate will be substituted for the discontinued reference rate for all purposes of the Securities, and the Calculation Agent may adjust any variable described in this Base Prospectus (including, without limitation, any barrier to the reference rate), as, in the good faith judgment of the Determination Agent, may be necessary to render the Successor Rate comparable to the discontinued reference rate for purposes of the Securities. If no Successor Rate is available, then the Calculation Agent will determine the floating rate on each subsequent date of determination using Linear Interpolation. If any of the rates to be used for Linear Interpolation is unavailable, the relevant floating rate will be some other rate determined by the Determination Agent in good faith and in a commercially reasonable manner.

If the reference rate is EONIA, the Determination Agent may identify an alternative reference rate that it determines, in its sole discretion, represents the same or a substantially similar measure or benchmark as EONIA, and the Determination Agent may deem that successor reference rate to be the reference rate. If a successor reference rate is selected, that successor reference rate will be substituted for the discontinued reference rate for all purposes of the Securities, and the Calculation Agent may adjust any variable described in this Base Prospectus (including, without limitation, any barrier to the reference rate), as, in the good faith judgment of the Determination Agent, may be necessary to render the successor reference rate comparable to the discontinued reference rate for purposes of the Securities. If no successor reference rate is available, the relevant floating rate will be some other index determined by the Determination Agent in good faith and in a commercially reasonable manner.

Notwithstanding these alternative arrangements, the discontinuance of the relevant reference rate may adversely affect the market value of the Securities.

(c) **Reform of LIBOR, EURIBOR and other 'benchmarks'**

The London Inter-Bank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other indices which are deemed 'benchmarks' are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, or have other consequences which cannot be predicted.

Key international proposals for reform of 'benchmarks' include (i) IOSCO's Principles for Financial Market Benchmarks (July 2013), (ii) ESMA-EBA's Principles for the benchmark-setting process (June 2013) and (iii) the European Commission's proposed regulation on indices used as "benchmarks" in certain financial instruments, financial contracts and investment funds (September 2013) (the "**Proposed Benchmark Regulation**").

The Proposed Benchmark Regulation, if passed in its current form, would apply to 'contributors', 'administrators' and 'users' of 'benchmarks' in the EU, and would, among other things, (i) require benchmark administrators to be authorised (or, if non-EU-based, to be subject to an equivalent regulatory regime) and to comply with extensive requirements in relation to the administration of 'benchmarks' and (ii) ban the use of 'benchmarks' of unauthorised administrators. The scope of the Proposed Benchmark Regulation is wide and, in addition to so-called 'critical benchmark' indices such as LIBOR and EURIBOR, could also potentially apply to many interest rate and foreign exchange rate indices, equity indices and other indices (including 'proprietary' indices or strategies) where referenced in listed financial instruments, financial contracts and investment funds.

It is presently unclear whether the Proposed Benchmark Regulation will be passed in its current form (including its broad scope) and, if so, when it would be effective. However, if so enacted, it could have a material impact on any listed Securities linked to a 'benchmark' index, including in any of the following circumstances:

- an index which is a 'benchmark' could not be used as such if its administrator does not obtain authorisation or is based in a non-EU jurisdiction which does not have equivalent regulation. In such event, depending on the particular 'benchmark' and the applicable terms of the Securities, the Securities could be de-listed, adjusted, terminated or otherwise impacted; and
- the methodology or other terms of the 'benchmark' could be changed in order to comply with the terms of the Proposed Benchmark Regulation, and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level, and could lead to adjustments to the terms of the Securities including determination of the rate or level by the Determination Agent.

More broadly, any of the international, national or other proposals for reform or general increased regulatory scrutiny of 'benchmarks' could have a material adverse effect on the costs and risks of administering or otherwise participating in the setting of a 'benchmark' and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain 'benchmarks', trigger changes in the rules or methodologies used in certain 'benchmarks' or lead to the disappearance of certain 'benchmarks'. The disappearance of a 'benchmark' or changes in the manner of administration of a 'benchmark' may result in an adjustment to the terms and conditions of the Securities or other consequences, depending on the specific provisions of the relevant Asset Terms applicable to such Underlying Asset.

In addition to the international proposals for reform of 'benchmarks' described above, there are numerous other proposals, initiatives and investigations which may impact 'benchmarks'. For example, there are ongoing global investigations into the setting of foreign exchange rate 'benchmarks', which may result in further regulation around the setting of foreign exchange

rates. Further, on 22 December 2014 the UK Government confirmed that it will be extending the legislation originally put in place to cover LIBOR to cover seven additional major UK-based financial benchmarks in the fixed income, commodity and currency markets ("**FICC**"). The relevant benchmarks are:

- SONIA (Sterling Overnight Index Average) and RONIA (Repurchase Overnight Index Average), which both serve as reference rates for overnight index swaps
- WM/Reuters London 4pm Closing Spot Rate, which is the dominant global foreign exchange benchmark
- ISDAFIX, which is the principal global benchmark for swap rates and spreads for interest rate swap transactions
- London Gold Fixing and the LMBA Silver Price, which determine the price of gold and silver in the London market
- ICE Brent Index, traded on the ICE Futures Europe (IFEU) exchange, which acts as the crude oil futures market's principal financial benchmark.

This announcement is further to a recommendation of the Fair and Effective Markets Review ("**FEMR**") made on 25 September 2014 that these FICC benchmarks be brought within the current UK regulatory regime. FEMR consists of representatives from the Treasury, Bank of England and Financial Conduct Authority who were established and tasked in June 2014 to review the way wholesale markets operate. The UK government intends for the legislation to commence on 1 April 2015.

Any of the above changes or any other consequential changes to LIBOR, EURIBOR or any other 'benchmark' as a result of international, national or other proposals for reform or other initiatives or investigations, could have a material adverse effect on the value of and return on any Securities linked to a 'benchmark'.

4.3 **Leverage**

'Leverage' refers to the use of financial techniques to gain additional exposure to the Underlying Asset. A leverage feature will magnify the impact of the performance of the Underlying Asset to cause a greater or lower return (depending on the terms on the Securities) on the Securities than would otherwise be the case in the absence of leverage. In the terms of the Securities, the leverage feature may be referred to variously as 'Participation', 'Leverage', 'Variable', 'Factor' and 'Multiplier', and the Securities will have 'leverage' where any of these factors is equal to more than 100 per cent. (or 1.00). The inclusion of such a leverage feature in the Securities means that the Securities will be more speculative and riskier than in the absence of such feature, since smaller changes in the performance of the Underlying Asset can reduce (or increase) the return on the Securities by more than if the Securities did not contain a leverage feature.

4.4 **Caps**

Where the terms of your Securities provide that the interest amount payable is subject to a cap, your ability to participate in any change in the level of the Underlying Asset(s) (or any change in floating interest rates) will be limited, no matter how much the level of the Underlying Asset(s) (or floating interest rates) rises above the cap level over the life of the Securities. Accordingly, the value of or return on your Securities may be significantly less than if you had purchased the Underlying Asset(s) (or invested in instruments which pay an uncapped floating rate of interest) directly.

5. **Risks associated with adjustment or early redemption of the Securities**

5.1 **Potential loss of some or all of your investment, loss of opportunity and reinvestment risk**

The Securities may be redeemed prior to their scheduled redemption date and, therefore, you will be subject to the following risks:

- risk of loss of investment: depending on the circumstance in which your Securities are redeemed prior to their scheduled redemption date, the amount of redemption proceeds you receive may be less than your original investment;
- risk of loss of opportunity: in the event that your Securities are redeemed prior to their scheduled redemption date, you will lose the opportunity to participate in any subsequent positive performance of the Underlying Asset(s) and be unable to realise any potential gains in value of the Securities; and
- reinvestment risk: following such early redemption, you may not be able to reinvest the proceeds from an investment at a comparable return and/or with a comparable interest rate for a similar level of risk. You should consider such reinvestment risk in light of other available investments when you purchase the Securities.

The circumstances in which your Securities may be redeemed prior to their scheduled redemption date and the amount you can expect to receive in such case are described below.

Also, in certain circumstances, the terms of your Securities may be adjusted by the Issuer or the Determination Agent, which adjustment could have an adverse effect on the value of and return on your Securities. These circumstances include following an Additional Disruption Event (as described below), a redenomination, an index correction, a manifest error in index calculation and a potential adjustment event in relation to shares.

5.2 **Adjustment or early redemption following an 'Additional Disruption Event', 'FX Disruption Event', or early redemption for unlawfulness or impracticability**

There are certain events – relating to the Issuer, its hedging arrangements, the Underlying Asset(s), taxation or the relevant currency – the occurrence of which may cause the Securities to be redeemed prior to their scheduled redemption date:

(a) **'Additional Disruption Event'**

This includes:

- unless specified to be not applicable to the Securities, a tax event causing the withholding or deduction of amounts otherwise payable by the Issuer under the Securities;
- unless specified to be not applicable to the Securities, an extraordinary market disruption event preventing the Issuer's performance of its obligations under the Securities;
- an extraordinary and/or disruptive event relating to the existence, continuity, trading, valuation, pricing or publication of an Underlying Asset;
- unless specified to be not applicable to the Securities, an event impacting one or more currencies that the Issuer determines would materially disrupt or impair its ability to meet its obligations or otherwise settle, clear or hedge the Securities;
- unless specified to be not applicable to the Securities, the Issuer's ability to source or unwind related transactions put in place to provide the returns on the Securities (Hedge Positions) is adversely affected in any material respect;
- unless specified to be not applicable to the Securities, a change in law that means it has become, or is likely to become, illegal for the Issuer to hold Hedge Positions or it will incur a materially increased cost in dealing with Hedge Positions; and
- if the Securities are CREST Securities, loss of CREST eligibility of such Securities.

If any of these events occurs, the Issuer shall:

- (i) adjust the terms and conditions of the Securities (without the consent of holders); or

- (ii) if the Determination Agent determines that no adjustment that could be made would produce a commercially reasonable result and preserve substantially the economic effect to the holders of a holding of the relevant Security, redeem the Securities prior to their scheduled redemption date.

Any adjustment made to the terms and conditions of the Securities (which may include a reduction in the amount otherwise payable under the Securities in order to reflect increased costs or otherwise to the Issuer) may have a negative effect on the value of and return on the Securities.

In the event of early redemption of your Securities due to the occurrence of any of the above events, unless 'par' is specified in the Final Terms, the early redemption amount you will receive will be equal to the fair market value of your Securities prior to redemption (as determined by the Determination Agent). The market value may include allowances for costs associated with the early redemption, such as those incurred by the Issuer in unwinding any related transactions which were put in place to provide the returns on the Securities. In any case, **the early redemption amount you will receive may be less than your original investment and you could lose some or all of your money**. See also risk factor 5.1 (*Potential loss of some or all of your investment, loss of opportunity and reinvestment risk*) above.

(b) **'FX Disruption Event'**

An FX Disruption Event is an event occurring on or prior to a payment date that prevents or delays the conversion into the settlement currency of the Securities, including capital controls or other restrictions in the relevant jurisdiction. Where the Final Terms specifies that 'FX Disruption Event' is applicable, the Issuer may, following the occurrence of an FX Disruption Event, deduct costs, expenses or charges in connection with such FX Disruption Event, pay in another currency, postpone the relevant valuation or payment date, designate an alternative fallback or price source or treat the FX Disruption Event as an Additional Disruption Event and apply the corresponding adjustments or early redemption – see also risk factor 5.2(a) (*'Additional Disruption Event'*) above.

(c) **Unlawfulness or impracticability**

If the Issuer determines that the performance of any of its absolute or contingent obligations under the Securities has become unlawful or a physical impracticability, in whole or in part, the Issuer may redeem the Securities prior to their scheduled redemption date.

In the event of early redemption of your Securities due to the occurrence of any of the above events, unless 'par' is specified in the Final Terms, the early redemption amount you will receive will be equal to the fair market value of your Securities prior to redemption (as determined by the Determination Agent). The market value may include allowances for costs associated with the early redemption, such as those incurred by the Issuer in unwinding any related transactions which were put in place to provide the returns on the Securities. In any case, **the early redemption amount you will receive may be less than your original investment and you could lose some or all of your money**. See also risk factor 5.1 (*Potential loss of some or all of your investment, loss of opportunity and reinvestment risk*) above.

5.3 **The exercise of an Issuer call option or investor put option**

Where the terms and conditions of the Securities provide that the Issuer has the right to call and redeem or cancel the Securities, or the investor has the right to put and redeem or cancel the Securities, then, following the exercise by the Issuer or the investor of such option, an investor will no longer be able to realise his or her expectations for a gain in the value of the Securities or to participate in the performance of any Underlying Asset(s). The yields received upon redemption or cancellation following an Issuer call or an investor put may be lower than expected, and the amount received may be lower than the initial price paid for the Securities and may be zero. Investors should also be aware that there may be additional costs associated with the exercise of an investor put option.

Additionally, the Issuer call option feature is likely to limit the market value of the Securities, as during any period when the Issuer may elect to call and redeem or cancel the Securities, the market value is unlikely to rise substantially above the price at which they can be redeemed or cancelled. This may also be true prior to any redemption or cancellation period

6. Risks associated with certain other features and terms of the Securities

6.1 Determinations

Any determination made by the Determination Agent will be made in good faith and in a commercially reasonable manner and, in the absence of manifest or proven error, shall be conclusive and binding on all persons (including, without limitation, the holders), notwithstanding the disagreement of such persons or other financial institutions, rating agencies or commentators. Any such determination could adversely affect the value of the Securities. See also risk factor 10 (*Risks associated with discretionary powers of the Issuer and the Determination Agent, including in relation to the Issuer's hedging arrangements*).

6.2 Substitution of the Issuer

Unless your Securities are French Securities or are listed on the regulated market of Borsa Italiana S.p.A., the Issuer may substitute itself as the principal obligor under the Securities for any other company which has an equivalent rating of long-term unsecured, unsubordinated and unguaranteed debt obligations from an internationally recognised rating agency. Following such a substitution, the original Issuer entity will be released from all payment and delivery obligations under the Securities, and you will become subject to the credit risk of the substitute issuer under your Securities. You will have no right of claim against the original Issuer or the substituted Issuer in the event that such substitution has adverse tax consequences for you. A substitution of the Issuer may affect any listing of the Securities and, in particular, it may be necessary for the substituted issuer to reapply for listing on the relevant market or stock exchange on which the Securities are listed.

6.3 Conditions to settlement

If the Issuer or, in the case of French Securities and French Cleared Securities, the Issue and Paying Agent determines that you have not satisfied each of the conditions to settlement in full, payment of the amount payable to you will not take place until all such conditions to settlement have been satisfied in full. No additional amounts will be payable to you by the Issuer because of any resulting delay or postponement. Further, if you have not fully satisfied each of the conditions to settlement by the 180th calendar day following the final settlement cut-off date, you will lose your right to claim any cash payment under your Securities, and you shall have no further claim against the Issuer under your Securities.

6.4 Amendments to the terms and conditions of the Securities

The terms and conditions of the Securities may be amended by the Issuer without the consent of the holders of the Securities in any of the following circumstances:

- to cure a manifest or proven error or omission;
- where such amendment will not materially and adversely affect the interests of holders;
- to correct or supplement any defective provision;
- where the amendment is of a formal, minor or technical nature; and/or
- to comply with mandatory provisions of law or (in the case of CREST Securities) any change in CREST Requirements.

In certain other circumstances, the consent of a defined majority of holders is required.

The terms and conditions of the Securities contain provisions for holders of Securities to call and attend meetings to vote upon such matters or to pass a written resolution in the absence of

such a meeting. Resolutions passed at such a meeting, or passed in writing, can bind all holders of Securities, including investors that did not attend or vote, or who do not consent to the amendment.

6.5 **Minimum Tradable Amounts; minimum nominal amounts**

Where the Final Terms of your Securities provides for a Minimum Tradable Amount or Specified Denomination consisting of a nominal amount plus one or more integral multiples of another smaller amount, if you hold an amount which is less than the Minimum Tradable Amount or minimum Specified Denomination at the relevant time:

- you will not be able to transfer or sell your holding;
- you may not receive a Definitive Bearer Security in respect of such holding (should Definitive Bearer Securities be printed); and
- you would need to purchase a nominal amount of Securities such that your holding amounts to such Minimum Tradable Amount or minimum Specified Denomination in order to be able to sell or transfer Securities or receive a Definitive Bearer Security.

If Definitive Bearer Securities are issued, you should be aware that those Securities which have a denomination that is not an integral multiple of any minimum denomination may be illiquid and difficult to trade.

6.6 **Book-Entry Securities**

If you hold your Securities in dematerialised and/or uncertificated form ("**Book-Entry Securities**"), you will not be the legal owner of the Book-Entry Securities. Rights in the Book-Entry Securities will be held through custodial and depositary links through the relevant clearing systems. This means that holders of Book-Entry Securities:

- will only be able to enforce rights in respect of the Book-Entry Securities indirectly through the intermediary depositaries and custodians; and
- in the event of any insolvency or liquidation of an intermediary, could receive less than they otherwise would have if they had invested directly in the Book-Entry Securities.

In addition, you may incur fees, charges, costs, taxes, duties and/or other expenses and liabilities in connection with the acquisition, delivery, holding, settlement, transfer or disposal of Book-Entry Securities. These expenses and liabilities, which may vary amongst different investors and will depend on the rules and procedures applicable to the relevant Book-Entry Securities, could reduce the value of and return on the Securities.

6.7 **CREST Depository Interests**

If you hold your Securities in the form of CREST Depository Interests (CDIs), you will not be the legal owner of the Securities to which such CDIs relate (the Underlying Securities). CDIs are separate legal instruments from the Underlying Securities and represent indirect interests in the interests of the CREST nominee in such Underlying Securities. CDIs will be issued by the CREST Depository to investors and will be governed by English law.

The Underlying Securities (as distinct from the CDIs representing indirect interests in such Underlying Securities) will be held in an account with a custodian. The custodian will hold the Underlying Securities through the Relevant Clearing System. Rights in the Underlying Securities will be held through custodial and depositary links through the Relevant Clearing System. The legal title to the Underlying Securities or to interests in the Underlying Securities will depend on the rules of the Relevant Clearing System in or through which the Underlying Securities are held.

Rights in respect of the Underlying Securities cannot be enforced by holders of CDIs except indirectly through the CREST Depository and CREST nominee who in turn can enforce rights indirectly through the intermediary depositaries and custodians described above. The

enforcement of rights in respect of the Underlying Securities will therefore be subject to the local law of the relevant intermediary. These arrangements could result in an elimination or reduction in the payments that otherwise would have been made in respect of the Underlying Securities in the event of any insolvency or liquidation of the relevant intermediary, in particular where the Underlying Securities held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.

If a matter arises that requires a vote of Holders, the Issuer may make arrangements to permit the holders of CDIs to instruct the CREST Depository to exercise the voting rights of the CREST nominee in respect of the Underlying Securities. However, there is no guarantee that it will be possible to put such voting arrangements in place for holders of CDIs.

Holders of CDIs will be bound by all provisions of the CREST Deed Poll and by all provisions of or prescribed pursuant to the CREST International Manual (April 2008) issued by Euroclear UK & Ireland Limited and as amended, modified, varied or supplemented from time to time (the "**CREST Manual**") and the CREST Rules (contained in the CREST Manual) applicable to the CREST International Settlement Links Service. Holders of CDIs must comply in full with all obligations imposed on them by such provisions, including in relation to (i) indemnities, warranties, representations and undertakings to be given by holders of CDIs and limitations on the liability of the CREST Depository as issuer of the CDIs and (ii) fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the Underlying Securities through the CREST International Settlement Links Service.

None of the Issuer or any Manager or Agent makes any representation or warranty as to the tax consequences of an investment in CDIs and/or the tax consequences of the acquisition, holding, transfer or disposal of CDIs by any investor (including, without limitation, whether any stamp duty, stamp duty reserve tax, excise, severance, sales, use, transfer, documentary or any other similar tax, duty or charge may be imposed, levied, collected, withheld or assessed by any government, applicable tax authority or jurisdiction on the acquisition, holding, transfer or disposal of CDIs by any investor). Whilst your attention is drawn to the section entitled '*Taxation*', the tax consequences for each investor in CDIs can be different. Therefore, you should consider consulting with a tax adviser as to their specific consequences, including, in particular, whether United Kingdom stamp duty reserve tax will be payable on transfers of CDIs in uncertificated form within CREST.

6.8 **Certain specific information may not be known at the beginning of an offer period**

In relation to Securities which are being offered by way of a public offer, certain specific information relating to the Securities (such as certain amounts, levels, percentages, prices, rates or values (as applicable) used to determine or calculate amounts payable in respect of the Securities) may not be fixed or determined by the start of the offer. In such case, the Final Terms will provide an indicative amount, an indicative minimum amount, or an indicative maximum amount, or any combination of the foregoing.

The actual amounts, levels, percentages, prices, rates or values (as applicable) will be determined based on market conditions by the Issuer on or around the end of the offer period and may be the same as or different from any indicative amount specified in the Final Terms, provided that such actual amounts will not be less than any indicative minimum amount provided in the Final Terms and will not be more than any indicative maximum amount provided in the Final Terms. Notice of the actual amounts, levels, percentages, prices, rates or values (as applicable) will be published prior to the Issue Date in accordance with the Conditions.

You must make your investment decision in relation to the Securities based on the indicative amounts provided rather than the actual amounts, levels, percentages, prices, rates or values (as applicable), which will only be fixed or determined at the end of the offer period after your

investment decision has been made. As there is a risk that the indicative amounts will not be the actual amounts, levels, percentages, prices, rates or values (as applicable), you should assume, for the purposes of evaluating the risks and benefits of an investment in the Securities, that the actual amounts, levels, percentages, prices, rates or values (as applicable) which are fixed or determined at the end of the offer period will be (i) lower than the indicative amount and equal to the minimum amount (where provided and where a higher amount, level, percentage, price, rate or value (as applicable) would lead to a greater return on the Securities) or (ii) higher than the indicative amount and equal to the maximum amount (where provided and where a lower amount, level, percentage, price, rate or value (as applicable) would lead to a greater return on the Securities).

7. **Securities may have foreign exchange risks**

7.1 **General**

If the terms and conditions of your Securities provide that payment under the Securities will be made in a currency which is different from the currency of the Underlying Asset(s) and/or different from your home currency then, depending on the particular payout terms of your Securities, you may: (i) be exposed to the adverse movement of the Settlement Currency of the Securities relative to the currency of the Underlying Asset(s) and/or your home currency; and/or (ii) not be able to benefit from the positive movement (if any) of the Settlement Currency of the Securities relative to the currency of the Underlying Asset(s) and/or your home currency.

Foreign exchange rates can be highly volatile and are determined by various factors, including supply and demand for currencies in the international foreign exchange markets, economic factors including inflation rates in the countries concerned, interest rate differences between the respective countries, economic forecasts, international political factors, currency convertibility, safety of making financial investments in the currency concerned, speculation and measures taken by governments and central banks.

A foreign exchange rate can be fixed by the sovereign government, allowed to float within a range of exchange rates set by the government or left to float freely. Exchange rates of most economically developed nations are permitted to fluctuate in value relative to each other. However, from time to time governments may use a variety of techniques, such as intervention by a country's central bank, the imposition of regulatory controls or taxes or changes in interest rates to influence the exchange rates of their currencies. In addition, governments around the world, including the governments of other major world currencies, have recently made, and may be expected to continue to make, very significant interventions in their economies, and sometimes directly in their currencies. Governments may also issue a new currency to replace an existing currency or alter the exchange rate or relative exchange characteristics by a devaluation or revaluation of a currency. These governmental actions could change or interfere with currency valuations and may cause foreign exchange rates to fluctuate more than would otherwise occur in response to economic forces, as well as in response to the movement of currencies across borders.

Foreign exchange fluctuations between your home currency and the currency in which payment under the Securities is due may affect you where you intend to convert gains or losses from the exercise or sale of Securities into your home currency and may eventually cause a partial or total loss of your initial investment.

7.2 **'Dual Currency' Securities**

In the case of any Securities having a Settlement Currency that is different from the Issue Currency, the amount of interest and/or any redemption amount payable will be determined by reference to an exchange rate (the "Exchange Rate"), the method of calculation of which will be determined by the Determination Agent.

Where you purchase 'Dual Currency' Securities, you will be exposed to currency risks in addition to the currency risks relating to the Underlying Asset(s) because the value of your Securities may increase or decrease as a result of fluctuations between the Issue Currency (or

your home currency) and the Settlement Currency. Foreign exchange fluctuations between your home currency or the Issue Currency and the relevant currency in which the repayment amount of your Securities is denominated may affect you where you intend to convert gains or losses from the exercise or sale of your Securities into your home currency.

Foreign exchange fluctuations between an investor's home currency (or the Issue Currency) and the Settlement Currency may affect investors who intend to convert gains or losses from the exercise or sale of Securities into their home currency and may eventually cause a partial or total loss of the investor's initial investment.

In particular, Securities linked to the performance of foreign exchange rates of emerging market currencies may experience greater volatility and less certainty as to the future of such emerging market currencies or their rate of exchange as against other currencies. See risk factor 8.5 (*Emerging markets*).

7.3 **Risks relating to CNY generally**

CNY is not freely convertible at present. The government of the People's Republic of China continues to regulate conversion between CNY and foreign currencies despite the significant reduction over the years by such government of its control over routine foreign exchange transactions conducted through current accounts. The People's Bank of China ("PBOC") has established a clearing and settlement system pursuant to the Settlement Agreement on the Clearing of CNY Business between PBOC and Bank of China (Hong Kong) Limited. However, the current size of CNY and CNY-denominated financial assets in Hong Kong is limited, and its growth is subject to many constraints imposed by the laws and regulations of the People's Republic of China on foreign exchange. There can be no assurance that access to CNY funds for the purposes of making payments under the Securities or generally will remain available or will not become restricted. The value of CNY against foreign currencies fluctuates and is affected by changes in the People's Republic of China and international political and economic conditions and by many other factors. As a result, foreign exchange fluctuations between a purchaser's home currency and CNY may affect you where you intend to convert gains or losses from the sale or redemption of your Securities into your home currency. Developments and the perception of risks in other countries, especially emerging market countries, may adversely affect the exchange rates of CNY against other foreign currencies.

You should note that investing in CNY-settled securities involves CNY currency risk. Currently, CNY is not a freely convertible currency and conversion of CNY through banks in Hong Kong is subject to exchange controls and certain restrictions.

7.4 **CNY settlement disruption**

If the Settlement Currency of your Securities is in Chinese Renminbi (CNY) and the Determination Agent has determined that an event has occurred that negatively affects the liquidity, convertibility or transferability of CNY in the general CNY exchange market in Hong Kong, then the Issuer's obligations to pay amounts under your Securities in CNY may be replaced with the obligation to pay such amounts in an alternative deliverable currency.

8. **Risks associated with the Securities being linked to one or more Underlying Assets**

8.1 **The value of and return on the Securities depends on the performance of the Underlying Asset(s)**

The value of and return on your Securities will depend on the performance of the Underlying Asset(s). The performance of the Underlying Asset(s) may be subject to unpredictable change over time, which may depend on many factors, including financial, political, military or economic events, government actions and the actions of market participants. Any of these events could have a negative effect on the value of the Underlying Asset(s) which in turn could adversely affect the value of and return on your Securities.

See also risk factor 9 (*Risks associated with Securities linked to specific types of Underlying Assets*) for risks relating to the specific type of Underlying Asset(s) of your Securities.

8.2 Past performance of an Underlying Asset is not indicative of future performance

Any information about the past performance of an Underlying Asset should not be regarded as indicative of any future performance of such Underlying Asset, or as an indication of the range of, or trends or fluctuations in, the price or value of such Underlying Asset that may occur in the future. It is not possible to predict the future value of the Securities based on such past performance. Actual results will be different, and such differences may be material.

8.3 Investors will have no claim against any Underlying Asset

Investors will have no claim against any index sponsor or any other third party in relation to an Underlying Asset; such parties have no obligation to act in the interests of investors.

8.4 Hedging risks

If you are intending to purchase Securities to hedge against the market risk associated with investing in a product linked to the performance of an Underlying Asset you should recognise the complexities of utilising Securities in this manner. Due to fluctuating supply and demand for the Securities and various other factors, the value of the Securities may not correlate with movements of the Underlying Asset(s).

8.5 Emerging markets

If your Securities are linked, directly or indirectly, to emerging market jurisdictions you will be exposed to the risks of volatility, governmental intervention and the lack of a developed system of law which are associated with such jurisdictions.

In relation to Securities linked to Underlying Asset(s) issued by issuers in, or comprised of assets or constituents located in, emerging market jurisdictions, there are specific risks that there is generally less publicly available information about emerging market issuers and potentially less developed accounting, auditing and financial reporting standards and requirements and securities trading rules. Additionally, the prices of Underlying Asset(s) issued by issuers in, or comprised of assets or constituents located in, emerging market jurisdictions and the financial health of emerging-markets-based issuers may be affected by political, economic, financial and social instability in such jurisdictions, including changes in a country's government, economic and fiscal policies, currency exchange laws or other foreign laws or restrictions.

Securities linked indirectly to emerging markets, via securities, indices, commodities or currencies, may also be exposed to the risks of economic, social, political, financial and military conditions in such jurisdictions, including, in particular, political uncertainty and financial instability; the increased likelihood of restrictions on export or currency conversion; the greater potential for an inflationary environment; the possibility of nationalisation or confiscation of assets; the greater likelihood of regulation by national, provincial and local governments, including the imposition of currency exchange laws and taxes; less liquidity in emerging market currency markets as compared to the liquidity in developed markets and less favourable growth prospects, capital reinvestment, resources and self-sufficiency.

A combination of any or all of these risks may have a negative impact on the value of and return on your Securities with such emerging markets exposure.

9. Risks associated with Securities linked to specific types of Underlying Assets

9.1 Risks associated with Inflation Indices as Underlying Assets

Where Securities reference one or more inflation indices, you will be exposed to the performance of such inflation indices, which may be subject to fluctuations that may not correlate with changes in interest rates, currencies or other indices and may not correlate with the rate of inflation experienced in your home jurisdiction. Any payments made under the Securities may be based on a calculation made by reference to an inflation index for a month which is several months prior to the date of payment and therefore could be substantially different from the level of inflation at the time of payment on the Securities.

The interest amounts and/or the redemption amount in respect of inflation-linked Securities shall be adjusted up or down to take into account changes in the level of the relevant inflation index over the life of the Securities. Broadly speaking, in an inflationary environment amounts payable shall be adjusted up and in a deflationary environment amounts payable shall be adjusted down. Investors should note that, in a deflationary environment, the amount of interest payable might be lower than the fixed rate that would have been applicable before such adjustment and the redemption amount may be reduced.

Alternative valuation following disruption events in respect of indices

Upon the occurrence of certain events in relation to an inflation index – e.g. the level of the inflation index has not been published or is discontinued or such inflation index is rebased or materially modified – then, depending on the particular event, the Issuer may:

- determine the level of the inflation index;
- determine a successor to the original inflation index;
- make changes to the level of the rebased index; or
- make adjustments to the inflation index by reference to equivalent determinations, substitutions, changes or adjustments made in respect of the Related Bond specified in the Final Terms or the Fallback Bond selected by the Determination Agent.

Any such event or determination may have an adverse effect on the value of the Securities.

If the inflation index is rebased or materially modified, and no action is taken in respect of the Related Bond or Fallback Bond, the Determination Agent may make changes to the level of the rebased index or make adjustments to the inflation index. Such consequential action by the Determination Agent may have a negative effect on the value of the Securities.

If, on any day on which a valuation is to be made, the level of the inflation index has not been published, and no action to determine a substitute level of the inflation index has been taken in respect of the Related Bond or Fallback Bond, the Determination Agent shall determine a substitute level of the inflation index calculated by reference to the latest published level of the inflation index, and such level may differ from the index level (if any) published or announced after the relevant Valuation Date. Such event may have an effect on the valuation of the Securities and on the interest and/or redemption amounts payable.

If an inflation index has been discontinued and no successor index has been determined in respect of the Related Bond or Fallback Bond, but the sponsor of the inflation index has specified a replacement inflation index, the Determination Agent may specify such replacement inflation index to be the successor inflation index in respect of the Securities. Failing that, the Determination Agent shall ask five leading independent dealers to state what the successor inflation index should be and, if a sufficient number of dealers state the same inflation index, such index shall be the successor. If an insufficient number of dealers state the same inflation index, the Determination Agent shall determine a successor. Such events may have an effect on the valuation of the Securities and on the interest and/or redemption amounts payable.

Early redemption of the Securities and reinvestment risk following such early redemption

If the Determination Agent determines that an inflation index has been discontinued and there is no appropriate alternative successor index, the Determination Agent may redeem the Securities prior to their scheduled redemption date in accordance with the terms and conditions of the Securities. In the event of such early redemption the Issuer will repay the Early Cash Settlement Amount. Investors should note that any Early Cash Settlement Amount may be less than their initial investment and could be zero. See also risk factor 5.1 (*Potential loss of some or all of your investment, loss of opportunity and reinvestment risk*) above.

9.2 **Risks associated with interest rates as Underlying Assets**

The performance of interest rates is dependent upon a number of factors, including supply and demand on the international money markets, which are influenced by measures taken by governments and central banks, as well as speculations and other macroeconomic factors.

Determination of a floating rate using a Screen Rate

If, on any day on which a Reference Rate is to be determined for the purpose of calculating floating rate interest or inverse floating rate interest the relevant Reference Rate is not available, the Determination Agent will determine the applicable Reference Rate by reference to quotations provided by banks in the relevant market or previously published quotation(s) for the Reference Rate. In such event, the amount of interest payable to investors in respect of the relevant interest calculation period may be less than what was previously expected.

The potential for the amount of interest payable under the Securities to increase may be limited

Where the Conditions of Securities that pay Floating Rate Interest or Inverse Floating Rate Interest provide that an interest rate is subject to a cap (in which case a 'Cap Rate' will be specified in the Final Terms or a 'Curve Cap Rate' will be specified as being 'Applicable' in the Final Terms (as applicable)), an investor's ability to participate in any change in the value of the relevant floating rate over the life of the Securities will be limited, no matter how much the level of the interest rate calculated by reference to the floating rate rises above the Cap Rate or Curve Cap Rate (as applicable) over the life of the Securities. Accordingly, an investor's return on the Securities may be significantly less than if the investor had exposure to the floating rate directly.

Where the Conditions of Securities that pay Inflation-Linked Interest provide that an interest rate is subject to a cap (in which case a 'Cap Rate' will be specified in the Final Terms or a 'Curve Cap Rate' will be specified as being 'Applicable' in the Final Terms (as applicable)), an investor's ability to participate in any change in the value of the relevant inflation index over the life of the Securities will be limited, no matter how much the level of the inflation factor calculated by reference to the rate of inflation rises above the Cap Rate or Curve Cap Rate (as applicable) over the life of the Securities. Accordingly, an investor's return on the Securities may be significantly less than if the interest rate were not subject to a cap.

Where the Conditions of Securities that pay Spread-Linked Interest provide that an interest rate is subject to a cap (in which case a 'Cap Rate' will be specified in the Final Terms or a 'Curve Cap Rate' will be specified as being 'Applicable' in the Final Terms (as applicable)), an investor's ability to participate in any change in the value of the relevant floating rate over the life of the Securities will be limited, no matter how much the spread between the referenced floating rate rises above the Cap Rate or Curve Cap Rate (as applicable) over the life of the Securities. Accordingly, an investor's return on the Securities may be significantly less than if the interest rate were not subject to a cap.

10. **Risks associated with discretionary powers of the Issuer and the Determination Agent, including in relation to the Issuer's hedging arrangements**

There are certain events – relating to the Issuer, the Issuer's hedging arrangements, the Underlying Asset(s), taxation, the relevant currency or other matters – the occurrence of which may give rise to discretionary powers of the Issuer or the Determination Agent under the terms and conditions of the Securities. For example, see risk factor 5.2 (*Adjustment or early redemption following an 'Additional Disruption Event', 'FX Disruption Event', or early redemption for unlawfulness or impracticability*).

In relation to the Underlying Asset(s), a key investment objective of the Securities is to allow holders to gain an economic exposure to the Underlying Asset(s). If an Underlying Asset is materially impacted by an unexpected event (for example, a company merges and the original stock that formed an Underlying Asset is restructured or changed, or the rules of an index that is an Underlying Asset are materially modified) or the relevant price, level or value can no longer be calculated, then it may not be possible to achieve the investment objective of the Securities based on their original terms. In that case, the Determination Agent may have

discretionary powers under the terms and conditions of the Securities to (i) adjust the terms and conditions of the Securities to preserve the original economic terms and rationale, (ii) in certain cases, substitute the Underlying Asset(s) for another, (iii) calculate the relevant price, level or value itself, (iv) postpone payment (v) redeem the Securities early or (vi) apply some combination thereof.

In relation to the Issuer's hedging arrangements, you should be aware that (i) in exercising its discretionary powers under the terms and conditions of the Securities, each of the Issuer and the Determination Agent may take into account such factors as it determines appropriate in each case, which may include, in particular, any circumstances or events which have or may have a material impact on the Issuer's hedging arrangements in respect of the Securities; and (ii) unless the Final Terms of your Securities provides that certain hedge disruption events do not apply, certain events which affect the Issuer's hedging arrangements can give rise to discretionary powers on the part of the Issuer and the Determination Agent. For example, see risk factor 5.2 (*Adjustment or early redemption following an 'Additional Disruption Event', 'FX Disruption Event', or early redemption for unlawfulness or impracticability*).

Hedging arrangements are the transactions (if any) entered into by the Issuer or one or more of its affiliates to seek to cover the Issuer's exposure to the relevant cash amounts to be paid or assets to be delivered under the Securities as these fall due. This may involve investing directly in the Underlying Asset(s) or entering into derivative contracts referencing the Underlying Asset(s) or other techniques. The particular hedging arrangements (if any) undertaken by the Issuer, and their cost, will likely be a significant determinant of the issue price and/or economic terms of the Securities. Accordingly, if an event occurs which negatively impacts the Issuer's hedging arrangements, the Issuer or the Determination Agent on the Issuer's behalf may have options available to it under the terms and conditions of the Securities which it may select in its discretion in order to deal with the impact of the event on the Issuer's hedging arrangements. These options may include adjustment of the terms and conditions of the Securities or early redemption of the Securities. In the event of early redemption, the early redemption amount you will receive will be equal to the fair market value of your Securities prior to redemption less, except where the Final Terms provides that 'Unwind Costs' is not applicable, costs associated with the Issuer's hedging arrangements. This amount may be less than your original investment and, therefore, you could lose some or all of your money. See risk factor 5.1 (*Potential loss of some or all of your investment, loss of opportunity and reinvestment risk*).

11. Risks associated with taxation

11.1 Changes in tax law

Tax regulations and how they are applied by the relevant taxation authorities are subject to change, possibly with retrospective effect, and this could negatively affect the value of the Securities. Any such change may cause the tax treatment of the Securities to change from the tax position at the time of purchase and may cause the statements in this Base Prospectus concerning the relevant tax law and practice to be inaccurate or insufficient to cover the material tax considerations in respect of the Securities. It is not possible to predict the precise tax treatment which will apply at any given time and changes in tax law may give the Issuer the right to amend the terms and conditions of the Securities, or redeem the Securities.

11.2 Proposed Financial Transaction Tax

The European Commission has published a proposal for a Directive for a common Financial Transaction Tax ("FTT") in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in Securities (including secondary market transactions) in certain circumstances. The issuance and subscription of Securities should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings

in Securities where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, 'established' in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States. On 6 May 2014, ten of the eleven participating Member States published a joint statement on the FTT and the Presidency of the Council of the European Union published a note on the FTT. These indicated an intention to introduce the FTT progressively, starting with shares and some derivatives. The proposal may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of Securities are advised to seek their own professional advice in relation to the FTT.

12. **Risks associated with the ability to enforce under the Securities**

Following an event of default by the Issuer (such as a failure to pay interest or return capital, or, if the Issuer is subject to a winding-up order), including expiry of an applicable grace period, you may (i) determine to keep your Securities outstanding (in which case, the market value of those Securities may decline significantly) or (ii) by giving notice to the Issuer and (if not a CREST Security) the Issue and Paying Agent (and through the Representative of the Holders for certain French Notes) require immediate redemption of your Securities at the early cash settlement amount. **This amount may be less than your original investment and, therefore, you could lose some or all of your money.** See also risk factor 5.1 (*Potential loss of some or all of your investment, loss of opportunity and reinvestment risk*).

See also risk factor 6.6 (*Book-Entry Securities*).

13. **Risks associated with conflicts of interest**

13.1 **As Issuer or as Determination Agent, Barclays has certain discretionary powers under the terms and conditions of the Securities that it could exercise in a way which is contrary to the interests of holders of Securities**

See risk factor 10 (*Risks associated with discretionary powers of the Issuer and the Determination Agent, including in relation to the Issuer's hedging arrangements*).

13.2 **Trading and other transactions by the Issuer or its affiliates could affect the levels, values or prices of Underlying Assets and their components**

In connection with Barclays' normal business practices or in connection with hedging its obligations under the Securities, Barclays may from time to time buy or sell the Underlying Asset(s) and its or their components, or similar instruments, or derivative instruments relating to the Underlying Asset(s) or its or their components. These trading activities may present a conflict of interest between your interest in the Securities and the interests which Barclays may have in its proprietary accounts, in facilitating transactions, including block trades, for Barclays' other customers and in accounts under management. These trading activities also could affect the levels, values or prices of the Underlying Asset(s) in a manner that would decrease the market value of the Securities prior to maturity, or the amount you would receive at maturity or at the payment or settlement date. To the extent that Barclays has a hedge position in the Underlying Asset(s) or its or their components, or in a derivative or synthetic instrument related to the Underlying Asset(s) or its or their components, Barclays may increase or liquidate a portion of those holdings at any time before, during or after the term of the Securities. This activity may affect the amount payable at maturity, any amount of money or property payable at the payment or settlement date, or the market value of the Securities in a manner that would be adverse to your investment in the Securities. Depending on, among other things, future market conditions, the aggregate amount and the composition of those hedge positions are likely to vary over time. In addition, Barclays may purchase or otherwise acquire a long or short position in the Securities. Barclays may hold or resell any such position in the Securities.

13.3 Research reports and other transactions may create conflicts of interest between you and Barclays

Barclays may have previously published, and may in the future publish, research reports relating to the Underlying Asset(s) or its or their components. The views expressed in this research may be modified from time to time without notice and may express opinions or provide recommendations that are inconsistent with purchasing or holding the Securities. Any of these activities may affect the levels, values or prices of the Underlying Asset(s) or its or their components and, therefore, the market value of the Securities. Moreover, other professionals who deal in these markets may at any time have views that differ significantly from Barclays. In connection with your purchase of the Securities, you should investigate the Underlying Asset(s) and not rely on Barclays' views with respect to future movements in the Underlying Asset(s) and its or their components.

Barclays also may issue, underwrite or assist unaffiliated entities in the issuance or underwriting of other securities or financial instruments with returns indexed to the Underlying Asset(s). By introducing competing products into the marketplace in this manner, Barclays could adversely affect the market value of the Securities.

13.4 Barclays may have confidential information relating to the Underlying Asset(s) or components

Barclays, at present or in the future, may engage in business relating to the person or organisation responsible for calculating, publishing or maintaining the Underlying Asset(s), referred to as the 'sponsor' of the Underlying Asset(s). In addition, Barclays may engage in business relating to any components of the Underlying Asset(s), including making loans to, equity investments in, or providing investment banking, asset management or other advisory services to the respective sponsor or issuer. In connection with these activities, Barclays may receive information pertinent to the Underlying Asset(s) or its or their components that Barclays will not divulge to you.

13.5 Distributor(s) and conflicts of interest

Potential conflicts of interest may arise in relation to Securities offered through public distribution, as the appointed manager(s) and/or distributor(s) will act pursuant to a mandate granted by the Issuer and may (to the extent permitted by law) receive commissions and/or fees on the basis of the services performed and the outcome of the placement of the Securities.

14. Risk associated with a credit rating downgrade

A downgrade of the rating assigned by any rating agency to the Issuer or the Securities could adversely affect the liquidity or market value of the Securities. Ratings downgrades could occur as a result of, among other causes, changes in the ratings methodologies used by rating agencies. Changes in rating agencies' views of the level of implicit sovereign support for European banks and their groups are likely to lead to ratings downgrades.

The Securities may be rated by credit rating agencies and may in the future be rated by additional rating agencies, although the Issuer is under no obligation to ensure that the Securities are rated by any rating agency. Credit ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in these Risk Factors and other factors that may affect the liquidity or market value of the Securities.

Any rating assigned to the Issuer and/or the Securities may be withdrawn entirely by a rating agency, may be suspended or may be lowered, if, in that rating agency's judgment, circumstances relating to the basis of the rating so warrant. Ratings may be impacted by a number of factors which can change over time, including the rating agency's assessment of: the issuer's strategy and management's capability; the issuer's financial condition including in respect of capital, funding and liquidity; competitive and economic conditions in the issuer's key markets; the level of political support for the industries in which the issuer operates; and legal and regulatory frameworks affecting the issuer's legal structure, business activities and the rights of its creditors. The rating agencies may also revise the ratings methodologies applicable to issuers within a particular industry, or political or economic region. If rating

agencies perceive there to be adverse changes in the factors affecting an issuer's credit rating, including by virtue of changes to applicable ratings methodologies, the rating agencies may downgrade, suspend or withdraw the ratings assigned to an issuer and/or its securities.

During the first half of 2015, Moody's and Standard & Poor's are expected to implement revised methodologies applicable to bank ratings, intended to address the on-going implementation of resolution frameworks applicable to banks, such as those provided for in the UK Banking Act 2009 (the "**UK Banking Act**"), described below, and related rules and guidance. Among other things, the revised methodologies are expected to impact the agencies' assessment, for the different creditor classes, of both the probability of default, and the expected loss to creditors in the event of a bank failure. In addition, each of Moody's, Standard & Poor's and Fitch (together, the "**CRAs**") has stated its view that extraordinary government support for European banks is likely to diminish as enhanced bank resolution frameworks are implemented. Among other factors, this led in part to the "negative" ratings outlook assigned in 2014 to the ratings of various systemically important European banks, including the Issuer. Consistent with this view, on 3 February 2015, Standard & Poor's placed the Issuer's long- and short-term ratings on "credit watch with negative implications". Standard & Poor's stated the "credit watch" status reflects the possibility that they may remove all systemic sovereign support notches currently supporting the Issuer's ratings, and that they expect to resolve the "credit watch" placement by early May 2015. Moody's and Fitch have also expressed their intention to review, during the first half of 2015, the level of "sovereign support" in their ratings of financial institutions. The timing and outcome of the proposed changes in bank ratings methodologies, and the related review of ratings for removal of "sovereign support", remain uncertain. The Issuer expects that when such revised methodologies are implemented and/or such reviews are completed they are likely to result in downgrades to the ratings assigned by some or all of the CRAs to the Issuer and/or some or all of its outstanding securities, including the Securities.

If the Issuer determines to no longer maintain one or more ratings, or if any rating agency withdraws, suspends or downgrades the credit ratings of the Issuer or the Securities, or if such a withdrawal, suspension or downgrade is anticipated (or any rating agency places the credit ratings of the Issuer or the Securities on "credit watch" status in contemplation of a downgrade, suspension or withdrawal), whether as a result of the factors described above or otherwise, such event could adversely affect the liquidity or market value of the Securities.

15. **Risks associated with regulatory action**

15.1 **Regulatory action in the event the Issuer is failing or likely to fail could materially adversely affect the value of the Securities**

The EU Bank Recovery and Resolution Directive (the "**BRRD**") provides an EU-wide framework for the recovery and resolution of credit institutions and investment firms, their subsidiaries and certain holding companies. The BRRD requires all EEA member states to provide their relevant resolution authorities with a set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the broader economy and financial system.

In the United Kingdom, the majority of the requirements of the BRRD are implemented into national law in the UK Banking Act. The UK implementation of the BRRD included the introduction of the bail-in tool as of 1 January 2015. The PRA has also published rules which include a requirement for the terms of debt instruments which are issued on or after 19 February 2015, and are not governed by the law of an EEA jurisdiction (including the Securities), to contain a contractual clause whereby holders of debt instruments recognise the applicability of the bail-in powers to their debt instruments. For more information on the bail-in tool and on the related contractual recognition, see risk factor 15.4 (*The relevant UK resolution authority may exercise the bail-in tool in respect of the Issuer and the Securities, which may result in holders of the Securities losing some or all of their investment*) and risk factor 15.7 (*In relation to Swiss Securities, under the terms of such Securities, you have agreed to be bound by the exercise of any UK Bail-in Power by the relevant UK resolution authority*). The UK has deferred the implementation of the Minimum Requirement for Own

Funds and Eligible Liabilities ("**MREL**") regime, pending further developments via the Financial Stability Board ("**FSB**") for harmonising key principles for Total Loss-Absorbing Capacity ("**TLAC**") globally. See risk factor 15.6 (*Minimum requirement for own funds and eligible liabilities (MREL)*) below.

15.2 The UK Banking Act confers substantial powers on a number of UK authorities designed to enable them to take a range of actions in relation to UK deposit taking institutions which are considered to be at risk of failing. The exercise of any of these actions in relation to the Issuer could materially adversely affect the value of any Securities

Under the UK Banking Act, substantial powers are granted to the Bank of England (or, in certain circumstances, HM Treasury), in consultation with the PRA, the FCA and HM Treasury, as appropriate as part of a special resolution regime (the "**SRR**"). These powers enable the relevant UK resolution authority to implement resolution measures with respect to a UK bank (such as the Issuer) and certain of its affiliates (including, for example, Barclays PLC) (each a relevant entity) in circumstances in which the relevant UK resolution authority considers the failure of the relevant entity has become highly likely and a threat is posed to the public interest. The stabilisation options available to the relevant UK resolution authority under the SRR provide for:

- (i) private sector transfer of all or part of the business of the relevant entity;
- (ii) transfer of all or part of the business of the relevant entity to a "bridge bank" established by the Bank of England;
- (iii) transfer to an asset management vehicle;
- (iv) the bail-in tool; and
- (v) temporary public ownership (nationalisation) of the relevant entity.

Each of these stabilisation options is achieved through the exercise of one or more "stabilisation powers", which include (i) the power to make share transfer orders pursuant to which all or some of the securities issued by a UK bank may be transferred to a commercial purchaser, a bridge bank or the UK government; (ii) the resolution instrument power which includes the exercise of the bail-in tool; (iii) the power to transfer all or some of the property, rights and liabilities of a UK bank to a commercial purchaser or Bank of England entity; and (iv) the third country instrument powers that recognise the effect of similar special resolution action taken under the law of a country outside the EU. A share transfer order can extend to a wide range of securities, including shares and bonds issued by a UK bank or its holding company and warrants for such shares and bonds and could, therefore, apply to the Securities. In addition, the UK Banking Act grants powers to modify contractual arrangements in certain circumstances, powers to suspend enforcement or termination rights that might be invoked as a result of the exercise of the resolution powers and powers for the relevant UK resolution authority to disapply or modify laws in the UK (with possible retrospective effect) to enable the powers under the UK Banking Act to be used effectively.

The exercise of any resolution power or any suggestion of any such exercise could materially adversely affect the value of any Securities and could lead to holders of Securities losing some or all of the value of their investment in the Securities.

The SRR is designed to be triggered prior to insolvency of the Issuer and holders of the Securities may not be able to anticipate the exercise of any resolution power (including the UK Bail-in Power) by the relevant UK resolution authority

The stabilisation options are intended to be used prior to the point at which any insolvency proceedings with respect to the relevant entity could have been initiated. The purpose of the stabilisation options is to address the situation where all or part of a business of a relevant entity has encountered, or is likely to encounter, financial difficulties, giving rise to wider public interest concerns. Accordingly, the stabilisation options may be exercised if: the relevant UK resolution authority: (i) is satisfied that a relevant entity (such as the Issuer) is failing, or is likely to fail; (ii) determines that it is not reasonably likely that (ignoring the

stabilisation powers) action will be taken by or in respect of the relevant entity that will result in condition (i) immediately above ceasing to be met; (iii) considers that the exercise of the stabilisation powers to be necessary, having regard to certain public interest considerations (such as the stability of the UK financial system, public confidence in the UK banking system and the protection of depositors, being some of the special resolution objectives) and (iv) considers that the special resolution objectives would not be met to the same extent by the winding-up of the relevant entity. Additional conditions will apply where the relevant UK resolution authority seeks to exercise its powers in relation to UK banking group companies. The use of different stabilisation powers is also subject to further "specific conditions" that vary according to the relevant stabilisation power being used.

Although the UK Banking Act provides for the above described conditions to the exercise of any resolution powers, it is uncertain how the relevant UK resolution authority would assess such conditions in different pre-insolvency scenarios affecting the Issuer and/or other members of the Group and in deciding whether to exercise a resolution power. The relevant UK resolution authority is also not required to provide any advanced notice to holders of the Securities of its decision to exercise any resolution power. Therefore, holders of the Securities may not be able to anticipate a potential exercise of any such powers nor the potential effect of any exercise of such powers on the Issuer, the Group and the Securities.

15.3 Holders of the Securities may have only very limited rights to challenge the exercise of any resolution powers (including the UK Bail-in Power) by the relevant UK resolution authority

Holders of the Securities may have only very limited rights to challenge and/or seek a suspension of any decision of the relevant UK resolution authority to exercise its resolution powers (including the UK Bail-in Power) or to have that decision reviewed by a judicial or administrative process or otherwise.

15.4 The relevant UK resolution authority may exercise the bail-in tool in respect of the Issuer and the Securities, which may result in holders of the Securities losing some or all of their investment

The relevant UK resolution authority may exercise the bail-in tool to enable it to recapitalise an institution in resolution by allocating losses to its shareholders and unsecured creditors (which include the holders of the Securities) in a manner that (i) ought to respect the hierarchy of claims in an ordinary insolvency and (ii) is consistent with shareholders and creditors not receiving a less favourable treatment than they would have received in ordinary insolvency proceedings of the relevant entity (known as the "no creditor worse off" safeguard). Insured deposits and liabilities to the extent they are secured are among the liabilities excluded from the scope of the bail-in tool.

The bail-in tool includes the power to cancel a liability or modify the terms of contracts for the purposes of reducing or deferring the liabilities of the relevant entity under resolution and the power to convert a liability from one form or class to another. The exercise of such powers may result in the cancellation of all, or a portion, of the principal amount of, interest on, or any other amounts payable on, the Securities and/or the conversion of all or a portion of the principal amount of, interest on, or any other amounts payable on, the Securities into shares or other securities or other obligations of the Issuer or another person, including by means of a variation to the terms of the Securities, in each case, to give effect to the exercise by the relevant UK resolution authority of such power.

Where the relevant statutory conditions for intervention under the SRR and the use of the bail-in tool have been met, the relevant UK resolution authority would be expected to exercise these powers without the further consent of the holders of the Securities.

The exercise of any resolution power, including the power to exercise the bail-in tool in respect of the Issuer and the Securities or any suggestion of any such exercise could materially adversely affect the rights of the holders of the Securities, the price or value of their investment in the Securities and/or the ability of the Issuer to satisfy its obligations under the Securities and could lead to holders of Securities losing some or all of the value of their

investment in such Securities. In addition, even in circumstances where a claim for compensation is established under the 'no creditor worse off' safeguard in accordance with a valuation performed after the resolution action has been taken, it is unlikely that such compensation would be equivalent to the full losses incurred by the holders of the Securities in the resolution and there can be no assurance that holders of Securities would recover such compensation promptly.

15.5 As insured deposits are excluded from the scope of the bail-in tool and other preferred deposits (and insured deposits) rank ahead of any Securities issued by the Issuer, such Securities would be more likely to be bailed-in than certain other unsubordinated liabilities of the Issuer (such as other preferred deposits)

As part of the reforms required by the BRRD, amendments have been made to relevant legislation in the UK (including the UK Insolvency Act 1986) to establish in the insolvency hierarchy a statutory preference (i) firstly, for deposits that are insured under the Financial Services Compensation Scheme (insured deposits) to rank with existing preferred claims as 'ordinary' preferred claims and (ii) secondly, for all other deposits of individuals and micro, small and medium sized enterprises held in EEA or non-EEA branches of an EEA bank (other preferred deposits), to rank as 'secondary' preferred claims only after the 'ordinary' preferred claims. In addition, the EU Deposit Guarantee Scheme Directive, which is to be implemented into national law by July 2015, will increase the nature and quantum of insured deposits to include a wide range of deposits, including corporate deposits (unless the depositor is a public sector body or financial institution) and some temporary high value deposits. The effect of these changes is to increase the size of the class of preferred creditors. All such preferred deposits will rank in the insolvency hierarchy ahead of all other unsecured senior creditors of the Issuer, including the holders of the Securities. Furthermore, insured deposits are excluded from the scope of the bail-in tool. As a result, if the UK Bail-in Power were exercised by the relevant UK resolution authority, the Securities would be more likely to be bailed-in than certain other unsubordinated liabilities of the Issuer such as other preferred deposits.

15.6 Minimum requirement for own funds and eligible liabilities (MREL)

To support the effectiveness of bail-in and other resolution tools, the BRRD requires that all institutions must meet an individual MREL requirement, calculated as a percentage of total liabilities and own funds and set by the relevant resolution authorities. Items eligible for inclusion in MREL will include an institution's own funds, along with "eligible liabilities". The UK has opted to defer until 1 January 2016 the implementation of the MREL regime.

The European Banking Authority (the EBA) and the European Commission are required to develop the criteria for determining the MREL, the calculation methodologies and related measures. Although the EBA has consulted on certain proposals, which are in draft form and subject to change, the precise impact of the MREL requirements on individual firms will remain a matter of some uncertainty until the final measures are adopted. It is also unclear whether the proposals published in November 2014 by the FSB for a new international standard on TLAC for globally systemically important banks (G-SIBs) (including the Issuer, based on the latest FSB list of G-SIBs published in November 2014) will affect the way in which the authorities implement the MREL regime.

While these measures remain in development, it is not possible to determine the ultimate scope and nature of any resulting obligations for the Issuer or the Group, nor the impact that they will have on the Issuer or the Group once implemented. If the FSB's and EBA's proposals are implemented in their current form however, it is possible that, the Issuer and/or other members of the Group may have to issue MREL eligible liabilities in order to meet the new requirements within the required timeframes and/or alter the quantity and type of internal capital and funding arrangements within the Group. During periods of market dislocation, or when there is significant competition for the type of funding that the Group needs, a requirement to increase the Group's MREL eligible liabilities in order to meet targets may prove more difficult and/or costly. More generally, these proposals could increase the Group's costs and may lead to asset sales and/or other balance sheet reductions. The effects of these proposals could all adversely impact the results of operations, financial condition and prospects of the Group and, in turn, adversely affect the value of the Securities.

15.7 In relation to Swiss Securities, under the terms of such Securities, you have agreed to be bound by the exercise of any UK Bail-in Power by the relevant UK resolution authority

In accordance with the PRA rules made pursuant to the BRRD and the UK Banking Act, the terms of Securities governed under a non-EEA law (e.g. Swiss Securities) must include a contractual recognition of the exercise of the UK Bail-in Power by the relevant UK resolution authority. By its acquisition of the Securities, each holder of the Securities acknowledges, agrees to be bound by, and consents to the exercise of, any UK Bail-in Power by the relevant UK resolution authority that may result in the cancellation of all, or a portion, of the principal amount of, interest on, or any other amounts payable on, the Securities and/or the conversion of all or a portion of the principal amount of, interest on, or any other amount payable on, the Securities into shares or other securities or other obligations of the Issuer or another person, including by means of a variation to the terms of the Securities, in each case, to give effect to the exercise by the relevant UK resolution authority of such power. Each holder of Swiss Securities further acknowledges and agrees that the rights of the holders of the Securities are subject to, and will be varied, if necessary, so as to give effect to, the exercise of any UK Bail-in Power by the relevant UK resolution authority. Accordingly, any UK Bail-in Power may be exercised in such a manner as to result in you and other holders of Securities losing all or a part of the value of your investment in the Securities or receiving a different security from the Securities, which may be worth significantly less than the Securities and which may have significantly fewer protections than those typically afforded to debt securities. Moreover, the relevant UK resolution authority may exercise the UK Bail-in Power without providing any advance notice to, or requiring the consent of, the holders of the Securities. In addition, under the terms of the Securities, the exercise of the UK Bail-in Power by the relevant UK resolution authority with respect to the Securities is not an Event of Default (as defined in the Terms and Conditions of the Securities). For more information, see General Condition 3 (*Contractual acknowledgement of bail-in in respect of Swiss Securities*). See also risk factor 15.1 (*Regulatory action in the event the Issuer is failing or likely to fail could materially adversely affect the value of the Securities*).

GENERAL DESCRIPTION OF THE PROGRAMME

Description:	<p>Global Structured Securities Programme ("Programme").</p> <p>This Base Prospectus is one of a number of prospectuses which relate to the Programme.</p> <p>Securities are issued under the Agency Agreement.</p>
Issuer (and legislation under which the Issuer operates):	<p>Barclays Bank PLC</p> <p>The Issuer is authorised under the Financial Services and Markets Act 2000 (FSMA) to operate a range of regulated activities within the UK and is subject to consolidated prudential supervision by the United Kingdom Prudential Regulation Authority (PRA).</p>
Managers:	<p>Barclays Bank PLC, Barclays Capital Inc. and any other Manager specified in the Final Terms.</p>
Issue and Paying and Transfer Agent:	<p>The Bank of New York Mellon, London Branch</p>
Determination Agent:	<p>Barclays Bank PLC/Barclays Capital Securities Limited</p>
Status:	<p>The Securities constitute direct, unsecured and unsubordinated obligations of the Issuer and rank equally among themselves. The payment obligations of the Issuer under the Securities will rank equally with all other present and future unsecured and unsubordinated obligations of the Issuer (except for such obligations as may be preferred by provisions of law that are both mandatory and of general application). The Securities do not evidence deposits of the Issuer. The Securities are not insured or guaranteed by any government or government agency.</p>
Listing:	<p>Applications may be made to admit the Securities for listing on a regulated market and/or on a multilateral trading facility, as disclosed in the Final Terms. Securities may also be unlisted.</p>
Rating:	<p>Securities may be unrated or rated.</p>
Governing Law:	<p>All Securities issued under this Base Prospectus shall be governed under English law, French law or Swiss law.</p>
Issue Price:	<p>The Issue Price may be par, at a discount to par, or at a premium over par.</p>
Currencies:	<p>Subject to compliance with all applicable laws, regulations and directives, Securities may be issued in any currency.</p>
Maturities:	<p>Any maturity, subject to all applicable laws, regulations or directives.</p>
Method of Issue:	<p>The Securities will be issued in one or more series and each series may be issued in tranches on the same or different issue dates. The Securities of each series are intended to be interchangeable with all other Securities of that series.</p>
Selling Restrictions:	<p>The offer and sale of Securities may be restricted in certain jurisdictions.</p>

INFORMATION INCORPORATED BY REFERENCE

The information set forth under 2. (*Information incorporated by reference*) below contained in the documents set forth under 1. (*Source documents*) below has been filed with the FCA and shall be incorporated in, and form part of, this Base Prospectus.

1. Source documents

- the Registration Document dated 3 June 2014 (the "**Registration Document**") and approved by the United Kingdom Financial Conduct Authority (the "**FCA**") in its capacity as competent authority in the United Kingdom (the "**UK Listing Authority**");
- the GSSP Base Prospectus 8 dated 23 January 2014 (the "**2014 GSSP Base Prospectus 8**");
- the Joint Annual Report of Barclays PLC and the Issuer, as filed with the US Securities and Exchange Commission ("**SEC**") on Form 20-F in respect of the years ended 31 December 2012 and 31 December 2013 ("**Joint Annual Report**"), with the exception of the information incorporated by reference in the Joint Annual Report referred to in the Exhibit Index of the Joint Annual Report, which shall not be deemed to be incorporated in this Base Prospectus;
- the Annual Reports of the Issuer containing the audited consolidated financial statements of the Issuer in respect of the years ended 31 December 2012 (the "**2012 Issuer Annual Report**") and 31 December 2013 (the "**2013 Issuer Annual Report**"), respectively;
- the report of the Issuer and Barclays PLC announcing the leverage plan of Barclays PLC together with its subsidiaries (the "**Group**") following a review by the PRA into its capital adequacy as jointly filed with the SEC on Form 6-K on Film Number 13995561 on 30 July 2013 (the "**30 July 2013 Report**");
- the announcement of Barclays PLC and the Issuer relating to the Group Strategy Update, as jointly filed with the SEC on Form 6-K on Film Number 14827183 on 9 May 2014 (the "**Group Strategy Update**");
- the joint announcement of the Issuer and Barclays PLC as filed with the SEC on Form 6-K on Film Number 14973467 on 14 July 2014 in respect of its unaudited Q1 2014, 2013 and 2012 results restatement reflecting the business reorganisation announced in the Group Strategy Update of 8 May 2014 (the "**Restated Results Announcement**");
- the joint unaudited Interim Results Announcement of the Issuer and Barclays PLC as filed with the SEC on Form 6-K on Film Number 141001645 on 30 July 2014 in respect of the six months ended 30 June 2014 (the "**Interim Results Announcement**");
- the unaudited Interim Management Statement of Barclays PLC as filed with the SEC as a joint report by Barclays PLC and the Issuer on Form 6-K on film number 141181908 on 30 October 2014 in respect of the nine months ended 30 September 2014 (the "**Q3 Interim Management Statement**"); and
- the Combined Supplement 8/2014 to the Registration Document and the Base Prospectuses (as defined therein), dated and approved by the FCA on 12 September 2014 (the "**Combined Supplement 8/2014**").

2. Information incorporated by reference

The information specified in the table below is incorporated into this Base Prospectus by reference. Any information contained in any of the documents specified in 1. (*Source documents*) above which is not listed in the cross-reference lists below is not incorporated by reference in the Base Prospectus and is either not relevant for investors for the purposes of Article 5(1) of the Prospectus Directive or is covered elsewhere in the Base Prospectus.

The paragraph of information supplementing the Registration Document entitled '*Sale of Spanish Businesses to CaixaBank*'

Page 2

The above documents may be inspected: (i) during normal business hours at the registered office of the Issuer; (ii) at <http://www.barclays.com/barclays-investor-relations/results-and-reports/results.html> and <http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/prospectuses> (as applicable); and (iii) at the specified office of the Issue and Paying Agent as described in the section entitled '*General Information*' below.

HOW THE RETURN ON YOUR INVESTMENT IS CALCULATED

THE WORKED EXAMPLES PRESENTED BELOW ARE HYPOTHETICAL SCENARIOS WHICH ARE FOR ILLUSTRATIVE PURPOSES ONLY AND ARE IN NO WAY REPRESENTATIVE OF ACTUAL PRICING. THE WORKED EXAMPLES ARE INTENDED TO DEMONSTRATE HOW AMOUNTS PAYABLE UNDER THE SECURITIES ARE CALCULATED UNDER A VARIETY OF SCENARIOS. THE ACTUAL AMOUNTS PAYABLE (IF ANY) WILL BE CALCULATED IN ACCORDANCE WITH THE TERMS OF YOUR SECURITIES AS SET OUT IN THE TERMS AND CONDITIONS SECTION OF THIS BASE PROSPECTUS.

How to use this section

This 'How the return on your investment is calculated' section demonstrates how the return on your investment will be calculated depending on the type of interest, option type and redemption type specified to be applicable for your Securities.

This section begins with a short overview of the different features that could apply to your Securities together with an explanation of some of the key terminology used in this section. You should read this section, together with the Final Terms, to determine which features apply to your Securities. This section also contains a number of worked examples to demonstrate how each of these features can affect the amounts payable on a series of Securities.

Interest: For worked examples showing how interest is calculated according to the type of interest specified to apply to a particular interest calculation period, please see the following:

Fixed Rate Interest	page 65
Floating Rate Interest	page 66
Inverse Floating Rate Interest	page 68
Inflation-Linked Interest	page 70
Digital Interest	page 73
Spread-linked Interest	page 75

If the type of interest that applies to an interest calculation period is specified as 'zero coupon', then no amount of interest will accrue or become payable in respect of such interest calculation period.

For a worked example of the Switch Option, please see page 96 and for a worked example of the Curve Cap Rate see page 94.

Investors should look at the Final Terms to determine which type(s) of interest will be applicable to their Securities and refer to each of the worked examples above that correspond to such type(s) of interest.

Range Accrual Factor: For a description of the types of range accrual factor that can apply to your Securities, please see page 73. For worked examples showing how a range accrual factor affects the calculation of interest for the interest calculation period to which it applies, please see the following:

Range Accrual Factors for Fixed Rate Interest	page 78
Range Accrual Factors for Floating Rate Interest	page 82
Range Accrual Factors for Inverse Floating Rate Interest	page 86
Range Accrual Factors for Spread-linked Interest	page 90

Investors should look at the Final Terms to determine whether any range accrual factor(s) will be applicable to their Securities and refer to each of the worked examples above that correspond to such range accrual factor(s).

Optional early redemption: For worked examples showing how each type of optional early redemption that may be specified to apply to your Securities works, please see the following:

Call Option	page 98
Put Option	page 99

Investors should look at the Final Terms to determine which type of optional early redemption will be applicable to their Securities and refer to the worked example above that corresponds to such type of optional early redemption.

Final redemption: For worked examples showing how the amount payable on final redemption is calculated according to the type of final redemption specified to apply to your Securities, please see the following:

Bullet Redemption	page 100
Inflation-Linked Redemption	page 101

Investors should look at the Final Terms to determine which type of final redemption will be applicable to their Securities and refer to the worked example above that corresponds to such type of final redemption.

Key terminology for Worked Examples

3m EURIBOR means the percentage rate for deposits in EUR for a period of 3 months, observed on the Interest Determination Date for a relevant Interest Calculation Period

3m GBP LIBOR means the percentage rate for deposits in GBP for a period of 3 months, observed on the Interest Determination Date for a relevant Interest Calculation Period

6m GBP LIBOR means the percentage rate for deposits in GBP for a period of 6 months, observed on the Interest Determination Date for a relevant Interest Calculation Period

EUR CMS2 means the 2 year EUR swap rate (being the rate at which two counterparties can exchange fixed EUR cash flows for floating EUR cash flows for a period of 2 years) observed on the Interest Determination Date for a relevant Interest Calculation Period

EUR CMS10 means the 10 year EUR swap rate (being the rate at which two counterparties can exchange fixed EUR cash flows for floating EUR cash flows for a period of 10 years) observed on the Interest Determination Date for a relevant Interest Calculation Period

Fixed spread means a fixed percentage which will be used in the calculation of the amount of interest payable on the Securities – the fixed spread applicable to any Securities will be specified in the Final Terms for those Securities

GBP CMS2 means the 2 year GBP swap rate (being the rate at which two counterparties can exchange fixed EUR cash flows for floating GBP cash flows for a period of 2 years) observed on the Interest Determination Date for a relevant Interest Calculation Period

GBP CMS10 means the 10 year GBP swap rate (being the rate at which two counterparties can exchange fixed EUR cash flows for floating GBP cash flows for a period of 10 years) observed on the Interest Determination Date for a relevant Interest Calculation Period

GBP CMS30 means the 30 year GBP swap rate (being the rate at which two counterparties can exchange fixed EUR cash flows for floating GBP cash flows for a period of 30 years) observed on the Interest Determination Date for a relevant Interest Calculation Period

Lower Barrier means, in respect of a Range Accrual Rate and a calendar day or month (as applicable), a lower threshold such that only if the Range Accrual Rate is determined to be equal to or greater than such threshold on such calendar day or month (as applicable) will the relevant 'accrual condition' be met. In respect of Dual Rate Range Accrual and Dual Spread Range Accrual, the Lower Barrier applicable to the first Range Accrual Condition will be designated "**Lower Barrier 1**" and the Lower Barrier applicable to the second Range Accrual Condition will be designated "**Lower Barrier 2**"

Range Accrual Condition means, in respect of a Range Accrual Factor and a calendar day or month (as applicable), the set of circumstances (or, in the case of Dual Rate Range Accrual or Dual Spread Range Accrual, both sets of circumstances) which, if satisfied, will result in such calendar day or month (as applicable) being counted in determining the value of such Range Accrual Factor

Range Accrual Rate means, in respect of a Range Accrual Condition, a specified floating rate or inflation index, which will be determined and compared to any applicable Lower Barrier and/or any applicable Upper Barrier to determine whether such Range Accrual Condition is met in respect of each calendar day or month (as applicable) for which the Range Accrual Factor is applicable

Upper Barrier means, in respect of a Range Accrual Rate and a calendar day or month (as applicable), an upper threshold such that only if the Range Accrual Rate is determined to be equal to or less than such threshold on such calendar day or month (as applicable) will the relevant Range Accrual Condition be met. In respect of Dual Rate Range Accrual and Dual Spread Range Accrual, the Upper Barrier applicable to the first Range Accrual Condition will be designated "**Upper Barrier 1**" and the Upper Barrier applicable to the second Range Accrual Condition will be designated "**Upper Barrier 2**"

YoY EURHICPx means the year-on-year percentage change (being the percentage change in the reference index over a 12 month period) in the Eurostat Eurozone HICP Ex Tobacco Unrevised Series NSA, as published by Eurostat on a monthly basis

Fixed Rate Interest

Securities that pay Fixed Rate Interest pay a periodic and predetermined fixed rate of interest during the period for which Fixed Rate Interest applies.

Unless your Securities are redeemed early or are adjusted, in respect of each Security and on each interest payment date to which Fixed Rate Interest applies you will receive an amount calculated by applying the relevant fixed rate to the nominal amount, and then multiplying such amount by the applicable 'day count' fraction (which is a fraction used to reflect the number of days over which interest has accrued).

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- **the nominal amount per security is GBP 1,000;**
- **the issue price is 100 per cent. (100%) of the aggregate nominal amount;**
- **the settlement currency is GBP;**
- **the fixed rate is 6 per cent. (6%) per annum;**
- **the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest calculation period, divided by a year (assumed under this convention to be 360 days); and**
- **the actual number of calendar days in the interest calculation period is assumed to be 91,**

then for each Security that you hold the interest amount payable on the interest payment date will be GBP 15.17 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as fixed interest of 6%, or $0.06 \times \text{GBP } 1,000 \times \text{day count fraction of } 91/360$, or 0.2493151. In this scenario you will therefore receive a positive interest return of GBP 15.17 on the interest payment date.

Floating Rate Interest

Securities that pay Floating Rate Interest pay interest that is tied to a floating rate, such as the London Interbank Offered Rate (LIBOR), multiplied by a number (participation) which determines the level of exposure to the reference rate (where a number greater than 1 will magnify the effect of gains and losses and a number less than 1 will reduce the effect of gains and losses), plus or minus a fixed percentage (fixed spread) and subject, in certain cases, to a maximum or minimum rate of interest.

The level of the participation depends on a number of economic factors and will be determined at the time of issuance by reference to market conditions relevant to the applicable reference rate at such time.

LIBOR is an interest rate benchmark which reflects the rate at which banks are willing to lend funds to each other in the London Interbank Market.

Unless your Securities are redeemed early, in respect of each Security and on each interest payment date to which Floating Rate Interest applies you will receive an amount calculated by applying the rate of interest for that interest payment date to the nominal amount, and then multiplying such amount by a fraction reflecting the number of days for which interest has accrued (day count fraction). The rate of interest for any interest payment date will be determined by multiplying the level of the interest rate benchmark (the reference rate) for such interest payment date by the applicable participation (being a number which determines the level of exposure to the reference rate, where 1 will give proportionate exposure, a number greater than 1 will multiply the effects of gains and losses and a number less than 1 will reduce the effects of gains and losses) and then adding or subtracting a fixed percentage (fixed spread). The result shall be subject to any maximum or minimum rate specified in the final terms.

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- **the nominal amount per security is GBP 1,000;**
- **the issue price is 100 per cent. (100%) of the aggregate nominal amount;**
- **the settlement currency is GBP;**
- **the reference rate is 6 month LIBOR (the level taken on the first day of an interest calculation period);**
- **the participation is 1.1 (so, for every increase or decrease in the reference rate, the percentage to be added to the fixed spread to determine your rate of interest will increase or decrease by 110% of that);**
- **the fixed spread (which has the effect of increasing, if positive, or decreasing, if negative, the reference rate) is 3%;**
- **the rate of interest is subject to a minimum rate of 0% and a maximum rate of 7% per annum;**
- **the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest calculation period, divided by a year (assumed under this convention to be 360 days); and**
- **the actual number of calendar days in the interest calculation period is assumed to be 181,**
- **if the reference rate is set at 3.1 per cent. (3.1%), for each Security that you hold the interest amount payable on the corresponding interest payment date will be equal to GBP 32.23 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as $\text{GBP } 1,000 \times \text{rate of interest of } 6.41\% \times \text{day count fraction of } 181/360$. The rate of interest (6.41%) is calculated as the reference rate of 3.1% multiplied by the participation of 1.1 + 3% fixed spread, and is not subject to the minimum or maximum rate of interest. In this scenario you will therefore receive a positive interest return of GBP 32.23 on the interest payment date;**

- **if the reference rate is set at 4.52 per cent. (4.52%), for each Security that you hold the interest amount payable on the corresponding interest payment date will be equal to GBP 35.19 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as $\text{GBP } 1,000 \times \text{rate of interest of } 7\% \times \text{day count fraction of } 181/360$. The rate of interest (7%) is set as the maximum rate of interest because the reference rate of 4.52% multiplied by the participation of 1.1 + 3% fixed spread, results in a rate of 7.972% and the rate of interest is capped at 7%. In this scenario you will therefore receive a positive interest return of GBP 35.19 on the interest payment date;**
- **if the reference rate is set at -4 per cent. (-4%), for each Security that you hold the interest amount payable on the corresponding interest payment date will be equal to GBP 0. This figure is calculated as $\text{GBP } 1,000 \times \text{rate of interest of } 0\% \times \text{day count fraction of } 181/360$. The rate of interest (0%) is set as the minimum rate of interest because the reference rate of -4% multiplied by the participation of 1.1 + 3% fixed spread, results in a rate of -1.4%. In this scenario you will therefore receive no interest return on the interest payment date.**

Inverse Floating Rate Interest

Securities that pay Inverse Floating Rate Interest pay interest that is equal to a fixed percentage (fixed spread) minus a floating rate, such as the London Interbank Offered Rate (LIBOR), multiplied by a number (participation) which determines the level of exposure to the reference rate (where a number greater than 1 will magnify the effect of gains and losses and a number less than 1 will reduce the effect of gains and losses) and subject, in certain cases, to a maximum or minimum rate of interest.

The level of the participation depends on a number of economic factors and will be determined at the time of issuance by reference to market conditions relevant to the applicable reference rate at such time.

LIBOR is an interest rate benchmark which reflects the rate at which banks are willing to lend funds to each other in the London Interbank Market.

Note that the Interest Rate applicable to Inverse Floating Rate Interest is determined by subtracting the reference rate from a fixed percentage, whereas the Interest Rate applicable to Floating Rate Interest is determined by adding or subtracting a fixed percentage to or from the reference rate.

Unless your Securities are redeemed early, in respect of each Security and on each interest payment date to which Inverse Floating Rate Interest applies you will receive an amount calculated by applying the rate of interest for that interest payment date to the nominal amount, and then multiplying such amount by a fraction reflecting the number of days for which interest has accrued (day count fraction). The rate of interest for any interest payment date will be determined by multiplying the level of the interest rate benchmark (the reference rate) for such interest payment date by the applicable participation and then subtracting such rate from a fixed percentage (fixed spread). The result shall be subject to any maximum or minimum rate specified in the final terms.

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- **the nominal amount per security is GBP 1,000;**
 - **the issue price is 100 per cent. (100%) of the aggregate nominal amount;**
 - **the settlement currency is GBP;**
 - **the reference rate is 6 month LIBOR (the level taken on the first day of an interest calculation period);**
 - **the participation is 1.1 (so, for every increase or decrease in the reference rate, the percentage to be deducted from the fixed spread to determine your rate of interest will increase or decrease by 110% of that);**
 - **the fixed spread is 8%;**
 - **the rate of interest is subject to a minimum rate of 0% and a maximum rate of 5% per annum;**
 - **the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest calculation period, divided by a year (assumed under this convention to be 360 days); and**
 - **the actual number of calendar days in the interest calculation period is assumed to be 181,**
- **if the reference rate is set at 3.1 per cent. (3.1%), for each Security that you hold the interest amount payable on the corresponding interest payment date will be equal to GBP 23.08 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as $\text{GBP } 1,000 \times \text{rate of interest of } 4.59\% \times \text{day count fraction of } 181/360$. The rate of interest (4.59%) is calculated as 8% fixed spread minus the result of (i) the reference rate of 3.1% multiplied by (ii) the participation of 1.1, and is not subject to the minimum or maximum rate of interest. In this scenario you will therefore receive a positive interest return of GBP**

23.08 on the interest payment date;

- **if the reference rate is set at 1.6 per cent. (1.6%), for each Security that you hold the interest amount payable on the corresponding interest payment date will be equal to GBP 25.14 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as $\text{GBP } 1,000 \times \text{rate of interest of } 5\% \times \text{day count fraction of } 181/360$. The rate of interest (5%) is set as the maximum rate of interest because the 8% fixed spread minus the result of (i) the reference rate of 1.6% multiplied by (ii) the participation of 1.1 results in a rate of 6.24 and the rate of interest is capped at 5%. In this scenario you will therefore receive a positive interest return of GBP 25.14 on the interest payment date;**
- **if the reference rate is set at 8.50 per cent. (8.50%), for each Security that you hold the interest amount payable on the corresponding interest payment date will be equal to GBP 0. This figure is calculated as $\text{GBP } 1,000 \times \text{rate of interest of } 0\% \times \text{day count fraction of } 181/360$. The rate of interest (0%) is set as the minimum rate of interest because the 8% fixed spread minus the result of (i) the reference rate of 8.50% multiplied by (ii) the participation of 1.1 results in a rate of -1.35%. In this scenario you will therefore receive no interest return on the interest payment date.**

Inflation-Linked Interest

Securities that pay Inflation-Linked Interest pay interest that is tied to the performance of a specified inflation index (such as the RPI) multiplied by a number (fixed percentage) which determines the level of exposure to the reference inflation index (where a number greater than 1 will magnify the effect of gains and losses and a number less than 1 will reduce the effect of gains and losses), plus or minus a fixed percentage (spread) (which may be zero) and in each case subject, where applicable, to a maximum or minimum rate of interest. The RPI is an economic indicator calculated and published monthly by the Office for National Statistics, measuring the change in the cost of a basket of retail goods and services in the UK. Inflation-linked interest products are not limited to the RPI and may reference any publically available measure of inflation.

Unless your Securities are redeemed early or are adjusted, in respect of each Security and on each interest payment date to which Inflation-Linked Interest applies you will receive an amount in GBP calculated by applying the inflation-linked rate of interest for that interest payment date to the nominal amount, and then multiplying such amount by the applicable day count fraction (which is a fraction used to reflect the number of days over which interest has accrued). The relevant inflation-linked rate of interest for any interest payment date is determined by multiplying the applicable Inflation Factor by a fixed percentage (the Fixed Percentage) and then adding or subtracting another fixed percentage (the Spread), which may be equal to zero. The result shall be subject to any maximum or minimum rate specified in the final terms.

The applicable Inflation Factor may either be the Inflation Factor (Cumulative) or the Inflation Factor (Year-on-Year) as specified in the final terms.

Worked example of the Inflation-Linked Interest where the 'Inflation Factor' is the 'Inflation Factor (Cumulative)'

The Inflation Factor (Cumulative) is calculated as (i) the inflation index level for the calendar month specified in the Final Terms as corresponding to that interest payment date, divided by (ii) the inflation index level for the calendar month specified in the Final Terms as corresponding to the initial valuation date (the initial inflation index level).

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- **the nominal amount per security is GBP 1,000;**
- **the issue price is 100 per cent. (100%) of the aggregate nominal amount;**
- **the settlement currency is GBP;**
- **the inflation index is the RPI;**
- **the interest payment date falls in December and the inflation index level is taken for the preceding September;**
- **the initial valuation date falls in the previous December and the initial inflation index level is 115.83;**
- **the Fixed Percentage is 3.00%;**
- **the Spread is 0%;**
- **the day count fraction is "Actual/365 (Fixed)" basis, being the actual number of calendar days in the interest period, divided by a year (assumed under this convention to be 365 days); and**
- **the actual number of calendar days in the interest period is 181,**
- **if the inflation index level corresponding to the interest payment date is fixed at 121.32, for each Security that you hold the interest amount payable on such interest payment date will**

be equal to GBP 15.58 (rounded to two decimal places). This figure is calculated as $\text{GBP } 1,000 \times (\text{Fixed Percentage of } 3\%, \text{ or } 0.03, \times \text{inflation performance of } 1.047397) \times \text{day count fraction of } 181/365$. The inflation performance of 1.047397 is calculated as the relevant inflation index level of 121.32, divided by the initial inflation index level of 115.83. In this scenario you will therefore receive a positive interest return of GBP 15.58 on the interest payment date;

- if the inflation index level corresponding to the interest payment date is fixed at 95.43, for each Security that you hold the interest amount payable on such interest payment date will be equal to GBP 12.26 (rounded to two decimal places). This figure is calculated as $\text{GBP } 1,000 \times (\text{Fixed Percentage of } 3\%, \text{ or } 0.03, \times \text{inflation performance of } 0.8238798) \times \text{day count fraction of } 181/365$. The inflation performance of 0.8238798 is calculated as the relevant inflation index level of 95.43, divided by the initial inflation index level of 115.83. In this example, a negative inflation (or deflation) will result in you receiving a lower rate of interest than the Fixed Percentage of 3%. In this scenario you will therefore receive a positive interest return of GBP 12.26 on the interest payment date.

Worked example of the Inflation-Linked Interest where the 'Inflation Factor' is the 'Inflation Factor (Year-on-Year)'

The Inflation Factor (Year-on-Year) is calculated as (i) the level of the inflation index for the reference month specified for the interest payment, divided by (ii) the level of the inflation index for the reference month falling twelve months prior to such month, subtracting 1 (expressing the result as a percentage).

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount;
- the settlement currency is GBP;
- the inflation index is the RPI;
- the interest payment date falls in December and the reference month specified is September (3 month look back), and the level of the inflation index for the preceding September (15 month look back) is 115;
- the Fixed Percentage is 110% (so, for every increase or decrease in the inflation index, the percentage to be added to the Spread to determine your rate of interest will increase or decrease by 110% of that);
- the Spread is 1%;
- the rate of interest is subject to a minimum rate of 0% and a maximum rate of 6% per annum;
- the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest calculation period, divided by a year (assumed under this convention to be 360 days); and
- the actual number of calendar days in the interest calculation period is assumed to be 181,
- if the level of the inflation index for the reference month in respect of the interest payment date is fixed at 120, for each Security that you hold the interest amount payable on such interest payment date will be equal to GBP 29.07 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as $\text{GBP } 1,000 \times ((4.3478\% \text{ (the inflation factor)} \times 110\% \text{ (the Fixed Percentage)}) + 1\% \text{ (the Spread)}) \times \text{day count fraction of } 181/360$. The inflation factor of 4.3478 is calculated as the relevant level of the inflation index of 120,

divided by the preceding level of the inflation index of 115, minus 1 and expressed as a percentage, and is not subject to the minimum or maximum rate of interest. In this scenario you will therefore receive a positive interest return of GBP 29.07 on the interest payment date;

- if the level of the inflation index for the reference month in respect of the interest payment date is fixed at 123, for each Security that you hold the interest amount payable on such interest payment date will be equal to GBP 30.17 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as $\text{GBP } 1,000 \times 6.0\% \times \text{day count fraction of } 181/360$. The rate of interest (6%) is set as the maximum rate of interest because the inflation factor (6.9565%, calculated as $(123/115 - 1)$) multiplied by the Fixed Percentage (110%) added to the Spread (1%) results in a rate of 8.65215% and the rate of interest is capped at 6%. In this scenario you will therefore receive a positive interest return of GBP 30.17 on the interest payment date.

Digital Interest

Securities that pay Digital Interest may pay (a) 'Digital Rate 1' (which can either be a predetermined fixed rate of interest or a rate of interest linked to floating rate, depending on which one is applicable in the final terms), if a specified reference rate (the reference rate) is less than a specified strike (the strike), (b) 'Digital Rate 2' (which can either be a predetermined fixed rate of interest or a rate of interest linked to a floating rate, depending on which one is applicable in the final terms), if the reference rate is greater than the strike, or (c) the greater of Digital Rate 1 and Digital Rate 2, if the reference rate is equal to the strike rate.

Unless your Securities are redeemed early or are adjusted, in respect of each Security and on each interest payment date to which Digital Interest applies you will receive an amount calculated by applying the relevant digital interest rate to the nominal amount, and then multiplying such amount by the applicable 'day count' fraction (which is a fraction used to reflect the number of days over which interest has accrued), provided that no interest will be payable on an interest payment date if the applicable floating rate is less than the applicable strike rate.

The digital interest rate for any interest payment date will be 'Digital Rate 1' if on the relevant observation date the reference rate is less than the applicable strike rate, or will be 'Digital Rate 2' if on the relevant observation date the reference rate is greater than the applicable strike rate, or will be the greater of 'Fixed Rate 1' and 'Fixed Rate 2' if on the relevant observation date the reference rate is equal to the applicable strike rate.

Worked example of the Digital Interest where 'Digital Rate 1' and 'Digital Rate 2' are fixed rates

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- the nominal amount per security is GBP 1,000;
 - the issue price is 100 per cent. (100%) of the aggregate nominal amount;
 - the settlement currency is GBP;
 - the reference rate is 3 month LIBOR (the level taken on the first day of an interest calculation period);
 - the strike is 3 per cent.
 - 'Digital Rate 1' is a fixed rate of 2 per cent. (2%) per annum;
 - 'Digital Rate 2' is a fixed rate of 6 per cent. (6%) per annum;
 - the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest calculation period, divided by a year (assumed under this convention to be 360 days); and
 - the actual number of calendar days in the interest calculation period is 91,
- if the reference rate is set at 3.3 per cent. (3.3%), the digital interest rate will be Digital Rate 2 and for each Security that you hold the interest amount payable on the interest payment date will be GBP 15.17 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as fixed interest of 6%, or $0.06 \times \text{GBP } 1,000 \times \text{day count fraction of } 91/360$, or 0.252778 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 15.17 on the interest payment date;
 - if the reference rate is set at 2.8 per cent. (2.8%), for each Security that you hold the digital interest rate will be Digital Rate 1 and the interest amount payable on the interest payment date will be GBP 5.06 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as fixed interest of 2%, or $0.02 \times \text{GBP } 1,000 \times \text{day count fraction of } 91/360$, or 0.252778 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 5.06 on the interest payment date;

- if the reference rate is set at 3.0 per cent. (3.0%), for each Security that you hold the digital interest rate will be Digital Rate 2 (being greater than Digital Rate 1) and for each Security that you hold the interest amount payable on the interest payment date will be GBP 15.17 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as fixed interest of 6%, or $0.06 \times \text{GBP } 1,000 \times \text{day count fraction of } 91/360$, or 0.252778 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 15.17 on the interest payment date.

Worked example of the Digital Interest where 'Digital Rate 1' is a floating rate and 'Digital Rate 2' is a fixed rate

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- the nominal amount per security is GBP 1,000;
 - the issue price is 100 per cent. (100%) of the aggregate nominal amount;
 - the settlement currency is GBP;
 - the reference rate is 3 month LIBOR (the level taken on the first day of an interest calculation period);
 - the strike is 4 per cent.
 - 'Digital Rate 1' is the floating rate 3 months EURIBOR;
 - 'Digital Rate 2' is a fixed rate of 5 per cent. (5%) per annum;
 - the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest calculation period, divided by a year (assumed under this convention to be 360 days); and
 - the actual number of calendar days in the interest calculation period is 91,
- if the reference rate is set at 4.3 per cent. (4.3%), the digital interest rate will be Digital Rate 2 and for each Security that you hold the interest amount payable on the interest payment date will be GBP 12.64 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as fixed interest of 5%, or $0.05 \times \text{GBP } 1,000 \times \text{day count fraction of } 91/360$, or 0.252778 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 12.64 on the interest payment date;
 - if the reference rate is set at 3.8 per cent. (3.8%), the digital interest rate will be Digital Rate 1 and, if Digital Rate 1 fixes at 4 per cent (4%), for each Security that you hold the interest amount payable on the interest payment date will be GBP 10.11 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as rate of interest of 4%, or $0.04 \times \text{GBP } 1,000 \times \text{day count fraction of } 91/360$, or 0.252778 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 10.11 on the interest payment date;
 - if the reference rate is set at 4.0 per cent. (4.0%), the digital interest rate will be Digital Rate 2 (being greater than the rate at which Digital Rate 1 fixed (4 per cent (4%))) and for each Security that you hold the interest amount payable on the interest payment date will be GBP 12.64 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as fixed interest of 5%, or $0.05 \times \text{GBP } 1,000 \times \text{day count fraction of } 91/360$, or 0.252778 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 12.64 on the interest payment date.

Spread-Linked Interest

Securities that pay Spread-Linked Interest pay interest that is tied to the amount by which one reference rate (spread linked rate one) is greater than an amount equal to the product of a leverage (Leverage) and the level of a second reference rate (spread linked rate two) for a given interest calculation period, each such floating rate determined in the manner described in 'Floating Rate Interest' above, multiplied by the participation (which is a number, specified in the final terms, that determines the level of exposure to the reference rates (where a number greater than 1 will magnify the effect of gains and losses and a number less than 1 will reduce the effect of gains and losses)), plus or minus a fixed percentage (fixed spread) and subject, in certain cases, to a maximum or minimum rate of interest.

The level of the participation depends on a number of economic factors and will be determined at the time of issuance by reference to market conditions relevant to the applicable reference rate at such time.

Unless your Securities are redeemed early, in respect of each Security and on each interest payment date to which Spread-Linked Interest applies you will receive an amount calculated by applying the rate of interest for that interest payment date to the nominal amount, and then multiplying such amount by a fraction reflecting the number of days for which interest has accrued (the 'day count fraction'). The rate of interest for any interest payment date will be determined by multiplying the amount by which (i) spread linked rate one is greater than (ii) the product of the Leverage and spread linked rate two (each spread linked rate being the level of the relevant floating rate (the reference rate)) by the applicable participation, and then adding or subtracting a fixed percentage (the spread). The result shall be subject to any maximum or minimum rate specified in the final terms.

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- the nominal amount per security is EUR 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount;
- the settlement currency is EUR;
- spread linked rate one is EUR CMS30;
- spread linked rate two is EUR CMS2;
- the Leverage is 1;
- the participation is 5 (so, for every increase or decrease in the difference between spread linked rate one and spread linked rate two, your rate of interest will increase or decrease by 500% of that);
- the fixed spread is 0.5%;
- the rate of interest is subject to a minimum rate of 0% and a maximum rate of 7.5% per annum;
- the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest calculation period, divided by a year (assumed under this convention to be 360 days); and
- the actual number of calendar days in the interest calculation period is 365,
- if, for a given interest calculation period, spread linked rate one is set at 3.5 per cent. (3.50%) and spread linked rate two is set at 2.24%, for each Security that you hold the interest amount payable on the corresponding interest payment date will be equal to EUR 68.94 (rounded to two decimal places, with EUR 0.005 rounded upwards). This figure is calculated as $\text{EUR } 1,000 \times \text{rate of interest of } 6.80\% \times \text{day count fraction of } 365/360$. The rate of interest (6.80%) is calculated as 1.26% (being the rate equal to spread linked rate one (3.50%) minus the product of the Leverage, equal to 1, and spread linked rate two (2.24%))

multiplied by the participation of 5, plus the fixed spread of 0.5%, and is not subject to the minimum or maximum rate of interest. In this scenario you will therefore receive a positive interest return of EUR 68.94 on the interest payment date;

- **if, for a given interest calculation period, spread linked rate one is set at 4% and spread linked rate two is set at (2.24%), for each Security that you hold the interest amount payable on the corresponding interest payment date will be equal to EUR 76.04 (rounded to two decimal places, with EUR 0.005 rounded upwards). This figure is calculated as $\text{EUR } 1,000 \times \text{rate of interest of } 7.5\% \times \text{day count fraction of } 365/360$. The rate of interest (7.5%) is set as the maximum rate of interest because the rate equal to spread linked rate one 4.0% minus the product of the Leverage, equal to 1, and spread linked rate two 2.24% multiplied by the participation of 5, plus the fixed spread of 0.5% results in a rate of 9.3%. In this scenario the rate of interest is capped at 7.5%. In this scenario you will therefore receive a positive interest return of EUR 76.04 on the interest payment date;**
- **if, for a given interest calculation period, spread linked rate one is set at 3.5 per cent. (3.5%) and spread linked rate two is set at 3.77 per cent. (3.77%), for each Security that you hold the interest amount payable on the corresponding interest payment date will be equal to EUR 0.00 (rounded to two decimal places, with EUR 0.005 rounded upwards). This figure is calculated as $\text{EUR } 1,000 \times \text{rate of interest of } 0\% \times \text{day count fraction of } 365/360$. The rate of interest (0%) is set as the minimum rate of interest because the rate equal to spread linked rate one 3.5% minus the product of the Leverage, equal to 1, and spread linked rate two 3.77% multiplied by the participation of 5, plus the fixed spread of 0.5% results in a rate of -0.85%. In this scenario the rate of interest is floored at 0%. In this scenario you will therefore receive no interest return on the interest payment date.**

Application of the Range Accrual Factor

The terms of any Securities that pay fixed rate, floating rate, inverse floating rate and/or spread-linked interest may provide that the amount of interest payable in respect of such Securities for any interest calculation period to which such interest types apply will be multiplied by the applicable range accrual factor.

The range accrual factor for any interest calculation period will be a fraction equal to (i) the number of observation dates in respect of such interest calculation period on which the relevant Range Accrual Condition was satisfied, divided by (ii) the total number of observation dates in respect of such interest calculation period. Whether or not the relevant Range Accrual Condition is satisfied in respect of any particular observation date will depend whether the level of the referenced inflation index, or the referenced floating rate(s), or the spread (i.e. the difference) between the referenced floating rate(s), as the case may be, is within a certain range. Note that there is no direct connection between the Day Count Fraction (which determines how interest accrues over time) and the Range Accrual Factor (which operates as described below).

A Range Accrual Factor can take one of the following forms:

- **Single Rate Range Accrual.** The Range Accrual Factor will be a fraction equal to (i) the number of observation dates in the interest calculation period that the Range Accrual Rate is determined to be equal to or greater than the applicable Lower Barrier and/or equal to or less than the applicable Upper Barrier, divided by (ii) the total number of observation dates in respect of such interest calculation period.
- **Spread Range Accrual.** The Range Accrual Factor will be a fraction equal to (i) the number of observation dates in the interest calculation period where the difference between two Range Accrual Rates (the second Range Accrual Rate being calculated as the product of a reference rate and a variable which may be equal to, greater or less than, 1) is determined to be a value equal to or greater than the applicable Lower Barrier and/or equal to or less than the applicable Upper Barrier, divided by (ii) the total number of observation dates in respect of such interest calculation period.
- **Dual Rate Range Accrual.** The Range Accrual Factor will be a fraction equal to (i) the number of observation dates in the interest calculation period where both (x) one Range Accrual Rate is determined to be equal to or greater than Lower Barrier 1 and/or equal to or less than Upper Barrier 1 (as applicable) and (y) a second Range Accrual Rate is determined to be equal to or greater than Lower Barrier 2 and/or equal to or less than Upper Barrier 2 (as applicable), divided by (ii) the total number of observation dates in respect of such interest calculation period.
- **Dual Spread Range Accrual.** The Range Accrual Factor will be a fraction equal to (i) the number of observation dates in the interest calculation period where both (x) a Range Accrual Rate is determined to be equal to or greater than Lower Barrier 1 and/or equal to or less than Upper Barrier 1 (as applicable) and (y) the difference between two Range Accrual Rates (the second Range Accrual Rate being calculated as the product of a reference rate and a variable which may be equal to, greater or less than, 1) is determined to be a value equal to or greater than Lower Barrier 2 and/or equal to or less than Upper Barrier 2 (as applicable), divided by (ii) the total number of observation dates in respect of such interest calculation period.
- **Inflation Range Accrual.** The Range Accrual Factor will be a fraction equal to (i) the number of calendar months in the interest calculation period in which a specified year-on-year inflation rate is determined to be a value equal to or greater than the Lower Barrier and/or equal to or less than the Upper Barrier (as applicable), divided by (ii) the total number of calendar months in respect of such interest calculation period.

Worked examples of the application of the Range Accrual Factor to Fixed Rate Interest

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- the fixed rate is 7 per cent. (7%) per annum;
- the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest calculation period, divided by a year (assumed under this convention to be 360 days); and
- the actual number of calendar days in the interest calculation period is assumed to be 91,

Single Rate Range Accrual

Where 'Single Rate Range Accrual' is applicable to an interest calculation period to which Fixed Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which the Range Accrual Rate is (i) greater than or equal to any applicable Lower Barrier and (ii) less than or equal to any applicable Upper Barrier.

Assuming that:

- the nominal amount per security is EUR 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is EUR,

if, for a given interest calculation period:

- the Range Accrual Rate is 3m EURIBOR;
- the Lower Barrier is 0% and the Upper Barrier is 5%;
- the number of days in the interest calculation period where 3m EURIBOR fixes at or above the Lower Barrier and at or below the Upper Barrier is 61 calendar days in the interest calculation period,

Then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be EUR 11.86 (rounded to two decimal places, with EUR 0.005 rounded upwards).

This figure is calculated as fixed interest of 7%, or $0.07 \times \text{EUR } 1,000 \times \text{day count fraction of } 91/360$, or 0.252778 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 61/91 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 0.60733 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of EUR 11.86 on the interest payment date.

Spread Range Accrual

Where 'Spread Range Accrual' is applicable to an interest calculation period to which Fixed Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is (i) greater than or equal to any applicable Lower Barrier and (ii) less than or equal to any applicable Upper Barrier.

Assuming that:

- the nominal amount per security is EUR 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and

- the settlement currency is EUR,

if, for a given interest calculation period:

- Range Accrual Rate 1 is EUR CMS30;
- Range Accrual Rate 2 is EUR CMS2 multiplied by a variable of 1;
- the Lower Barrier is 0% and the Upper Barrier is not applicable; and
- the number of calendar days in the interest calculation period where the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is greater than or equal to Lower Barrier is 91,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be EUR 17.69 (rounded to two decimal places, with EUR 0.005 rounded upwards).

This figure is calculated as fixed interest of 7%, or $0.07 \times \text{EUR } 1,000 \times \text{day count fraction of } 91/360$, or 0.252778 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 91/91 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 1 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of EUR 17.69 on the interest payment date.

Dual Rate Range Accrual

Where 'Dual Rate Range Accrual' is applicable to an interest calculation period to which Fixed Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which (i) Range Accrual Rate 1 is (x) greater than or equal to any applicable Lower Barrier 1 and (y) less than or equal to any applicable Upper Barrier 1 AND (ii) Range Accrual Rate 2 is (x) greater than or equal to any applicable Lower Barrier 2 and (y) less than or equal to any applicable Upper Barrier 2.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- Range Accrual Rate 1 is 3m USD LIBOR;
- Range Accrual Rate 2 is 3m GBP LIBOR;
- Lower Barrier 1 is not applicable and Upper Barrier 1 is equal to 4%;
- Lower Barrier 2 is equal to 2% and Upper Barrier 2 is not applicable; and
- the actual number of calendar days in the interest calculation period where Range Accrual Rate 1 is observed at or below Upper Barrier 1 AND Range Accrual Rate 2 is observed at or above Lower Barrier 2 is equal to 78,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 15.17 (rounded to two decimal places, with GBP 0.005 rounded upwards).

This figure is calculated as fixed interest of 7%, or $0.07 \times \text{GBP } 1,000 \times \text{day count fraction of}$

91/360, or 0.252778 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 78/91 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 0.857143 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 15.17 on the interest payment date.

Dual Spread Range Accrual

Where 'Dual Rate Range Accrual' is applicable to an interest calculation period to which Fixed Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which (i) the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is (x) greater than or equal to any applicable Lower Barrier 1 and (y) less than or equal to any applicable Upper Barrier 1 AND (ii) Range Accrual Rate 3 is (x) greater than or equal to any applicable Lower Barrier 2 and (y) less than or equal to any applicable Upper Barrier 2.

Where:

- Range Accrual Rate 1 is EUR CMS30;
- Range Accrual Rate 2 is EUR CMS2 multiplied by a variable of 1;
- Range Accrual Rate 3 is 3m EURIBOR;
- Lower Barrier 1 is equal to 0.5% while Upper Barrier 1 is equal to 4%;
- Lower Barrier 2 is not applicable and Upper Barrier 2 is equal to 6%; and
- the actual number of calendar days in the interest calculation period where the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is observed at or above Lower Barrier 1 and at or below Upper Barrier 1 AND Range Accrual Rate 3 is observed at or below Upper Barrier 2 is equal to 0,

then, as the Range Accrual Factor will be equal to 0 for this given interest calculation period, for each Security that you hold no interest will be payable on the interest payment date. In this scenario you will therefore receive no interest return on the interest payment date.

Year-on-Year Inflation Range Accrual

Where 'Year-on-Year Inflation Range Accrual' is applicable to an interest calculation period to which Fixed Rate Interest applies, the Range Accrual Condition will be satisfied in respect of a month if the Range Accrual Rate is observed for such month to be greater than or equal to any applicable Lower Barrier and less than or equal to any applicable Upper Barrier. The Range Accrual Rate will be a specified inflation index, such as the Retail Price Index (the RPI), the Euro Harmonised Index of Consumer Prices (EUR HICP) or the US Consumer Price Index (US CPI).

The RPI is an economic indicator calculated and published monthly by the Office for National Statistics, measuring the change in the cost of a basket of retail goods and services in the UK. EUR HICP is an economic indicator compiled and published on a monthly basis by Eurostat and the national statistical institutes in accordance with harmonised statistical methods, measuring the change in the cost of a basket of retail goods and services in the each member of the Eurozone. The US CPI is an economic indicator calculated and published monthly by the US Department of Labor's Bureau of Labor Statistics, measuring the change in the cost of a basket of retail goods and services in the United States.

Assuming that:

- the nominal amount per security is EUR 1,000;

- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is EUR,

if, for a given interest calculation period:

- the Range Accrual Rate for a month is the year-on-year EUR HICP rate, being the EUR HICP level for the reference month relating to such month divided by the EUR HICP level for month falling 12 months prior to such reference month, minus 1;
- Lower Barrier is 1% and Upper Barrier is 4%; and
- the actual number of months in the interest calculation period where Range Accrual Rate is observed at or above Lower Barrier and at or below Upper Barrier is 3,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be EUR 17.69 (rounded to two decimal places, with EUR 0.005 rounded upwards).

This figure is calculated as fixed interest of 7%, or $0.07 \times \text{EUR } 1,000 \times \text{day count fraction of } 91/360$, or 0.252778 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 3/3 (being the number of months in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of months in the interest calculation period), or 1 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of EUR 17.69 on the interest payment date.

Worked examples of the application of the Range Accrual Factor to Floating Rate Interest

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- the reference rate is 6 month LIBOR (the level taken two days prior to the start of an interest calculation period);
- the participation is 1;
- the fixed spread is 3.25%;
- the rate of interest is subject to a minimum rate of 0% and a maximum rate of 7% per annum;
- the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest calculation period, divided by a year (assumed under this convention to be 360 days); and
- the actual number of calendar days in the interest calculation period is assumed to be 183,

Single Rate Range Accrual

Where 'Single Rate Range Accrual' is applicable to an interest calculation period to which Floating Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which the Range Accrual Rate is (i) greater than or equal to the Lower Barrier and (ii) less than or equal to the Upper Barrier.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- the Range Accrual Rate is 3m GBP LIBOR;
- the Lower Barrier is 0% and Upper Barrier is 5%;
- the number of days in the interest calculation period where 3m GBP LIBOR fixes at or above the Lower Barrier and at or below the Upper Barrier is 133 calendar days in the interest calculation period; and
- the reference rate is set at 3.52 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 25.01 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 6.77%, or $0.0677 \times \text{GBP } 1,000 \times \text{day count fraction of } 183/360$, or 0.508333 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 133/183 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 0.726776 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 25.01 on the interest payment date.

Spread Range Accrual

Where 'Spread Range Accrual' is applicable to an interest calculation period to which Floating Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which the

difference between Range Accrual Rate 1 and Range Accrual Rate 2 is (i) greater than or equal to the Lower Barrier and (ii) less than or equal to the Upper Barrier.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- Range Accrual Rate 1 is GBP CMS30;
- Range Accrual Rate 2 is GBP CMS2 multiplied by a variable of 1;
- the Lower Barrier is 0% and the Upper Barrier is not applicable;
- the number of calendar days in the interest calculation period where the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is greater than or equal to Lower Barrier is 91; and
- the reference rate is set at 3.52 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 17.11 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 6.77%, or $0.0677 \times \text{GBP } 1,000 \times \text{day count fraction of } 183/360$, or 0.508333 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 91/183 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 0.497268 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 17.11 on the interest payment date.

Dual Rate Range Accrual

Where 'Dual Rate Range Accrual' is applicable to an interest calculation period to which Floating Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which (i) Range Accrual Rate 1 is (x) greater than or equal to any applicable Lower Barrier 1 and (y) less than or equal to any applicable Upper Barrier 1 AND (ii) Range Accrual Rate 2 is observed (x) greater than or equal to any applicable Lower Barrier 2 and (y) less than or equal to any applicable Lower Barrier 2.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- Range Accrual Rate 1 is 3m EURIBOR;
- Range Accrual Rate 2 is 3m GBP LIBOR
- Lower Barrier 1 is not applicable and Upper Barrier 1 is equal to 4%;

- Lower Barrier 2 is equal to 2% and Upper Barrier 2 is not applicable;
- the actual number of calendar days in the interest calculation period where Range Accrual Rate 1 is observed at or below Upper Barrier 1 AND Range Accrual Rate 2 is observed at or above Lower Barrier 2 is equal to 183; and
- the reference rate is set at 3.52 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 34.41 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 6.77%, or $0.0677 \times \text{GBP } 1,000 \times \text{day count fraction of } 183/360$, or 0.508333 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 183/183 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 1 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 34.41 on the interest payment date.

Dual Spread Range Accrual

Where 'Dual Spread Range Accrual' is applicable to an interest calculation period to which Floating Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which (i) the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is (x) greater than or equal to any applicable Lower Barrier 1 and at or below Upper Barrier 1 AND (ii) Range Accrual Rate 3 is (x) greater than or equal to any applicable Lower Barrier 2 and (y) less than or equal to any applicable Upper Barrier.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- Range Accrual Rate 1 is EUR CMS30 rate;
- Range Accrual Rate 2 is EUR CMS2 multiplied by a variable of 1;
- Range Accrual Rate 3 is 3m EURIBOR;
- Lower Barrier 1 is not applicable while Upper Barrier 1 is equal to 5%;
- Lower Barrier 2 is equal to 3.5% and Upper Barrier 2 is equal to 7%;
- the actual number of calendar days in the interest calculation period where the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is observed at or above Lower Barrier 1 and at or below Upper Barrier 1 AND Range Accrual Rate 3 is observed at or below Upper Barrier 2 is equal to 174; and
- the reference rate is set at 3.52 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 32.72 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 6.77%, or $0.0677 \times \text{GBP } 1,000 \times \text{day count fraction of } 183/360$, or 0.508333 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 174/183 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the

total number of days in the interest calculation period), or 0.95082 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 32.72 on the interest payment date.

Worked examples of the application of the Range Accrual Factor to Inverse Floating Rate Interest

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- the reference rate is 6 month LIBOR (the level taken two days prior to the start of an interest calculation period);
- the participation is 1;
- the fixed spread is 8%;
- the rate of interest is subject to a minimum rate of 0% and a maximum rate of 7% per annum;
- the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest calculation period, divided by a year (assumed under this convention to be 360 days); and
- the actual number of calendar days in the interest calculation period is assumed to be 183,

Single Rate Range Accrual

Where 'Single Rate Range Accrual' is applicable to an interest calculation period to which Inverse Floating Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which the Range Accrual Rate is (i) greater than or equal to any applicable Lower Barrier and (ii) less than or equal to any applicable Upper Barrier.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- Range Accrual Rate is 3m GBP LIBOR;
- Lower Barrier is 0% and Upper Barrier is 5%; and
- the number of days in the interest calculation period where 3m GBP LIBOR fixes at or above the Lower Barrier and at or below the Upper Barrier for 133 calendar days in the interest calculation period; and
- the reference rate is set at 3.52 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 16.55 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 4.48%, or $0.0448 \times \text{GBP } 1,000 \times \text{day count fraction of } 183/360$, or 0.508333 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 133/183 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 0.726776 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 16.55 on the interest payment date.

Spread Range Accrual

Where 'Spread Range Accrual' is applicable to an interest calculation period to which Inverse

Floating Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is (i) greater than or equal to any applicable Lower Barrier and (ii) less than or equal to any applicable Upper Barrier.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- Range Accrual Rate 1 is GBP CMS30;
- Range Accrual Rate 2 is GBP CMS2 multiplied by a variable of 1;
- the Lower Barrier is 0% and the Upper Barrier is not applicable; and
- the number of calendar days in the interest calculation period where the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is greater than or equal to Lower Barrier is 91; and
- the reference rate is set at 3.52 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 11.32 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 4.48%, or $0.0448 \times \text{GBP } 1,000 \times \text{day count fraction of } 183/360$, or 0.508333 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 91/183 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 0.497268 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 11.32 on the interest payment date.

Dual Rate Range Accrual

Where 'Dual Rate Range Accrual' is applicable to an interest calculation period to which Inverse Floating Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which (i) Range Accrual Rate 1 is (x) greater than or equal to any applicable Lower Barrier 1 and (y) less than or equal to any applicable Upper Barrier 1 AND (ii) Range Accrual Rate 2 is (x) greater than or equal to any applicable Lower Barrier 2 and (y) less than or equal to any applicable Upper Barrier 2.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- Range Accrual Rate 1 is 3m EURIBOR; Range Accrual Rate 2 is 3m GBP LIBOR;
- Lower Barrier 1 is not applicable and Upper Barrier 1 is equal to 4%; Lower Barrier 2 is equal to 2% and Upper Barrier 2 is not applicable;

- the actual number of calendar days in the interest calculation period where Range Accrual Rate 1 is observed at or below Upper Barrier 1 AND Range Accrual Rate 2 is observed at or above Lower Barrier 2 is equal to 183; and
- the reference rate is set at 3.52 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 22.77 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 4.48%, or $0.0448 \times \text{GBP } 1,000 \times \text{day count fraction of } 183/360$, or 0.508333 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 183/183 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 1 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 22.77 on the interest payment date.

Dual Spread Range Accrual

Where 'Dual Spread Range Accrual' is applicable to an interest calculation period to which Inverse Floating Rate Interest applies, the Range Accrual Condition will be satisfied on a day on which (i) the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is (x) greater than or equal to any applicable Lower Barrier 1 and (y) less than or equal to any applicable Upper Barrier 1 AND (ii) Range Accrual Rate 3 is (x) greater than or equal to any applicable Lower Barrier 2 and (y) less than or equal to any applicable Upper Barrier 2.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- Range Accrual Rate 1 is EUR CMS30;
- Range Accrual Rate 2 is EUR CMS2 multiplied by a variable of 1;
- Range Accrual Rate 3 is 3m EURIBOR;
- Lower Barrier 1 is not applicable while Upper Barrier 1 is equal to 5%;
- Lower Barrier 2 is equal to 3.5% and Upper Barrier 2 is equal to 7%;
- the actual number of calendar days in the interest calculation period where the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is observed at or above Lower Barrier 1 and at or below Upper Barrier 1 AND Range Accrual Rate 3 is observed at or below Upper Barrier 2 is equal to 174; and
- the reference rate is set at 3.52 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 21.65 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 4.48%, or $0.0448 \times \text{GBP } 1,000 \times \text{day count fraction of } 183/360$, or 0.508333 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 174/183 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 0.95082 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP

21.65 on the interest payment date.

Worked examples of the application of the Range Accrual Factor to Spread-Linked Interest

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- Spread-Linked rate 1 is GBP CMS10, while Spread-Linked rate 2 is GBP CMS2;
- the leverage is 1;
- the participation is 5;
- the fixed spread is 0%;
- the rate of interest is subject to a minimum rate of 0% and a maximum rate of 7% per annum;
- the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest calculation period, divided by a year (assumed under this convention to be 360 days); and
- the actual number of calendar days in the interest calculation period is assumed to be 365,

Single Rate Range Accrual

Where 'Single Rate Range Accrual' is applicable to an interest calculation period to which Spread-Linked Interest applies, the Range Accrual Condition will be satisfied on a day on which the Range Accrual Rate is (i) greater than or equal to any applicable Lower Barrier and (ii) less than or equal to any applicable Upper Barrier.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- the Range Accrual Rate is 3m GBP LIBOR;
- the Lower Barrier is 0% and the Upper Barrier is 5%;
- the number of days in the interest calculation period where 3m GBP LIBOR fixes at or above the Lower Barrier and at or below the Upper Barrier for 266 calendar days in the interest calculation period; and
- spread-linked rate 1 is set at 3.73 per cent. and spread-linked rate 2 is set at 2.84 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 32.88 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 4.45%, or $0.0445 \times \text{GBP } 1,000 \times \text{day count fraction of } 365/360$, or 1.013889 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 266/365 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 0.728767 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 32.88 on the interest payment date.

Spread Range Accrual

Where 'Spread Range Accrual' is applicable to an interest calculation period to which Spread-

Linked Interest applies, the Range Accrual Condition will be satisfied on a day on which the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is (i) greater than or equal to any applicable Lower Barrier and (ii) less than or equal to any applicable Upper Barrier.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- Range Accrual Rate 1 is GBP CMS30;
- Range Accrual Rate 2 is GBP CMS2 multiplied by a variable of 1;
- the Lower Barrier is 0% and the Upper Barrier is not applicable;
- the number of calendar days in the interest calculation period where the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is greater than or equal to Lower Barrier is 91 and
- spread-linked rate 1 is set at 3.73 per cent. and spread-linked rate 2 is set at 2.84 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 11.25 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 4.45%, or $0.0445 \times \text{GBP } 1,000 \times \text{day count fraction of } 365/360$, or 1.013889 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 91/365 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 0.249315 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 11.25 on the interest payment date.

Dual Rate Range Accrual

Where 'Dual Rate Range Accrual' is applicable to an interest calculation period to which Spread-Linked Interest applies, the Range Accrual Condition will be satisfied on a day on which (i) Range Accrual Rate 1 is (x) greater than or equal to any applicable Lower Barrier 1 and (y) less than or equal to any applicable Upper Barrier 1 AND (ii) Range Accrual Rate 2 is (x) greater than or equal to any applicable Lower Barrier 2 and (y) less than or equal to any applicable Upper Barrier 2.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- Range Accrual Rate 1 is 3m EURIBOR; Range Accrual Rate 2 is 3m GBP LIBOR
- Lower Barrier 1 is not applicable and Upper Barrier 1 is equal to 4%;
- Lower Barrier 2 is equal to 2% and Upper Barrier 2 is not applicable;

- the actual number of calendar days in the interest calculation period where Range Accrual Rate 1 is observed at or below Upper Barrier 1 AND Range Accrual Rate 2 is observed at or above Lower Barrier 2 is equal to 183;
- spread-linked rate 1 is set at 3.73 per cent. and spread-linked rate 2 is set at 2.84 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 22.62 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 4.45%, or $0.0445 \times \text{GBP } 1,000 \times \text{day count fraction of } 365/360$, or 1.013889 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 183/365 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 0.50137 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP 22.62 on the interest payment date.

Dual Spread Range Accrual

Where 'Dual Spread Range Accrual' is applicable to an interest calculation period to which Spread-Linked Interest applies, the Range Accrual Condition will be satisfied on a day on which (i) the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is (x) greater than or equal to any applicable Lower Barrier 1 and (y) less than or equal to any applicable Upper Barrier 1 AND (ii) Range Accrual Rate 3 is (x) greater than or equal to any applicable Lower Barrier 2 and (y) less than or equal to any applicable Upper Barrier 2.

Assuming that:

- the nominal amount per security is GBP 1,000;
- the issue price is 100 per cent. (100%) of the aggregate nominal amount; and
- the settlement currency is GBP,

if, for a given interest calculation period:

- Range Accrual Rate 1 is EUR CMS30;
- Range Accrual Rate 2 is EUR CMS2 multiplied by a variable of 1;
- Range Accrual Rate 3 is 3m EURIBOR;
- Lower Barrier 1 is not applicable while Upper Barrier 1 is equal to 5%;
- Lower Barrier 2 is equal to 3.5% and Upper Barrier 2 is equal to 7%;
- the actual number of calendar days in the interest calculation period where the difference between Range Accrual Rate 1 and Range Accrual Rate 2 is observed at or above Lower Barrier 1 and at or below Upper Barrier 1 AND Range Accrual Rate 3 is observed at or below Upper Barrier 2 is equal to 345; and
- spread-linked rate 1 is set at 3.73 per cent. and spread-linked rate 2 is set at 2.84 per cent.,

then for each Security that you hold the interest amount payable on the interest payment date relating to such interest calculation period will be GBP 42.65 (rounded to two decimal places, with GBP 0.005 rounded upwards). This figure is calculated as a rate of interest of 4.45%, or $0.0445 \times \text{GBP } 1,000 \times \text{day count fraction of } 365/360$, or 1.013889 (rounded to the nearest seven significant figures) x the Range Accrual Factor of 345/365 (being the number of calendar days in the interest calculation period on which the Range Accrual Condition is satisfied, divided by the total number of days in the interest calculation period), or 0.945205 (rounded to the nearest seven significant figures). In this scenario you will therefore receive a positive interest return of GBP

42.65 on the interest payment date.

Curve Cap

The Curve Cap represents the maximum percentage at which interest may be payable on an interest payment date, the amount of which is determined by reference to a specified rate (the reference index) plus or minus a fixed percentage (the margin), and multiplied by the applicable leverage (being a number which determines the level of exposure to the reference index (including the margin)) (the Factor). Such amount is subject to a maximum rate specified in the final terms (the Upper Limit).

The reference index can either be, as specified in the final terms, (i) 'single rate', which means that the relevant amount is calculated by multiplying a reference rate by the applicable leverage (the multiplier), (ii) 'spread rate', which means that the relevant amount is determined as the difference between (a) a reference rate (reference rate 1) multiplied by the applicable leverage (multiplier 1) and (b) a reference rate (reference rate 2) multiplied by the applicable leverage (multiplier 2) or (iii) 'combined rate', which means that the relevant amount is determined as the sum of (a) a reference rate (reference rate 1) multiplied by the applicable leverage (multiplier 1) and (b) a reference rate (reference rate 2) multiplied by the applicable leverage (multiplier 2).

Each of the reference rate, reference rate 1 and reference rate 2, can either be a floating rate, a swap rate or an inflation index, as specified in the final terms.

Worked examples of the application of the Curve Cap

WORKED EXAMPLE 1: Assuming, for the purpose of this worked example only, that:

- the Factor is equal to 100%
- the margin is equal to 0.125%
- the applicable reference index is 'single rate'
- the reference rate is the USDCMS30Y
- the multiplier is equal to 1.1
- the Upper Limit is equal to 3.2%

if the reference rate is set at three per cent. (3.00%), the reference index, which is calculated by multiplying the reference rate by the multiplier, will be equal to three point three zero per cent. (3.30%). As the percentage determined by adding the reference index plus the margin, and then by multiplying the result by the Factor, is equal to three point four two five per cent. (3.425%), which is higher than the Upper Limit, the applicable Curve Cap Rate will be capped at three point two zero per cent. (3.2%). In this scenario any positive interest return you may receive on the interest payment date will not be higher than three point two zero per cent. (3.2%) per annum.

WORKED EXAMPLE 2: Assuming, for the purpose of this worked example only, that:

- the Factor is equal to 120%
- the margin is equal to 0.15%
- the applicable reference index is 'spread rate'
- reference rate 1 is the EURCMS30Y
- multiplier 1 is equal to 1
- reference rate 2 is the EURCMS2Y
- multiplier 2 is equal to 1.2
- the Upper Limit is equal to 2.00%

if reference rate 1 is set at three per cent. (3.00%) and reference rate 2 is set at two per cent. (2.00%), the applicable Curve Cap Rate will be equal to zero point nine per cent. (0.90%). This figure is calculated as the sum of zero point six zero per cent (0.60%), being the reference index, plus the margin and then by multiplying the result by the Factor. The reference index is calculated as the difference between the product of reference rate 1 multiplied by multiplier 1, and the product of reference rate 2 multiplied by multiplier 2. In this scenario the percentage of the Curve Cap Rate is lower than the Upper Limit and, therefore, any positive interest return you may receive on the interest payment date may be capped at less than two per cent. (2.00%) per annum.

WORKED EXAMPLE 3: Assuming, for the purpose of this worked example only, that:

- the Factor is equal to 125%
- the margin is equal to 0.01%
- the applicable reference index is 'combined rate'
- reference rate 1 is the 3 month EURIBOR
- multiplier 1 is equal to 1.2
- reference rate 2 is the EURCMS2Y
- multiplier 2 is equal to 0.8
- the Upper Limit is equal to 6.00%

if reference rate 1 is set at four per cent. (4.00%) and reference rate 2 is set at two and a half per cent. (2.50%), the reference index, which is calculated as the sum of the product of reference rate 1 multiplied by multiplier 1, and the product of reference rate 2 multiplied by multiplier 2, will be equal to six point eight per cent. (6.80%). As the percentage determined by adding the reference index plus the margin, and then by multiplying the result by the Factor is equal to eight point five one per cent. (8.51%), which is higher than the Upper Limit, the Curve Cap Rate will be capped at six per cent. (6.00%). In this scenario any positive interest return you may receive on the interest payment date will not be higher than six per cent. (6.00%) per annum.

The Switch Option

The switch option provides the Issuer with the right to change the types of interest and/or range accrual factors applicable to the Securities for all remaining interest calculation periods up to and including the maturity date. The types of interest and/or range accrual factors applicable both prior to and following exercise of the switch option, as well as all other conditions relating to such types of interest and/or range accrual factors, will be determined in advance of the issue date and specified in the final terms.

Once the switch option has been exercised it cannot be exercised again. The switch option will be exercisable during a specified period or periods as set out in the final terms. Noteholders will receive an interest amount calculated on the basis of the Pre-switch Variables up to and including the interest payment date in respect of the interest calculation period in which the switch option is exercised. For each remaining interest calculation period following exercise of the switch option, the interest amount will be calculated on the basis of the Post-switch Variables.

Exercise of the switch option does not impact upon the redemption of the Securities or any interest amount that has previously been paid to Noteholders.

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- **the nominal amount per security is EUR 1,000;**
 - **the issue price is 100 per cent. (100%) of the aggregate nominal amount;**
 - **the settlement currency is EUR;**
 - **the day count fraction is 'Actual/360' basis, being the actual number of calendar days in the interest period, divided by a year (assumed under this convention to be 360 days);**
 - **the actual number of calendar days in the interest period is assumed to be 91;**
 - **the Type of Interest if the Switch Option isn't exercised is Fixed Rate Interest;**
 - **The fixed rate is 7 per cent. (7%) per annum;**
 - **a Range Accrual Factor (Single Rate Range Accrual) applies if the Switch Option isn't exercised;**
 - **the Range Accrual Rate is 3m EURIBOR;**
 - **the Lower Barrier is 0% and the Upper Barrier is 5%; the number of days in the interest calculation period where 3m EURIBOR fixes at or above the Lower Barrier and at or below the Upper Barrier is 61 calendar days**
 - **the Type of Interest if the Switch Option is exercised is Spread-linked Interest**
 - **Spread-linked rate 1 is EUR CMS10 (with the level being taken two days prior to the start of an interest calculation period); Spread-linked rate 2 is EUR CMS2 (with the level being taken two days prior to the start of an interest calculation period);**
 - **the participation is 5;**
 - **fixed spread is 0%; and**
 - **the rate of interest is subject to a minimum rate of 0% and a maximum rate of 7% per annum;**
- (a) If, in respect of the first interest payment date the switch option has not been exercised, the interest amount payable will be EUR 11.86 (rounded to two decimal places, with EUR 0.005 rounded upwards). This figure is calculated as fixed interest of 7%, or $0.07 \times \text{EUR } 1,000 \times \text{day count fraction of } 91/360$, or 0.252778 (rounded to the nearest seven significant figures) \times the Range Accrual Factor of 61/91, or 0.60733 (rounded to the nearest seven significant**

figures). In this scenario you will therefore receive a positive interest return of EUR 11.86 on the interest payment date.

- (b) If, in respect of the fourth interest payment date the switch option was exercised in the previous interest calculation period and spread-linked rate 1 for a given interest calculation period is set at 3.73 per cent. and spread-linked rate 2 is set at 2.84 per cent., the interest amount payable on the interest payment date will be EUR 11.25 (rounded to two decimal places, with EUR 0.005 rounded upwards). This figure is calculated as a rate of interest of 4.45%, or $0.0445 \times \text{EUR } 1,000 \times \text{day count fraction of } 91/360$, or 0.252778 (rounded to the nearest seven significant figures). The rate of interest (4.45%) is calculated as 0.89% (being the amount by which spread-linked rate 1 exceeds spread-linked rate 2) \times participation of 5. For the avoidance of doubt spread-linked interest will apply in respect of each subsequent interest calculation period. In this scenario you will therefore receive a positive interest return of EUR 11.25 on the interest payment date.

Call Option

A call option gives the issuer the right to repurchase the Securities before the final maturity date at a predetermined price on a specified date(s). If the Securities are repurchased, you will be paid a pre-specified redemption value plus any accrued and unpaid interest. The Securities will have a specified period or periods during which the call option may be exercised. Bermudan call options can be exercised by the issuer during multiple predefined periods, whereas European call options can be exercised during one specified period only.

Following the exercise by the issuer of a call option, in respect of each Security, as well as any accrued but unpaid interest, you will receive an amount in GBP equal to (x) the nominal amount, multiplied by (y) the percentage specified as the early redemption percentage in the final terms (or if no such amount is specified, 100 per cent.).

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- **the nominal amount per security is GBP 1,000;**
- **the issue price is 100 per cent. (100%) of the aggregate nominal amount; and**
- **the settlement currency is GBP,**
- **if the early redemption percentage is 105 per cent. (105%), the early redemption amount payable for each Security that you hold will be GBP 1,050.**
- **if no early redemption percentage is specified, the early redemption amount payable for each Security that you hold will be GBP 1,000; or**
- **if the early redemption percentage is 90 per cent. (90%), the early redemption amount payable for each Security that you hold will be GBP 900. In this scenario you will therefore incur a loss with respect to the redemption amount of GBP 100.**

Put Option

A put option gives you the right to sell a Security before the final maturity date at a predetermined price on a specified date(s). If a Security is sold, you will be paid a pre-specified redemption value plus any accrued and unpaid interest. Securities that are not sold shall continue until the final maturity date. The Securities will have a specified period or periods during which a put option may be exercised. Bermudan put options can be exercised by the investor during multiple predefined periods, whereas European put options can be exercised during one specified period only.

Following the exercise by you of a put option, in respect of that Security, as well as any accrued but unpaid interest, you will receive an amount in GBP equal to (x) the nominal amount, multiplied by (y) the percentage specified as the early redemption percentage in the final terms (or if no such amount is specified, 100 per cent.).

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- **the nominal amount per security is GBP 1,000;**
- **the issue price is 100 per cent. (100%) of the aggregate nominal amount; and**
- **the settlement currency is GBP,**
- **if the early redemption percentage is 105 per cent. (105%), the early redemption amount payable for each Security that you hold will be GBP 1,050;**
- **if no early redemption percentage is specified, the early redemption amount payable for each Security that you hold will be GBP 1,000; or**
- **if the early redemption percentage is 90 per cent. (90%), the early redemption amount payable for each Security that you hold will be GBP 900. In this scenario you will therefore incur a loss with respect to the redemption amount of GBP 100.**

Bullet Redemption

Unless your Securities are terminated early, are purchased and cancelled, or are adjusted, you will receive on the maturity date for each Security that you hold, an amount in GBP equal to (x) the nominal amount, multiplied by (y) the percentage specified as the final redemption percentage in the final terms (or if no such amount is specified, 100 per cent. (100%)).

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- **the nominal amount per security is GBP 1,000;**
- **the issue price is 100 per cent. (100%) of the aggregate nominal amount; and**
- **the settlement currency is GBP,**
- **if the final redemption percentage is 105 per cent. (105%), the redemption amount payable on maturity for each Security that you hold will be GBP 1,050. In this scenario you will therefore receive a positive redemption return of GBP 50;**
- **if no final redemption percentage is specified, the redemption amount payable on maturity for each Security that you hold will be GBP 1,000. In this scenario you will therefore receive no positive redemption return; or**
- **if the final redemption percentage is 90 per cent. (90%), the redemption amount payable on maturity for each Security that you hold will be GBP 900. In this scenario you will therefore incur a loss with respect to the redemption amount of GBP 100.**

Inflation-Linked Redemption

Inflation-linked products pay a pre-determined redemption amount that is adjusted to reflect the performance of a specified inflation index, such as the UK Retail Price Index published monthly by the Office for National Statistics (RPI) (as described above). Inflation-linked products are not limited to the RPI and may reference any publically available measure of inflation.

Unless your Securities are terminated early, are purchased and cancelled, or are adjusted, you will receive on the maturity date for each Security that you hold, an amount in GBP equal to the nominal amount, multiplied by an amount reflecting the performance of the inflation index calculated as (i) the level of the inflation index for the calendar month specified in the final terms as corresponding to the maturity date, divided by (ii) the initial level of the inflation index (as described above). The inflation performance shall be subject to a minimum number specified in the final terms as the final redemption floor (or, where no final redemption floor is specified, 1).

WORKED EXAMPLE: Assuming, for the purpose of this worked example only, that:

- **the nominal amount per security is GBP 1,000;**
- **the issue price is 100 per cent. (100%) of the aggregate nominal amount;**
- **the settlement currency is GBP;**
- **the inflation index is the RPI;**
- **the final valuation date falls in December and the level of the inflation index is taken for the preceding September;**
- **the initial valuation date falls in the previous December (and the initial level of the inflation index is 100); and**
- **the final redemption floor is specified as 1,**
- **if the level of the inflation index corresponding to the final valuation date is 121, the redemption amount payable on maturity for each Security that you hold will be equal to GBP 1,210. This amount is calculated as $\text{GBP } 1,000 \times \text{an inflation performance of } 1.21$ (being the final level of the inflation index of 121 divided by the initial level of the inflation index of 100). In this scenario you will therefore receive a positive redemption return of GBP 210;**
- **if the level of the inflation index corresponding to the final valuation date is 95, the redemption amount payable on maturity for each Security that you hold will be equal to GBP 1,000. This amount is calculated as $\text{GBP } 1,000 \times 1$ (the redemption floor). In this scenario, the redemption amount is subject to the redemption floor because the inflation performance is 0.95 (being the final level of the inflation index of 95 divided by the initial level of the inflation index of 100). In this scenario you will therefore receive no return on the Securities.**

*The following text comprises the terms and conditions of the Securities (the "**General Conditions**") that, subject to completion or election in the Final Terms (together, the "**Conditions**") shall be applicable to each Series.*

The provisions within Section C: INTEREST, OPTIONAL EARLY REDEMPTION AND FINAL REDEMPTION and Section D: INFLATION INDEX DISRUPTION EVENTS will only be applicable where specified in the Final Terms. In particular, the Final Terms will indicate:

- *whether or not the Securities pay interest and, if so, the type of interest payable;*
- *whether or not the Securities may be redeemed early at the option of the Issuer or the Holders; and*
- *the type of redemption amount due on the Securities upon final redemption,*

in each case in accordance with the relevant sub-paragraph from General Condition 6 (Interest); General Condition 7 (Optional Early Redemption) and General Condition 8 (Final Redemption), as is specified to be applicable in the Final Terms.

All capitalised terms that are not defined in these General Conditions have the meanings given to them in the Final Terms.

References in these General Conditions to 'Securities' are to the Securities of one Series only, not to all Securities that may be issued pursuant to the Programme.

A. INTRODUCTION

The Securities are issued as a Series of notes by the Issuer and references to "**Securities**" shall be construed as a reference to each Series accordingly. Securities are issued pursuant to the Agency Agreement dated 9 May 2014 (as further amended and/or supplemented and/or restated and/or replaced as at the relevant Issue Date, the "**Agency Agreement**") and, other than CREST Securities, French Securities and Swiss Securities, have the benefit of a Deed of Covenant 9 May 2014 (as further amended and/or supplemented and/or restated and/or replaced as at the relevant Issue Date, the "**Deed of Covenant**") executed by the Issuer. Copies of the Agency Agreement and the Deed of Covenant are available for inspection at the registered office of the Issuer, the Issue and Paying Agent and the specified offices of the Paying Agents, the Transfer Agents and the Registrar.

The determination agent (the "**Determination Agent**"), the issue and paying agent (the "**Issue and Paying Agent**"), the registrar (the "**Registrar**"), the registration agent (the "**Registration Agent**"), the paying agents (the "**Paying Agents**"), the transfer agents (the "**Transfer Agents**") and, in respect of any issue of CREST Securities, the agent providing certain issuing, registry and paying agency services to the Issuer (the "**CREST Agent**") (together, the "**Agents**") shall be as specified below or in the Final Terms, as applicable. The Issue and Paying Agent shall be The Bank of New York Mellon, London Branch, of One Canada Place, London E14 5AL, subject as provided in General Condition 15.1 (*Appointment of Agents*).

In respect of any issue of CREST Securities, the CREST Agent shall be Computershare Investor Services PLC, unless otherwise specified in the Final Terms. For the purpose of CREST Securities, any reference in the Conditions to a calculation or determination being made by the Determination Agent or the Issue and Paying Agent shall be deemed to be a reference to the Issuer making such calculation or determination.

Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche will be identical to the terms of other Tranches of the same Series (save in respect of the Issue Date, Issue Price, first payment of interest, if applicable, and aggregate nominal amount of the Tranche) and will be set out in the Final Terms.

Unless otherwise expressly indicated, capitalised terms used in these Conditions which are defined in General Condition 28 (*Definitions and Interpretation*) have the meanings given in General Condition 28 (*Definitions and Interpretation*).

B. FORM, TITLE, TRANSFER, CALCULATIONS AND PAYMENTS UNDER THE SECURITIES

1. Form, Title and Transfer

1.1 Form of Securities

(a) Form of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Cleared Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities)

Securities will be issued in bearer form ("**Bearer Securities**"), with or without coupons (the "**Coupons**") or talons (the "**Talons**") or in registered form ("**Registered Securities**") as specified in the Final Terms. Securities in one form may not be exchanged for Securities in any other form except as provided below.

Bearer Securities will initially be issued in global form (each a "**Global Bearer Security**" and, if more than one, the "**Global Bearer Securities**"), and may only be exchanged for Securities in definitive form (each a "**Definitive Bearer Security**" and, if more than one, the "**Definitive Bearer Securities**") (i) in the case of Bearer Securities with a single Specified Denomination, if specified in the Final Terms or (ii) in the case of all Bearer Securities, upon an Exchange Event occurring, and in each case in accordance with the terms of the relevant Global Security. Registered Securities may initially be issued in global form (each a "**Global Registered Security**" and, if more than one, the "**Global Registered Securities**" and, together with a Global Bearer Security, each a "**Global Security**" and, if more than one, "**Global Securities**") if specified in the Final Terms, which may only be exchanged for Securities in definitive form (each a "**Definitive Registered Security**" and, if more than one, the "**Definitive Registered Securities**" and, together with Definitive Bearer Securities, "**Definitive Securities**"), if specified in the Final Terms, or upon an Exchange Event occurring, and in each case in accordance with the terms of the relevant Global Registered Security. Registered Securities may initially be issued as Definitive Registered Securities if specified in the Final Terms. The Issuer will promptly give notice to Holders if an Exchange Event occurs.

(b) Form of CREST Securities

CREST Securities will be issued in dematerialised uncertificated registered form and will be held in accordance with the United Kingdom Uncertificated Securities Regulations 2001 (SI 2001/3755) including any modification or re-enactment thereof from time to time in force (the "**Uncertificated Regulations**"), and not constituted by any physical document of title. CREST Securities will be cleared through CREST and will be participating securities for the purposes of the Uncertificated Regulations.

(c) Form of Danish Securities

Danish Securities are issued in uncertificated and dematerialised book-entry form in accordance with Consolidated Act No. 855 of 17 August 2012 on Trading in Securities of the Kingdom of Denmark (the "**Securities Trading Act**"), as amended from time to time, and Executive Order No. 369 of 16 May 2009 on, amongst other things, the registration of fund assets in a securities centre (*Bekendtgørelse om registrering m.v. af fondsaktiver i en værdipapircentral*) (the "**Danish VP Registration Order**"). References in these General Conditions to Coupons, Talons and Global Securities shall not apply to Danish Securities.

(d) Form of Finnish Securities

Finnish Securities are issued in uncertificated and dematerialised book-entry form in accordance with the Finnish Act on the Book-entry System and Clearing Activity (*'laki arvo-osuusjärjestelmästä ja selvitystoiminnasta'* (749/2012)) and the Finnish Act on Book-entry Accounts (*'laki arvo-osuustileistä'* (872/1991)), other applicable Finnish legislation and Euroclear Finland Rules. No Global Securities or Definitive Securities representing Finnish Securities will be issued, and the General Conditions of such securities will be construed

accordingly. References in the General Conditions to Coupons, Talons and Global Securities shall not apply to Finnish Securities.

(e) **Form of French Cleared Securities**

French Cleared Securities are issued in bearer form and the Global Security will be deposited on or prior to the original issue date of the Tranche with Euroclear France as central depository and in CGN Form.

Upon the initial deposit of such Global Security with Euroclear France and payment of the relevant amount in respect of the subscribed Securities, the relevant nominal amount of Securities will be credited to the account of Accountholders who have purchased the Securities and/or to the account of the Accountholder designated by the relevant purchaser(s). In respect of French Cleared Securities represented by a Global Security, the records of Euroclear France shall be conclusive evidence of the nominal amount or the number of Securities, and a statement issued by Euroclear France at any time shall be conclusive evidence of the records of Euroclear France at that time.

(f) **Form of French Securities**

French Securities are governed by French law, issued in dematerialised book-entry form and constitute obligations within the meaning of Article L.213-5 of the French *Code monétaire et financier*.

French Securities are issued, at the option of the Issuer, in either bearer dematerialised form (*au porteur*), which will be inscribed in the books of Euroclear France (acting as central depository) which shall credit the accounts of the Accountholders, or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Holder in either administered registered form (*au nominatif administré*) inscribed in the books of an Accountholder or in fully registered form (*au nominatif pur*) inscribed in an account held by Euroclear France and in the books maintained by the Issuer or the Registration Agent (designated in the Final Terms) acting on behalf of the Issuer.

(g) **Form of Norwegian Securities**

Norwegian Securities are issued in uncertificated book-entry form and cleared through the Norwegian paperless securities registry, in accordance with the Securities Registration Act 2002-07-05 no. 64 as amended from time to time, and Regulation 2003-05-21 no 620 on the information that shall be registered in a securities register and the VPS Rules. References in the Conditions to Coupons, Talons and Global Securities shall not apply to Norwegian Securities.

(h) **Form of Swedish Securities**

Swedish Securities are issued in uncertificated and dematerialised book-entry form in accordance with the Swedish Financial Instruments Accounts Act (1998:1479) (*Sw. Lag (1998:1479) om kontoföring av finansiella instrument*), other applicable Swedish legislation and the Relevant Rules. No Global Securities or Definitive Securities representing Swedish Securities will be issued, and the General Conditions of such securities will be construed accordingly. Swedish Securities will be transferred, cleared and settled with Euroclear Sweden. References in the General Conditions to Coupons, Talons and Global Securities shall not apply to Swedish Securities.

(i) **Form of Swiss Securities**

Swiss Securities are issued in uncertificated form in accordance with article 973c of the Swiss Code of Obligations. The Holders of Swiss Securities shall at no time have the right to demand the conversion of uncertificated securities into, or the delivery of, a permanent global certificate or physical securities. By contrast, the Issuer shall have the right to effect the conversion of the uncertificated securities into a permanent global certificate in accordance with article 973b of the Swiss Code of Obligations or physical securities and vice versa.

By (i) registering Swiss Securities in uncertificated form in the main register (*Hauptregister*) of SIX SIS Ltd, Olten, Switzerland or any other Swiss central depository ("SIS") or depositing permanent global certificates or all the physical certificates of Swiss Securities, or by depositing Global Securities (governed by any other law), with SIS ("**Swiss Cleared Securities**") and (ii) by crediting the Swiss Securities or Swiss Cleared Securities to a securities account (*Effektenkonto*) of a depository bank with SIS, intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") pursuant to the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*) ("**FISA**") are created.

(j) **Initial issue of Global Securities**

If 'NGN Form' is specified in the Final Terms as 'Applicable' with respect to a Global Bearer Security, or if 'Held under the NSS' is specified in the Final Terms as 'Applicable' in respect to a Global Registered Security to be held under the New Safekeeping Structure ("**NSS**") ("**NGN Form**"), such Global Bearer Security or Global Registered Security will be delivered on or prior to the original issue date of the Series or Tranche to a common safekeeper (a "**Common Safekeeper**"). The aggregate nominal amount of the Global Security shall be that which is from time to time entered in the records of the Relevant Clearing System. Securities should only be issued in NGN Form where they are intended to be held in a manner which would allow Eurosystem eligibility but such recognition will depend upon the satisfaction of the Eurosystem eligibility criteria.

If 'CGN Form' is specified in the Final Terms as 'Applicable' ("**CGN Form**"), the Global Security may be delivered on or prior to the original issue date of the Series or Tranche to a Common Depository for the Relevant Clearing System (and, in the case of Registered Securities, registered in the name of any nominee for the Relevant Clearing System). The Relevant Clearing System will then credit each subscriber with an aggregate nominal amount of Global Securities equal to the nominal amount thereof for which it has subscribed and paid.

1.2 **Exchange of Securities**

(a) **Exchange of Global Securities (other than French Cleared Securities and French Securities)**

Each Series of Bearer Securities issued in compliance with the D Rules will be initially issued in the form of a temporary global security in bearer form (a "**Temporary Global Security**") and will be exchangeable for a permanent bearer global security (a "**Permanent Global Security**"), free of charge, on and after its Exchange Date, upon certification as to non-US beneficial ownership in the form set out in the Agency Agreement.

Each Series of Bearer Securities issued in compliance with the C Rules or in respect of which TEFRA does not apply will be initially issued in the form of a Permanent Global Security.

Upon the occurrence of an Exchange Event on or after its Exchange Date each Permanent Global Security will be exchangeable, in whole but not in part, free of charge, for Definitive Securities. Temporary Global Securities will not be exchangeable for Definitive Securities.

If the Global Security is in CGN Form, or on or after any due date for exchange, the Holder may surrender it or, in the case of a partial exchange, present it for endorsement to or to the order of the Issue and Paying Agent and in exchange the Issuer will deliver, or procure the delivery of (i) in the case of a Temporary Global Security, a Permanent Global Security in an aggregate nominal amount equal to that of the Temporary Global Security that is being exchanged, or (ii) in the case of a Permanent Global Security exchangeable for Definitive Securities, an equal aggregate nominal amount of duly executed and authenticated Definitive Securities.

If the Global Security is in NGN Form, the Issuer will procure that details of such exchange be entered pro rata in the records of the Relevant Clearing System. On exchange in full of each Permanent Global Security, the Issuer will, if the Holder so requests, procure that it is cancelled and returned to the Holder together with the relevant Definitive Securities.

(b) **Exchange of French Cleared Securities**

In respect of French Cleared Securities, each Series of French Cleared Securities will be initially issued in the form of a Temporary Global Security and will be exchangeable, free of charge to the Holder, on and after its Exchange Date in whole or in part upon certification as to non-US beneficial ownership in the form set out in the Agency Agreement for interests in a Permanent Global Security.

(c) **Exchange of French Securities**

French Securities in one form may not be exchanged for French Securities in any other form except as provided below.

French Securities issued in fully registered form (*au nominatif pur*) may, at the option of the Holder, be converted into French Securities in administered registered form (*au nominatif administré*), and vice versa. The exercise of any such option by such Holder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such Holder.

(d) **Exchange of Registered Securities (other than Danish Securities, Finnish Securities, Norwegian Securities, Swedish Securities and Swiss Securities)**

Registered Securities of each Series which are sold in an 'offshore transaction' within the meaning of Regulation S under the Securities Act will be represented by interests in a Global Security, without Coupons or Talons, or deposited with, and registered in the name of, a Common Depositary or a Common Safekeeper on behalf of the Relevant Clearing System on its issue date.

1.3 **Denomination and Number**

The Final Terms in respect of Securities will specify the denomination or denominations (each a "**Specified Denomination**") in which such Securities are issued, the Aggregate Nominal Amount, the Issue Price per Security and the Calculation Amount.

In the case of a Series of Securities with more than one Specified Denomination, Bearer Securities of one Specified Denomination will not be exchangeable for Bearer Securities of another Specified Denomination.

All Registered Securities, French Securities and French Cleared Securities of a Series shall have the same Specified Denomination.

1.4 **Title**

(a) **Title to Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Securities, Norwegian Securities, Swedish Securities, Swiss Securities and Swiss Cleared Securities)**

Title to Bearer Securities and any Coupons or Talons, as the case may be, passes by delivery. Title to Registered Securities passes by registration in the Register, which the Issuer shall procure is kept by the Registrar in accordance with the provisions of the Agency Agreement.

The Issuer and the relevant Agents shall (except as otherwise required by law or ordered by a court of competent jurisdiction) deem and treat the Holder (as defined below) of any Bearer Security, Coupon or Registered Security as its absolute owner for all purposes (whether or not such Security is overdue and regardless of any notice of ownership, trust or any interest in it, any writing on it (or on the Global Security representing it) or its theft or loss) and no person shall be liable for so treating the Holder.

In these General Conditions, except in respect of CREST Securities, Danish Securities, Finnish Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities, "**Holder**" means the bearer of any Bearer Security or the person in whose name a Registered Security is registered. In respect of any Global Securities, the person appearing as the accountholder for the Relevant Clearing System (the "**Accountholder**") shall be treated as the Holder for all purposes other than with respect to the payment of any amount due under

the Securities (for which purpose the Common Depositary or Common Safekeeper (or their respective nominee, as applicable), as the case may be, shall be treated by the Issuer and any Agent as the relevant Holder).

(b) **Title to CREST Securities**

The CREST Agent on behalf of the Issuer shall maintain a record of uncertificated corporate securities (the "**Record**") in relation to CREST Securities and each person who is for the time being shown in the Record shall be treated by the Issuer and the Agents as the Holder of the particular nominal amount of CREST Securities for all purposes (and the expression "**Holder**" and "**Holder of CREST Securities**" and related expressions shall be construed accordingly for the purpose of the Conditions).

No provision of the Conditions shall apply or have effect to the extent that it is in any respect inconsistent with (i) the holding of title to CREST Securities in uncertificated form, (ii) the transfer of title to CREST Securities by means of a relevant system or (iii) the Uncertificated Regulations. Without prejudice to the generality of the preceding sentence, so long as the CREST Securities are participating securities, (A) the Record shall be maintained at all times in the United Kingdom, (B) the CREST Securities will be issued in uncertificated form in accordance with and subject as provided in the Uncertificated Regulations and (C) the Conditions shall remain applicable notwithstanding that they are not endorsed on any certificate or document of title for such CREST Securities.

As used in these General Conditions, each of "**Operator**", "**Operator register of corporate securities**", "**participating security**", "**record of uncertificated corporate securities**" and "**relevant system**" is as defined in the Uncertificated Regulations (and the relevant Operator is Euroclear UK & Ireland Limited or any additional or alternative Operator from time to time and notified to the Holders of CREST Securities).

(c) **Title to CREST Depository Interests**

Where 'CDIs' is specified in the Final Terms as 'Applicable' for a Series, investors may hold CREST Depository Interests ("**CDIs**") constituted and issued by the CREST Depository and representing indirect interests in such Securities. CDIs will be issued and settled through CREST.

Neither the Securities nor any rights with respect thereto will be issued, held, transferred or settled within CREST otherwise than through the issue, holding, transfer and settlement of CDIs. Holders of CDIs will not be entitled to deal directly in the Securities to which such CDIs relate (the "**Underlying Securities**"). Accordingly, all dealings in Securities represented by a holding of CDIs will be effected through CREST.

CDIs will be constituted and governed by the terms of the CREST Deed Poll. Holders of CDIs will have no rights against the Issuer, any Manager or any Agent in respect of the Underlying Securities, interests therein or the CDIs representing them.

(d) **Title to Danish Securities**

In respect of Danish Securities, the "**Holder**" will be the person evidenced as such by a book entry in the book-entry system and register maintained by VP. Ownership of the Danish Securities will be transferred by registration in the register between the direct or nominee accountholders at VP in accordance with the Securities Trading Act and the Danish VP Registration Order and the rules and procedures of the VP from time to time. Where a nominee is so evidenced, it shall be treated by the Issuer as the Holder of the relevant Danish Securities.

(e) **Title to Finnish Securities**

In respect of Finnish Securities, the "**Holder**" will be the person in whose name a Finnish Cleared Security is registered in a book-entry account in the book-entry system of Euroclear Finland (including a nominee Accountholder, as the case may be) in accordance with Finnish

laws and the Euroclear Finland Rules. Where a nominee is so evidenced, it shall be treated as the holder of the relevant Finnish Securities.

Notwithstanding any secrecy obligation, the Issuer shall, subject to the Relevant Rules and applicable laws, be entitled to obtain a list of the Holders and information on the Holders from Euroclear Finland (and Euroclear Finland shall be entitled to provide such information to the Issuer), provided that it is technically possible for Euroclear Finland to maintain such a list. The Issuer shall pass on such information to the Finnish Issue and Paying Agent upon request.

(f) **Title to French Securities**

Title to French Securities will be evidenced in accordance with Articles L.211–3 and R.211–1 of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211–7 of the French *Code monétaire et financier*) will be issued in respect of French Securities.

In respect of French Securities, the holder of French Securities will be the person whose name appears in the account of the relevant Accountholder or of the Issuer or of the Registration Agent (as the case may be) as being entitled to such Securities and the term "Holder" shall be construed accordingly.

(g) **Title to Norwegian Securities**

In respect of Norwegian Securities, the "**Holder**" will be the person registered in the VPS System as the Holder of the Norwegian Securities. The Holder will hold the Norwegian Securities through its authorised VPS Accountholder either directly or through a nominee. Where a nominee is registered in the VPS as the Holder, it shall be treated by the Issuer as the Holder of the relevant Norwegian Securities.

(h) **Title to Swedish Securities**

In respect of Swedish Securities, the "**Holder**" will be the person in whose name a Swedish Security is registered in a book-entry account in the book-entry system of Euroclear Sweden (including a nominee Accountholder, as the case may be) in accordance with the Swedish Financial Instruments Accounts Act (1998:1479) (Sw. *Lag (1998:1479) om kontoföring av finansiella instrument*) and the Euroclear Sweden Rules. Where a nominee is so evidenced, it shall be treated as the holder of the relevant Swedish Securities.

Notwithstanding any secrecy obligation, the Issuer shall, subject to the Relevant Rules and applicable laws, be entitled to obtain a list of the Holders and information on the Holders from Euroclear Sweden (and Euroclear Sweden shall be entitled to provide such information to the Issuer), provided that it is technically possible for Euroclear Sweden to maintain such a list. The Issuer shall pass on such information to the Swedish Issue and Paying Agent upon request.

(i) **Title to Swiss Securities and Swiss Cleared Securities**

In respect of Swiss Securities which constitute Intermediated Securities and Swiss Cleared Securities, the holder and legal owner of such Swiss Securities or Swiss Cleared Securities will be the person holding them in a securities account in his own name and for his own account with his depository (*Verwahrungsstelle*) in accordance with the terms of the FISA (and the expression "**Holder**" as used herein shall be construed accordingly). The records of such depository determine the number of Swiss Securities held by such Holder and the FISA grants each Holder the right to ask the depository for information about Intermediated Securities that are credited to his or her account. The respective disclosure document (*Ausweis*) does not constitute a Swiss Security.

In respect of Swiss Securities which are issued in the form of uncertificated securities, but do not constitute Intermediated Securities, the holder and legal owner of such Swiss Securities will be the person registered as holder in the register of uncertificated securities and "**Holder**" shall be construed accordingly. In respect of Swiss Securities converted to certificated securities by the Issuer issuing a permanent global certificate or physical securities which are

not Intermediated Securities, the holder and legal owner of such Swiss Securities will be the person(s) holding the permanent global certificate or physical securities (and the expression "**Holder**" as used herein shall be construed accordingly).

1.5 **Transfers**

(a) **Transfers of Cleared Securities**

(i) **Cleared Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Securities, Norwegian Securities, Swedish Securities, Swiss Securities and Swiss Cleared Securities)**

Subject to paragraph General Condition 1.5(d) (*Minimum Tradable Amount*) below, transfers of Securities which are held in a Relevant Clearing System may be effected only through the Relevant Clearing System in which the Securities to be transferred are held and only in accordance with the Relevant Rules. Title will pass upon registration of the transfer in the books of Euroclear or the Euroclear France Accountholder, as the case may be.

(ii) **Transfers of CREST Securities**

Transfers of CREST Securities are effected upon registration of the transfer in the Operator register of corporate securities and subject to and in accordance with the Uncertificated Regulations and the rules, procedures and practices in effect of the Operator (the "**CREST Requirements**").

Transfers of CREST Securities will be effected without charge by or on behalf of the Issuer, the Operator or the CREST Agent, but upon payment of any Taxes that may be imposed in relation to them (or the giving of such indemnity as the Issuer, the Operator or the CREST Agent may require).

(iii) **Transfers of Danish Securities**

Danish Securities will be transferable only in accordance with the Securities Trading Act, the Danish VP Registration Order and the procedures applicable to and/or issued by VP from time to time.

(iv) **Transfers of Finnish Securities**

Transfers of Finnish Securities are effected upon entry in the Euroclear Finland Register and in accordance with the Relevant Rules and Finnish Act on the Book-entry System and Clearing Activity and the Finnish Act on Book-entry Accounts.

(v) **Transfers of French Securities**

Title to French Securities in bearer dematerialised form (*au porteur*) and in administered registered form (*au nominatif administré*) will pass upon, and transfers of such French Securities may only be effected through, registration of the transfers in the accounts of Accountholders. Title to French Securities in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Securities may only be effected through, registration of the transfers in the accounts of the Issuer or of the Registration Agent.

(vi) **Transfers of Norwegian Securities**

Transfers of Norwegian Securities are effected upon entry in the VPS Register and in accordance with the Relevant Rules.

(vii) **Transfers of Swedish Securities**

Transfers of Swedish Securities are effected upon entry in the Euroclear Sweden Register and in accordance with the Swedish Financial Instruments Accounts Act

(1998:1479) (Sw. *Lag (1998:1479) om kontoföring av finansiella instrument*) and the Relevant Rules.

(viii) **Transfers of Swiss Securities**

Swiss Securities constituting Intermediated Securities may solely be transferred and otherwise disposed of in accordance with the provisions of the FISA, being transferred and disposed of by instruction of the Holder to his depository to transfer the Intermediated Securities and crediting the Intermediated Securities to the account of the transferee's depository and the Holders shall at no time have the right to demand the conversion of Uncertificated Securities into, or the delivery of, a Global Security or physical securities; by contrast, the Issuer shall have the right to effect the conversion of the Uncertificated Securities into a Global Security and physical securities and vice versa.

(b) **Transfers of non-cleared Securities**

(i) **Non-cleared Bearer Securities**

Non-cleared Bearer Securities, Coupons and Talons will be transferred by delivery.

(ii) **Non-cleared Registered Securities**

Non-cleared Registered Securities may be transferred only through the Register by delivery in writing to the Registrar or any Transfer Agent of (A) the relevant Definitive Registered Security or Global Registered Security representing such Registered Securities to be transferred, (B) the duly completed form of transfer, Exercise Notice or notice of redemption and surrender and (C) any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Securities, a new Definitive Registered Security shall be issued to the transferee in respect of the part transferred and a further new Definitive Registered Security or Global Registered Security in respect of the balance of the holding not transferred shall be issued to the transferor. Transfers of part only of a holding of Registered Securities represented by a non-cleared Global Registered Security may only be made (1) if an Exchange Event occurs; or (2) with the consent of the Issuer, provided that, the registered Holder has given the Registrar not less than ten Business Days' notice at its specified office of the registered Holder's intention to effect such transfer. All transfers of Securities and entries on the Register will be made subject to the detailed regulations concerning transfers of Securities scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and each Holder. A copy of the current regulations will be made available by the Registrar to any Holder upon request.

Transfers of Registered Securities will be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any Taxes that may be imposed in relation to it (or the giving of an indemnity as the Issuer, Registrar or the relevant Transfer Agent may require).

(c) **Registered Security closed periods**

No Holder may require the transfer of a Definitive Registered Security (i) during the period of 15 calendar days ending on the due date for redemption or exercise, or any date on which the Securities may be called for redemption by the Issuer at its option pursuant to General Condition 7.1(c)(i) (*Call-European*) or 7.1(c)(ii) (*Call-Bermudan*), (ii) on any day after the date of any Option Exercise Notice delivered by such Holder in respect of such Definitive Registered Security, (iii) after any such Security has been called for redemption or has been exercised or (iv) during the period of seven calendar days ending on (and including) any Record Date.

(d) **Minimum Tradable Amount**

Transactions in the Securities may, if specified in the Final Terms, be subject to a Minimum Tradable Amount, in which case such Securities will be transferable only in a nominal amount of not less than such Minimum Tradable Amount and, in the case of Cleared Securities, in accordance with the Relevant Rules.

2. **Status**

The Securities constitute direct, unsecured and unsubordinated obligations of the Issuer and rank equally among themselves. The payment obligations of the Issuer under the Securities will rank equally with all other present and future unsecured and unsubordinated obligations of the Issuer (except for such obligations as may be preferred by provisions of law that are both mandatory and of general application). The Securities do not evidence deposits of the Issuer. The Securities are not insured or guaranteed by any government or government agency.

3. **Contractual acknowledgement of bail-in in respect of Swiss Securities**

By its acquisition of Swiss Securities, each Holder of Swiss Securities:

- (i) acknowledges and agrees to be bound by and consents to the exercise of any U.K. Bail-In Power by the Relevant U.K. Resolution Authority that may result in the cancellation of all, or a portion, of the principal amount of, or interest on, the Swiss Securities and/or the conversion of all, or a portion of, the principal amount of, or interest on, the Swiss Securities into shares or other securities or other obligations of the Issuer or another person, including by means of a variation to the Conditions of the Swiss Securities, in each case, to give effect to the exercise by the Relevant U.K. Resolution Authority of such U.K. Bail-In Power; and
- (ii) acknowledges and agrees that the rights of Holders of the Swiss Securities are subject to, and will be varied, if necessary, so as to give effect to, the exercise of any U.K. Bail-in Power by the Relevant U.K. Resolution Authority.

Each Holder of the Swiss Securities that acquires its Swiss Securities in the secondary market shall be deemed to acknowledge and agree to be bound by and consent to the same provisions specified in the Conditions to the same extent as the Holders of the Swiss Securities that acquire the Swiss Securities upon their initial issuance, including, without limitation, with respect to the acknowledgement and agreement to be bound by and consent to the Conditions of the Securities, including in relation to the U.K. Bail-In Power.

The exercise of the U.K. Bail-In Power by the Relevant U.K. Resolution Authority with respect to Swiss Securities shall not constitute an Event of Default.

4. **Calculations and Publication**

4.1 **Rounding**

For the purposes of any calculations required pursuant to the Conditions unless otherwise specified, all currency amounts that fall due and payable shall be rounded to the nearest Unit of such currency (with half a Unit being rounded up), save in the case of Japanese yen, which shall be rounded down to the nearest Japanese yen. For these purposes, "Unit" means the lowest amount of such currency that is available as legal tender in the country of such currency.

4.2 **Determination and publication of interest amounts, and amounts in respect of settlement**

As soon as practicable on such date as the Issue and Paying Agent or, as applicable, the Determination Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation in respect of or in connection with any Security, such Agent shall determine such rate, obtain any required quotation or make such determination or calculation, as the case may be, and cause the relevant payment amount to be notified to the Issuer, each of the Paying Agents, the Holders, any other Agent in respect of the Securities that is to make a payment or further calculation or determination upon receipt of such information and, if the Securities are listed and the rules of the relevant stock exchange or

other relevant authority so require, such exchange or relevant authority, as soon as possible after their determination but in no event later than (a) in the case of notification to an exchange or relevant authority of an Interest Amount, the commencement of the relevant Interest Calculation Period, if determined prior to such time, or (b) in all other cases, the fourth Business Day following such determination.

4.3 Calculation Amount

(a) General

If the Settlement Amount relating to a Security is specified, or is to be determined, by reference to the Calculation Amount specified in the Final Terms, then, on each occasion on which such Security is redeemed in part, the corresponding Settlement Amount shall be deemed to have been reduced by an amount proportional to the nominal amount or portion of the Security so redeemed or exercised with effect from the date of such partial reduction or exercise.

(b) Calculations in respect of Securities

- (i) Notwithstanding anything to the contrary in the Conditions or the Agency Agreement each calculation of an amount payable in cash in respect of each Security (other than a Definitive Security) shall be based on the aggregate nominal amount of all such Securities outstanding on such date (or the relevant affected portion thereof), rounded in accordance with the method provided in General Condition 4.1 (*Rounding*) above and distributed in accordance with the Relevant Rules;
- (ii) For the avoidance of doubt, in relation to any amount which is payable under these Conditions in respect of a Security and which is calculated by reference to a Calculation Amount, references to 'Security' shall mean to a Security having a nominal amount (or face value) equal to the Calculation Amount.

4.4 Business Day Convention

If (i) any date specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, or (ii) there is no numerically corresponding day of the calendar month in which an Interest Period End Date should occur, and where in each case the Business Day Convention is specified in the Final Terms as:

- (a) "**Following**", such date shall be postponed to the next day that is a Business Day;
- (b) "**Modified Following**", such date shall be postponed to the next day that is a Business Day unless it would fall in the next calendar month, in which case such date shall be brought forward to the immediately preceding Business Day;
- (c) "**Nearest**", such date shall be brought forward to the first preceding day that is a Business Day if the relevant date otherwise falls on a day other than a Sunday or a Monday and shall be postponed to the first following day that is a Business Day if the relevant date otherwise falls on a Sunday or a Monday; or
- (d) "**Preceding**", such date shall be brought forward to the immediately preceding Business Day.
- (e) "**Floating Rate**", such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such date shall be brought forward to the immediately preceding Business Day and (B) each subsequent such date shall be the last Business Day in the month in which such date would have fallen had it not been subject to adjustment.

Swedish Securities shall only apply 'Following' or 'Modified Following' Business Day Conventions.

5. Payments

5.1 Payments in respect of Definitive Bearer Securities

In respect of any Definitive Bearer Security payments of principal will be made against and subject to the presentation and surrender (or, in the case of part payment, endorsement) of the relevant Definitive Bearer Security at the specified office of any Paying Agent outside the United States, by a cheque drawn in the currency in which payment is due, or by transfer to an account with an Account Bank denominated in such currency, as applicable. Payments of interest will be made as set out above but against and subject to the presentation and surrender of the relevant Coupon.

Notwithstanding the foregoing, payments of principal or interest may be made in United States dollars at the specified office of any Paying Agent in New York City if (i) the Issuer has appointed Paying Agents with offices outside of the United States with the reasonable expectation that such Paying Agents would be able to make payment in United States dollars, (ii) payment of the full amount of such interest or principal in United States dollars at the offices of such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law, without involving, in the determination of the Issuer, any adverse tax consequences to the Issuer.

5.2 Payments in respect of Definitive Registered Securities

Payments of principal in respect of each Definitive Registered Security will be made against and subject to the condition to settlement, presentation and surrender of the relevant Definitive Registered Security at the specified office of the Registrar or any of the Transfer Agents and in the manner provided in the immediately following paragraph below.

Payments of interest in respect of each Definitive Registered Security will be made on the relevant due date to the Holder, or the first named of any joint Holders appearing in the Register at the close of business on the relevant Record Date by cheque drawn on an Account Bank and mailed to such Holder at the address in the Register, or by electronic transfer to an account in the relevant currency maintained by the payee with an Account Bank.

5.3 Payments in respect of Global Securities

(a) Global Bearer Securities

No payment falling due after the Exchange Date will be made on any Global Bearer Securities unless exchange for an interest in a Permanent Global Security or for Definitive Bearer Securities is improperly withheld or refused. Payments on any Temporary Global Security issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-US beneficial ownership in the form set out in the Agency Agreement.

(b) CGNs

All payments in respect of Bearer Securities in CGN Form will be made against and subject to presentation for endorsement and, if no further payment falls to be made in respect of the Global Bearer Securities, surrender of that Global Bearer Security to or to the order of the Issue and Paying Agent or such other Paying Agent as shall have been notified to the Holders for such purpose.

(c) NGNs and Global Securities held under NSS

If a Global Bearer Security is a Cleared Security in NGN Form or a Global Registered Security is a Cleared Security held under the NSS, the Issuer shall procure that details of each such payment shall be entered in the records of the Relevant Clearing System. Payments in respect of Securities in NGN Form will be made to its Holder. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the Relevant Clearing System shall not affect such discharge.

(d) **Global Registered Securities that are Cleared Securities**

All payments in respect of Cleared Securities that are represented by a Global Registered Security will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Record Date.

(e) **Relationship of Accountholders and Relevant Clearing Systems**

Each of the persons shown in the records of the Relevant Clearing System as the Holder represented by a Global Security must look solely to the Relevant Clearing System for his share of each payment made by the Issuer to the bearer of such Global Bearer Security or the Holder of the underlying Registered Securities. The obligations of the Issuer will be discharged by payment to the bearer of such Global Bearer Security or the Holder of the underlying Registered Security, as the case may be, in respect of each amount so paid.

(f) **Exercise of Options or Partial Redemption in Respect of Registered Securities**

In the case of an exercise of an Issuer's or Holder's option in respect of, or a partial redemption of, a holding of Registered Securities represented by a single Definitive Registered Security or Global Registered Security, as the case may be, a new Definitive Registered Security shall be issued to the Holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Securities of the same holding having different terms, a separate Definitive Registered Security or Global Registered Security shall be issued in respect of those Registered Securities of that holding that have the same terms. New Definitive Registered Securities shall only be issued against surrender of the relevant existing Definitive Registered Security or Global Registered Security to the Registrar or any Transfer Agent. In the case of a transfer of Registered Securities to a person who is already a Holder of Registered Securities, a new Definitive Registered Security representing the enlarged holding shall only be issued against surrender of the Definitive Registered Security or Global Registered Security representing the existing holding.

5.4 **Payments in respect of CREST Securities**

The Issuer shall procure that all payments in respect of CREST Securities are made to the relevant Holder's cash memorandum account for value on the Relevant Date, such payment to be made in accordance with the regulations of CREST.

Each of the persons shown in the Record as the Holder of a particular nominal amount of CREST Securities must look solely to the settlement bank or institution at which its cash memorandum account is held for its share of each such payment so made by or on behalf of the Issuer.

5.5 **Payment in respect of Danish Securities**

Payments of principal and interest in respect of Danish Securities will be made to the Holders of the Danish Securities on the fifth Danish Business Day (or such other day which may become customary on the Danish bond market in respect of Danish Securities, which, in respect of Danish Securities denominated in Danish kroner is expected to be the third Danish Business Day) prior to the Interest Payment Date or the Scheduled Redemption Date, as the case may be, all in accordance with the Relevant Rules.

5.6 **Payment in respect of Finnish Securities**

Payments of principal and interest in respect of the Finnish Securities will be made to the Holders of the Finnish Securities (appearing on the register maintained by Euroclear Finland in accordance with the Relevant Rules at the close of business on the third Helsinki Business Day before the Relevant Date) in accordance with the Finnish Act on the Book-entry System and Clearing Activity (*'laki arvo-osuusjärjestelmästä ja selvitystoiminnasta'* (749/2012)), the Finnish Act on Book-entry Accounts (*'laki arvo-osuustileistä'* (872/1991)), other applicable Finnish legislation and the Relevant Rules.

5.7 Payments in respect of French Securities

Payments of principal and interest in respect of French Securities shall, in the case of French Securities in bearer form (*au porteur*) or administered registered form (*au nominatif administré*), be made by transfer to the account denominated in the relevant currency of the relevant Accountholders for the benefit of the Holders of such Securities and, in the case of French Securities in fully registered form (*au nominatif pur*), to an account denominated in the relevant currency with a Receiving Bank designated by the relevant Holder of such Securities. All payments validly made to such Accountholders will be an effective discharge of the Issuer in respect of such payments.

For the purpose of this General Condition 5.7, "**Receiving Bank**" means a bank in the principal financial centre of the relevant currency or, in the case of euro, in a city in which banks have access to the TARGET System.

5.8 Payments in respect of Norwegian Securities

The Issuer will ensure that all payments to Holders of Norwegian Securities will be made through the VPS System and with the assistance of the Norwegian Issue and Paying Agent and Accountholder for the Issuer in the VPS System and in accordance with the Relevant Rules.

5.9 Payments in respect of Swedish Securities

Payments of principal and interest in respect of the Swedish Securities will be made to the Holders of the Swedish Securities (appearing on the register maintained by Euroclear Sweden in accordance with the Relevant Rules at the close of business on (i) in respect of principal and interest payments on Securities issued in notional, the fifth and (ii) in respect of principal payments on Securities issued in Units, the fourth and (iii) in respect of interest payments on Securities issued in Units, the fifth, Stockholm Business Day before the Relevant Date) in accordance with the Swedish Financial Instruments Accounts Act (1998:1479) (Sw. *Lag (1998:1479) om kontoföring av finansiella instrument*), and the Relevant Rules.

5.10 Payments in respect of Swiss Securities

Payments of principal and interest in respect of Swiss Securities or other Securities held through SIS shall be made, subject to applicable fiscal and other laws and regulations of the Relevant Clearing System(s), to the Relevant Clearing System(s) or to its/their order for credit to the account(s) of the relevant Accountholder(s) in accordance with the Relevant Rules. The Issuer and the Swiss Issue and Paying Agent shall be discharged by payment or delivery to, or to the order of, such Accountholders. Swiss Securities shall not be physically delivered as long as no definitive securities (*Wertpapiere*) are printed. Swiss Securities may be printed in whole but not in part.

5.11 Unmatured Coupons and unexchanged Talons

(a) Unmatured Coupons and unexchanged Talons void

Upon the due date for redemption of any Definitive Bearer Security, unmatured Coupons and unexchanged Talons relating to such Security (whether or not attached) shall become void and no payment shall be made in respect of them.

(b) Requirement for Indemnity

Where any Definitive Bearer Security is presented for redemption without all unmatured Coupons and any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

5.12 Taxes and Settlement Expenses conditions to settlement

Payment of any Settlement Amount shall be subject to deduction, or conditional upon payment by the relevant Holder(s), of any applicable Taxes and (unless specified in the Final Terms as 'Not Applicable' Settlement Expenses) and any other amounts payable as specified in

the Conditions. The Issuer shall notify the Holder(s) of (a) such applicable Taxes, Settlement Expenses and other amounts payable and (b) the manner in which such amounts shall be paid by the Holder(s).

5.13 Payments on Business Days and postponed payments

Subject to the application of any Business Day Convention, if the date on which any amount is payable is not (i) a Business Day (or, in respect of Swedish Securities only, a Stockholm Business Day) and (ii) in the case of Definitive Securities only, a day other than a Saturday or Sunday on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the relevant place of presentation, then payment will not be made until the next succeeding day which is (i) a Business Day (or, in respect of Swedish Securities only, a Stockholm Business Day) and (ii) in the case of Definitive Securities only, also a day other than a Saturday or Sunday on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the relevant place of presentation, and the Holder thereof shall not be entitled to any interest or any further payment in respect of such delay. If payment is postponed for any other reason under the General Conditions, including postponement due to the unavailability of a Reference Rate as provided in General Condition 6.7(d)(ii)(B), the Holders shall not be entitled to any interest or any further payment on account of such postponement.

5.14 Payments in CNY

All payments in CNY in respect of a Security will be made solely by transfer to a Renminbi bank account maintained in accordance with applicable laws and regulations at a bank in Hong Kong.

C. INTEREST, OPTIONAL EARLY REDEMPTION AND FINAL REDEMPTION

6. Interest

(a) Type of interest

The Final Terms will specify in respect of each Interest Calculation Period whether the Securities pay:

- Fixed Rate Interest;
- Floating Rate Interest;
- Inverse Floating Rate Interest;
- Inflation-Linked Interest;
- Digital Interest; or
- Spread-Linked Interest, or

whether the Securities are Zero Coupon, in each case in respect of such Interest Calculation Period.

The Final Terms will indicate whether or not a Switch Option is applicable.

(b) Certain information to be found in the Final Terms

The Final Terms will contain provisions applicable to the determination of interest (if any) and must be read in conjunction with this General Condition 6 for full information on the manner in which interest is calculated on the Securities. In particular, the Final Terms will specify the following information items where relevant to the particular Securities:

- the Specified Denomination;
- the Settlement Currency;
- the Interest Commencement Date;
- the Fixed Rate(s);

- the Reference Rate;
- the Interest Payment Date(s);
- the Scheduled Redemption Date;
- the Calculation Amount;
- the Day Count Fraction;
- the Strike;
- the Participation;
- any applicable Valuation Date(s);
- details relating to the calculation of the Range Accrual Factor (if applicable);
- details of any applicable Inflation Index;
- details of any applicable Switch Option; and
- details of any applicable put or call option.

6.1 Fixed Rate Interest

(a) Application

This General Condition 6.1 applies only in respect of Interest Calculation Periods for which the Type of Interest is specified in the Final Terms as Fixed Rate Interest (if any).

(b) Rate of interest and when paid

Each Security bears interest during each Relevant Interest Calculation Period at the rate(s) per annum equal to the Fixed Rate(s) specified in the Final Terms to apply to the Relevant Interest Payment Date corresponding to such Relevant Interest Calculation Period, subject to the application of the Range Accrual Factor, if applicable. Interest will be payable on the Relevant Interest Payment Date falling on or about the end of each such Relevant Interest Calculation Period.

(c) Interest Amount

The Interest Amount payable in respect of each Security (representing a nominal amount equal to the Calculation Amount) on any Relevant Interest Payment Date, shall be calculated by the Determination Agent by multiplying the relevant Fixed Rate by the Calculation Amount, and then further multiplying such amount by:

- (i) the applicable Day Count Fraction;
- (ii) in the case of Securities having a Settlement Currency that is different from the Issue Currency, multiplying the resultant amount in the Issue Currency by the applicable Exchange Rate as at the Fixing Time – Interest on the relevant Fixing Date – Interest; and
- (iii) if 'Range Accrual' is specified in the Final Terms as applicable to such Relevant Interest Payment Date, multiplying such amount by the applicable Range Accrual Factor (which shall be determined in accordance with General Condition 6.8 (*Calculation of the Range Accrual Factor*) below),

provided that, if the above calculation results in an amount of less than zero, then the Interest Amount payable on the Relevant Interest Payment Date shall be deemed to be zero.

(d) Relevant defined terms

The following terms as used above have the following meanings:

- "**Calculation Amount**" means a nominal amount of the Securities equal to the Specified Denomination (unless a different amount is specified in the Final Terms, in which case, such amount).
- "**Day Count Fraction**" means the fraction equal to the number of days of the Interest Calculation Period divided by the number of days of the year, in each case as

determined by the applicable convention, which may be any of 'Actual/Actual(ICMA)', 'Act/Act(ICMA)', 'Actual/Actual', 'Actual/Actual (ISDA)', 'Actual/365 (Fixed)', 'Actual/360', '30/360', '360/360', 'Bond Basis', '30E/360', 'Eurobond Basis', or '30E/360 (ISDA)' (each as defined in General Condition 28.1 (*Definitions*) in the definition "**Day Count Fraction Conventions**"), as specified in the Final Terms.

- "**Fixed Rate**" means the percentage rate of interest per annum for the Relevant Interest Payment Date as set out in the Final Terms.
- "**Interest Calculation Period**" means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the next succeeding Interest Period End Date and each successive period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next succeeding Interest Period End Date.
- "**Interest Payment Date**" means:
 - (a) each date specified as such in the Final Terms; or
 - (b) each date falling the number of Business Days specified in the Final Terms after the Interest Determination Date.
- "**Interest Period End Date**" means each date specified as such in the Final Terms or, if none, each Interest Payment Date (after adjustment due to any applicable Business Day Convention), provided that if the Final Terms specifies that the Interest Period End Date is not subject to adjustment, the Interest Period End Date will be each date specified as such (or, if none, each Interest Payment Date) disregarding any adjustment to the Interest Payment Date due to any applicable Business Day Convention.
- "**Relevant Interest Calculation Period**" means each Interest Calculation Period in respect of which the Type of Interest is specified in the Final Terms as Fixed Rate Interest.
- "**Relevant Interest Payment Date**" means, in respect of a Relevant Interest Calculation Period, the Interest Payment Date falling on or about the end of such Relevant Interest Calculation Period.

6.2 Floating Rate Interest

(a) Application

This General Condition 6.2 applies only in respect of Interest Calculation Periods for which the Type of Interest is specified in the Final Terms as Floating Rate Interest (if any).

(b) Accrual of interest and when paid

Each Security bears interest during each Relevant Interest Calculation Period at the rate(s) per annum equal to the Rate of Interest applicable for that Relevant Interest Calculation Period, as determined below, subject to the application of the Range Accrual Factor, if applicable. Interest will be payable on the Relevant Interest Payment Date corresponding to such Relevant Interest Calculation Period.

(c) Interest Amount

(i) Calculation of Interest Amount

The Interest Amount payable in respect of each Security (representing a nominal amount equal to the Calculation Amount) on any Relevant Interest Payment Date, shall be calculated by the Determination Agent by multiplying the Rate of Interest for the Relevant Interest Payment Date by the Calculation Amount, then further multiplying such amount by:

- (A) the applicable Day Count Fraction;
- (B) in the case of Securities having a Settlement Currency that is different from the Issue Currency, multiplying the resultant amount in the Issue Currency by the applicable Exchange Rate as at the Fixing Time – Interest on the relevant Fixing Date – Interest; and
- (C) if 'Range Accrual' is specified in the Final Terms as applicable to such Relevant Interest Payment Date, multiplying such amount by the applicable Range Accrual Factor (which shall be determined in accordance with General Condition 6.8 (*Calculation of the Range Accrual Factor*) below),

provided that, if the above calculation results in an amount of less than zero, then the Interest Amount payable on the Relevant Interest Payment Date shall be deemed to be zero.

(ii) **Determination of Rate of Interest**

Subject to (iii) (*maximum and minimum rates of interest*) immediately below, the rate of interest (the "**Rate of Interest**") for a Relevant Interest Payment Date will be (x) the Floating Rate determined for such Relevant Interest Payment Date in accordance with (d) (*Floating Rate*) immediately below, multiplied by (y) the number specified as the 'Participation' in the Final Terms for such Relevant Interest Payment Date (provided that if no such amount is specified, the Participation shall be deemed to be 1) (the "**Participation**") and then (z) adding the 'Spread' percentage rate specified as such in the Final Terms for such Relevant Interest Payment Date (which rate may be negative) (the "**Spread**") to the product of (x) and (y).

The Rate of Interest calculation can also be expressed formulaically as:

$$(\text{Floating Rate} \times \text{Participation}) + \text{Spread}$$

(iii) **Maximum and minimum rates of interest**

If the Final Terms specifies a 'Cap Rate' percentage or that 'Curve Cap' is 'Applicable' and/or a 'Floor' percentage (in each case either (i) generally or (ii) in relation to one or more Relevant Interest Payment Dates), then the Rate of Interest shall be, as applicable:

- (A) where:
 - (1) 'Cap Rate' is specified as 'Applicable' in the Final Terms, no higher than the Cap Rate; or
 - (2) 'Curve Cap' is specified as 'Applicable' in the Final Terms, no higher than the Curve Cap Rate; and/or
- (B) where a 'Floor' percentage is specified, no lower than the Floor Rate.

(d) **Floating Rate**

The Final Terms will specify whether the Floating Rate to be determined for each Relevant Interest Payment Date shall be determined in accordance with either 'Floating Interest Rate Determination' (in which case General Condition 6.7(b) (*Floating Interest Determination of a Floating Rate*) below will apply) or 'CMS Rate Determination' (in which case General Condition 6.7(c) (*CMS Rate Determination for Floating Rate*) below will apply).

If 'Linear Interpolation' is specified in the Final Terms as applicable, then in respect of any short or long Relevant Interest Calculation Period as specified in the Final Terms, the Determination Agent will determine the relevant Floating Rate using Linear Interpolation.

(e) **Relevant defined terms**

The following terms as used above have the following meanings:

- "**Calculation Amount**" means a nominal amount of the Securities equal to the Specified Denomination (unless a different amount is specified in the Final Terms, in which case, such amount).
- "**Cap Rate**" means the percentage specified as such in the Final Terms.
- "**Curve Cap Rate**" means, in relation to an Interest Payment Date, the percentage determined by the Determination Agent for such Interest Payment Date as the lesser of (i) the Upper Limit and (ii) the product of (A) Factor, multiplied by (B) the sum of (x) Reference Index, plus (y) Margin:

The Curve Cap Rate calculation can also be expressed formulaically as:

$$\text{Min [Factor} \times (\text{Reference Index} + \text{Margin}); \text{Upper Limit}]$$

Where:

- "**Factor**" means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Factor' to be 'Not Applicable', it shall be deemed to be one).
- "**Margin**" means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Margin' to be 'Not Applicable', it shall be deemed to be zero).
- "**Min**" followed by two amounts (including a calculation which produces an amount) separated by a semi-colon (";"), means the lesser of such two amounts.
- "**Reference Index**" means:

- (i) If 'single rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$\text{Multiplier} \times \text{Reference Rate}$$

- (ii) If 'spread rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$(\text{Multiplier 1} \times \text{Reference Rate 1}) - (\text{Multiplier 2} \times \text{Reference Rate 2})$$

- (iii) If 'combined rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$(\text{Multiplier 1} \times \text{Reference Rate 1}) + (\text{Multiplier 2} \times \text{Reference Rate 2})$$

Where:

- "**Multiplier**", "**Multiplier 1**" and "**Multiplier 2**" each means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Multiplier', 'Multiplier 1' and/or 'Multiplier 2' to be 'Not Applicable', each such value as so specified shall be deemed to be one).
- "**Reference Rate**", "**Reference Rate 1**" and "**Reference Rate 2**" each means the Reference Rate specified as such in the Final Terms.
- "**Upper Limit**" means the percentage specified as such in the Final Terms.
- "**Day Count Fraction**" means the fraction equal to the number of days of the Interest Calculation Period divided by the number of days of the year, in each case as determined by the applicable convention, which may be any of 'Actual/Actual(ICMA)', 'Act/Act(ICMA)', 'Actual/Actual', 'Actual/Actual

(ISDA)', 'Actual/365 (Fixed)', 'Actual/360', '30/360', '360/360', 'Bond Basis', '30E/360', 'Eurobond Basis', or '30E/360 (ISDA)' (each as defined in General Condition 28.1 (*Definitions*) in the definition of "Day Count Fraction Conventions"), as specified in the Final Terms.

- **"Floating Rate"** means the percentage rate of interest per annum calculated in accordance with sub-paragraph (d) (*Floating Rate*) above.
- **"Interest Calculation Period"** means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the next succeeding Interest Period End Date and each successive period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next succeeding Interest Period End Date.
- **"Interest Payment Date"** means:
 - (a) each date specified as such in the Final Terms (provided that, if the Interest Determination Date is postponed pursuant to Condition 6.7(d)(ii)(B), such date shall be postponed by an equal number of Business Days); or
 - (b) each date falling the number of Business Days specified in the Final Terms after the Interest Determination Date (after adjustment due to postponement pursuant to Condition 6.7(d)(ii)(B), if applicable).
- **"Interest Period End Date"** means each date specified as such in the Final Terms or, if none, each Interest Payment Date (after adjustment due to any applicable Business Day Convention), provided that if the Final Terms specifies that the Interest Period End Date is not subject to adjustment, the Interest Period End Date will be each date specified as such (or, if none, each Interest Payment Date) disregarding any adjustment to the Interest Payment Date due to any applicable Business Day.
- **"Relevant Interest Calculation Period"** means each Interest Calculation Period in respect of which the Type of Interest is specified in the Final Terms as Floating Rate Interest.
- **"Relevant Interest Payment Date"** means, in respect of a Relevant Interest Calculation Period, the Interest Payment Date falling on or about the end of such Relevant Interest Calculation Period.

6.3 Inverse Floating Rate Interest

(a) Application

This General Condition 6.3 applies only in respect of Interest Calculation Periods for which the Type of Interest is specified in the Final Terms as Inverse Floating Rate Interest (if any).

(b) Accrual of interest and when paid

Each Security bears interest during each Relevant Interest Calculation Period at the rate(s) per annum equal to the Rate of Interest applicable for that Relevant Interest Calculation Period, as determined below, subject to the application of the Range Accrual Factor, if applicable. Interest will be payable on the Relevant Interest Payment Date corresponding to such Relevant Interest Calculation Period.

(c) Interest Amount

(i) Calculation of Interest Amount

The Interest Amount payable in respect of each Security (representing a nominal amount equal to the Calculation Amount) on any Relevant Interest Payment Date, shall be calculated by the Determination Agent by multiplying the Rate of Interest for that

Relevant Interest Payment Date by the Calculation Amount, and then further multiplying such amount by:

- (A) the applicable Day Count Fraction;
- (B) in the case of Securities having a Settlement Currency that is different from the Issue Currency, multiplying the resultant amount in the Issue Currency by the applicable Exchange Rate as at the Fixing Time – Interest on the relevant Fixing Date – Interest; and
- (C) if 'Range Accrual' is specified in the Final Terms as applicable to such Relevant Interest Payment Date, multiplying such amount by the applicable Range Accrual Factor (which shall be determined in accordance with General Condition 6.8 (*Calculation of the Range Accrual Factor*) below),

provided that, if the above calculation results in an amount of less than zero, then the Interest Amount payable on the Relevant Interest Payment Date shall be deemed to be zero.

(ii) **Determination of Rate of Interest**

Subject to (iii) (*Maximum and minimum rates of interest*) immediately below, the rate of interest (the "**Rate of Interest**") for a Relevant Interest Calculation Period ending on or about a Relevant Interest Payment Date will be (x) the 'Spread' percentage rate specified as such in the Final Terms for such Relevant Interest Payment Date (the "**Spread**") minus the product of (y) the Floating Rate determined for such Relevant Interest Payment Date in accordance with (d) (*Floating Rate*) immediately below ("**Floating Rate_(t)**") and (z) the number specified as the 'Participation' in the Final Terms for such Relevant Interest Payment Date (provided that if no such amount is specified, the Participation shall be deemed to be 1) (the "**Participation**").

The Rate of Interest calculation can also be expressed formulaically as follows:

$$\text{Spread} - \text{Floating Rate}_{(t)} \times \text{Participation}$$

(iii) **Maximum and minimum rates of interest**

If the Final Terms specifies a 'Cap Rate' percentage or that 'Curve Cap' is 'Applicable' and/or a 'Floor' percentage (in each case either (i) generally or (ii) in relation to one or more Relevant Interest Payment Dates), then the Rate of Interest shall be, as applicable:

- (A) where:
 - (1) 'Cap Rate' is specified as being 'Applicable' in the Final Terms, no higher than the Cap Rate; or
 - (2) 'Curve Cap' is specified as 'Applicable' in the Final Terms, no higher than the Curve Cap Rate; and/or
- (B) where a 'Floor' percentage is specified, no lower than the Floor Rate.

(d) **Floating Rate**

The Final Terms will specify whether the Floating Rate to be determined for each Relevant Interest Payment Date shall be determined in accordance with either 'Floating Interest Rate Determination' (in which case General Condition 6.7(b) (*Floating Interest Determination of a Floating Rate*) below will apply) or 'CMS Rate Determination' (in which case General Condition 6.7(c) (*CMS Rate Determination for Floating Rate*) below will apply).

If 'Linear Interpolation' is specified in the Final Terms as applicable, then in respect of any short or long Relevant Interest Calculation Period as specified in the Final Terms, the Determination Agent will determine the relevant Floating Rate using Linear Interpolation.

(e) **Relevant defined terms**

The following terms as used above have the following meanings:

- "**Calculation Amount**" means a nominal amount of the Securities equal to the Specified Denomination (unless a different amount is specified in the Final Terms, in which case, such amount).
- "**Cap Rate**" means the percentage specified as such in the Final Terms.
- "**Curve Cap Rate**" means, in relation to an Interest Payment Date, the percentage determined by the Determination Agent for such Interest Payment Date as the lesser of (i) the Upper Limit and (ii) the product of (A) Factor, multiplied by (B) the same of (x) Reference Index, plus (y) Margin.

The Curve Cap Rate calculation can also be expressed formulaically as:

$$\text{Min [Factor} \times (\text{Reference Index} + \text{Margin}); \text{Upper Limit}]$$

Where:

- "**Factor**" means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Factor' to be 'Not Applicable', it shall be deemed to be one).
- "**Margin**" means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Margin' to be 'Not Applicable', it shall be deemed to be zero).
- "Min" followed by two amounts (including a calculation which produces an amount) separated by a semi-colon (";"), means the lesser of such two amounts.
- "**Reference Index**" means:

- (i) If 'single rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$\text{Multiplier} \times \text{Reference Rate}$$

- (ii) If 'spread rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$(\text{Multiplier 1} \times \text{Reference Rate 1}) - (\text{Multiplier 2} \times \text{Reference Rate 2})$$

- (iii) If 'combined rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$(\text{Multiplier 1} \times \text{Reference Rate 1}) + (\text{Multiplier 2} \times \text{Reference Rate 2})$$

Where:

- "**Multiplier**", "**Multiplier 1**" and "**Multiplier 2**" each means the respective percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Multiplier', 'Multiplier 1' and/or 'Multiplier 2' to be 'Not Applicable', each such value as so specified shall be deemed to be one).
- "**Reference Rate**", "**Reference Rate 1**" and "**Reference Rate 2**" each means the Reference Rate specified as such in the Final Terms.
- "**Upper Limit**" means the percentage specified as such in the Final Terms.

- **"Day Count Fraction"** means the fraction equal to the number of days of the Interest Calculation Period divided by the number of days of the year, in each case as determined by the applicable convention, which may be any of 'Actual/Actual(ICMA)', 'Act/Act(ICMA)', 'Actual/Actual', 'Actual/Actual (ISDA)', 'Actual/365 (Fixed)', 'Actual/360', '30/360', '360/360', 'Bond Basis', '30E/360', 'Eurobond Basis', or '30E/360 (ISDA)' (each as defined in General Condition 28.1 (*Definitions*) in the definition of "Day Count Fraction Conventions"), as specified in the Final Terms.
- **"Floating Rate"** means the percentage rate of interest per annum calculated in accordance with sub-paragraph (d) (*Floating Rate*) above.
- **"Interest Calculation Period"** means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the next succeeding Interest Period End Date and each successive period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next succeeding Interest Period End Date.
- **"Interest Payment Date"** means:
 - (a) each date specified as such in the Final Terms (provided that, if the Interest Determination Date is postponed pursuant to Condition 6.7(d)(ii)(B), such date shall be postponed by an equal number of Business Days); or
 - (b) each date falling the number of Business Days specified in the Final Terms after the Interest Determination Date (after adjustment due to postponement pursuant to Condition 6.7(d)(ii)(B), if applicable).
- **"Interest Period End Date"** means each date specified as such in the Final Terms or, if none, each Interest Payment Date (after adjustment due to any applicable Business Day Convention), provided that if the Final Terms specifies that the Interest Period End Date is not subject to adjustment, the Interest Period End Date will be each date specified as such (or, if none, each Interest Payment Date) disregarding any adjustment to the Interest Payment Date due to any applicable Business Day Convention.
- **"Relevant Interest Calculation Period"** means each Interest Calculation Period in respect of which the Type of Interest is specified in the Final Terms as Inverse Floating Rate Interest.
- **"Relevant Interest Payment Date"** means, in respect of a Relevant Interest Calculation Period, the Interest Payment Date falling on or about the end of such Relevant Interest Calculation Period.

6.4 **Inflation-Linked Interest**

(a) **Application**

This General Condition 6.4 applies only in respect of Interest Calculation Period(s) for which the Type of Interest is specified in the Final Terms as Inflation-Linked Interest (if any).

(b) **Accrual of interest and when paid**

Each Security bears interest during each Relevant Interest Calculation Period at the rate(s) per annum equal to the Rate of Interest applicable for that Relevant Interest Calculation Period, as determined below, if applicable. Interest will be payable at the end of each Relevant Interest Calculation Period on the Relevant Interest Payment Date corresponding to such Relevant Interest Calculation Period.

(c) **Interest Amount**

(i) **Calculation of Interest Amount**

The Interest Amount payable in respect of each Security (representing a nominal amount equal to the Calculation Amount) on each Relevant Interest Payment Date shall be calculated on the Relevant Interest Calculation Date by the Determination Agent by multiplying the Inflation-Linked Rate of Interest for such Relevant Interest Payment Date by the Calculation Amount, and then further multiplying such amount by:

- (A) the applicable Day Count Fraction; and
- (B) in the case of Securities having a Settlement Currency that is different from the Issue Currency, multiplying the resultant amount in the Issue Currency by the applicable Exchange Rate as at the Fixing Time – Interest on the relevant Fixing Date – Interest,

provided that, if the above calculation results in an amount of less than zero, then the Interest Amount payable on the Relevant Interest Payment Date shall be deemed to be zero.

(ii) **Determination of Inflation-Linked Rate of Interest**

Subject to (iv)(*Maximum and minimum rates of interest*) below, the inflation-linked rate of interest (the "**Inflation-Linked Rate of Interest**") for a Relevant Interest Calculation Period ending on or about a Relevant Interest Payment Date will be the sum of (x) the applicable "**Inflation Factor**" determined for such Relevant Interest Payment Date in accordance with (iii) (*Inflation Factor*) immediately below multiplied by the number specified as the 'Fixed Percentage' in the Final Terms for such Relevant Interest Payment Date (provided that if no such amount is specified, the Fixed Percentage shall be deemed to be 1) (the "**Fixed Percentage**") and (y) the 'Spread' percentage rate specified as such in the Final Terms for such Relevant Interest Payment Date (which rate may be negative) (the "**Spread**").

The Rate of Interest calculation can also be expressed formulaically as:

$$(\text{Inflation Factor} \times \text{Fixed Percentage}) + \text{Spread}$$

(iii) **Inflation Factor**

The "Inflation Factor" shall be as determined in (A) (Inflation Factor (Cumulative)) or (B) (Inflation Factor (Year-on-Year)) below, as applicable.

(A) **Inflation Factor (Cumulative)**

If the Final Terms specifies that the Inflation Factor shall be "Inflation Factor (Cumulative)", the Inflation Factor shall be determined by dividing:

- (x) the Inflation Index Level for the calendar month ("**Reference Month**") specified in the Final Terms as corresponding to the relevant Interest Payment Date ("**Inflation Index_(t)**"); by
- (y) the Inflation Index Level for the Reference Month specified in the Final Terms as corresponding to the Initial Valuation Date ("**Inflation Index (initial)**").

The Inflation Factor calculation can also be expressed formulaically as:

$$\frac{\text{Inflation Index}_{(t)}}{\text{Inflation Index(initial)}}$$

If the Initial Valuation Date or any Interest Payment Date does not fall on the first calendar day of a month, and the Final Terms specifies that the Reference Month corresponding to such Initial Valuation Date or Interest Payment Date is subject to linear interpolation, the relevant Inflation Index Level corresponding

to such Initial Valuation Date or Interest Payment Date shall be calculated using linear interpolation between (x) the Inflation Index Level for the Reference Month corresponding to such Initial Valuation Date or Interest Payment Date and (y) the Inflation Index Level for the calendar month following such Reference Month.

(B) Inflation Factor (Year-on-Year)

If the Final Terms specifies that the Inflation Factor shall be 'Inflation Factor (Year-on-Year)', then the Inflation Factor shall be determined by subtracting 1 from the amount that is determined by dividing:

- (x) the Inflation Index Level for the calendar month ("**Reference Month**") specified in the Final Terms as corresponding to the Relevant Interest Payment Date ("**Inflation Index_(t)**"); by
- (y) the Inflation Index Level for the Reference Month falling 12 months prior to the Reference Month specified in the Final Terms as corresponding to the Relevant Interest Payment Date ("**Inflation Index_(t-1)**").

The Inflation Factor calculation can also be expressed formulaically as follows:

$$\frac{\text{Inflation Index}_{(t)}}{\text{Inflation Index}_{(t-1)}} - 1$$

If any Relevant Interest Payment Date does not fall on the first calendar day of a month, and the Final Terms specifies that the Reference Month corresponding to such Relevant Interest Payment Date is subject to linear interpolation, the relevant Inflation Index Level for the Reference Month corresponding to such Relevant Interest Payment Date and the Reference Month falling 12 months prior to such Reference Month shall be calculated using linear interpolation between (x) the Inflation Index Level for such month and (y) the Inflation Index Level for the calendar month following such month.

(iv) Maximum and minimum rates of interest

If the Final Terms specifies a 'Cap Rate' percentage or that 'Curve Cap' is 'Applicable' and/or a 'Floor' percentage (in each case either (i) generally or (ii) in relation to one or more Relevant Interest Payment Dates), then the Rate of Interest shall be, as applicable:

- (A) where:
 - (1) 'Cap Rate' is specified as 'Applicable' in the Final Terms, no higher than the Cap Rate; or
 - (2) 'Curve Cap' is specified as 'Applicable' in the Final Terms, no higher than the Curve Cap Rate; and/or
- (B) where a 'Floor' percentage is specified, no lower than the Floor Rate.

(d) Relevant defined terms

The following terms as used above have the following meanings:

- "**Calculation Amount**" means a nominal amount of the Securities equal to the Specified Denomination (unless a different amount is specified in the Final Terms, in which case, such amount).
- "**Cap Rate**" means the percentage specified as such in the Final Terms.

- **"Curve Cap Rate"** means, in relation to an Interest Payment Date, the percentage determined by the Determination Agent for such Interest Payment Date as the lesser of (i) the Upper Limit and (ii) the product of (A) Factor, multiplied by (B) the same of (x) Reference Index, plus (y) Margin.

The Curve Cap Rate calculation can also be expressed formulaically as:

$$\text{Min [Factor} \times (\text{Reference Index} + \text{Margin}); \text{Upper Limit}]$$

Where:

- **"Factor"** means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Factor' to be 'Not Applicable', it shall be deemed to be one).
- **"Margin"** means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Margin' to be 'Not Applicable', it shall be deemed to be zero).
- **"Min"** followed by two amounts (including a calculation which produces an amount) separated by a semi-colon (";"), means the lesser of such two amounts.
- **"Reference Index"** means:

- (i) If 'single rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$\text{Multiplier} \times \text{Reference Rate}$$

- (ii) If 'spread rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$(\text{Multiplier 1} \times \text{Reference Rate 1}) - (\text{Multiplier 2} \times \text{Reference Rate 2})$$

- (iii) If 'combined rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$(\text{Multiplier 1} \times \text{Reference Rate 1}) + (\text{Multiplier 2} \times \text{Reference Rate 2})$$

Where:

- **"Multiplier"**, **"Multiplier 1"** and **"Multiplier 2"** each means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Multiplier', 'Multiplier 1' and/or 'Multiplier 2' to be 'Not Applicable', each such value as so specified shall be deemed to be one).
- **"Reference Rate"**, **"Reference Rate 1"** and **"Reference Rate 2"** each means the Reference Rate specified as such in the Final Terms.
- **"Upper Limit"** means the percentage specified as such in the Final Terms.
- **"Day Count Fraction"** means the fraction equal to the number of days of the Interest Calculation Period divided by the number of days of the year, in each case as determined by the applicable convention, which may be any of 'Actual/Actual(ICMA)', 'Act/Act(ICMA)', 'Actual/Actual', 'Actual/Actual (ISDA)', 'Actual/365 (Fixed)', 'Actual/360', '30/360', '360/360', 'Bond Basis', '30E/360', 'Eurobond Basis', '30E/360 (ISDA)' (each as defined in General Condition 28.1 (*Definitions*) under **"Day Count Fraction Conventions"**), as specified in the Final Terms.
- **"Inflation Index"** means the index specified as such in the Final Terms.

- **"Inflation Index Level"** means the level of the Inflation Index first published or announced for the relevant Reference Month, as determined by the Determination Agent, subject to section D: INFLATION INDEX DISRUPTION EVENTS of the General Conditions.
- **"Initial Valuation Date"** means the date specified as such in the Final Terms.
- **"Interest Calculation Date"** means the date falling 5 Business Days prior to the relevant Interest Payment Date.
- **"Interest Calculation Period"** means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the next succeeding Interest Period End Date and each successive period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next succeeding Interest Period End Date.
- **"Interest Payment Date"** means:
 - (a) each date specified as such in the Final Terms (provided that, if the Interest Determination Date is postponed pursuant to Condition 6.7(d)(ii)(B), such date shall be postponed by an equal number of Business Days); or
 - (b) each date falling the number of Business Days specified in the Final Terms after the Interest Determination Date (after adjustment due to postponement pursuant to Condition 6.7(d)(ii)(B), if applicable).
- **"Interest Period End Date"** means each date specified as such in the Final Terms or, if none, each Interest Payment Date (after adjustment due to any applicable Business Day Convention), provided that if the Final Terms specifies that the Interest Period End Date is not subject to adjustment, the Interest Period End Date will be each date specified as such (or, if none, each Interest Payment Date) disregarding any adjustment to the Interest Payment Date due to any applicable Business Day Convention.
- **"Relevant Interest Calculation Period"** means each Interest Calculation Period in respect of which the Type of Interest is specified in the Final Terms as Inflation-Linked Interest.
- **"Relevant Interest Payment Date"** means, in respect of a Relevant Interest Calculation Period, the Interest Payment Date falling on or about the end of such Relevant Interest Calculation Period.

6.5 **Digital Interest**

(a) **Application**

This General Condition 6.5 applies only in respect of Interest Calculation Period(s) for which the Type of Interest is specified in the Final Terms as Digital Interest (if any).

(b) **Accrual of interest and when paid**

Each Security bears interest during each Relevant Interest Calculation Period at the rate(s) per annum equal to the applicable Fixed Rate(s) or Floating Rate(s) specified in the Final Terms and in accordance with (d) below to apply to the Relevant Interest Payment Date corresponding to such Relevant Interest Calculation Period.

(c) **Interest Amount**

The Interest Amount payable in respect of each Security (representing a nominal amount equal to the Calculation Amount) on any Relevant Interest Payment Date shall be calculated by the Determination Agent by multiplying the Digital Rate of Interest for such Relevant Interest Payment Date by the Calculation Amount, and then further multiplying such amount by:

- (i) the applicable Day Count Fraction; and
- (ii) in the case of Securities having a Settlement Currency that is different from the Issue Currency, multiplying the resultant amount in the Issue Currency by the applicable Exchange Rate as at the Fixing Time – Interest on the relevant Fixing Date – Interest,

provided that, if the above calculation results in an amount of less than zero, then the Interest Amount payable on the Relevant Interest Payment Date shall be deemed to be zero.

(d) **Determination of Digital Rate of Interest**

The rate of interest (the "**Digital Rate of Interest**") for a Relevant Interest Calculation Period ending on or about a Relevant Interest Payment Date will be equal to:

- (i) Digital Rate 1, if the Floating Rate in respect of the relevant Interest Observation Date is less than the Strike;
- (ii) Digital Rate 2, if the Floating Rate in respect of the relevant Interest Observation Date is greater than the Strike; or
- (iii) the greater of Digital Rate 1 and Digital Rate 2, if the Floating Rate in respect of the relevant Interest Observation Date is equal to the Strike.

(e) **Floating Rate**

For each Digital Rate which is a Floating Rate, the Final Terms will specify whether such Digital Rate for each Relevant Interest Calculation Period shall be determined by either 'Floating Interest Rate Determination' (in which case General Condition 6.7(b) (*Floating Interest Determination of a Floating Rate*) below will apply) or 'CMS Rate Determination' (in which case General Condition 6.7(c) (*CMS Rate Determination for Floating Rate*) below will apply).

If 'Linear Interpolation' is specified in the Final Terms as applicable, then in respect of any short or long Relevant Interest Calculation Period as specified in the Final Terms, the Determination Agent will determine the relevant Digital Rate, using Linear Interpolation.

(f) **Relevant defined terms**

The following terms as used above have the following meanings:

- "**Calculation Amount**" means a nominal amount of the Securities equal to the Specified Denomination (unless a different amount is specified in the Final Terms, in which case, such amount).
- "**Cap Rate**" means the percentage specified as such in the Final Terms.
- "**Curve Cap Rate**" means, in relation to an Interest Payment Date, the percentage determined by the Determination Agent for such Interest Payment Date as the lesser of (i) the Upper Limit and (ii) the product of (A) Factor, multiplied by (B) the same of (x) Reference Index, plus (y) Margin.

The Curve Cap Rate calculation can also be expressed formulaically as:

$$\text{Min [Factor} \times (\text{Reference Index} + \text{Margin}); \text{Upper Limit}]$$

Where:

- "**Factor**" means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Factor' to be 'Not Applicable', it shall be deemed to be one).

- "**Margin**" means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Margin' to be 'Not Applicable', it shall be deemed to be zero).
- "**Min**" followed by two amounts (including a calculation which produces an amount) separated by a semi-colon (";"), means the lesser of such two amounts.
- "**Reference Index**" means:
 - (i) If 'single rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$\text{Multiplier} \times \text{Reference Rate}$$
 - (ii) If 'spread rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$(\text{Multiplier 1} \times \text{Reference Rate 1}) - (\text{Multiplier 2} \times \text{Reference Rate 2})$$
 - (iii) If 'combined rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$(\text{Multiplier 1} \times \text{Reference Rate 1}) + (\text{Multiplier 2} \times \text{Reference Rate 2})$$

Where:

- "**Multiplier**", "**Multiplier 1**" and "**Multiplier 2**" each means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Multiplier', 'Multiplier 1' and/or 'Multiplier 2' to be 'Not Applicable', each such value as so specified shall be deemed to be one).
- "**Reference Rate**", "**Reference Rate 1**" and "**Reference Rate 2**" each means the Reference Rate specified as such in the Final Terms.
- "**Upper Limit**" means the percentage specified as such in the Final Terms.
- "**Day Count Fraction**" means the fraction equal to the number of days of the Interest Calculation Period divided by the number of days of the year, in each case as determined by the applicable convention, which may be any of 'Actual/Actual(ICMA)', 'Act/Act(ICMA)', 'Actual/Actual', 'Actual/Actual (ISDA)', 'Actual/365 (Fixed)', 'Actual/360', '30/360', '360/360', 'Bond Basis', '30E/360', 'Eurobond Basis', or '30E/360 (ISDA)' (each as defined in General Condition 28.1 (*Definitions*) in the definition "Day Count Fraction Conventions"), as specified in the Final Terms.
- "**Digital Rate**" means a fixed rate, a Floating Rate, or a CMS Reference Rate, as specified in the Final Terms.
- "**Digital Rate 1**" and "**Digital Rate 2**" each means the Digital Rate specified as such in the Final Terms.
- "**Floating Rate**" means the percentage rate of interest per annum calculated in accordance with sub-paragraph (e) (*Floating Rate*) above.
- "**Interest Calculation Period**" means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the next succeeding Interest Period End Date and each successive period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next succeeding Interest Period End Date.
- "**Interest Determination Date**" means any of the following, as applicable:

- (a) with respect to a Relevant Interest Calculation Period and a Reference Rate other than EONIA, the date specified as such in the Final Terms or, if none is so specified:
 - (A) the first day of such Relevant Interest Calculation Period, if the relevant currency is sterling or Hong Kong dollar;
 - (B) the date falling two TARGET Business Days prior to the first day of such Relevant Interest Calculation Period, if the relevant currency is euro; or
 - (C) in any other case, the date falling two London Banking Days prior to the first day of such Relevant Interest Calculation Period; and
 - (b) with respect to a Relevant Interest Calculation Period and EONIA, unless specified otherwise in the Final Terms, the last TARGET Business Day of such Interest Calculation Period.
- **"Interest Observation Date"** means with respect to a Relevant Interest Calculation Period, the Interest Determination Date for such Relevant Interest Calculation Period.
 - **"Interest Payment Date"** means:
 - (a) each date specified as such in the Final Terms (provided that, if the Interest Determination Date is postponed pursuant to Condition 6.7(d)(ii)(B), such date shall be postponed by an equal number of Business Days); or
 - (b) each date falling the number of Business Days specified in the Final Terms after the Interest Determination Date (after adjustment due to postponement pursuant to Condition 6.7(d)(ii)(B), if applicable).
 - **"Interest Period End Date"** means each date specified as such in the Final Terms or, if none, each Interest Payment Date (after adjustment due to any applicable Business Day Convention), provided that if the Final Terms specifies that the Interest Period End Date is not subject to adjustment, the Interest Period End Date will be each date specified as such (or, if none, each Interest Payment Date) disregarding any adjustment to the Interest Payment Date due to any applicable Business Day Convention.
 - **"Relevant Interest Calculation Period"** means each Interest Calculation Period in respect of which the Type of Interest is specified in the Final Terms as Digital Interest.
 - **"Relevant Interest Payment Date"** means, in respect of a Relevant Interest Calculation Period, the Interest Payment Date falling on or about the end of such Relevant Interest Calculation Period.
 - **"Strike"** means the percentage rate specified as such for the relevant Interest Payment Date in the Final Terms.

6.6 Spread-Linked Interest

(a) Application

This General Condition 6.6 applies only in respect of Interest Calculation Period(s) for which the Type of Interest is specified in the Final Terms as Spread-Linked Interest (if any).

(b) Accrual of interest and when paid

Each Security bears interest during each Relevant Interest Calculation Period at the rate(s) per annum equal to the Spread-Linked Rate of Interest applicable for that Relevant Interest Calculation Period, as determined below, subject to the application of the Range Accrual Factor, if applicable. Interest will be payable at the end of each Relevant Interest Calculation Period on the Relevant Interest Payment Date corresponding to such Relevant Interest Calculation Period.

(c) **Interest Amount**

(i) **Calculation of Interest Amount**

The Interest Amount payable in respect of each Security (representing a nominal amount equal to the Calculation Amount) on any Relevant Interest Payment Date shall be calculated by the Determination Agent by applying the Spread-Linked Rate of Interest for such Relevant Interest Payment Date to the Calculation Amount, and then further multiplying such amount by:

- (A) the applicable Day Count Fraction;
- (B) in the case of Securities having a Settlement Currency that is different from the Issue Currency, multiplying the resultant amount in the Issue Currency by the applicable Exchange Rate as at the Fixing Time - Interest on the relevant Fixing Date – Interest; and
- (C) if 'Range Accrual' is specified in the Final Terms as applicable to such Relevant Interest Payment Date, multiplying such amount by the applicable Range Accrual Factor (which shall be determined in accordance with General Condition 6.8 (*Calculation of the Range Accrual Factor*) below),

provided that, if the above calculation results in an amount of less than zero, then the Interest Amount payable on the Relevant Interest Payment Date shall be deemed to be zero.

(ii) **Determination of Spread-Linked Rate of Interest**

Subject to (iii) (*Maximum and minimum rates of interest*) immediately below, the spread-linked rate of interest (the "**Spread-Linked Rate of Interest**") for a Relevant Interest Calculation Period ending on or about a Relevant Interest Payment Date will be equal to the sum of (A) (x) the Floating Rate for Spread-Linked Rate One ("**Spread-Linked Rate One_(t)**") minus the product of the Leverage and the Floating Rate for Spread-Linked Rate Two ("**Spread-Linked Rate Two_(t)**"), each such floating rate as determined for such Relevant Interest Payment Date in accordance with (d) (*Floating Rate*) immediately below, multiplied by (y) the number specified as the 'Participation' in the Final Terms for such Relevant Interest Payment Date (provided that if no such amount is specified, the Participation shall be deemed to be 1) (the "**Participation**") and (B) the 'Spread' percentage rate specified in the Final Terms for such Relevant Interest Payment Date (which rate may be negative) (the "**Spread**").

The Spread-Linked Rate of Interest can also be expressed formulaically as follows:

$$[\text{Spread-Linked Rate One}_{(t)} - (\text{Leverage} \times \text{Spread-Linked Rate Two}_{(t)})] \times \text{Participation} + \text{Spread}$$

(iii) **Maximum and minimum rates of interest**

If the Final Terms specifies a 'Cap Rate' percentage or that 'Curve Cap' is 'Applicable' and/or a 'Floor' percentage (in each case either (i) generally or (ii) in relation to one or more Relevant Interest Payment Dates), then the Rate of Interest shall be, as applicable:

- (A) where:
 - (1) 'Cap Rate' is specified as being 'Applicable' in the Final Terms, no higher than the Cap Rate; or
 - (2) 'Curve Cap' is specified as being 'Applicable' in the Final Terms, no higher than the Curve Cap Rate; and/or
- (B) where a 'Floor' percentage is specified, no lower than the Floor Rate.

(d) **Floating Rate for Spread-Linked Rate One and Spread-Linked Rate Two**

The Final Terms will specify whether the Floating Rate for each Relevant Interest Calculation Period for each of Spread-Linked Rate One and Spread-Linked Rate Two shall be determined by either 'Floating Interest Rate Determination' (in which case General Condition 6.7(b) (*Floating Interest Determination of a Floating Rate*) below will apply) or 'CMS Rate Determination' (in which case General Condition 6.7(c) (*CMS Rate Determination for Floating Rate*) below will apply).

If 'Linear Interpolation' is specified in the Final Terms as applicable, then in respect of any short or long Relevant Interest Calculation Period as specified in the Final Terms, the Determination Agent will determine the relevant Floating Rate using Linear Interpolation.

(e) **Relevant defined terms**

The following terms as used above have the following meanings:

- "**Calculation Amount**" means a nominal amount of the Securities equal to the Specified Denomination (unless a different amount is specified in the Final Terms, in which case, such amount).
- "**Cap Rate**" means the percentage specified as such in the Final Terms.
- "**Curve Cap Rate**" means, in relation to an Interest Payment Date, the percentage determined by the Determination Agent for such Interest Payment Date as the lesser of (i) the Upper Limit and (ii) the product of (A) Factor, multiplied by (B) the same of (x) Reference Index, plus (y) Margin.

The Curve Cap Rate calculation can also be expressed formulaically as:

$$\text{Min [Factor} \times (\text{Reference Index} + \text{Margin}); \text{Upper Limit}]$$

Where:

- "**Factor**" means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Factor' to be 'Not Applicable', it shall be deemed to be one).
- "**Margin**" means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Margin' to be 'Not Applicable', it shall be deemed to be zero).
- "**Min**" followed by two amounts (including a calculation which produces an amount) separated by a semi-colon (";"), means the lesser of such two amounts.
- "**Reference Index**" means:
 - (i) If 'single rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$\text{Multiplier} \times \text{Reference Rate}$$
 - (ii) If 'spread rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$(\text{Multiplier 1} \times \text{Reference Rate 1}) - (\text{Multiplier 2} \times \text{Reference Rate 2})$$
 - (iii) If 'combined rate' is specified as 'Applicable' in the Final Terms, the amount calculated in accordance with the following formula:

$$(\text{Multiplier 1} \times \text{Reference Rate 1}) + (\text{Multiplier 2} \times \text{Reference Rate 2})$$

Where:

- **"Multiplier"**, **"Multiplier 1"** and **"Multiplier 2"** each means the percentage specified as such in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Multiplier', 'Multiplier 1' and/or 'Multiplier 2' to be 'Not Applicable', each such value as so specified shall be deemed to be one).
- **"Reference Rate"**, **"Reference Rate 1"** and **"Reference Rate 2"** each means the Reference Rate specified as such in the Final Terms.
- **"Upper Limit"** means the percentage specified as such in the Final Terms.
- **"Day Count Fraction"** means the fraction equal to the number of days of the Interest Calculation Period divided by the number of days of the year, in each case as determined by the applicable convention, which may be any of 'Actual/Actual(ICMA)', 'Act/Act(ICMA)', 'Actual/Actual', 'Actual/Actual (ISDA)', 'Actual/365 (Fixed)', 'Actual/360', '30/360', '360/360', 'Bond Basis', '30E/360', 'Eurobond Basis', or '30E/360 (ISDA)' (each as defined in General Condition 28.1 (*Definitions*) in the definition "Day Count Fraction Conventions"), as specified in the Final Terms.
- **"Designated Maturity"** has the meaning given to it in General Condition 6.7 (*Determination of a Floating Rate*).
- **"Floating Rate"** means the percentage rate of interest per annum calculated in accordance with sub-paragraph (d) (*Floating Rate for Spread-Linked Rate One and Spread-Linked Rate Two*) above.
- **"Interest Calculation Period"** means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the next succeeding Interest Period End Date and each successive period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next succeeding Interest Period End Date.
- **"Interest Payment Date"** means:
 - (a) each date specified as such in the Final Terms (provided that, if the Interest Determination Date is postponed pursuant to Condition 6.7(d)(ii)(B), such date shall be postponed by an equal number of Business Days); or
 - (b) each date falling the number of Business Days specified in the Final Terms after the Interest Determination Date (after adjustment due to postponement pursuant to Condition 6.7(d)(ii)(B), if applicable).
- **"Interest Period End Date"** means each date specified as such in the Final Terms or, if none, each Interest Payment Date (after adjustment due to any applicable Business Day Convention), provided that if the Final Terms specifies that the Interest Period End Date is not subject to adjustment, the Interest Period End Date will be each date specified as such (or, if none, each Interest Payment Date) disregarding any adjustment to the Interest Payment Date due to any applicable Business Day Convention.
- **"Leverage"** means, in respect of a Relevant Interest Payment Date, the number specified as such in the Final Terms for such Relevant Interest Payment Date, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Leverage' to be 'Not Applicable', it shall be deemed to be one).
- **"Relevant Interest Calculation Period"** means each Interest Calculation Period in respect of which the Type of Interest is specified in the Final Terms as Spread-Linked Interest.

- **"Relevant Interest Payment Date"** means, in respect of a Relevant Interest Calculation Period, the Interest Payment Date falling on or about the end of such Relevant Interest Calculation Period.
- **"Spread-Linked Rate One"** means the Reference Rate for a period equal to the Designated Maturity specified under the heading 'Spread-Linked Rate One' in the Final Terms.
- **"Spread-Linked Rate Two"** means the Reference Rate for a period equal to the Designated Maturity specified under the heading 'Spread-Linked Rate Two' in the Final Terms.

6.7 Determination of a Floating Rate

(a) Application

This General Condition 6.7 applies only in respect of Interest Calculation Period(s) for which the Type of Interest specified in the Final Terms is Floating Rate Interest, Inverse Floating Rate Interest, Digital Interest or Spread-Linked Interest (if any).

(b) Floating Interest Determination of a Floating Rate

Where 'Floating Interest Rate Determination' is specified to be applicable in the Final Terms ("**Floating Interest Rate Determination**"), the Floating Rate of interest for each Interest Calculation Period ending on or about an Interest Payment Date (or relevant Reference Rate for purposes of determining the Curve Cap Rate where 'Floating Interest Rate Determination' is specified as 'Applicable' in the Final Terms for such Reference Rate for such purpose) will be as follows:

- (i) If the Reference Rate is a floating interest rate other than EONIA, the relevant Floating Rate of interest will, subject as provided below, be either:
 - (A) the offered quotation (where 'Offered Quotation' is specified as applicable in the Final Terms); or
 - (B) the arithmetic mean of the offered quotations (where 'Arithmetic Mean' is specified as applicable in the Final Terms),

in each case expressed as a percentage rate per annum, for the Reference Rate of the relevant Designated Maturity which appear(s) on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date relating to such Interest Payment Date, as determined by the Determination Agent. In the case of (B) above only, if five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Determination Agent for the purpose of determining the arithmetic mean of such offered quotations.

If 'Linear Interpolation' is specified in the Final Terms as applicable, then in respect of any short or long Interest Calculation Period as specified in the Final Terms, the Determination Agent will determine the relevant Floating Rate of interest using Linear Interpolation.

- (ii) If the Reference Rate is specified in the Final Terms to be 'EONIA', the relevant Floating Rate of interest will be the rate of return of a daily compound interest investment with the arithmetic mean of the daily rates of the day-to-day Eurozone interbank euro money market as reference rate and which will be calculated by the Determination Agent on the Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards ("EONIA"):

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{\text{EONIA}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where

"do", for any Interest Calculation Period, is the number of TARGET Business Days in the relevant Interest Calculation Period;

"i" is a series of whole numbers from one to do, each representing the relevant TARGET Business Day in chronological order from, and including, the first TARGET Business Day, in the relevant Interest Calculation Period;

"EONIA_i", for any day "i" in the relevant Interest Calculation Period, is a reference rate equal to the overnight rate as calculated by the European Central Bank and appearing on the Relevant Screen Page in respect of that day;

"n_i" is the number of calendar days in the relevant Interest Calculation Period on which the rate is EONIA_i;

"d" is the number of calendar days in the relevant Interest Calculation Period.

(c) **CMS Rate Determination for Floating Rate**

Where 'CMS Rate Determination' is specified to be applicable in the Final Terms ("**CMS Rate Determination**"), the Floating Rate of interest for each Interest Calculation Period ending on or about an Interest Payment Date (or relevant Reference Rate for purposes of determining the Curve Cap Rate where 'CMS Rate Determination' is specified as 'Applicable' in the Final Terms for such Reference Rate for such purpose) will be the relevant CMS Reference Rate for such Interest Calculation Period.

The CMS Reference Rate in respect of an Interest Calculation Period or any relevant day (as applicable) will be the Specified Swap Rate for swap transactions in the Reference Currency with a maturity of the Designated Maturity (expressed as a percentage rate per annum) (the "**Relevant Swap Rate**") which appears on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date in respect of such Interest Calculation Period or such relevant day, all as determined by the Determination Agent.

If 'Linear Interpolation' is specified in the Final Terms as applicable, then in respect of any short or long Interest Calculation Period as specified in the Final Terms, the Determination Agent will determine the relevant Floating Rate using Linear Interpolation.

(d) **Floating Rate Disruption**

Unless a Reference Rate Discontinuance (as defined below) has occurred, in which case General Condition 6.7(e) (*Reference Rate Discontinuance*) shall apply, if, on any Interest Determination Date, the Relevant Screen Page for the Reference Rate (or EONIA_i) is not available, or (in the case of General Condition 6.7(b)(i)(A) above) no such offered quotation appears on the Relevant Screen Page or (in the case of General Condition 6.7(b)(i)(B) above), fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the Relevant Time, or on any TARGET Business Day pursuant to Condition 6.7(b)(ii) above EONIA_i is not available on the Relevant Screen Page (such Reference Rate, a "**Disrupted Reference Rate**" and each such event, a "**Floating Rate Disruption**"), the Determination Agent shall determine the Floating Rate of interest in respect of such Interest Determination Date (or EONIA_i, in respect of the relevant TARGET Business Day, as applicable) in accordance with the following methodologies, as applicable depending on the Designated Maturity of the relevant Reference Rate or whether the Disrupted Reference Rate is EONIA:

- (i) If the Designated Maturity of the relevant Reference Rate is 12 months or less:

- (A) the Determination Agent shall determine the Floating Rate in respect of such Interest Determination Date using Linear Interpolation;
 - (B) if the Determination Agent determines that one or both of the rates to be used for the purposes of Linear Interpolation in accordance with sub-paragraph (A) immediately above are unavailable, the Floating Rate in respect of such Interest Determination Date shall be the last published offered quotation(s) for the Reference Rate that appeared on the Relevant Screen Page, provided that the last published quotation(s) may not be earlier than the fifth Business Day prior to the Interest Determination Date;
 - (C) if the Determination Agent determines that no offered quotation was published (or in the case of General Condition 6.7(b)(i)(B) above, fewer than three such offered quotations were published) for the Reference Rate in accordance with and during the period provided in sub-paragraph (B) immediately above, the Floating Rate in respect of the relevant Interest Determination Date shall be determined using Linear Interpolation save that the Interest Determination Date for such purpose will be deemed to be the immediately preceding Business Day on which the rates to be used for Linear Interpolation are both available on the Relevant Screen Page, provided that the last published rate for such purpose may not be earlier than the fifth Business Day prior to the Interest Determination Date;
 - (D) if the Determination Agent determines that the rates to be used for the purposes of Linear Interpolation in accordance with and during the period provided in sub-paragraph (C) immediately above are unavailable, the Floating Rate for such Interest Payment Date shall be such other rate as determined by the Determination Agent in its discretion.
- (ii) If the Designated Maturity of the relevant Reference Rate is more than 12 months:
- (A) the Determination Agent shall request each of the Reference Banks to provide the Determination Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate of the relevant Designated Maturity as soon as practicable after the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Determination Agent with such offered quotations, the Floating Rate in respect of such Interest Payment Date shall be the arithmetic mean of such offered quotations as determined by the Determination Agent in its discretion;
 - (B) if the Determination Agent determines that fewer than two Reference Banks are providing offered quotations in accordance with sub-paragraph (A) immediately above, the Floating Rate in respect of such Interest Determination Date shall be determined by postponing the relevant Interest Determination Date to the first succeeding Business Day on which the Floating Rate Disruption ceases to exist, provided that for such purpose the Interest Determination Date shall not be postponed for more than two Business Days after the date on which the Interest Determination Date was originally scheduled to fall;
 - (C) if the Determination Agent determines that it is unable to determine the Floating Rate in accordance with and during the period provided in sub-paragraph (B) immediately above, the Floating Rate in respect of such Interest Determination Date shall be such other rate as determined by the Determination Agent in its discretion.
- (iii) If the Disrupted Floating Rate is EONIA:
- (A) EONIA_i in respect of the relevant TARGET Business Day shall be determined by the Determination Agent as the last published offered quotation for EONIA_i that appeared on the Relevant Screen Page, provided that the last published

quotation may not be earlier than the fifth Business Day prior to the relevant TARGET Business Day;

- (B) if the Determination Agent determines that no offered quotation was published for EONIA_i in accordance with and during the period provided in sub-paragraph (A) immediately above, EONIA_i in respect of the relevant TARGET Business Day shall be such other rate as determined by the Determination Agent in its discretion.

(e) **Reference Rate Discontinuance**

If on (or prior to) any Interest Determination Date, the Determination Agent determines that the relevant Reference Rate has been discontinued or has otherwise ceased to exist (such Reference Rate, a "**Discontinued Reference Rate**" and such event, a "**Reference Rate Discontinuance**"), the Determination Agent shall determine the Floating Rate of interest for the relevant Interest Payment Date in accordance with the following methodologies, as applicable:

- (i) If the Discontinued Reference Rate is not EONIA:
 - (A) the Determination Agent shall, in its discretion, select a substitute or successor rate of interest that it determines is comparable to the Discontinued Reference Rate to replace such Discontinued Reference Rate, and shall replace the Discontinued Reference Rate by such substitute or successor rate of interest with effect from the date as determined by the Determination Agent and such substitute or successor reference rate will be deemed to be the Reference Rate with effect from such date. The Determination Agent may make such adjustments that it determines to be appropriate, if any, to any one or more of the Conditions or other terms of the Securities, including without limitation, any Condition or term relevant to the settlement or payment under the Securities, as the Determination Agent determines appropriate to account for such replacement;
 - (B) if the Determination Agent determines that no substitute or successor rate is available for the purpose of sub-paragraph (A) immediately above, then, with effect from and including the date on which the relevant Reference Rate has been discontinued or has otherwise ceased to exist, the Floating Rate in respect of such Interest Determination Date, and any subsequent Interest Determination Date, shall be determined using Linear Interpolation;
 - (C) if the Determination Agent determines that one or both of the rates to be used for the purpose of Linear Interpolation in accordance with (ii) immediately above are unavailable, the Floating Rate for such Interest Payment Date shall be such other rate as determined by the Determination Agent in its discretion.
- (ii) If the Discontinued Reference Rate is EONIA:
 - (A) the Determination Agent shall, in its discretion, select a substitute or successor reference rate that it determines is comparable to the Discontinued Reference Rate to replace such Discontinued Reference Rate, and shall replace the Discontinued Reference Rate by such substitute or successor reference rate with effect from the date as determined by the Determination Agent and such substitute or successor reference rate will be deemed to be the Reference Rate with effect from such date. The Determination Agent may make such adjustments that it determines to be appropriate, if any, to any one or more of the Conditions or other terms of the Securities, including without limitation, any Condition or term relevant to the settlement or payment under the Securities, as the Determination Agent determines appropriate to account for such replacement;

- (B) if the Determination Agent determines that no substitute or successor reference rate is available for the purpose of sub-paragraph (A) immediately above, EONIA; in respect of the relevant TARGET Business Day shall be such other rate as determined by the Determination Agent in its discretion.

(f) **Relevant defined terms**

The following terms as used above have the following meanings:

"**Designated Maturity**" means in respect of a Reference Rate, the period of time specified in respect of such Reference Rate in the Final Terms.

"**Interest Determination Date**" means any of the following, as applicable:

- (i) with respect to an Interest Calculation Period and a Reference Rate other than EONIA, the date specified as such in the Final Terms or, if none is so specified:
- (A) the first day of such Interest Calculation Period, if the relevant currency is sterling or Hong Kong dollar;
- (B) the date falling two TARGET Business Days prior to the first day of such Interest Calculation Period, if the relevant currency is euro; or
- (C) in any other case, the date falling two London Banking Days prior to the first day of such Interest Calculation Period; and
- (ii) with respect to an Interest Calculation Period and EONIA, unless specified otherwise in the Final Terms, the last TARGET Business Day of such Interest Calculation Period.

"**Relevant Screen Page**" means such screen page as specified in the Final Terms (or the relevant screen page of such other service or services as may be nominated as the information vendor for the purpose of displaying comparable rates in succession thereto) or such other equivalent information vending service as is so specified.

"**Relevant Time**" means the time (in the place) specified in the Final Terms.

6.8 **Calculation of the Range Accrual Factor**

(a) **Application**

The Range Accrual Factor will be calculated by observing:

- (i) in the case Securities for which the Type of Interest is Fixed Rate Interest, a rate calculated by reference to the performance of the Inflation Index determined in accordance with the definition of 'Range Accrual Inflation Performance' below; or
- (ii) in the case Securities for which the Type of Interest is Fixed Rate Interest, Floating Rate Interest, Inverse Floating Rate Interest or Spread-Linked Interest, a rate calculated by reference to a single floating interest rate or a number of floating interest rates, in each case determined in accordance with sub-paragraph (d) (*Determination of Range Accrual Floating Rate(s)*) below.

(b) **Range Accrual Factor and application to Interest Amount**

The Range Accrual Factor for an Observation Period corresponding to an Interest Payment Date will be calculated as the quotient of (i) n, divided by (ii) N, expressed mathematically as:

$$\frac{n}{N}$$

where:

"n" in respect of an Observation Period corresponding to an Interest Payment Date is the number of Observation Dates within that Observation Period that the Accrual Condition is satisfied; and

"N" in respect of an Observation Period corresponding to an Interest Payment Date, is the number of Observation Dates within that Observation Period.

(c) **Determination of Accrual Condition**

The Accrual Condition in respect of an Observation Period corresponding to an Interest Payment Date will be satisfied on any Observation Date within that Observation Period where:

- (i) if 'Year-on-Year Inflation Range Accrual' is specified as 'Accrual Condition Type' in the Final Terms, the Range Accrual Inflation Performance on such Observation Date is greater than or equal to the Corresponding Lower Barrier and less than or equal to the Corresponding Upper Barrier; or
- (ii) if 'Single Rate Range Accrual' is specified as 'Accrual Condition Type' in the Final Terms, the Range Accrual Floating Rate 1 on such Observation Date is greater than or equal to the Corresponding Lower Barrier and less than or equal to the Corresponding Upper Barrier; or
- (iii) if 'Spread Range Accrual' is specified as 'Accrual Condition Type' in the Final Terms, the Range Accrual Floating Rate 1 minus the Range Accrual Floating Rate 2, in each case on such Observation Date (the "**Range Accrual Spread**"), is greater than or equal to the Corresponding Lower Barrier and less than or equal to the Corresponding Upper Barrier; or
- (iv) if 'Dual Rate Range Accrual' is specified as 'Accrual Condition Type' in the Final Terms, each of (i) the Range Accrual Floating Rate 1 on such Observation Date is greater than or equal to the Corresponding Lower Barrier 1 and less than or equal to the Corresponding Upper Barrier 1 and (ii) Range Accrual Floating Rate 2 on such Observation Date is greater than or equal to the Corresponding Lower Barrier 2 and less than or equal to the Corresponding Upper Barrier 2; or
- (v) if 'Dual Spread Range Accrual' is specified as 'Accrual Condition Type' in the Final Terms, each of (i) the Range Accrual Floating Rate 1 minus the Range Accrual Floating Rate 2, in each case on such Observation Date (the "**Range Accrual Spread**") is greater than or equal to the Corresponding Lower Barrier 1 and less than or equal to the Corresponding Upper Barrier 1 and (ii) the Range Accrual Floating Rate 3, in each case on such Observation Date, is greater than or equal to the Corresponding Lower Barrier 2 less than or equal to the Corresponding Upper Barrier 2,

in each case as determined by the Determination Agent.

Where:

- "**Corresponding Lower Barrier**" means, in respect of the determination of any Accrual Condition and any Range Accrual Inflation Performance, Range Accrual Floating Rate or Range Accrual Spread, the percentage rate specified as being 'Lower Barrier' applicable to such Range Accrual Inflation Performance, Range Accrual Floating Rate or Range Accrual Spread in the Final Terms.
- "**Corresponding Lower Barrier 1**" means, in respect of the determination of any Accrual Condition and any Range Accrual Floating Rate or Range Accrual Spread, the percentage rate specified as being 'Lower Barrier 1' applicable to such Range Accrual Floating Rate or Range Accrual Spread in the Final Terms.
- "**Corresponding Lower Barrier 2**" means, in respect of the determination of any Accrual Condition and any Range Accrual Floating Rate or Range Accrual Spread, the percentage rate specified as being 'Lower Barrier 2' applicable to such Range Accrual Floating Rate or Range Accrual Spread in the Final Terms.

- **"Corresponding Upper Barrier"** means, in respect of the determination of any Accrual Condition and any Range Accrual Inflation Performance, Range Accrual Floating Rate or Range Accrual Spread, the percentage rate specified as being 'Upper Barrier' applicable to such Range Accrual Inflation Performance, Range Accrual Floating Rate or Range Accrual Spread in the Final Terms.
- **"Corresponding Upper Barrier 1"** means, in respect of the determination of any Accrual Condition and any Range Accrual Floating Rate or Range Accrual Spread, the percentage rate specified as being 'Upper Barrier 1' applicable to such Range Accrual Floating Rate or Range Accrual Spread in the Final Terms.
- **"Corresponding Upper Barrier 2"** means, in respect of the determination of any Accrual Condition and any Range Accrual Floating Rate or Range Accrual Spread, the percentage rate specified as being 'Upper Barrier 2' applicable to such Range Accrual Floating Rate or Range Accrual Spread in the Final Terms.
- **"Inflation Index"** means the index specified as such in the Final Terms.
- **"Inflation Index Level"** means the level of the Inflation Index first published or announced for the relevant Range Accrual Reference Month, as determined by the Determination Agent, subject to section D: INFLATION INDEX DISRUPTION EVENTS of the General Conditions.
- **"Observation Date"** means:
 - (A) where the Final Terms specifies that 'Accrual Condition Type' is Single Rate Range Accrual, Spread Range Accrual, Dual Rate Range Accrual or Dual Spread Range Accrual, each calendar day in the relevant Observation Period; or
 - (B) where the Final Terms specifies that 'Accrual Condition Type' is Year-on-Year Inflation Range Accrual, in respect of each month falling in the Observation Period, the date on which the Inflation Index Level is first scheduled to be published.
- **"Observation Number of Business Days"** means the number of Business Days specified in the Final Terms, provided that if no such number is specified in the Final Terms, Observation Number of Business Days will be deemed to be five Business Days.
- **"Observation Period"** means, in respect of an Interest Payment Date:
 - (A) where the Final Terms specifies that 'Accrual Condition Type' is Single Rate Range Accrual, Spread Range Accrual, Dual Rate Range Accrual or Dual Spread Range Accrual, the period beginning on (and including) the day that falls the Observation Number of Business Days prior to the immediately preceding Interest Payment Date (or, if none, the Interest Commencement Date) and ending on (but excluding) the day that falls the Observation Number of Business Day prior such Interest Payment Date; or
 - (B) where the Final Terms specifies that 'Accrual Condition Type' is Year-on-Year Inflation Range Accrual, the period ending on and including the calendar month ("**Range Accrual Reference Month**") specified in the Final Terms as corresponding to the relevant Interest Payment Date, from but excluding the Range Accrual Reference Month in respect of the preceding Interest Payment Date.
- **"Range Accrual Floating Rate"** means, in respect of any Observation Date in an Observation Period, the percentage rate of interest per annum for the relevant Observation Date calculated in accordance with sub-paragraph (d) (*Determination of a Range Accrual Floating Rate*) below.

- **"Range Accrual Floating Rate 1"** means, in respect of any Observation Date in an Observation Period, the Range Accrual Floating Rate determined in respect of (i) the Reference Rate (ii) the relevant Designated Maturity (if any) and (iii) the Relevant Screen Page specified as applicable to 'Range Accrual Floating Rate 1' in the Final Terms.
- **"Range Accrual Floating Rate 2"** in respect of any Observation Date in an Observation Period, the Range Accrual Floating Rate determined in respect of (i) the Reference Rate (ii) the relevant Designated Maturity (if any) and (iii) the Relevant Screen Page specified as applicable to 'Range Accrual Floating Rate 2' in the Final Terms and, if 'Spread Range Accrual' or 'Dual Spread Range Accrual' is specified as the 'Accrual Condition Type' in the Final Terms, multiplied by the number specified as the 'Variable' ("**Variable**") in the Final Terms, which shall be preceded by either a 'plus' or a 'minus' (provided that if the Final Terms specifies 'Variable' to be 'Not Applicable', it shall be deemed to be one).
- **"Range Accrual Floating Rate 3"** in respect of any Observation Date in an Observation Period, the Range Accrual Floating Rate determined in respect of (i) the Reference Rate (ii) the relevant Designated Maturity (if any) and (iii) the Relevant Screen Page specified as applicable to 'Range Accrual Floating Rate 3' in the Final Terms.
- **"Range Accrual Inflation Performance"** means, in respect of any Observation Date in an Observation Period, a number determined by subtracting one (1) from the quotient of (i) the Inflation Index Level for the calendar month specified to be the Range Accrual Reference Month divided by (ii) the Inflation Index Level for the month falling 12 months prior to such Range Accrual Reference Month as determined by the Determination Agent. This can be expressed mathematically as:

$$\left(\frac{\text{Inflation Index (t)}}{\text{Inflation Index (t - 1)}} \right) - 1$$

(d) **Determination of Range Accrual Floating Rate(s)**

If on any Observation Date the Relevant Screen Page specified in the Final Terms to apply to a Range Accrual Floating Rate is not available, or no such offered quotation appears on such Relevant Screen Page as at the Relevant Time specified in the Final Terms to apply to such Range Accrual Floating Rate, subject to the next sentence, such Range Accrual Floating Rate shall be deemed to be the corresponding Range Accrual Floating Rate for the immediately preceding calendar day on which an offered quotation appears on such Relevant Screen Page as at such Relevant Time.

If the Relevant Screen Page specified in the Final Terms to apply to a Range Accrual Floating Rate is not available, or no such offered quotation appears on such Relevant Screen Page as at the Relevant Time specified in the Final Terms to apply to such Range Accrual Floating Rate for seven consecutive calendar days, the Issuer shall, by giving not less than the Early Redemption Notice Period Number of Business Days' irrevocable notice to the Holders, redeem all of the Securities of the relevant Series on the date specified in such notice, and pay to each Holder, in respect of each Security held by it, an amount equal to the Early Cash Settlement Amount.

6.9 **Switch Option**

(a) **Application**

This General Condition 6.9 applies to Securities in respect of which the Final Terms specifies that the Switch Option is applicable.

(b) **Switch Option**

The Issuer may, at its option (the "**Switch Option**") if so specified in the Final Terms, by giving not less than the Switch Option Number of Business Days' irrevocable notice to the Holders, elect to switch the Type of Interest or Types of Interest payable in respect of the Securities from the Type of Interest or combination of Types of Interest that are specified in the Final Terms to apply to each Interest Payment Date falling on or prior to any exercise of the Switch Option, (the "**Original Type of Interest**") to the Type of Interest or combination of Types of Interest that are specified in the Final Terms to apply to each Interest Payment Date following the exercise of the Switch Option (the "**New Type of Interest**").

The Switch Option may have the effect of changing the applicable interest between two rates of the same Type of Interest, one of which is subject to the application of a Range Accrual Factor.

The Issuer may exercise the Switch Option only once during the term of the Securities. It may determine not to exercise the Switch Option.

(c) **Exercise**

The Issuer may exercise the Switch Option on any Business Day falling within any period specified as a 'Switch Exercise Period' (the "**Switch Exercise Period**") in the Final Terms. The last day of each Switch Exercise Period shall be a date falling not less than the number of Business Days specified as the 'Switch Notice Period Number' of Business Days in the Final Terms (which shall not be less than five Business Days) preceding the Interest Payment Date for such Switch Exercise Period. The Final Terms will specify which Interest Payment Date (the "**Switch Date**") corresponds to each Switch Exercise Period.

(d) **Effect**

Upon exercise of the Switch Option, the Type of Interest applicable to the Securities will change with effect from (and including) the Interest Calculation Period beginning on or around the Switch Date from the Original Type of Interest to the New Type of Interest.

6.10 **Zero Coupon**

(a) **Application**

This General Condition 6.10 applies only in respect of Interest Calculation Period(s) for which the Type of Interest specified in the Final Terms is Zero Coupon (a "**Zero Coupon Interest Calculation Period**") (if any).

(b) **No interest**

No amount of interest will accrue or become payable in respect of any Zero Coupon Interest Calculation Period unless such a Security is duly presented for payment and such payment is improperly withheld or refused, in which case interest shall accrue on the amount due at a rate per annum (expressed as a percentage) equal to the Internal Rate of Return, where 'Internal Rate of Return' means the rate specified as such in the Final Terms.

7. **Optional Early Redemption**

(a) **Application and type**

The Final Terms will indicate whether Optional Early Redemption is applicable and, in the event it is, the Final Terms will specify whether the Option Type is:

- Call-European;
- Call-Bermudan;
- Put-European; or
- Put-Bermudan.

(b) **Certain information to be found in the Final Terms**

The Final Terms will contain provisions applicable to the Optional Early Redemption provisions (if applicable) and must be read in conjunction with this General Condition 7 for full information on the manner in which an option may be exercised. In particular, the Final Terms will specify the following information items where relevant to the particular Securities:

- the Issuer Option Exercise Period(s);
- the Put Option Exercise Period(s);
- the Early Redemption Percentage used to calculate the Optional Cash Settlement Amount; and
- the Optional Cash Redemption Date(s).

7.1 Issuer Call Option

(a) Application

This General Condition 7.1 applies only to those Securities for which 'Option Type' is specified to be 'Call-European' or 'Call-Bermudan' in the Final Terms.

(b) Optional Cash Settlement Amount

The Issuer may (at its option) elect to redeem all (but not some only) of the Securities in whole (but not in part) prior to the scheduled maturity on the date (or dates) specified as an 'Optional Cash Redemption Date' (the "**Optional Cash Redemption Date**") in the Final Terms for a cash amount for each Security (representing a nominal amount equal to the Calculation Amount) (the "**Optional Cash Settlement Amount**") equal to (x) the Calculation Amount (or, in the case of Zero Coupon Notes, the Amortised Face Amount) (in the case of Securities having a Settlement Currency different to the Issue Currency, converted into the Settlement Currency by applying the applicable Exchange Rate as at the Fixing Time – Redemption on the Fixing Date – Redemption), multiplied by (y) the percentage specified as the 'Early Redemption Percentage' in the Final Terms (which amount may differ depending on the relevant Optional Cash Redemption Date) (or if no such amount is specified, 100 per cent.) (the "**Early Redemption Percentage**"), as determined by the Determination Agent.

(c) Exercise

(i) Call-European

The Issuer may exercise a Call-European option by giving irrevocable notice to Holders on any Business Day falling within the period specified as the Issuer Option Exercise Period (the "**Issuer Option Exercise Period**") in the Final Terms.

The last day of the Issuer Option Exercise Period shall be a date falling not less than the number of Business Days preceding the Optional Cash Redemption Date as is specified in the Final Terms as the 'Call Notice Period Number' of Business Days (provided that such number shall not be less than 5 and if no such number is specified it shall be deemed to be 5) (the "**Call Notice Period Number**").

(ii) Call-Bermudan

The Issuer may exercise a Call-Bermudan option by giving irrevocable notice to Holders on any Business Day falling within a period specified as an Issuer Option Exercise Period (each, an "**Issuer Option Exercise Period**") in the Final Terms.

The last day of each Issuer Option Exercise Period shall be a date falling not less than the number of Business Days preceding the Optional Cash Redemption Date for such Issuer Option Exercise Period as is specified in the Final Terms as the 'Call Notice Period Number' of Business Days (provided that such number shall not be less than 5 and if no such number is specified the Call Notice Period Number shall be deemed to be 5) (the "**Call Notice Period Number**"). The Final Terms will specify which Optional Cash Redemption Date applies to which Issuer Option Exercise Period.

7.2 Holder Put Option

(a) **Application**

This General Condition 7.2 applies only to those Securities for which 'Option Type' is specified to be 'Put-European' or 'Put-Bermudan' in the Final Terms.

(b) **Optional Cash Settlement Amount**

A Holder may (at its option) elect that a Security be redeemed in whole (but not in part) prior to its scheduled maturity on the date (or dates) specified as an Optional Cash Redemption Date (the "**Optional Cash Redemption Date**") in the Final Terms for a cash amount for each Security (representing a nominal amount equal to the Calculation Amount) (the "**Optional Cash Settlement Amount**") equal to (x) the Calculation Amount (or, in the case of Zero Coupon Notes, the Amortised Face Amount) (in the case of Securities having a Settlement Currency different to the Issue Currency, converted into the Settlement Currency by applying the applicable Exchange Rate as at the Fixing Time – Redemption on the Fixing Date – Redemption), multiplied by (y) the percentage specified as the 'Early Redemption Percentage' in the Final Terms (which amount may differ depending on the relevant Optional Cash Redemption Date) (or if no such amount is specified, 100 per cent.) (the "**Early Redemption Percentage**"), as determined by the Determination Agent.

(c) **Exercise**

(i) **Put-European**

A Holder may exercise a Put-European option by giving irrevocable notice to the Issuer on any Business Day falling within the period specified as the Put Option Exercise Period (the "**Put Option Exercise Period**") in the Final Terms.

The last day of the Put Option Exercise Period shall be a date falling not less than the number of Business Days preceding the Optional Cash Redemption Date as is specified in the Final Terms as the 'Put Notice Period Number' of Business Days (provided that such number shall not be less than 5 and if no such number is specified it shall be deemed to be 5)(the "**Put Notice Period Number**").

(ii) **Put-Bermudan**

A Holder may exercise a Put-Bermudan option by giving irrevocable notice to the Issuer on any Business Day falling within a period specified as a Put Option Exercise Period (each, a "**Put Option Exercise Period**") in the Final Terms.

The last day of each Put Option Exercise Period shall be a date falling not less than the number of Business Days preceding the Optional Cash Redemption Date for such Put Option Exercise Period as is specified in the Final Terms as the 'Put Notice Period Number' of Business Days (provided that such number shall not be less than 5 and if no such number is specified it shall be deemed to be 5) (the "**Put Notice Period Number**"). The Final Terms will specify which Optional Cash Redemption Date applies to which Put Option Exercise Period.

(d) **Other exercise provisions**

(i) **General**

In the event that any option of any Holder is exercised, such Holder must deposit (in the case of Bearer Securities) the relevant Bearer Securities (together with all unmatured or unexchanged Coupons) with any Paying Agent or (in the case of Registered Securities) the relevant Global Registered Security or Definitive Registered Security representing such Registered Securities with the Registrar or any Transfer Agent at its specified office together with the duly completed irrevocable option exercise notice in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) (the "**Option Exercise Notice**"). If the Securities are Cleared Securities, such option may be exercised by the relevant Holder giving an Option Exercise Notice to the Issue and Paying Agent through the Relevant Clearing

Systems stating the nominal amount of Securities in respect of which the option is exercised and the relevant Common Depositary, Common Safekeeper, custodian or nominee shall deposit and surrender the relevant Securities in accordance with the Relevant Rules. No transfers of interests in Cleared Securities in respect of which an Option Exercise Notice has been delivered will be valid and an Option Exercise Notice in respect of Cleared Securities must be accompanied by a copy of instructions given to the Relevant Clearing System by the relevant Accountholder that the Accountholder's account be blocked for such purposes. No Securities so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer. In all cases, the exercise of any put option in respect of Securities that are Cleared Securities must be exercised in accordance with the Relevant Rules and, to the extent there is any inconsistency between the terms set out herein and the Relevant Rules, such Relevant Rules shall prevail.

(ii) **CREST Securities**

Notwithstanding anything to the contrary herein, if the Securities are CREST Securities, such option may be exercised by the relevant Holder sending an Option Exercise Notice by way of a Dematerialised Instruction to the Operator (or procuring that such an instruction is sent) in the form obtainable from the Issuer or the CREST Agent. Such Option Exercise Notice must state the nominal amount of Securities in respect of which the option is exercised and irrevocably instruct the Operator to transfer from the Holder's account to the appropriate account of the Issuer in CREST the relevant nominal amount of Securities to be redeemed, provided that the Option Exercise Notice shall not be effective until such transfer to the Issuer's account is complete. The right to require redemption of Securities that are CREST Securities must be exercised in accordance with the regulations of CREST and if there is any inconsistency between the General Conditions and the regulations of CREST, the latter shall prevail. No CREST Securities in respect of which such option has been exercised may be withdrawn without the prior consent of the Issuer.

8. **Final Redemption**

(a) **Redemption Type**

The Final Terms will indicate whether the Securities will pay:

- a Bullet Redemption amount; or
- an Inflation-Linked Redemption amount.

(b) **Certain information to be found in the Final Terms**

The Final Terms will contain provisions applicable to the Final Redemption provisions and must be read in conjunction with this General Condition 8 for full information on the manner in which the Final Cash Settlement Amount will be calculated. In particular, the Final Terms will specify the following information items where relevant to the particular Securities:

- the Final Redemption Percentage; and
- details of any applicable Inflation Index.

8.1 **Bullet Redemption**

(a) **Application**

This General Condition 8.1 applies only to those Securities for which the Final Redemption Type is specified to be 'Bullet Redemption' in the Final Terms.

(b) **Final Cash Settlement Amount**

Unless previously redeemed or purchased and surrendered for cancellation, each Security (representing a nominal amount equal to the Calculation Amount) will be redeemed by the Issuer by payment on the Scheduled Redemption Date of a cash amount per Calculation

Amount (the "**Final Cash Settlement Amount**") determined on the Final Valuation Date by the Determination Agent as (x) the Calculation Amount (in the case of Securities having a Settlement Currency different to the Issue Currency, converted into the Settlement Currency by applying the applicable Exchange Rate as at the Fixing Time – Redemption on the Fixing Date – Redemption), multiplied by (y) the percentage specified as the 'Final Redemption Percentage' in the Final Terms (or if no such amount is specified, 100 per cent.) (the "**Final Redemption Percentage**").

8.2 **Inflation-Linked Redemption**

(a) **Application**

This General Condition 8.2 applies only to those Securities for which the Final Redemption Type is specified to be 'Inflation-Linked Redemption' in the Final Terms.

(b) **Final Cash Settlement Amount**

Unless previously redeemed or purchased and surrendered for cancellation, each Security (representing a nominal amount equal to the Calculation Amount) will be redeemed by the Issuer by payment on the Scheduled Redemption Date of a cash amount (the "**Final Cash Settlement Amount**"), determined on the Final Valuation Date by the Determination Agent as the Calculation Amount (in the case of Securities having a Settlement Currency different to the Issue Currency, converted into the Settlement Currency by applying the applicable Exchange Rate as at the Fixing Time – Redemption on the Fixing Date – Redemption), multiplied by the amount (the "**Final Inflation Factor**") that is determined by dividing:

- (i) the Inflation Index Level for the calendar month ("Reference Month") specified in the Final Terms as corresponding to the Scheduled Redemption Date ("Inflation Index (final)"); by
- (ii) the Inflation Index Level for the Reference Month specified in the Final Terms as corresponding to the Initial Valuation Date ("Inflation Index (initial)"),

provided that, if the Final Terms specifies 'Final Redemption Floor' is 'Applicable', if the above calculation would result in the Final Inflation Factor being less than the Final Redemption Floor, then the Final Inflation Factor shall be deemed to be equal to the Final Redemption Floor. If applicable, the "**Final Redemption Floor**" means 1 unless another amount is specified in the Final Terms.

The Final Inflation Factor (subject to the Final Redemption Floor, if applicable) calculation can also be expressed formulaically as:

$$\frac{\text{Inflation Index (final)}}{\text{Inflation Index (initial)}}$$

If the Initial Valuation Date or the Scheduled Redemption Date does not fall on the first calendar day of a month, and the Final Terms specifies that the Reference Month corresponding to such Initial Valuation Date or Scheduled Redemption Date is subject to linear interpolation, the relevant Inflation Index Level corresponding to such Initial Valuation Date or Scheduled Redemption Date shall be calculated using linear interpolation between (x) the Inflation Index Level for the Reference Month corresponding to such Initial Valuation Date or Scheduled Redemption Date and (y) the Inflation Index Level for the calendar month following such Reference Month.

(c) **Relevant defined terms**

The following terms as used above have the following meanings:

"**Calculation Amount**" means a nominal amount of the Securities equal to the Specified Denomination (unless a different amount is specified in the Final Terms, in which case, such amount).

"Final Valuation Date" means the date falling 5 Business Days prior to the Scheduled Redemption Date.

"Inflation Index" means the index specified in the Final Terms.

"Inflation Index Level" means the level of the Inflation Index first published or announced for the relevant Reference Month, as determined by the Determination Agent, subject to Section D: INFLATION INDEX DISRUPTION EVENTS of the General Conditions.

"Initial Valuation Date" means the date specified in the Final Terms.

"Valuation Date" means the Initial Valuation Date, the Final Valuation Date or any other date on which the Inflation Index Level is required to be determined.

D. INFLATION INDEX DISRUPTION EVENTS

9. Inflation Index Disruption Events

General Condition 9 applies to Inflation-Linked Securities only.

9.1 Delay of Publication

If the Inflation Index Level for a Reference Month which is relevant to the calculation of an amount payable in respect of a Security (a **"Relevant Level"**) has not been published or announced by the relevant Valuation Date or Observation Date, as applicable, the Determination Agent shall determine a **"Substitute Inflation Index Level"** (in place of such Relevant Level) by using the following methodology:

- (a) if applicable, the Determination Agent will take the same action to determine the Substitute Inflation Index Level for the relevant Valuation Date or Observation Date, as applicable, as that taken by the calculation agent pursuant to the terms and conditions of the Related Bond; or
- (b) if the Determination Agent is not able to determine a Substitute Inflation Index Level pursuant to sub-clause (a) above for the relevant Valuation Date, or Observation Date, as applicable for any reason, then the Determination Agent shall determine the Substitute Inflation Index Level as follows:

$$\text{Base Level} \times (\text{Latest Level}/\text{Reference Level})$$

If a Relevant Level is published or announced at any time after the relevant Valuation Date or Observation Date, as applicable, such Relevant Level will not be used in any calculations and instead the Substitute Inflation Index Level so determined pursuant to this General Condition 9.1 will be the definitive level for the relevant Reference Month.

For the purposes of this General Condition 9.1 the following terms shall have the following meanings (and to the extent not defined below, shall have the meaning set out in General Condition 28 (*Definitions and Interpretation*):

"Base Level" means the level of the Inflation Index (excluding any 'flash' estimates) published or announced by the Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Inflation Index Level is being determined.

"Latest Level" means the latest level of the Inflation Index (excluding any 'flash' estimates) published or announced by the Inflation Index Sponsor prior to the month in respect of which the Substitute Inflation Index Level is being calculated.

"Reference Level" means the level of the Inflation Index (excluding any 'flash' estimates) published or announced by the Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month referred to in 'Latest Level' above.

9.2 Cessation of Publication

If the level of the relevant Inflation Index has not been published or announced for two consecutive months or the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Inflation Index, then the Determination Agent shall determine a "**Successor Inflation Index**" (in lieu of any previously applicable Inflation Index) for the purposes of the Inflation-Linked Securities by using the following methodology:

- (a) if at any time (other than after the designation by the Determination Agent of a date for the early redemption of the Securities pursuant to paragraph (e) below) a successor index has been designated by the calculation agent pursuant to the terms and conditions of the Related Bond, such successor index shall be designated a 'Successor Inflation Index' for the purposes of all subsequent Interest Payment Dates or the Scheduled Redemption Date (as applicable) in relation to the Securities notwithstanding that any other successor index may previously have been determined under the other sub-sections of this General Condition 9.2;
- (b) if: (i) a Successor Inflation Index has not been determined under paragraph (a) above; (ii) there has been no designation of a date for the early redemption of the Securities by the Determination Agent pursuant to paragraph (e) below; (iii) a notice has been given or an announcement has been made by the Inflation Index Sponsor, specifying that the Inflation Index will be superseded by a replacement Inflation Index specified by the Inflation Index Sponsor; and (iv) the Determination Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Inflation Index, then such replacement index shall be deemed to be the 'Successor Inflation Index' for the purposes of the Securities from the date that such replacement Inflation Index comes into effect;
- (c) if a Successor Inflation Index has not been determined by the Determination Agent under sub-paragraph (a) or (b) above (and there has been no designation of a date for the early redemption of the Securities by the Determination Agent pursuant to sub-paragraph (e) below), the Determination Agent shall ask five leading independent dealers to state what the replacement index for the Inflation Index should be. If at least four responses are received and, of those responses, three or more of such dealers state the same index, such index will be deemed the 'Successor Inflation Index' for the purposes of the Securities. If three responses are received and, of those responses, two or more of such dealers state the same index, such index will be deemed the 'Successor Inflation Index' for the purposes of the Securities. If fewer than three responses are received, paragraph (d) below shall apply;
- (d) if no Successor Inflation Index has been determined under sub-paragraphs (a), (b) or (c) above by the relevant Valuation Date or Observation Date, as applicable, the Determination Agent will determine an appropriate alternative index for such Valuation Date or Observation Date, as applicable, and such index will be deemed a 'Successor Inflation Index'; or
- (e) if the Determination Agent determines that there is no appropriate alternative index, the Issuer may, by notice to the Holders, in accordance with General Condition 20 (*Notices*), redeem on the Early Cash Redemption Date or cancel all but not some only of the Securities at the Early Cash Settlement Amount.

9.3 **Rebasing of Inflation Index**

If the Determination Agent determines that the Inflation Index has been or will be rebased at any time, the Inflation Index as so rebased (the "**Rebased Inflation Index**") will be used for purposes of determining the level of an Inflation Index from the date of such rebasing; provided, however, that the Determination Agent shall make such adjustments as are made by the calculation agent pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Inflation Index so that the Rebased Inflation Index levels reflect the same rate of inflation as the Inflation Index before it was rebased. If there is no Related Bond, the Determination Agent shall make adjustments to the levels of the Rebased Inflation Index so that the Rebased Inflation Index levels reflect the same rate of inflation as the Inflation Index before it was rebased. Any such rebasing shall not affect any prior payments made under the Securities.

9.4 **Material Modification Prior to an Interest Payment Date or Scheduled Redemption Date**

If, on or prior to the relevant Interest Calculation Date or the Final Valuation Date, as applicable, the Inflation Index Sponsor announces that it will make a material change to the Inflation Index, the Determination Agent shall make any such adjustments to the Inflation Index consistent with adjustments made to the Related Bond, or, if there is no Related Bond, only those adjustments necessary for the modified Inflation Index to continue as the Inflation Index.

9.5 **Manifest Error in Publication**

If, within thirty days of publication, but no later than the relevant Interest Calculation Date or the Final Valuation Date, as applicable, the Determination Agent determines that the Inflation Index Sponsor has corrected the level of the Inflation Index to remedy a manifest error in its original publication, the Determination Agent will use the latest corrected level of the Inflation Index for the purpose of determining any amounts payable by the Issuer to the Holders and take such other action as it may deem necessary to give effect to such correction.

10. **Consequences of FX Disruption Events**

If the Determination Agent determines that a FX Disruption Event has occurred and is continuing, the following fallbacks shall be applied by the Determination Agent ("**FX Disruption Fallbacks**"):

- (a) following the occurrence of an FX Disruption Event that is a Price Source Disruption, the Determination Agent shall determine any Interest Amount or Settlement Amount, as applicable, for that Fixing Date – Interest or Fixing Date – Redemption, as applicable, and the Exchange Rate in accordance with the FX Disruption Fallbacks in the order set out in the Final Terms and that provide an Interest Amount or Settlement Amount, as applicable. Such FX Disruption Fallbacks include any of a Fallback Reference Price, Dealer Poll, Postponement and/or, in the case of a Currency Replacement Event, a Currency Replacement. If the Determination Agent is unable to determine the Interest Amount or Settlement Amount, as applicable, by applying such FX Disruption Fallbacks, the Interest Amount or Settlement Amount, as applicable (or a method for determining the Interest Amount or Settlement, as applicable), will be determined by the Determination Agent taking into consideration all available information that in good faith it deems relevant; or
- (b) following the occurrence of any FX Disruption Event other than a Price Source Disruption, the Determination Agent shall determine the Interest Amount or Settlement Amount, as applicable, for that Fixing Date – Interest or Fixing Date – Redemption, as applicable, and the Exchange Rate by:
 - (i) adjusting any Interest Payment Date, Early Cash Redemption Date, Optional Cash Redemption Date, Scheduled Redemption Date and/or any other date for payment of any Interest Amount or Settlement Amount, as applicable, or calculation thereof; and/or
 - (ii) treating the relevant FX Disruption Event(s) as if an Additional Disruption Event had occurred in respect of the Securities for the purposes of exercising any applicable rights under the Conditions.

For the purposes of this General Condition 10 the following terms shall have the following meanings (and to the extent not defined below, shall have the meaning set out in General Condition 28 (*Definitions and Interpretation*)):

- "**Currency Replacement**" means, in respect of any time on any relevant day, that the Determination Agent will specify and adopt a replacement of any Issue Currency or Settlement Currency, as the case may be.
- "**Dealer Poll**" means, in respect of any time on any relevant day, that the Determination Agent will request each of the Reference Dealers to provide a quotation of its rate for the Exchange Rate, at the applicable time on such relevant day. If, for any such rate, at least two quotations are provided, the relevant rate will be the arithmetic mean of the

quotations. If fewer than two quotations are provided for any such rate, the relevant rate will be the arithmetic mean of the relevant rates quoted by major banks in the relevant market, selected by the Determination Agent at or around the applicable time on such relevant day.

- **"Fallback Reference Price"** means, in respect of any time on any relevant day, that the Determination Agent will determine the Interest Amount or Settlement Amount, as applicable, on such relevant day on the basis of the Exchange Rate for such Interest Amount or Settlement Amount, as applicable, published by available recognised financial information vendors (as selected by the Determination Agent) other than the applicable fixing source, at or around the applicable time on such relevant day.
- **"Postponement"** means that the Interest Payment Date, Early Cash Redemption Date, Optional Cash Redemption Date, Scheduled Redemption Date and/or any other date for payment of any Interest Amount or Settlement Amount, as applicable, will be the first succeeding Business Day on which the Price Source Disruption ceases to exist, subject to a cut-off of five consecutive Business Days.
- **"Reference Dealers"** means, in respect of an Exchange Rate, four leading dealers in the relevant foreign exchange market, as determined by the Determination Agent.

E. GENERAL PROVISIONS

11. Accrual of Interest

Interest shall cease to accrue on each interest bearing Security on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgement) at the rate of interest and in the manner provided in General Condition 6 (*Interest*) to the Relevant Date as if such period was an Interest Calculation Period.

In respect of French Securities, any Interest Amount shall, where applicable, (to the extent permitted by law) bear interest accruing only, in accordance with Article 1154 of the French *Code civil*, after such interest has been due for a period of at least one year.

12. Adjustment or Early Redemption following an Additional Disruption Event

If an Additional Disruption Event occurs:

- (a) the Determination Agent shall determine whether an appropriate adjustment can be made to the Conditions and/or any other provisions relating to the Securities to account for the economic effect of such Additional Disruption Event on the Securities which would produce a commercially reasonable result and preserve substantially the economic effect to the Holders of a holding of the relevant Security. If the Determination Agent determines that an appropriate adjustment or adjustments can be made, the Issuer shall determine the effective date of such adjustment(s), notify the Holders of any such adjustment and take the necessary steps to effect such adjustment(s); or
- (b) if the Determination Agent determines that no adjustment that could be made pursuant to paragraph (a) above would produce a commercially reasonable result and preserve substantially the economic effect to the Holders of a holding of the relevant Security, the Determination Agent will notify the Issuer of such determination and no adjustment(s) shall be made pursuant to paragraph (a) above. In such event, the Issuer shall, on giving irrevocable notice to the Holders of not less than a number of Business Days equal to the Early Redemption Notice Period Number, redeem all of the Securities of the relevant Series on the date specified by it in the notice (the "Early Cash Redemption Date") and pay to each Holder, in respect of each Security held by it, an amount equal to the Early Cash Settlement Amount on such date (provided that the Issuer may also, prior to such redemption of the Securities, make any adjustment(s) to the Conditions or any other provisions relating to the Securities as appropriate in order to (when considered together with the redemption of the Securities) account for the effect of such Additional Disruption Event on the Securities).

13. **Indicative Amounts**

If the Final Terms provides that the Securities are being offered by way of a Public Offer, the Final Terms may specify an indicative amount, an indicative minimum amount, or an indicative maximum amount, or any combination of the foregoing, as applicable, in relation to any Specified Product Value which is not fixed or determined at the commencement of the Offer Period. If so specified in the Final Terms, references in these Conditions to such Specified Product Value shall be construed as the amount, level, percentage, price, rate or value (as applicable) determined based on market conditions by the Issuer on or around the end of the Offer Period, and is expected to be the indicative amount specified in the Final Terms (if so specified) but may be different from such indicative amount, and:

- (a) if an indicative minimum amount is provided in the Final Terms, the Specified Product Value will not be less than (or equal to) such indicative minimum amount; or
- (b) if an indicative maximum amount is provided in the Final Terms, the Specified Product Value will not be more than (or equal to) such indicative maximum amount; or
- (c) if both an indicative minimum amount and indicative maximum amount is provided in the Final Terms, the Specified Product Value will not be less than (or equal to) such indicative minimum amount and will not be more than (or equal to) such indicative maximum amount.

Notice of the relevant Specified Product Value will be published prior to the Issue Date when such Specified Product Value is fixed or determined by the Issuer on or around the end of the Offer Period and the relevant amount, level, percentage, price, rate or value specified in such notice will be deemed to be the Specified Product Value.

For these purposes, "**Specified Product Value**" means any amount, level, percentage, price, rate or value (including, but not limited to the Fixed Rate, Lower Barrier, Upper Barrier, Reference Rate, Lower Barrier 1, Upper Barrier 1, Lower Barrier 2, Upper Barrier 2, Cap Rate, Floor Rate, Leverage, Variable, Factor, Margin, Multiplier, Multiplier 1, Multiplier 2, Upper Limit, Fixed Percentage, Participation, Spread, Fixed Rate 1, Fixed Rate 2, Strike, Internal Rate of Return, Early Redemption Percentage and Final Redemption Percentage) which is specified in these Conditions as the amount, level, percentage, price, rate or value (as applicable) to be provided in the Final Terms (or phrases of similar import).

14. **Events of Default**

If any of the following events occurs and is continuing (each an "**Event of Default**") and unless the Event of Default shall have been cured by the Issuer prior to receipt of a notice from the Holders or Representative, as referred to below, a Holder (or, in respect of French Securities where '*Full Masse*' or '*Contractual Masse*' is specified as applicable in the Final Terms, the Representative upon request by any Holder) may give notice to the Issuer (and, in respect of Securities other than CREST Securities, the Issue and Paying Agent or Paying Agent, as applicable) that such Security is, and in all cases such Security shall become, immediately due and payable at the Early Cash Settlement Amount:

- (a) the Issuer does not pay any Optional Cash Settlement Amount, Early Cash Settlement Amount, Early Termination Amount or Final Cash Settlement Amount, as applicable, in respect of the Securities when the same is due and payable and such failure continues for 30 days; or
- (b) any interest has not been paid within 14 calendar days of the due date for payment. The Issuer shall not, however, be in default if such sums were not paid in order to comply with a mandatory law, regulation or order of any court of competent jurisdiction. Where there is doubt as to the validity or applicability of any such law, regulation or order, the Issuer will not be in default if it acts on the advice given to it during such 14-calendar-day period by independent legal advisers; or
- (c) the Issuer breaches any other provision of such Securities and that breach has not been remedied within 30 calendar days of the Issuer having received notice thereof from Holders

holding at least one tenth in outstanding nominal amount of the relevant Series demanding remedy; or

- (d) an order is made or an effective resolution is passed for the winding-up of the Issuer (otherwise than in connection with a scheme of reconstruction, merger or amalgamation).

In respect of French Securities in bearer form (*au porteur*) if 'Full Masse' or 'Contractual Masse' is specified in the Final Terms or French Cleared Securities, the notice to the Issuer and the French Issue and Paying Agent referred above must be sent together with evidence from the relevant financial intermediary that the relevant Securities are inscribed in the Holder's securities accounts held by such financial intermediary.

For the purposes of calculating any Early Cash Settlement Amount at any time following an Event of Default, the Determination Agent will ignore the effect of such Event of Default upon the market value of the Securities.

15. Agents

15.1 Appointment of Agents

The Agents act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Holder. The Issuer reserves the right to vary or terminate the appointment of the Agents and to appoint additional or other Agents, provided that the Issuer shall at all times maintain:

- (a) an Issue and Paying Agent;
- (b) a Registrar and a Transfer Agent in relation to Registered Securities;
- (c) one or more Determination Agent(s) where these General Conditions so require;
- (d) Paying Agents having specified offices in at least two major European cities;
- (e) such other agents as may be required by any stock exchange on which the Securities may be listed;
- (f) to the extent not already satisfied pursuant to (d) or (e) above, in relation to Definitive Bearer Securities, a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive;
- (g) a CREST Agent so long as any CREST Securities are outstanding; a French Issue and Paying Agent, so long as French Cleared Securities or French Securities are outstanding; a Danish Issue and Paying Agent, so long as any Danish Securities are outstanding; a Finnish Issue and Paying Agent, so long as any Finnish Securities are outstanding; a Swedish Issue and Paying Agent and Euroclear Sweden as the central securities depository, so long as any Swedish Securities are outstanding; a Swiss Issue and Paying Agent, so long as any Swiss Securities are outstanding, and a Norwegian Issue and Paying Agent and an authorised VPS account manager (*Kontofører*) as Accountholder, so long as any Norwegian Securities are outstanding and, in each case, in accordance with the requirements of the Relevant Rules; and
- (h) in the case of Securities in fully registered form (*au nominatif pur*) a Registration Agent.

Notice of any termination of appointment and of any changes to the specified office of any Agent will be given to Holders.

15.2 Determinations by the Determination Agent

Unless otherwise specified, all determinations, considerations, decisions and calculations in the Conditions shall be made by the Determination Agent (which will be Barclays Bank PLC,

unless otherwise specified in the Final Terms). In respect of each such calculation and determination this General Condition 15.2 shall apply.

In making such determinations, considerations, decisions and calculations, the Determination Agent may take into account the impact on the Issuer's hedging arrangements. In all circumstances the Determination Agent shall make such determinations and calculations in good faith and in a commercially reasonable manner, and (save in the case of manifest or proven error) such determinations and calculations shall be final and binding on the Issuer, the Agents and the Holders. In respect of French Securities, the Determination Agent shall act as an independent expert in the performance of its duties hereunder.

15.3 **Responsibility of the Issuer and the Agents**

Save in respect of French Securities, neither the Issuer nor any Agent shall be held responsible for any loss or damage resulting from any legal enactment (domestic or foreign), the intervention of a public authority (domestic or foreign), an act of war, strike, blockade, boycott or lockout or any other similar event or circumstance. The reservation in respect of strikes, blockades, boycotts and lockouts shall also apply if any of such parties itself takes such measures or becomes the subject of such measures. Where the Issuer or any of the Agents is prevented from effecting payment due to such event, payment may be postponed until the time the event or circumstance impeding payment has ceased, and shall have no obligation to pay any additional amounts in respect of such postponement.

16. **Taxation**

The Issuer is not liable for, or otherwise obliged to pay amounts in respect of, any Taxes borne by a Holder. A Holder must pay all Taxes arising from or payable in connection with all payments relating to the Securities and all payments in respect of the Securities shall be made free and clear of, and without withholding or deduction for, any present or future Taxes of whatever nature imposed, levied, collected, withheld or assessed by or within the Bank Jurisdiction (or any authority or political subdivision thereof or therein having power to tax) unless such withholding or deduction is required by law.

In that event, the appropriate withholding or deduction shall be made and the Issuer shall pay such additional amounts ("**Additional Amounts**") as may be necessary in order that the net amounts receivable by the relevant Holder shall equal the respective amounts that would have been receivable by such Holder in the absence of such withholding or deduction. Notwithstanding the above, no Additional Amounts shall be payable with respect to any Security:

- (a) to, or to a third party on behalf of, a Holder who is liable for such Taxes in respect of such Securities by reason of his having a connection with the Bank Jurisdiction other than the mere holding of the relevant Security or Coupon;
- (b) to, or to a third party on behalf of, a Holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim for exemption to any tax authority in the place where the relevant Security or Coupon is presented for payment or, in the case of French Securities, in the place of residence of the Holder;
- (c) where such withholding or deduction is imposed on a payment to an individual and required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such Directive;
- (d) (except in the case of French Securities) presented for payment more than 30 calendar days after the Relevant Date, except to the extent that the Holder would have been entitled to an Additional Amount on presenting such Security for such payment on the last day of such 30-day period;

- (e) where such withholding or deduction is required by the rules of the US Internal Revenue Code of 1986, as amended (the "**Code**"), sections 1471 through 1474 (or any amended or successor provisions), or pursuant to any agreement with the US Internal Revenue Service;
- (f) (except in the case of Registered Securities, French Securities or CREST Securities) presented for payment by or on behalf of a Holder who would have been able to avoid such withholding or deduction by presenting the relevant Security or Coupon to another Paying Agent without such deduction or withholding; or
- (g) in relation to Definitive Bearer Securities, unless it is proved, to the satisfaction of the Issue and Paying Agent or the Paying Agent to whom the Security or Coupon is presented or, in respect of CREST Securities, to the satisfaction of the Issuer, that the Holder is unable to avoid such withholding or deduction by satisfying any applicable certification, identification or reporting requirements or by making a declaration of non-residence or other similar claim for exemptions to the relevant tax authorities.

The imposition of any withholding or deduction on any payments in respect of the Securities by or on behalf of the Issuer will be an "**Issuer Tax Event**" if such withholding or deduction is required by law.

17. **Prescription**

17.1 **Prescription in relation to Securities (other than Danish Securities, Finnish Securities and Norwegian Securities)**

Claims for payment of principal shall become void unless made within ten years and claims for interest shall become void unless made within five years of the appropriate Relevant Date.

17.2 **Prescription in relation to Danish Securities**

In the case of Danish Securities, claims against the Issuer for the payment of principal and interest payable in respect of the Danish Securities shall, in accordance with section 73 of the Securities Trading Act, be void unless made within ten years (in the case of principal) and three years (in the case of interest) of the Relevant Date therefor and thereafter any principal or interest in respect of such Danish Securities shall be forfeited and revert to the Issuer.

17.3 **Prescription in relation to Finnish Securities**

In the case of Finnish Securities, claims against the Issuer for the payment of principal and interest payable in respect of the Securities shall be prescribed unless made within three years of the Relevant Date, and thereafter any principal or interest payable under such Securities shall be forfeited and revert to the Issuer.

17.4 **Prescription in relation to Norwegian Securities**

In the case of Norwegian Securities, claims against the Issuer for the payment of principal and interest payable in respect of the Securities shall be prescribed unless made within three years of the Relevant Date, and thereafter any principal or interest payable under such Securities shall be forfeited and revert to the Issuer.

18. **Replacement of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Securities, Norwegian Securities or Swedish Securities)**

Should any Security or Coupon in respect of any Series be lost, stolen, mutilated, defaced or destroyed, it may, subject to all applicable laws, regulations and any Relevant Stock Exchange or any other relevant authority requirements, be replaced at the specified office of the Issue and Paying Agent, in the case of Bearer Securities, or the Registrar, in the case of Registered Securities, or of such other Paying Agent or Transfer Agent, if the Issuer designates such and gives notice of the designation to Holders. The replacement of any Security or Coupon shall be subject to payment by the claimant of the fees, expenses and Taxes incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer may require.

19. **Early Redemption for Unlawfulness or Impracticability**

If the Issuer determines that the performance of any of its absolute or contingent obligations under the Securities has become, or there is a substantial likelihood that it will become, unlawful or a physical impracticability, in whole or in part, as a result of (a) any change in financial, political or economic conditions or foreign exchange rates or (b) compliance in good faith by the Issuer or any relevant subsidiaries or affiliates with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative or judicial authority or power or in interpretation thereof, the Issuer may, at its option, redeem or terminate the Securities by giving notice to Holders.

If the Issuer redeems the Securities pursuant to this General Condition 19, then the Issuer will, if and to the extent permitted by applicable law, pay to each Holder, in respect of each Security held by it, an amount equal to the Early Cash Settlement Amount.

20. **Notices**

20.1 **To Holders**

All notices to Holders will be deemed to have been duly given and valid:

- (a) in the case of Bearer Securities, if published in a daily newspaper of general circulation in England (which is expected to be the Financial Times) and will be deemed to have been given on the date of first publication;
- (b) in the case of listed Securities, if given in accordance with the rules and regulations of the Relevant Stock Exchange or other relevant authority and will be deemed to have been given on the first date of transmission or publication;
- (c) if publication pursuant to paragraph (a) or (b) above is not practicable, if published in another leading English language daily newspaper with circulation in Europe on the date of first publication;
- (d) in the case of Registered Securities, if mailed to the relevant Holders of such Registered Securities at their respective designated addresses appearing in the Register and will be deemed delivered on the third weekday (being a day other than a Saturday or a Sunday) after the date of mailing;
- (e) in the case of Cleared Securities, if given to the Relevant Clearing System provided that any publication or other requirements required pursuant to paragraph (b) above shall also be complied with if applicable. In such cases, notices will be deemed given on the first date of transmission to the applicable Relevant Clearing System;
- (f) in the case of CREST Securities, if mailed to the relevant Holders of such CREST Securities at their respective designated addresses appearing in the Record on the second CREST Business Day immediately prior to despatch of such notice and will be deemed delivered on the third weekday (being a day other than a Saturday or a Sunday) after the date of mailing or in substitution for mailing, if given to the Operator in which case it will be deemed delivered on the first date of transmission to the Operator (regardless of any subsequent mailing);
- (g) in the case of French Cleared Securities, if published in a daily newspaper of general circulation in France (which is expected to be Les Echos) and will be deemed to have been given on the date of first publication;
- (h) in the case of French Securities in registered form (*au nominatif*), if mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after mailing. In substitution for mailing and publication, notices to the Holders of French Securities (whether in registered (*au nominatif*) or in bearer (*au porteur*) form) may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Securities are for the time being cleared;

- (i) in the case of Finnish Securities, if sent by mail to the Holders at the addresses registered for such Holders in the register maintained by Euroclear Finland in accordance with the Relevant Rules and provided to the Issuer, or the Finnish Issue and Paying Agent;
- (j) in the case of Danish Securities, if mailed to their registered addresses appearing on the register of VP. Any such notice shall be deemed to have been given on the fourth day after the day on which it is mailed;
- (k) in the case of a public distribution of Securities in Switzerland, if published on the Internet on the website www.barx-is.com or any successor webpage thereto. Any such notice shall be deemed to have been given on the day of publication on the website;
- (l) in the case of Norwegian Securities, if mailed to the Norwegian Issue and Paying Agent who shall deliver same to the VPS which in turn will distribute the notice through the VPS System (to the Accountholders for the Holders of Norwegian Securities).

20.2 **To the Issuer and the Agents**

In respect of any Series, all notices to the Issuer and/or the Agents must be sent to the address specified for each such entity in the Agency Agreement or to such other person or place as shall be specified by the Issuer and/or the Agent by notice given to Holders. Any notice determined not to be valid, effective, complete and in proper form shall be null and void unless the Issuer and the Relevant Clearing System, or, in respect of CREST Securities, the Issuer and the Operator, or, in respect of French Securities, the Issuer and the French Issue and Paying Agent, agree otherwise. This provision shall not prejudice any right of the person delivering the notice to deliver a new or corrected notice. The Issuer, Operator, Paying Agent, Registrar or Transfer Agent shall use all reasonable endeavours promptly to notify any Holder submitting a notice if it is determined that such notice is not valid, effective, complete or in the proper form.

21. **Substitution (Securities other than French Securities)**

The Issuer shall be entitled at any time, without the consent of the Holders, to substitute any other entity, the identity of which shall be determined by the Issuer, to act as issuer in respect of Securities then outstanding pursuant to the Programme (the "**New Bank Issuer**"), provided that (a) the New Bank Issuer's long-term unsecured, unsubordinated and unguaranteed debt obligations are rated at least the same as Barclays Bank PLC's long-term rating at the date on which the substitution is to take effect or the New Bank Issuer has an equivalent long-term rating from another internationally recognised rating agency and (b) no Event of Default as set out in General Condition 14 (*Events of Default*) shall occur as a result thereof. Any such substitution shall take effect upon giving notice to the Holders of each Series then outstanding, the UK Listing Authority and any other Relevant Stock Exchange and the relevant Agents.

In the event of any such substitution, any reference in the Conditions to the Issuer shall be construed as a reference to the New Bank Issuer. In connection with such right of substitution, the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Holders resulting from their being for any purpose domiciled or resident in, or otherwise connected with or subject to the jurisdiction of, any particular territory, and no Holder shall be entitled to claim from the Issuer or the New Bank Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon such Holder.

In respect of Finnish Securities, notwithstanding the above, such substitution may only take place if Euroclear Finland gives its consent to the substitution of the Issuer with the New Bank Issuer.

In respect of Norwegian Securities, notwithstanding the above, such substitution may only take place if the VPS gives its consent to the substitution of the Issuer with the New Bank Issuer.

In respect of Swedish Securities, notwithstanding the above, such substitution may only take place if Euroclear Sweden gives its consent to the substitution of the Issuer with the New Bank Issuer.

The provisions of this Condition shall not apply to the Securities for so long as (a) the Securities are listed and admitted to trading on the regulated market of Borsa Italiana S.p.A. and (b) the rules of Borsa Italiana S.p.A., as interpreted by it, so require.

22. Modifications and Meetings of Holders

22.1 Modifications without consent of Holders (Securities other than French Securities)

The Conditions of the Securities of any Series and/or the Agency Agreement and/or the Deed of Covenant may be amended by the Issuer in each case without the consent of the Holders if, in the reasonable opinion of the Issuer, the amendment (a) is of a formal, minor or technical nature, (b) is made to correct a manifest or proven error or omission, (c) is made to comply with mandatory provisions of the law of the Bank Jurisdiction, and/or in order to comply with the amendments to any applicable laws and regulations, or (in the case of CREST Securities and on condition that Holders of CREST Securities are given prior notice where reasonably practicable) any change in any of the CREST Requirements, (d) is made to cure, correct or supplement any defective provision contained herein and/or (e) will not materially and adversely affect the interests of the Holders. Any such modification shall be binding on the Holders and any such modification shall take effect by notice to the Holders.

22.2 Modifications requiring the consent of the Holders (Securities other than French Securities)

(a) Consent by written resolution

In addition to the powers described in paragraph (b) and paragraph (c) below, in order to modify and amend the Agency Agreement and the Securities (including the General Conditions), a resolution in writing signed by or on behalf of the Holders of not less than 90 per cent. in aggregate nominal amount of Securities at the time outstanding, shall be as effective as an Extraordinary Resolution duly passed at a meeting of Holders of Securities of the relevant Series. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Holders. Any such resolution shall be binding on all Holders of Securities of that Series, whether signing the resolution or not.

(b) Majority Consent

Subject as provided in paragraph (c) below, the Agency Agreement contains provisions for convening meetings of the Holders to consider any matter affecting their interests, including the amendment of the Agency Agreement and/or of any of the Conditions relating to a Series.

Such a meeting may be convened by the Issuer or Holders holding not less than 10 per cent. in aggregate nominal amount of the Securities at the time outstanding. At least 21 calendar days' notice (exclusive of the day on which the notice is given and of the day on which the meeting is to be held) specifying the date, time and place of the meeting shall be given to Holders.

Except for the purposes of passing an Extraordinary Resolution, two or more persons holding or representing a clear majority in nominal amount of the Securities held or represented shall be a quorum. Any such resolution duly passed shall be binding on all Holders of Securities of that Series, whether present or not.

(c) Consent by Extraordinary Resolution

An Extraordinary Resolution will need to be passed in respect of any of the following modifications:

- (i) to amend the dates of maturity or redemption of the principal or interest due on any Securities or extend the date for payment of interest or Interest Amounts on the Securities;
- (ii) to reduce or cancel the nominal amount of, or any premium payable on redemption or exercise of, the Securities;

- (iii) to reduce the rate or rates of interest in respect of the Securities or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount or Coupon in respect of the Securities;
- (iv) if a Cap Rate, Floor Rate or a Minimum Tradable Amount is specified in the Final Terms, to amend any such value;
- (v) to reduce any minimum and/or maximum rate of interest, or maximum and/or minimum tradable amount;
- (vi) to vary any method of, or basis for, calculating any Settlement Amount (other than as provided for in the Conditions);
- (vii) to vary the currency or currencies of payment or denomination of the Securities; or
- (viii) to modify the provisions concerning the quorum required at any meeting of Holders or the majority required to pass the Extraordinary Resolution.

The quorum required to pass an Extraordinary Resolution shall be two or more persons holding or representing not less than 75 per cent. or at any adjourned meeting not less than 25 per cent. in nominal amount of the Securities for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on all the Holders, regardless of whether they are present at the meeting, save for those Securities that have not been redeemed but in respect of which an Exercise Notice shall have been delivered as described in General Conditions 7.2(c)(i) (*Put-European*) or 7.2(c)(ii) (*Put-Bermudan*) prior to the date of the meeting (provided that such Securities will not confer the right to attend or vote at, or join in convening, or be counted in the quorum for, any meeting of the Holders).

The Holder of a Permanent Global Security shall (unless such Permanent Global Security represents only one Security) be treated as being two persons for the purposes of any quorum requirements of a meeting of Holders and, at any such meeting, the Holder of a Permanent Global Security shall be treated as having one vote in respect of each integral currency unit of the Issue Currency of the Security.

(d) Consent in respect of Finnish Securities

In addition to the provisions set forth in paragraph (a) above, the following shall apply in respect of the Finnish Securities:

- (i) Only those who, according to the register kept by Euroclear Finland in respect of the Securities, were registered as Holders on the fifth Business Day prior to the meeting of Holders on the list of Holders, or proxies authorised by such Holders, shall, if holding any of the nominal amount of the Securities at the time of the meeting, be entitled to vote at the meeting and shall be recorded in the list of the Holders present at the meeting of Holders.
- (ii) A meeting of Holders shall be held in Helsinki and its chairman shall be appointed by the Issuer. If the Issuer fails to appoint such a chairman no later than five days prior to the meeting of Holders, he or she shall be appointed by the Finnish Issue and Paying Agent.
- (iii) Resolutions passed at a meeting of Holders shall be deemed to have been notified to the Holders once they have been entered into the issue account of the Securities maintained by Euroclear Finland. In addition, Holders are obliged to notify subsequent transferees of the Securities of the resolutions of the meeting of Holders.

(e) Consent in respect of Swedish Securities

In addition to the provisions set forth in paragraph (a) above, the following shall apply in respect of the Swedish Securities:

- (i) Only Holders registered as Holders on the fifth Business Day prior to the Holders' meeting (or the procedure in writing) are entitled to vote at the Holders' meeting (or the procedure in writing). The Swedish Issue and Paying Agent shall ensure that there is an excerpt from the register kept by Euroclear Sweden available at the Holders' meeting (or the procedure in writing) showing the registered Holders on the fifth Banking Day prior to the Holders' meeting (or the procedure in writing).
- (ii) Holders of Securities registered with nominees shall be considered Holders instead of the authorised nominee if the Holder shows a certificate from the authorised nominee (A) certifying that the relevant person was the holder of Securities on the fifth Banking Day prior to the Holders' meeting (or procedure in writing), and (B) showing the number of Securities held by that person on the fifth Business Day prior to the Holders' meeting (or the procedure in writing). In respect of Securities registered with authorised nominees, the authorised nominee shall be regarded as present at the Holders' meeting (or the procedure in writing) with the number of Securities that the nominee represents as Holder.

(f) **Consent in respect of Swiss Securities**

The Issuer and the Swiss Paying Agent may assume that the bank or financial intermediary who submits a Security Exercise Notice has been duly authorised by the respective holder of the Securities.

22.3 **Modifications of French Securities**

In respect of French Securities, the following shall apply:

- (a) if the Final Terms specifies 'No *Masse*', the Holders will not, in respect of all Tranches in any Series, be grouped for the defence of their common interests in a *Masse* (as defined below) and the provisions of the French *Code de commerce* relating to the *Masse* shall not apply; or
- (b) if the Final Terms specifies 'Full *Masse*', the Holders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *Masse* and the provisions of the French *Code de commerce* relating to the *Masse* shall apply subject to the below provisions of this General Condition 22.3(b).

The names and addresses of the initial Representative (as defined below) of the *Masse* and its alternate will be available upon request at the head office of the Issuer and the specified offices of the Paying Agent(s). The Representative appointed in respect of the first Tranche of any Series will be the representative of the single *Masse* of all Tranches in such Series.

In the event of the death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the general meeting of the Holders of French Securities (the "**General Meeting**").

In accordance with Article R.228–71 of the French *Code de commerce*, the right of each Holder to participate in General Meetings will be evidenced by the entries in the books of the relevant Accountholder of the name of such Holder as of 12:00 midnight, Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.

The place where a General Meeting shall be held will be set out in the notice convening such General Meeting.

- (c) if the Final Terms specifies 'Contractual *Masse*', the Holders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the "*Masse*") which will be subject to the below provisions of this General Condition 22.3(c).

The *Masse* will be governed by the provisions of the French *Code de commerce* with the exception of Articles L.228–48, L.228–59, the second sentence of Article L.228-65 II and Articles R.228–63, R.228–67 and R.228–69 subject to the following provisions:

(i) **Legal Personality**

The *Masse* will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through a General Meeting of the Holders.

The *Masse* alone, to the exclusion of all individual Holders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the French Securities.

(ii) **Representative**

The office of Representative may be conferred on a person of any nationality who agrees to perform such function.

However, the following persons may not be chosen as Representative:

- (A) the Issuer, the members of its Management Board or Supervisory Board, its general managers, its statutory auditors, its employees and their ascendants, descendants and spouse; or
- (B) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors, Executive Board or Supervisory Board, their statutory auditors, employees and their ascendants, descendants and spouse; or
- (C) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- (D) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of the Paying Agent(s).

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, another alternate Representative will be elected by the General Meeting of Holders.

(iii) **Powers of the Representative**

The Representative shall, in the absence of any decision to the contrary of the General Meeting, have the power to take all acts of management necessary in order to defend the common interests of the Holders.

All legal proceedings against the Holders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

(iv) **General Meeting**

A General Meeting may be held at any time on convocation either by the Issuer or by the Representative. One or more Holders, holding together at least one-thirtieth of the nominal amount of the French Securities outstanding, may address to the Issuer and the

Representative a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months of such demand, the Holders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided in General Condition 20 (*Notices*) not less than 15 days prior to the date of such General Meeting.

Each Holder has the right to participate in a General Meeting in person or by proxy, correspondence, or, if the by-laws of the Issuer so specify, videoconference or any other means of telecommunication allowing the identification of the participating Holders.

Each French Securities carries the right to one vote. General Meetings may deliberate validly on first convocation only if Holders present or represented hold at least one-fifth of the nominal amount of the French Securities then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Holders attending such General Meetings or represented thereat.

In accordance with Article R.228–71 of the French *Code de commerce*, the rights of each Holder to participate in General Meetings will be evidenced by the entries in the books of the relevant Accountholder of the name of such Holder on the second business day in Paris preceding the date set for the relevant General Meeting at 12:00 midnight, Paris time.

Decisions of General Meetings must be published in accordance with the provisions set forth in General Condition 20 (*Notices*).

(v) **Powers of the General Meeting**

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the French Securities, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions, including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (charges) of the Holders, nor authorise or accept a postponement of the date of payment of interest on or a modification of the terms of repayment of or the rate of interest on the French Securities, nor establish any unequal treatment between the Holders.

(vi) **Expenses**

The Issuer will bear the cost of compensating the representative of the *Masse* as well as the expense of calling and holding the General Meetings, publishing its decisions, the fees relating to the appointment of the representative of the *Masse* under Article L.228–50 of the French *Code de commerce*, where applicable, and, more generally, all costs arising from the administration and operation of the *Masse*.

(vii) **Information to the Holders**

General Meetings shall be held at the registered office of the Issuer or any other place specified in the notice convening the meeting. Each Holder shall have the right, during the 15-day period preceding the General Meeting of the *Masse*, to examine or make copies of the text of the proposed resolutions, as well as any reports to be presented to the General Meeting, at the registered office or administrative headquarters of the

Issuer or at such other place as may be specified in the notice convening the meeting, or to cause an agent to do the foregoing on its behalf.

(viii) **Single Masse**

In the event that subsequent issues of French Securities give subscribers rights identical to those under the French Securities, and if the terms and conditions of such subsequent French Securities so provide, the Holders of all of such French Securities shall be grouped together in a single *Masse*.

23. **Further Issues**

The Issuer shall be at liberty from time to time, without the consent of the Holders to create and issue further Securities so as to form a single Series with the Securities of any particular Series.

In the case of French Securities, such further Securities shall be assimilated (*assimilables*) with Securities as regards their financial services.

24. **Purchases and Cancellations**

The Issuer and any of its subsidiaries may at any time purchase Securities (provided that all unmatured Coupons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

All Securities so purchased may be held, surrendered for cancellation, or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original Series. If the French Securities are purchased in accordance with and fulfil the requirements of Article L.213–1A of the French *Code monétaire et financier*, the French Securities may be held for a maximum period of 1 year after the purchase and shall be cancelled at the expiry of such period.

Notwithstanding anything to the contrary above, all CREST Securities so purchased by the Issuer or any of its subsidiaries may be cancelled by agreement between the Issuer and the CREST Agent, provided that such cancellation shall be in accordance with the regulations of CREST in effect at the relevant time. French Cleared Securities shall be cancelled by being transferred to an account in accordance with the rules and procedures of Euroclear France.

25. **Governing Law and Jurisdiction**

25.1 **Governing Law**

(a) **Governing Law in relation to Securities other than French Securities and Swiss Securities**

The Securities and the Agency Agreement and any non-contractual obligations arising out of or in connection with them are governed by and shall be construed in accordance with English law.

(b) **Governing Law in relation to Swiss Securities**

In the case of Swiss Securities, the Securities, Coupons and any non-contractual obligations arising out of or in connection with them are governed by and shall be construed in accordance with Swiss law.

(c) **Governing Law in relation to French Securities**

In the case of French Securities, any contractual or non-contractual obligation arising out of or in connection with French Securities is governed by, and shall be construed in accordance with French law.

(d) **Danish Securities, Finnish Securities, Norwegian Securities and Swedish Securities**

Danish law will be applicable in respect of the registration (including transfer of title redemption and payments) of Danish Securities in the VP. Finnish law will be applicable in respect of the title to and registration of Finnish Securities in Euroclear Finland. Norwegian law will be applicable in respect of the registration of Norwegian Securities in the VPS. Swedish law will be applicable in respect of the registration of Swedish Securities in Euroclear Sweden.

25.2 **Jurisdiction**

(a) **Jurisdiction in relation to Securities other than French Securities and Swiss Securities**

The courts of England are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with any Securities (other than French Securities and Swiss Securities), Coupons and/or the Agency Agreement and accordingly any legal action or proceedings arising out of or in connection with them.

(b) **Jurisdiction in relation to French Securities**

Any claim against the Issuer in connection with any French Securities may be brought before any competent court in Paris.

(c) **Jurisdiction in relation to Swiss Securities**

The courts of Zurich are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with any Swiss Securities, Coupons and/or the Agency Agreement and, accordingly, any legal action or proceedings arising out of or in connection with them.

26. **Severability**

Should any one or more of the provisions contained in the Conditions be or become invalid, the validity of the remaining provisions shall not be affected in any way.

27. **Contracts (Rights of Third Parties) Act 1999**

In respect of any Securities which are governed by English law, no person shall have any right to enforce any term or condition of the Securities under the Contracts (Rights of Third Parties) Act 1999.

28. **Definitions and Interpretation**

28.1 **Definitions**

In these General Conditions, unless the context otherwise requires, the following terms shall have the respective meanings set out below:

"**Account Bank**" means, in relation to a payment denominated in a particular currency, a bank in the principal financial centre for such currency as determined by the Determination Agent or, where the relevant payment is denominated in euro, in a city in which banks have access to the TARGET System.

"**Accountholder**" has the meaning given to it in General Condition 1.4(a) (Title to Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Securities, Norwegian Securities, Swedish Securities, Swiss Securities and Swiss Cleared Securities)).

"**Additional Amounts**" has the meaning given to it in General Condition 16 (*Taxation*).

"**Additional Business Centre**" means each centre (save as provided in the definition of "Business Day" below) specified in the Final Terms.

"**Additional Disruption Event**" means, with respect to a Series:

- (a) unless specified to be in the Final Terms as 'Not Applicable', each of a Change in Law, Currency Disruption Event, Issuer Tax Event and Extraordinary Market Disruption;

- (b) if specified to be in the Final Terms as 'Applicable', each of Hedging Disruption and Increased Cost of Hedging;
- (c) an FX Disruption Event, where the Determination Agent elects to treat such event as an Additional Disruption Event pursuant to General Condition 10 (*Consequences of FX Disruption Events*); and
- (d) if the Securities are CREST Securities, at any time the Securities cease to be held in uncertificated form and/or accepted for clearance through CREST, or notice is received by or on behalf of the Issuer that the CREST Securities will cease to be held in uncertificated form and cleared through CREST and/or CREST is closed for business for a continuous period of 14 calendar days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so.

"**Affiliate**" means, in relation to any entity (the "**First Entity**"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity, directly or indirectly, under common control with the First Entity. For these purposes, 'control' means ownership of a majority of the voting power of an entity.

"**Agency Agreement**" has the meaning given to it in Section A: INTRODUCTION of the General Conditions.

"**Agents**" has the meaning given to it in Section A: INTRODUCTION of the General Conditions.

"**Aggregate Nominal Amount**" means, on the Issue Date, the aggregate nominal amount of the Securities of such Series specified in the Final Terms and on any date thereafter such amount as reduced by any amortisation or partial redemption on or prior to such date.

"**Amortised Face Amount**" means, in respect of a Security, the scheduled Final Cash Settlement Amount of such Security discounted to the date of its early redemption at a rate per annum (expressed as a percentage) equal to the 'Amortisation Yield' (which, if none is specified in the Final Terms, shall be the rate as would produce an Amortised Face Amount equal to the Issue Price of such Security if it were discounted back from the Scheduled Redemption Date to the Issue Date) compounded annually, on the basis of the Day Count Fraction specified in the relevant Final Terms

"**Bank Jurisdiction**" means, at any time, the jurisdiction of incorporation of the Issuer or any New Bank Issuer substituted therefor in accordance with General Condition 21 (*Substitution (Securities other than French Securities)*).

"**Banking Day**" means, in respect of any city, any day (other than a Saturday or a Sunday) on which commercial banks are generally open for business, including dealings in foreign exchange and foreign currency deposits in that city.

"**Base Level**" has the meaning given to it in General Condition 9.1 (*Delay of Publication*).

"**Bearer Securities**" has the meaning given to it in General Condition 1.1(a) (*Form of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Cleared Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities)*).

"**Business Day**" means a day which is each of:

- (a) a day other than a Saturday or Sunday on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the Final Terms;
- (b) in respect of Cleared Securities, a Clearing System Business Day for the Relevant Clearing System;

- (c) in relation to any sum payable in a currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant currency (if other than London and any Additional Business Centre);
- (d) in relation to any sum payable in euro (or, if 'Additional Business Centre' is specified to include "TARGET"), a TARGET Business Day; and
- (e) in respect of CREST Securities, a CREST Business Day,

and, in each case, if "Additional Business Centre" is specified to be or to include: (i) "U.S. Government Securities Business Day", then "Business Day" shall also be any day other than a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities; or (ii) "TARGET" or "TARGET Settlement Day", then "Business Day" shall include a TARGET Settlement Day;

"Business Day Convention" means any of the conventions specified in General Condition 4.4 (*Business Day Convention*).

"Code" has the meaning given to it in General Condition 16(e) (*Taxation*).

"C Rules" means the requirements under US Treasury Regulation section 1.163-5(c)(2)(i)(C).

"Calculation Amount" has the meaning given to it in General Condition 6.1 (*Fixed Rate Interest*), General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*), General Condition 6.5 (*Digital Interest*), General Condition 6.6 (*Spread-Linked Interest*) or General Condition 8.2 (*Inflation-Linked Redemption*) (as applicable).

"Call Notice Period Number" has the meaning given to it in General Condition 7.1(c)(i) (*Call-European*) and General Condition 7.1(c)(ii) (*Call-Bermudan*) (as applicable).

"CDI" means dematerialised depository interests issued, held, settled and transferred through CREST that represent interests in specified Securities.

"Cap Rate" has the meaning given to it in General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"CGN Form" has the meaning given to it in General Condition 1.1(j) (*Initial issue of Global Securities*).

"Change in Law" means that, on or after the Trade Date, due to (a) the adoption or announcement of or any change in any applicable law, regulation, rule, order, ruling or procedure (including, without limitation, any tax law and any regulation, rule, order, ruling or procedure of any applicable regulatory authority, tax authority and/or any exchange), or (b) the promulgation of or any change in or public announcement of the formal or informal interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines that (i) it will, or there is a substantial likelihood that it will, become, or it has become, illegal for the Issuer and/or any of its Affiliates to hold, acquire, deal in or dispose of the Hedge Positions relating to the Securities or contracts in securities, options, futures, derivatives or foreign exchange relating to such Securities in the manner contemplated by the relevant hedging party on the Trade Date, or, unless the Securities are listed on the regulated market of Borsa Italiana S.p.A., (ii) the Issuer or any of its Affiliates will incur a materially increased cost in (x) performing their obligations under such Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on their tax position) or (y) acquiring, establishing, re-establishing, substituting, maintaining, unwinding or disposing of any Hedge Positions relating to the Securities or contracts in securities, options, futures, derivatives or foreign exchange relating to such Securities.

"**Chinese Renminbi**", "**CNY**" and "**Renminbi**" each means the lawful currency of the People's Republic of China.

"**Cleared Securities**" means any Securities that are Global Securities held by a Common Depository, Common Safekeeper or custodian for, or registered in the name of a nominee of, a Relevant Clearing System (and each a "**Cleared Security**").

"**Clearing System Business Day**" means, in respect of a Relevant Clearing System, any day on which such Relevant Clearing System is open for the acceptance and execution of settlement instructions.

"**Clearstream**" means Clearstream Banking, *société anonyme*, 42 avenue JF Kennedy, L 1855 Luxembourg or any successor thereto.

"**Clearstream Rules**" means the Management Regulations of Clearstream and the Instructions to Participants of Clearstream, as may be from time to time amended, supplemented or modified.

"**CMS Rate Determination**" has the meaning given to it in General Condition 6.7 (*Determination of a Floating Rate*).

"**CMS Reference Rate**" means the rate determined in accordance with General Condition 6.7(c) (*CMS Rate Determination for Floating Rate*);

"**CMS Reference Rate 1**" means the CMS Reference Rate specified as such in the Final Terms and the terms "Relevant Swap Rate", "Reference Currency", "Designated Maturity", "Relevant Screen Page", "Relevant Time" and "Interest Determination Date" and any other relevant term will each be specified in the Final Terms under the heading "CMS Reference Rate 1";

"**CMS Reference Rate 2**" means the CMS Reference Rate specified as such in the Final Terms and the terms "Relevant Swap Rate", "Reference Currency", "Designated Maturity", "Relevant Screen Page", "Relevant Time" and "Interest Determination Date" and any other relevant term will each be specified in the Final Terms under the heading "CMS Reference Rate 2";

"**CNY Disruption**" means, in respect of any Securities for which the Settlement Currency is Chinese Renminbi (offshore traded), the occurrence of any of the following events, as determined by the Determination Agent:

- (a) CNY Illiquidity: it is or becomes or is likely to become impossible (where it had previously been possible) or impracticable (where it had previously been practicable) for the Issuer to obtain a firm quote of an offer price in respect of a relevant amount of CNY on any Rate Calculation Date in the general CNY exchange market in Hong Kong in order to perform its obligations under the Securities; and/or
- (b) CNY Specific Inconvertibility: the occurrence of any event that makes it or is likely to make it impossible (where it had previously been possible) and/or impracticable (where it had previously been practicable) for the Issuer to convert a relevant amount of CNY into or from USD in the general CNY exchange market in Hong Kong, other than where such impossibility or impracticability is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible and/or impracticable for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation). For the avoidance of doubt, the inability for the Issuer to convert CNY solely due to issues relating to its creditworthiness shall not constitute an CNY Specific Inconvertibility; and/or
- (c) CNY Specific Non-Transferability: the occurrence of any event that makes it or is likely to make it impossible (where it had previously been possible) and/or impracticable (where it had previously been practicable) for the Issuer to transfer CNY between accounts inside Hong Kong or from an account inside Hong Kong to an

account outside Hong Kong and outside Mainland China or from an account outside Hong Kong and outside Mainland China to an account inside Hong Kong, other than where such impossibility or impracticability is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation). For the purpose of CNY Specific Non-Transferability only, a segregated Chinese Renminbi fiduciary cash account with the People's Bank of China and operated by Bank of China (Hong Kong) Limited shall be deemed to be an account inside Hong Kong.

For the avoidance of doubt, references to "general CNY exchange market in Hong Kong" in the definitions of 'CNY Illiquidity' and 'CNY Specific Inconvertibility' refers to the purchase, sale, lending or borrowing of CNY for general purpose (including, but not limited to, funding), and therefore any purchase or sale of CNY where such CNY is required by relevant laws or regulations for settlement of any cross-border trade transaction with an entity in Mainland China, or any purchase or sale of CNY for personal customers residing in Hong Kong, would not be purchase or sale made in such general CNY exchange market.

"Common Depository" means, in relation to a particular Series, whether listed on any Relevant Stock Exchange or elsewhere, the common depository (who shall be outside the United Kingdom and the United States (and the possessions of the United States) appointed with respect to such Series.

"Common Safekeeper" has the meaning given to it in General Condition 1.1(j) (*Initial issue of Global Securities*).

"Conditions" has the meaning given to it in Section A: INTRODUCTION of the General Conditions.

"Corresponding Lower Barrier" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Corresponding Lower Barrier 1" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Corresponding Lower Barrier 2" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Corresponding Upper Barrier" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Corresponding Upper Barrier 1" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Corresponding Upper Barrier 2" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Coupons" has the meaning given to it in General Condition 1.1(a) (*Form of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Cleared Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities)*).

"CREST" means the system for the paperless settlement of trades and the holding of uncertificated securities operated by the Operator in accordance with the Uncertificated Regulations, as amended from time to time.

"CREST Agent" has the meaning given to it in Section A: INTRODUCTION of the General Conditions.

"CREST Business Day" means any day on which CREST is open for the acceptance and execution of settlement instructions.

"**CREST Deed Poll**" means a global deed poll dated 25 June 2001 (as subsequently modified, supplemented and/or restated).

"**CREST Depository**" means CREST Depository Limited or any successor thereto.

"**CREST Requirements**" has the meaning given to such term in General Condition 1.5(a)(ii) (*Transfers of CREST Securities*).

"**CREST Securities**" means Securities for which 'Form of Securities' in the Final Terms is specified as 'CREST Securities held in uncertificated registered form' and that are issued and held in uncertificated registered form in accordance with the Uncertificated Regulations (each a "**CREST Security**").

"**Currency**" means the Issue Currency or the Settlement Currency.

"**Currency Disruption Event**" means, with respect to a Series, the occurrence or official declaration of an event impacting one or more currencies that the Issuer determines would materially disrupt or impair its ability to meet its obligations in the Settlement Currency or otherwise settle, clear or hedge such Series, including, but not limited to, in respect of any Securities for which the Settlement Currency is CNY, any CNY Disruption.

"**Currency Replacement Event**" means the Issue Currency or the Settlement Currency ceases to exist and is replaced by a new currency in the relevant jurisdiction.

"**D Rules**" means the requirements under US Treasury Regulation section 1.163-5(c)(2)(i)(D).

"**Curve Cap Rate**" has the meaning given to it in General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"**Danish Business Day**" means, in respect of Danish Securities, a day which is a Clearing System Business Day and a day other than a Saturday or Sunday on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Denmark.

"**Danish Issue and Paying Agent**" means, in respect of any Series of Danish Securities, Skandinaviska Enskilda Banken AB (publ), a banking institution incorporated under the laws of Sweden whose registered office is at Kungsträdgårdsgatan 8, SE-106 40 Stockholm, Sweden, acting through its Copenhagen branch SEB Merchant Banking, or such other issue and paying agent specified as a 'Paying Agent' in the Final Terms.

"**Danish Securities**" means Securities issued in uncertificated and dematerialised book-entry form and registered with VP Securities A/S in accordance with all applicable Danish laws, regulations and rules. Danish Securities will not be issued in definitive form.

"**Danish VP Registration Order**" has the meaning given to it in General Condition 1.1(c) (*Form of Danish Securities*).

"**Day Count Fraction**" has the meaning given to it in General Condition 6.1 (*Fixed Rate Interest*), General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*), General Condition 6.5 (*Digital Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"**Day Count Fraction Conventions**" means, in respect of the calculation of an amount of interest on any Security for an Interest Calculation Period any of the following (as applicable):

- (a) if "**Actual/Actual (ICMA)**" or "**Act/Act (ICMA)**" is specified in the Final Terms, a fraction equal to "number of days accrued/number of days in year", as such terms are used in Rule 251 of the statutes, by-laws, rules and recommendations of the International Capital Market Association (the "**ICMA Rule Book**"), calculated in accordance with Rule 251 of the ICMA Rule Book as applied to non US dollar denominated straight and convertible bonds issued after 31 December 1998, as though

the interest coupon on a bond were being calculated for a coupon period corresponding to the Interest Calculation Period in respect of which payment is being made;

- (b) if "**Actual/Actual**" or "**Actual/Actual (ISDA)**" is specified in the Final Terms, the actual number of calendar days in the Interest Calculation Period divided by 365 (or, if any portion of that Interest Calculation Period falls in a leap year, the sum of (i) the actual number of calendar days in that portion of the Interest Calculation Period falling in a leap year divided by 366 and (ii) the actual number of calendar days in that portion of the Interest Calculation Period falling in a non-leap year divided by 365);
- (c) if "**Actual/365 (Fixed)**" is specified in the Final Terms, the actual number of calendar days in the Interest Calculation Period divided by 365;
- (d) if "**Actual/360**" is specified in the Final Terms, the actual number of calendar days in the Interest Calculation Period divided by 360;
- (e) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the Final Terms, the number of calendar days in the Interest Calculation Period in respect of which payment is being made divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Calculation Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day included in the Interest Calculation Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Calculation Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Calculation Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Calculation Period unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Calculation Period unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (f) if "**30E/360**" or "**Eurobond Basis**" is specified in the Final Terms, the number of calendar days in the Interest Calculation Period in respect of which payment is being made divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Calculation Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day included in the Interest Calculation Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Calculation Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Calculation Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Calculation Period unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Calculation Period unless such number would be 31, in which case D₂ will be 30;

- (g) if "**30E/360 (ISDA)**" is specified in the Final Terms, the number of calendar days in the Interest Calculation Period in respect of which payment is being made divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Calculation Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day included in the Interest Calculation Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Calculation Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Calculation Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Calculation Period unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Calculation Period unless (i) that day is the last day of February but not the Scheduled Redemption Date or (ii) such number would be 31, in which case D₂ will be 30.

"**Dealer Poll**" has the meaning given to it in General Condition 10 (*Consequences of FX Disruption Events*).

"**Deed of Covenant**" has the meaning given to it by Part A: INTRODUCTION to the General Conditions.

"**Definitive Bearer Security**" and "**Definitive Bearer Securities**" have the meanings given to them in General Condition 1.1(a) (*Form of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Cleared Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities)*).

"**Definitive Registered Securities**" has the meaning given to it in General Condition 1.1(a) (*Form of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Cleared Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities)*).

"**Definitive Securities**" has the meaning given to it in General Condition 1.1(a) (*Form of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Cleared Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities)*).

"**Dematerialised Instruction**" means, with respect to CREST Securities, an instruction sent by (or on behalf of) a Holder to the Operator in accordance with the rules, procedures and practices of the Operator and CREST in effect at the relevant time.

"Designated Maturity" has the meaning given to it in General Condition 6.7 (*Determination of a Floating Rate*).

"Determination Agent" has the meaning given to it in Section A: INTRODUCTION of the General Conditions.

"Digital Rate of Interest" has the meaning given to it in General Condition 6.5(d) (*Determination of Digital Rate of Interest*).

"Distribution Compliance Period" means the period that ends 40 calendar days after the completion of the distribution of each Series, as certified by the relevant Manager (in the case of a non-syndicated issue) or the relevant lead Manager (in the case of a syndicated issue, who shall notify the Managers when all Managers participating in that syndicated issue have so certified in respect of the Securities purchased by or through it).

"Dual Rate Range Accrual" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Dual Spread Range Accrual" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Early Cash Redemption Date" means the date specified as such in the notice given to Holders in accordance with General Condition 12 (*Adjustment or Early Redemption following an Additional Disruption Event*).

"Early Cash Settlement Amount" means, in relation to the relevant event leading to early redemption of the Securities on any day:

- (a) if 'Par' is specified in the Final Terms, an amount equal to the outstanding nominal amount of such Security; or
- (b) if 'Amortised Face Amount' is specified in the Final Terms, an amount equal to the Amortised Face Amount of each Security; or
- (c) if 'Market Value' is specified as applicable in the Final Terms, an amount equal to the market value of such Security following the event triggering the early redemption (subject or provided in Condition 13 (*Events of Default*) following an Event of Default). Such amount shall be determined as soon as reasonably practicable following the event giving rise to the early redemption of the Securities and by reference to such factors as the Determination Agent considers to be appropriate including, without limitation:
 - (i) market prices or values for any rate or index to which the Securities are linked and other relevant economic variables (such as interest rates and, if applicable, exchange rates) at the relevant time;
 - (ii) the remaining life of the Securities had they remained outstanding to scheduled maturity;
 - (iii) the value at the relevant time of any minimum redemption or cancellation amount which would have been payable had the Securities remained outstanding to scheduled maturity and/or any scheduled early redemption date;
 - (iv) internal pricing models; and
 - (v) prices at which other market participants might bid for securities similar to the Securities, where, in the case of Securities having a Settlement Currency that is different from the Issue Currency, such amount is converted into the Settlement Currency by applying the applicable Exchange Rate on the Early Cash Redemption Date,

provided that, if 'Deduct Unwind Costs' is specified in the Final Terms as 'Not Applicable', the Determination Agent shall not take into account deductions for any costs, charges, fees, accruals, losses, withholdings and expenses, which are or will be incurred by the Issuer or its Affiliates in connection with the unwinding of any Hedge Positions and/or related funding arrangements, when determining such market value

"Early Redemption Notice Period Number" means, in respect of a Series, ten unless otherwise specified in the Final Terms.

"Early Redemption Percentage" has the meaning given to it in General Condition 7.1 (*Issuer Call Option*) or General Condition 7.2 (*Holder Put Option*) (as applicable).

"EUR", "euro" and "€" each means the lawful single currency of the member states of the European Union that have adopted or adopt and continue to retain a common single currency through monetary union in accordance with European Union treaty law (as amended from time to time).

"EURIBOR" means the Euro Interbank Offered Rate.

"Euroclear" means Euroclear Bank S.A./N.V, 1 Boulevard du Roi Albert II B-1210, Brussels, Belgium or any successor thereto.

"Euroclear Finland" means Euroclear Finland Oy, the Finnish Central Securities Depository, P.O. Box 1110, 00 101 Helsinki, Finland or any successor or replacement thereto.

"Euroclear France" means Euroclear France S.A., 115 rue Réaumur, F-75081 Paris-CEDEX 02, France or any successor or replacement thereto.

"Euroclear Rules" means the terms and conditions governing the use of Euroclear and the operating procedures of Euroclear, as may be amended, supplemented or modified from time to time.

"Euroclear Sweden" means Euroclear Sweden AB, the Swedish Central Securities Depository & Clearing Organisation, company registration number 556112-8074, PO Box 191, SE-103 97 Stockholm, Sweden.

"Euroclear Sweden Rules" means the terms and conditions governing the use of Euroclear Sweden and the operating procedures of Euroclear, as may be amended, supplemented or modified from time to time.

"Eurozone" means the region comprising of member states of the European Union that have adopted the euro as the single currency in accordance with the Treaty establishing the European Community as amended by the Treaty on European Union.

"Event of Default" means each of the events set out in General Condition 14 (*Events of Default*).

"Exchange Date" means, in relation to a Temporary Global Security, the calendar day falling after the expiry of 40 calendar days after its issue date and, in relation to a Permanent Global Security, a calendar day falling not less than 60 calendar days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issue and Paying Agent is located and (if applicable) in the city in which the Relevant Clearing System is located.

"Exchange Event" means in respect of (i) Cleared Securities, that the Issuer has been notified that any Relevant Clearing System has permanently ceased doing business and no successor clearing system is available, and (ii) Global Securities that are not Cleared Securities, that the Issuer has failed to make any payment of principal when due.

"Exchange Rate" means, in respect of any Securities having a Settlement Currency that is different from the Issue Currency, unless otherwise specified in the Final Terms, the prevailing exchange rate expressed as the number of units of the Issue Currency equivalent to

one unit of the Settlement Currency, as determined by the Determination Agent in its sole discretion.

"Exercise Notice" means an Option Exercise Notice.

"Extraordinary Market Disruption" means, on or after the Trade Date, an extraordinary event or circumstance, including any legal enactment (domestic or foreign), the intervention of a public authority (domestic or foreign), a natural disaster, an act of war, strike, blockade, boycott or lockout or any other similar event or circumstance which the Issuer determines has prevented it from performing its obligations, in whole or in part, under the Securities.

"Extraordinary Resolution" means a resolution passed in accordance with the Agency Agreement relating to the relevant Securities.

"Factor" has the meaning given to it in General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable)

"Fallback Bond" means a bond selected by the Determination Agent and issued by the government of the country to whose level of inflation the Inflation Index relates and which pays a coupon or redemption amount which is calculated by reference to the Inflation Index, with a maturity date which falls on (a) the same day as the Scheduled Redemption Date of the Inflation-Linked Securities, (b) the next longest maturity after the Scheduled Redemption Date if there is no such bond maturing on the Scheduled Redemption Date, or (c) the next shortest maturity before the Scheduled Redemption Date if no bond defined in (a) or (b) is selected by the Determination Agent. If the Inflation Index relates to the level of inflation across the European Monetary Union, the Determination Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Determination Agent will select the Fallback Bond from those inflation-linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Fallback Bond shall be selected by the Determination Agent from those bonds. If the Fallback Bond redeems the Determination Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged).

"Final Cash Settlement Amount" has the meaning given to it in General Condition 8.1 (*Bullet Redemption*) or General Condition 8.2 (*Inflation-Linked Redemption*), as applicable.

"Final Inflation Factor" has the meaning given to it in General Condition 8.2 (*Inflation-Linked Redemption*).

"Final Redemption Floor" has the meaning given to it in General Condition 8.2 (*Inflation-Linked Redemption*).

"Final Redemption Percentage" has the meaning given to it in General Condition 8.1(b) (*Final Cash Settlement Amount*).

"Final Terms" means, with respect to a Series, the final terms specified as such for such Securities.

"Final Valuation Date" has the meaning given to it in General Condition 8.2 (*Inflation-Linked Redemption*).

"Finnish Issue and Paying Agent" means, in respect of any Series of Finnish Securities, Skandinaviska Enskilda Banken AB (publ), a banking institution incorporated under the laws of Sweden whose registered office is at Kungsträdgårdsgatan 8, SE-106 40 Stockholm, Sweden, acting through its Helsinki branch SEB Merchant Banking, or such other issue and paying agent specified as a 'Paying Agent' in the Final Terms.

"Finnish Securities" means Securities issued in uncertificated and dematerialised book-entry form and registered with Euroclear Finland Oy, the Finnish Central Securities Depository in accordance with all applicable Finnish laws, regulations and rules. Finnish Securities will not be issued in definitive form.

"FISA" has the meaning given to it in General Condition 1.1(i) (*Form of Swiss Securities*).

"Fixed Percentage" has the meaning given to it in General Condition 6.4 (*Inflation-Linked Interest*).

"Fixed Rate" has the meaning given to it in General Condition 6.1 (*Fixed Rate Interest*).

"Fixing Date – Interest" means, in respect of an Interest Payment Date, if a number is specified in the Final Terms in respect of 'Fixing Date – Interest', the day falling such number of Business Days prior to such Interest Payment Date or, if no number is specified in the Final Terms in respect of 'Fixing Date – Interest', the day falling five Business Days prior to such Interest Payment Date.

"Fixing Date – Redemption" means, in respect of the Optional Cash Redemption Date or Scheduled Redemption Date, if a number is specified in the Final Terms in respect of 'Fixing Date – Redemption', the day falling such number of Business Days prior to the Optional Cash Redemption Date or Scheduled Redemption Date (as applicable) or, if no number is specified in the Final Terms in respect of 'Fixing Date – Redemption', the day falling five Business Days prior to the Optional Cash Redemption Date or Scheduled Redemption Date (as applicable).

"Fixing Time – Interest" means the time specified as such in the Final Terms or, if no time is specified, such time as the Determination Agent deems appropriate.

"Fixing Time – Redemption" means the time specified as such in the Final Terms or, if no time is specified, such time as the Determination Agent deems appropriate.

"Floating Interest Rate Determination" has the meaning given to it in General Condition 6.7 (*Determination of a Floating Rate*).

"Floating Rate" has the meaning given to it in General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.5 (*Digital Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"Floor Rate" has the meaning given to it in General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"Following" has the meaning given to in General Condition 4.4(a) (*Business Day Convention*).

"French Cleared Securities" means Securities issued in dematerialised bearer form (*au porteur*) or registered form (*au nominatif*) and deposited with Euroclear France S.A. as central depository.

"French Issue and Paying Agent" means, in respect of any Series of French Securities, BNP Paribas Securities Services a société en commandite par actions incorporated under the laws of France (R.C.S. Paris no. 552 108 011) whose registered office is at 3, rue d'Antin, 75002 Paris, France, acting through its office located at Les Grands Moulins de Pantin, 9 rue du Débarcadère, 93500 Pantin, France in its capacity as issue and paying agent, or such other issue and paying agent specified as a 'Paying Agent' in the Final Terms.

"French Securities" means Securities in respect of which the 'Governing Law' is specified to be French law in the Final Terms.

"FSMA" means the Financial Services and Markets Act 2000, as amended from time to time.

"FX Disruption Event" means the occurrence of any of the following events, as determined by the Determination Agent:

- (a) *Currency Replacement Event*: A Currency Replacement Event;
- (b) *Dual Exchange Rate*: A relevant Exchange Rate splits into dual or multiple currency exchange rates;
- (c) *Illiquidity*: It is or becomes or is likely to become impossible or impracticable for the Issuer to obtain any Currency or obtain or use an Exchange Rate in an appropriate amount;
- (d) *Inconvertibility*: The occurrence of any event that makes it or is likely to make it impossible and/or impracticable for the Issuer to convert one Currency into another through customary legal channels (including, without limitation, any event that has the direct or indirect effect of hindering, limiting or restricting convertibility by way of any delays, increased costs or discriminatory rates of exchange or any current or future restrictions on repatriation of one currency into another currency);
- (e) *Non-Transferability*: The occurrence of any event in or affecting any relevant jurisdiction that makes it or is likely to make it impossible and/or impracticable for the Issuer to deliver any Currency into a relevant account; and/or
- (f) *Price Source Disruption*: A Price Source Disruption.

"FX Disruption Fallbacks" has the meaning given to it in General Condition 10 (*Consequences of FX Disruption Events*).

"GBP", **"sterling"** and **"£"** each means pounds sterling the lawful currency of the United Kingdom.

"General Meeting" has the meaning given to it in General Condition 22.3 (*Modifications of French Securities*).

"Global Bearer Securities" has the meaning given to it in General Condition 1.1(a) (*Form of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Cleared Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities)*).

"Global Registered Securities" has the meaning given to it in General Condition 1.1(a) (*Form of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Cleared Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities)*).

"Global Securities" has the meaning given to it in General Condition 1.1(a) (*Form of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Cleared Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities)*).

"Governmental Authority" means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of a relevant jurisdiction.

"Hedge Positions" means any purchase, sale, entry into or maintenance of one or more (a) positions or contracts in securities, options, futures, derivatives or foreign exchange, (b) stock loan transactions or (c) other instruments or arrangements (howsoever described) by the Issuer or any of its Affiliates in order to hedge individually, or on a portfolio basis, the Issuer's obligations in respect of the Securities.

"Hedging Disruption" means that the Issuer and/or any of its Affiliates is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain,

unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk of issuing and performing its obligations with respect to the relevant Series, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

"Helsinki Business Day" means, in respect of Finnish Securities, a day which is a Clearing System Business Day and a day other than a Saturday or Sunday on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Finland.

"Holder" has the meaning given to it in General Condition 1.4(a) (*Title to Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Securities, Norwegian Securities, Swedish Securities, Swiss Securities and Swiss Cleared Securities)*).

"Holder of CREST Securities" has the meaning given to it in General Condition 1.4(a) (*Title to Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Securities, Norwegian Securities, Swedish Securities, Swiss Securities and Swiss Cleared Securities)*).

"Increased Cost of Hedging" means that the Issuer and/or any of its Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk of issuing and performing its obligations with respect to the relevant Series, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be deemed an Increased Cost of Hedging.

"Inflation Factor" means either the Inflation Factor (Cumulative) or the Inflation Factor (Year-on-Year) as specified in the Final Terms.

"Inflation Factor (Cumulative)" has the meaning given to it in General Condition 6.4 (*Inflation-Linked Interest*).

"Inflation Factor (Year-on-Year)" has the meaning given to it in General Condition 6.4 (*Inflation-Linked Interest*).

"Inflation Index" has the meaning given to it in General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 8.2 (*Inflation-Linked Redemption*) (as applicable).

"Inflation Index (final)" has the meaning given to it in General Condition 8.2 (*Inflation-Linked Redemption*).

"Inflation Index (initial)" has the meaning given to it in General Condition 8.2 (*Inflation-Linked Redemption*).

"Inflation Index_(t)" has the meaning given to it in General Condition 6.4 (*Inflation-Linked Interest*).

"Inflation Index_(t-1)" has the meaning given to it in General Condition 6.4 (*Inflation-Linked Interest*).

"Inflation Index Level" has the meaning given to it in General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 8.2 (*Inflation-Linked Redemption*) (as applicable).

"Inflation Index Sponsor" means the Inflation Index sponsor specified as such in the Final Terms and any successor Inflation Index sponsor of such Inflation Index.

"Inflation-Linked Rate of Interest" has the meaning given to it in General Condition 6.4 (*Inflation-Linked Interest*).

"Inflation-Linked Securities" means Securities in respect of which the Type of Interest specified in the Final Terms for one or more Interest Calculation Periods is "Inflation-Linked Interest" and/or the Final Redemption Type specified in the Final Terms is "Inflation-Linked Redemption" and/or the applicable Accrual Condition Type (if any) specified in the Final Terms for one or more Interest Calculation Periods is "Year-on-Year Inflation Range Accrual".

"Initial Valuation Date" has the meaning given to it in General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 8.2 (*Inflation-Linked Redemption*) (as applicable).

"Interest Amount" means, in respect of an Interest Calculation Period, the amount of interest payable in respect of a Security (representing a nominal amount equal to the Calculation Amount) for that Interest Calculation Period.

"Interest Calculation Date" means the date falling 5 Business Days prior to the relevant Interest Payment Date.

"Interest Calculation Period" has the meaning given to it in General Condition 6.1 (*Fixed Rate Interest*), General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*), General Condition 6.5 (*Digital Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"Interest Commencement Date" means, in respect of any interest bearing Security, the Issue Date or such other date as may be set out in the Final Terms.

"Interest Determination Date" has the meaning given to it in General Condition 6.7 (*Determination of a Floating Rate*).

"Interest Observation Date" has the meaning given to it in General Condition 6.5 (*Digital Interest*).

"Interest Payment Date" has the meaning given to it in General Condition 6.1 (*Fixed Rate Interest*), 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*), General Condition 6.5 (*Digital Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"Interest Period End Date" has the meaning given to it in General Condition 6.1 (*Fixed Rate Interest*), General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*), General Condition 6.5 (*Digital Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"Intermediated Securities" has the meaning given to it in General Condition 1.1(i) (*Form of Swiss Securities*).

"Internal Rate of Return" has the meaning given to it in General Condition 6.10 (*Zero Coupon*).

"ISDA" means the International Swaps and Derivatives Association, Inc.

"Issue and Paying Agent" has the meaning given to it in Section A: INTRODUCTION of the General Conditions.

"Issue Currency" means the currency of denomination of the Securities.

"Issue Date" means the issue date specified in the Final Terms.

"Issue Price" means the price specified in the Final Terms.

"Issuer" means Barclays Bank PLC.

"Issuer Option Exercise Period" has the meaning given to it in General Condition 7.1(c)(i) (*Call-European*) or General Condition 7.1(c)(ii) (*Call-Bermudan*) (as applicable).

"**Issuer Tax Event**" has the meaning given to it in General Condition 16 (*Taxation*).

"**Latest Level**" has the meaning given to it in General Condition 9.1 (*Delay of Publication*).

"**Leverage**" has the meaning given to it in General Condition 6.6 (*Spread-Linked Interest*).

"**LIBOR**" means the London Interbank Offered Rate.

"**Linear Interpolation**" means:

- (a) with respect to a short or long Interest Calculation Period, the straight-line interpolation by reference to two rates based on the Reference Rate, one of which will be determined as if the Specified Duration were the period of time for which rates are available next shorter than the length of the affected Interest Calculation Period, and the other of which will be determined as if the Specified Duration were the period of time for which rates are available next longer than the length of such Interest Calculation Period; and
- (b) with respect to a Disrupted Floating Rate or a Discontinued Floating Rate (as applicable), the straight-line interpolation by reference to two rates based on the Reference Rate, one of which will be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the Designated Maturity of the Disrupted Floating Rate or the Discontinued Floating Rate (as applicable), and the other of which will be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the Designated Maturity of the Disrupted Floating Rate or a Discontinued Floating Rate (as applicable),

in each case, as determined by the Determination Agent.

"**London Stock Exchange**" means London Stock Exchange plc.

"**Margin**" has the meaning given to it in General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"**Masse**" has the meaning given to it in General Condition 22.3 (*Modifications of French Securities*)

"**Manager(s)**" shall mean the Issuer or Barclays Capital Inc. or such other entity, as specified in the Final Terms.

"**Minimum Tradable Amount**" means the amount, if any, specified as such in the Final Terms.

"**Modified Following**" has the meaning given to in General Condition 4.4(b) (*Business Day Convention*).

"**Multiplier**", "**Multiplier 1**" and "**Multiplier 2**" each has the meaning given to it in General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"**n**" has the meaning given to it in General Condition 6.8(b) (*Range Accrual Factor and application to Interest Amount*).

"**N**" has the meaning given to it in General Condition 6.8(b) (*Range Accrual Factor and application to Interest Amount*).

"**Nearest**" has the meaning given to in General Condition 4.4(c) (*Business Day Convention*).

"**New Bank Issuer**" has the meaning given to it in General Condition 21 (*Substitution (Securities other than French Securities)*).

"New Type of Interest" has the meaning given to it in General Condition 6.9(b) (*Switch Option*).

"NGN Form" has the meaning given to it in General Condition 1.1(j) (*Initial issue of Global Securities*).

"Norwegian Issue and Paying Agent" means, in respect of any Series of Norwegian Securities, Skandinaviska Enskilda Banken AB (publ), a banking institution incorporated under the laws of Sweden whose registered office is at Kungsträdgårdsgatan 8, SE-106 40 Stockholm, Sweden, acting through its Oslo branch SEB Merchant Banking, or such other issue and paying agent specified as a 'Paying Agent' in the Final Terms.

"Norwegian Securities" means Securities issued in uncertificated and dematerialised electronic book-entry form and registered with the Norwegian Central Securities Depository in accordance with all applicable Norwegian laws, regulations and rules. Norwegian Securities will not be issued in definitive form.

"NSS" has the meaning given to it in General Condition 1.1(j) (*Initial issue of Global Securities*).

"Observation Date" is the date specified in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Observation Number of Business Days" is the number of days specified in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Observation Period" is the period specified in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Operator" has the meaning given to such term in General Condition 1.4(b) (*Title to CREST Securities*).

"Operator register of corporate securities" has the meaning given to such term in General Condition 1.4(b) (*Title to CREST Securities*).

"Optional Cash Redemption Date" has the meaning given to it in General Condition 7.1 (*Issuer Call Option*) or General Condition 7.2 (*Holder Put Option*) (as applicable).

"Optional Cash Settlement Amount" has the meaning given to it in General Condition 7.1 (*Issuer Call Option*) or 7.2 (*Holder Put Option*) (as applicable).

"Option Exercise Notice" has the meaning given to it in General Condition 7.2 (*Holder Put Option*).

"Original Type of Interest" has the meaning given to it in General Condition 6.9(b) (*Switch Option*).

"Participation" has the meaning given to it General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"participating security" has the meaning given to such term in General Condition 1.4(b) (*Title to CREST Securities*).

"Paying Agents" has the meaning given to it in Section A: INTRODUCTION of the General Conditions

"Permanent Global Security" has the meaning given to it in General Condition 1.2(a) (*Exchange of Global Securities (other than French Cleared Securities and French Securities)*).

"Preceding" has the meaning given to in General Condition 4.4(d) (*Business Day Convention*).

"Price Source Disruption" means it becomes impossible or impracticable to obtain an Exchange Rate on or in respect of any Rate Calculation Date (or, if different, the day on which rates for that Rate Calculation Date would, in the ordinary course, be published or announced by the relevant pricing source(s)).

"Programme" means the Global Structured Securities Programme as defined in, established by and contemplated in the Agency Agreement, as the same may be from time to time amended, supplemented or modified.

"Put Notice Period Number" has the meaning given to it in General Condition 7.2(c)(i) (*Put-European*) or General Condition 7.2(c)(ii) (*Put-Bermudan*) (as applicable).

"Put Option Exercise Period" has the meaning given to it in General Condition 7.2(c)(i) (*Put-European*) or General Condition 7.2(c)(ii) (*Put-Bermudan*) (as applicable).

"Range Accrual Factor" has the meaning given to it in General Condition 6.8 (*Calculation of the Range Accrual Factor*).

"Range Accrual Floating Rate" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Range Accrual Floating Rate 1" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Range Accrual Floating Rate 2" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Range Accrual Floating Rate 3" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Range Accrual Inflation Performance" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Range Accrual Reference Month" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Rate Calculation Date" means each day on which the Exchange Rate is due to be determined under the terms of the Securities.

"Rate of Interest" has the meaning given to it in General Condition 6.2 (*Floating Rate Interest*) or General Condition 6.3 (*Inverse Floating Rate Interest*) (as applicable).

"Rebased Inflation Index" has the meaning given to it in General Condition 9.3 (*Rebasing of Inflation Index*).

"Receiving Bank" has the meaning given to it in General Condition 5.7 (*Payments in respect of French Securities*).

"Record" has the meaning given to it in General Condition 1.4(b) (*Title to CREST Securities*).

"Record Date" means, in relation to a payment under a Registered Security, the fifteenth calendar day (whether or not such fifteenth calendar day is a Business Day) before the relevant due date for such payment except that, with respect to Cleared Securities that are represented by a Global Registered Security, it shall be the Clearing System Business Day immediately prior to the due date for payment.

"record of uncertificated corporate securities" has the meaning given to such term in General Condition 1.4(b) (*Title to CREST Securities*).

"Reference Banks" means the principal office of four major banks in the relevant interbank market, in each case selected by the Determination Agent.

"Reference Currency" means the currency specified as such in the Final Terms;

"Reference Index" has the meaning given to it in General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"Reference Level" has the meaning given to it in General Condition 9.1 (*Delay of Publication*).

"Reference Month" has the meaning given to it in General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 8.2 (*Inflation-Linked Redemption*) (as applicable).

"Reference Rate" means in respect of any relevant period or day, any of the following as specified in the Final Terms: (i) a floating interest rate, (ii) an inflation index, (iii) a swap rate or (iv) EONIA. Where the Final Terms specifies 'CMS Rate Determination' to be applicable (where applicable, in relation to the relevant Reference Rate), "Reference Rate" shall be construed to include a CMS Reference Rate. If more than one Reference Rate is specified, "Reference Rate" shall be construed to refer to each rate defined or specified as such, or determined, in respect of the relevant period or day as specified in the Final Terms;

"Register" means, with respect to any Registered Securities, the register of holders of such Securities maintained by the applicable Registrar.

"Registered Securities" has the meaning given to it in General Condition 1.1(a) (*Form of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Cleared Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities)*).

"Registrar" has the meaning given to it in Section A: INTRODUCTION of the General Conditions.

"Registration Agent" has the meaning given to it in Section A: INTRODUCTION of the General Conditions.

"Related Bond" means the bond specified in the Final Terms or, if no bond is specified as the Related Bond, the Related Bond shall be the Fallback Bond. If the bond specified to be the Related Bond redeems or matures during the term of the Inflation-Linked Securities, following such redemption or maturity the Related Bond shall be the Fallback Bond.

"Relevant Clearing System" means, as appropriate, Clearstream, Euroclear France, SIS, Euroclear Finland, VP, VPS and/or Euroclear, as the case may be, and any other 'Relevant Clearing System' as specified in the Final Terms, through which interests in Securities are to be held and/or through an account at which such Securities are to be cleared.

"Relevant Date" means, in respect of any Security or Coupon, the date on which payment in respect of it first becomes due (or would have first become due if all conditions to settlement had been satisfied) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date five calendar days after that on which notice is duly given to the Holders that, upon further presentation of the Security or Coupon being made in accordance with the General Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

"Relevant Interest Calculation Period" has the meaning given to it in General Condition 6.1 (*Fixed Rate Interest*), 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*), General Condition 6.5 (*Digital Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"Relevant Interest Payment Date" has the meaning given to it in General Condition 6.1 (*Fixed Rate Interest*), 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*), General Condition 6.5 (*Digital Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"Relevant Level" has the meaning given to it in General Condition 9.1 (*Delay of Publication*).

"Relevant Rules" means the Clearstream Rules, the Euroclear Rules, Euroclear Finland Rules, Euroclear Sweden Rules, VP Rules, VPS Rules, the SIS Rules and/or the terms and conditions and any procedures governing the use of such other Relevant Clearing System, as updated from time to time.

"Relevant Screen Page" has the meaning given to it in General Condition 6.7 (*Determination of a Floating Rate*).

"Relevant Time" has the meaning given to it in General Condition 6.7 (*Determination of a Floating Rate*).

"Relevant Stock Exchange" means, in respect of any Series, the stock exchange upon which such Securities are listed, as specified in Part B(1) of the Final Terms.

"Relevant system" has the meaning given to such term in General Condition 1.4(b) (*Title to CREST Securities*).

"Relevant U.K. Resolution Authority" means any authority with the ability to exercise a U.K. Bail-In Power. At the Issue Date the Relevant U.K. Resolution Authority is the Bank of England.

"Representative" has the meaning given to it in General Condition 22.3 (*Modifications of French Securities*).

"Scheduled Redemption Date" means the scheduled date of redemption as specified in the Final Terms, subject to adjustment in accordance with the relevant Business Day Convention.

"Securities Act" means the United States Securities Act of 1933, as amended.

"Securities Trading Act" has the meaning given to it in General Condition 1.1(c) (*Form of Danish Securities*).

"Security" or **"Securities"** means any Securities which may from time to time be issued pursuant to the Programme in accordance with the terms of this Base Prospectus. Unless the context otherwise requires, any reference to 'Security' shall be deemed to refer to a Security having a nominal amount equal to the relevant Specified Denomination.

"Series" means the Securities of each original issue together with the Securities of any further issues expressed to be consolidated to form a single Series with the Securities of an original issue.

"Settlement Amount" means the Final Cash Settlement Amount, the Optional Cash Settlement Amount or the Early Cash Settlement Amount, as applicable.

"Settlement Currency" means the currency specified as such in the Final Terms.

"Settlement Expenses" means, in respect of any Security or Securities, if 'Settlement Expenses' is specified in the Final Terms as 'Applicable', any costs, fees and expenses or other amounts (other than in relation to Taxes) payable by a Holder per Calculation Amount on or in respect of or in connection with the redemption or settlement of such Security or Securities.

"Single Rate Range Accrual" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"SIS" has the meaning given to it in General Condition 1.1(i) (*Form of Swiss Securities*).

"SIS Rules" means the rules and regulations, manuals and operating procedures as well as any agreements between the Issuer and SIS governing the use of SIS, as may be amended, supplemented or modified from time to time.

"Specified Denomination" has the meaning given to it in General Condition 1.3 (*Denomination and Number*).

"Specified Duration" means the duration specified as such or, if none, a period equal to the corresponding Interest Calculation Period, ignoring any adjustment made in accordance with any Business Day Convention.

"Specified Swap Rate" means any of the following as specified in the Final Terms: (i) the swap rate, (ii) the annual swap rate, (iii) the semi-annual swap rate, (iv) the quarterly swap rate, (v) the quarterly-annual swap rate, or (vi) the quarterly-quarterly swap rate.

"Spread" has the meaning given to it in General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"Spread-Linked Rate of Interest" has the meaning given to it in General Condition 6.6(c) (*Interest Amount*).

"Spread-Linked Rate of Interest One_(t)" has the meaning given to it in General Condition 6.6(c) (*Interest Amount*).

"Spread-Linked Rate of Interest Two_(t)" has the meaning given to it in General Condition 6.6(c) (*Interest Amount*).

"Spread Range Accrual" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"Stockholm Business Day" means, in respect of Swedish Securities, a day which is a Clearing System Business Day and a day other than a Saturday or Sunday on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Sweden.

"Strike" has the meaning given to it in General Condition 6.5(f) (*Relevant defined terms*).

"Substitute Inflation Index Level" has the meaning given to it in General Condition 9.1 (*Delay of Publication*).

"Successor Inflation Index" has the meaning given to it General Condition 9.2 (*Cessation of Publication*).

"Swedish Issue and Paying Agent" means, in respect of any Series of Swedish Securities, Svenska Handelsbanken AB (publ) a banking institution incorporated under the laws of Sweden whose registered office is at Kungsträdgårdsgatan 2, SE-106 70 Stockholm, Sweden, or such other issue and paying agent specified as a 'Paying Agent' in the Final Terms.

"Swedish Securities" means Securities issued in uncertificated and dematerialised electronic book-entry form and registered with Euroclear Sweden AB, the Swedish Central Securities Depository in accordance with all applicable Swedish laws, regulations and rules. Swedish Securities will not be issued in definitive form.

"Swiss Cleared Securities" has the meaning given to it in General Condition 1.1(i) (*Form of Swiss Securities*).

"Swiss Issue and Paying Agent" means, in respect of any Series of Swiss Securities, BNP Paribas Securities Services, a société en commandite par actions incorporated under the laws of France (R.C.S. Paris no. 552 108 011) whose registered office is at 3, rue d'Antin, 75002 Paris, France, acting through its Zurich branch located at Selnaustrasse 16, 8002 Zurich, Switzerland and registered under the number CH-020.9.001.593-5, or such other issue and paying agent specified as an 'additional Paying Agent' in the Final Terms.

"Swiss Securities" means Securities in respect of which the 'Governing Law' is specified to be Swiss law in the Final Terms.

"Swiss Register" has the meaning given to it in General Condition 1.4(i) (*Title to Swiss Securities and Swiss Cleared Securities*)

"**Switch Date**" has the meaning given to it in General Condition 6.9 (*Switch Option*).

"**Switch Exercise Period**" has the meaning given to it in General Condition 6.9 (*Switch Option*).

"**Switch Notice Period Number**" has the meaning given to it in General Condition 6.9 (*Switch Option*).

"**Switch Option**" has the meaning given to it in General Condition 6.9 (*Switch Option*).

"**Switch Option Number of Business Days**" means the number of Business Days specified in the Final Terms, provided that if no such number is specified in the Final Terms, the Switch Option Observation Number of Business Days will be deemed to be five Business Days.

"**Talons**" has the meaning given to it in General Condition 1.1(a) (*Form of Securities (other than CREST Securities, Danish Securities, Finnish Securities, French Cleared Securities, French Securities, Norwegian Securities, Swedish Securities and Swiss Securities)*).

"**TARGET Business Day**" means a day on which the TARGET System is operating.

"**TARGET System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19 November 2007 (TARGET2) (or, if such system ceases to be operative, such other system (if any) determined by the Determination Agent to be a suitable replacement).

"**Taxes**" means any tax, duty, impost, levy, charge or contribution in the nature of taxation or any withholding or deduction for or on account thereof, including (but not limited to) any applicable stock exchange tax, turnover tax, stamp duty, stamp duty reserve tax and/or other taxes, duties, assessments or governmental charges of whatever nature chargeable or payable and includes any interest and penalties in respect thereof.

"**TEFRA**" means the US Tax Equity and Fiscal Responsibility Act of 1982.

"**Temporary Global Security**" has the meaning given to it in General Condition 1.2(a) (*Exchange of Global Securities (other than French Cleared Securities and French Securities)*).

"**Trade Date**" means the date specified in the Final Terms.

"**Tranche**" has the meaning given to it in Section A: INTRODUCTION of the General Conditions.

"**Transfer Agents**" has the meaning given to it in Section A: INTRODUCTION of the General Conditions.

"**Type of Interest**" means Fixed Rate Interest, Floating Rate Interest, Inverse Floating Rate Interest, Digital Interest, Spread-Linked Interest or Inflation-Linked Interest.

"**U.K. Bail-In Power**" means any statutory write-down and/or conversion power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in the United Kingdom in effect and applicable in the United Kingdom to the Issuer or Barclays PLC or any of its subsidiaries, including but not limited to any such laws, regulations, rules or requirements that are implemented, adopted or enacted within the context of the European Union directive 2014/59/EU of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms of May 15, 2014, and/or within the context of a U.K. resolution regime under the U.K. Banking Act 2009, as amended, or otherwise, pursuant to which obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled and/or converted into shares or other securities or obligations of the Issuer or any other person.

"**Uncertificated Regulations**" shall have the meaning given to it in General Condition 1 (*Form, Title and Transfer*).

"**Underlying Securities**" has the meaning given to it in General Condition 1.4(c) (*Title to CREST Depository Interests*).

"**Unit**" has the meaning given to it in General Condition 4.1 (*Calculations and Publication*).

"**United Kingdom**" means the United Kingdom of Great Britain and Northern Ireland.

"**Upper Limit**" has the meaning given to it in General Condition 6.2 (*Floating Rate Interest*), General Condition 6.3 (*Inverse Floating Rate Interest*), General Condition 6.4 (*Inflation-Linked Interest*) or General Condition 6.6 (*Spread-Linked Interest*) (as applicable).

"**USD**", "**US\$**", "**\$**" and "**US Dollars**" each means United States dollars.

"**Valuation Date**" has the meaning given to it General Condition 6.4 (*Inflation-Linked Interest*) or 8.2 (*Inflation-Linked Redemption*) (as applicable).

"**Variable**" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"**VP**" means the Danish Securities Centre, VP Securities A/S, Weidekampsgade 14, P.O. Box 4040, 2300 Copenhagen S, Denmark.

"**VP Rules**" means the terms and conditions governing the use of VP, as may be amended, supplemented or modified from time to time.

"**VPS**" means Verdipapirsentralen ASA, Biskop Gunnerus gate 14 A, 0185 Oslo, Norway.

"**VPS Register**" means the register opened in the VPS System for Securities issued by the Issuer.

"**VPS Rules**" means the Norwegian Securities Registration Act 2002-07-05 no 64 and the Regulation 2003-05-21- no 620 on information to be registered in the Securities Register and the rules and regulations and terms and conditions governing the use of the VPS as form time to time amended supplemented or modified.

"**VPS System**" means the technical system at VPS for the registration of securities and the clearing and settlement of securities transactions.

"**Year-on-Year Inflation Range Accrual**" has the meaning given to it in General Condition 6.8(c) (*Determination of Accrual Condition*).

"**Zero Coupon Interest Calculation Period**" has the meaning given to it in General Condition 6.10 (*Zero Coupon*).

28.2 Interpretation

- (a) Capitalised terms used but not defined in these General Conditions will have the meanings given to them in the Final Terms, the absence of any such meaning indicating that such term is not applicable to the Securities of the relevant Series.
- (b) Words in the plural shall include the singular and vice versa, unless the context requires otherwise.
- (c) A reference to a "person" in these General Conditions includes any person, firm, company, corporation, government, state or agency of a state or any association, trust or partnership (whether or not having separate legal personality) of two or more of the foregoing.
- (d) A reference in these General Conditions to a provision of law is a reference to that provision as amended or re-enacted.

- (e) References in these General Conditions to a company or entity shall be deemed to include a reference to any successor or replacement thereto.

PRO FORMA FINAL TERMS

The Final Terms for each Series will include such of the following information as is applicable with respect to such Securities.

BARCLAYS BANK PLC

(Incorporated with limited liability in England and Wales)

[Up to][●] Securities due [●] pursuant to the Global Structured Securities Programme [(to be consolidated and to form a single series with the [●] Securities due [●], and issued on [●]), the [●] Securities due [●], and issued on [●]] [and the [●] Securities due [●], and issued on [●]] under the Global Structured Securities Programme (the Tranche [●] Securities [and Tranche [●] Securities)))]
Issue Price: [●] per cent.

[This document constitutes the final terms of the Securities (the "**Final Terms**") described herein for the purposes of Article 5.4 of the Prospectus Directive and is prepared in connection with the Global Structured Securities Programme established by Barclays Bank PLC (the "**Issuer**"). These Final Terms are supplemental to and should be read in conjunction with the GSSP Base Prospectus 1 dated 17 February 2015[, as supplemented on [●]], which constitutes a base prospectus (the "**Base Prospectus**") for the purposes of the Prospectus Directive. Full information on the Issuer and the offer of the Securities is only available on the basis of the combination of these Final Terms and the Base Prospectus. A summary of the individual issue of the Securities is annexed to these Final Terms.

The Base Prospectus, and any supplements thereto, are available for viewing at <http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/prospectuses> and during normal business hours at the registered office of the Issuer and the specified office of the Issue and Paying Agent for the time being in London, and copies may be obtained from such office. Words and expressions defined in the Base Prospectus and not defined in the Final Terms shall bear the same meanings when used herein.]

[This document constitutes the final terms of the Securities (the "**Final Terms**") described herein for the purposes of Article 5.4 of the Prospectus Directive and is prepared in connection with the Global Structured Securities Programme established by Barclays Bank PLC (the "**Issuer**"). These Final Terms are supplemental to and should be read in conjunction with the GSSP Base Prospectus 1 dated 17 February 2015[, as supplemented on [●]], which constitutes a base prospectus (the "**Base Prospectus**" for the purposes of the Prospectus Directive), save in respect of the Terms and Conditions of the Securities which are extracted from the 2014 GSSP Base Prospectus 8 dated 23 January 2014 (the "**2014 GSSP Base Prospectus 8**") and which are incorporated by reference into the Base Prospectus. Full information on the Issuer and the offer of the Securities is only available on the basis of the combination of these Final Terms and the Base Prospectus, save in respect of the Terms and Conditions of the Securities which are extracted from the 2014 GSSP Base Prospectus 8. Words and expressions defined in the 2014 GSSP Base Prospectus 8 and not defined in the Final Terms shall bear the same meanings when used herein.]

Barclays

Final Terms dated [●]

Part A – CONTRACTUAL TERMS

1. a. Series number: [●]
 [b. Tranche number: [●]]
 [The Securities shall be consolidated and form a single series with the Tranche [●] Securities[, the Tranche [●] Securities] [and the Tranche [●] Securities] but shall not be fungible with the Tranche [●] Securities [, the Tranche [●] Securities] [and the Tranche [●] Securities] until such time as the clearing systems recognise the Securities to be fungible with the Tranche [●] Securities[, the Tranche [●] Securities] [and the Tranche [●] Securities].]
2. Settlement Currency: [●]
3. Exchange Rate: [As specified in the Conditions] [●]
4. Securities:
 - a. Aggregate Nominal Amount as at the Issue Date:
 - (i) Tranche: [Up to] [●]
 - (ii) Series: [Up to] [●]
 - b. Specified Denomination: [●]
 [[●] and integral multiples of [●] in excess thereof up to and including [●].]
 - c. Minimum Tradable Amount: [●]
 [Not Applicable]
5. Issue Price: [●] per cent. of the Aggregate Nominal Amount [plus accrued interest from [●]].
 [The Issue Price includes a [commission element][fee] payable by the Issuer to the [Initial] Authorised Offeror which will be no more than [●] % of the Issue Price [per annum][(i.e. [●] % of the Issue Price in total) [(which, for [●] invested, amounts to [●])] [and relates solely to the [initial design, arrangement and manufacture][custody] of the Securities by the [Initial] Authorised Offeror.] [Investors in the Securities intending to invest through an intermediary (including by way of introducing broker) should request details of any such commission or fee payment from such intermediary before making any purchase hereof.]
6. Issue Date: [●]
7. Interest Commencement Date: [●] [Not Applicable]

8. Scheduled Redemption Date: [●]
9. Calculation Amount: [●] [Not Applicable]
- Provisions relating to interest (if any) payable**
10. Type of Interest: [Fixed Rate Interest] [Floating Rate Interest] [Inverse Floating Rate Interest] [Inflation-Linked Interest] [Digital Interest] [Spread-Linked Interest] [Zero Coupon]
- a. Interest Payment Date(s): [●] [in each year] [[●] Business Days after each Interest Determination Date][Not Applicable]
- b. Interest Period End Date(s): [●] [in each year]/[each Interest Payment Date] [without adjustment] [Not Applicable]
11. Switch Option: [Applicable] [Not Applicable]
- [a. Switch Exercise Period[s]:
- | | |
|------------------------|---|
| Interest Payment Date: | Switch Exercise Period (each date inclusive): |
| [●] | [●] to [●] |
- b. Switch Notice Period Number: [●]
- c. Switch Option Number of Business Days [●] [As specified in the Conditions]
12. Fixing Date – Interest: [Not Applicable] [As specified in the Conditions] [●]
13. Fixing Time – Interest: [Not Applicable] [As specified in the Conditions] [●]
14. Fixed Rate Interest provisions: [Applicable] [Applicable subject to exercise of Switch Option] [Applicable following exercise of Switch Option] [Applicable in respect of the period from and including [the Issue Date/the Interest Payment Date falling in [●]] to but excluding the Interest Payment Date falling in [●]] [Not Applicable]
- [a. Fixed Rate: [[●]]%
- | | |
|------------------------|-------------------|
| Interest Payment Date: | [Fixed Rate (%):] |
| [●] | [●] |
- b. Day Count Fraction: [Actual/Actual (ICMA)] [Act/Act (ICMA)] [Actual/Actual] [Actual/Actual (ISDA)] [Actual/365 (Fixed)] [Actual/360] [30/360] [360/360] [Bond Basis] [30E/360] [Eurobond Basis] [30E/360 (ISDA)]
- c. Range Accrual: [Applicable] [Not Applicable]

- [i. Accrual Condition Type: [Year-on-Year Inflation Range Accrual] [Single Rate Range Accrual] [Spread Range Accrual] [Dual Rate Range Accrual] [Dual Spread Range Accrual]
- ii. Year-on-Year Inflation Range Accrual: [Applicable] [Not Applicable]
 - [- Inflation Index: [●]
 - Inflation Index Sponsor: [●]
 - Range Accrual Reference Month: The calendar month falling [●] month[s] prior to the relevant Interest Payment Date [subject to linear interpolation].
[Range Accrual Reference Month:] [Interest Payment Date:]

[THIRD PARTY INFORMATION]

[●] has been extracted from [●]. The Issuer confirms that such information has been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published by [●], no facts have been omitted which would render the reproduced information inaccurate or misleading.]

Part B - OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING

[Application is expected to be made by the Issuer (or on its behalf) for the Securities to be listed on [the official list] and admitted to trading on the [regulated market of the] [London Stock Exchange] [Irish Stock Exchange] [NYSE Euronext Paris] [NYSE Euronext Brussels] [Luxembourg Stock Exchange] [Malta Stock Exchange] [NASDAQ OMX Copenhagen] [NASDAQ OMX Stockholm] [Oslo Stock Exchange] [Nordic Derivatives Exchange (NDX)] [NASDAQ OMX Helsinki] [Borsa Italiana S.p.A.] [Bolsas y Mercados Españoles] [NYSE Euronext Lisbon] [NYSE Euronext Amsterdam] [SIX Swiss Exchange] [multilateral trading facility of EuroTLX SIM S.p.A.] with effect from [●]. [Not Applicable] [The Tranche [●] Securities were admitted to trading on [the London Stock Exchange] [the Irish Stock Exchange] [NYSE Euronext Paris] [NYSE Euronext Brussels] [Luxembourg Stock Exchange] [Malta Stock Exchange] [NASDAQ OMX Copenhagen] [NASDAQ OMX Stockholm] [Oslo Stock Exchange] [Nordic Derivatives Exchange (NDX)] [NASDAQ OMX Helsinki] [Borsa Italiana S.p.A.] [Bolsas y Mercados Españoles] [NYSE Euronext Lisbon] [NYSE Euronext Amsterdam] [SIX Swiss Exchange] [multilateral trading facility of EuroTLX SIM S.p.A.] on or around [●]]

[The Securities shall not be fungible with the Tranche [●] Securities until such time as the Securities are listed and admitted to trading as indicated above.]

[Estimate of total expenses related to admission to trading:]

[●] [Not Applicable]

2. RATINGS

Ratings:

[The Securities have not been individually rated.]

[Upon issuance, the Securities are expected to be rated:

[Standard & Poor's: [●]]

[Moody's: [●]]

[Fitch: [●]]

3. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE [ISSUE/OFFER]

[●]⁷

⁷ Only include a description of any interests, including conflicting ones, that are material to the issue/offer, detailing the persons involved and the nature of the interest, where such interest is different from that set out in risk factor 13 (*Risks associated with conflicts of interest*) of the Base Prospectus. Otherwise delete this paragraph 3.

4. REASONS FOR THE OFFER, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES

- (i) Reasons for the offer: [●] [General funding] [Not Applicable]
- (ii) Estimated net proceeds: [●] [Not Applicable]
- (iii) Estimated total expenses: [●] [Not Applicable]

5. YIELD

[The yield is calculated on [●] on the basis of the Issue Price. It is not an indication of future yield.]

[Not Applicable] [The yield is [●] per cent. per annum.]

[6.] [HISTORIC INTEREST RATES]

[Details of historic [LIBOR/EURIBOR/EONIA/[●]] rates can be obtained from [Bloomberg Screen [●]] [Reuters Screen [●] Page] [●].]

[7.] [PERFORMANCE OF INFLATION INDEX AND OTHER INFORMATION CONCERNING THE INFLATION INDEX]

[●]

[[Bloomberg Screen [●]] [Reuters Screen [●] Page] [●]: "[●]" [and] [●]]

[8.] OPERATIONAL INFORMATION

- (i) ISIN Code: [●]
[Temporary ISIN Code:] [●]
- (ii) Common Code: [●]
[Temporary Common Code:] [●]
- (iii) Relevant Clearing System(s) and the relevant identification number(s): [Clearstream [-identification number [●]]] [CREST [-identification number [●]]] [Euroclear [-identification number [●]]] [Euroclear Finland [-identification number [●]]] [Euroclear France [-identification number [●]]] [Euroclear Sweden [-identification number [●]]] [SIS [-identification number [●]]] [VP [-identification number [●]]] [VPS [-identification number [●]]]

[The Securities are [CREST/ Danish/ Finnish/ French Cleared/ Norwegian/ Swedish] Securities]
- (iv) Delivery: Delivery [against/free of] payment.
- (v) Name and address of [additional Paying Agent(s) (if any)] [●] [Not Applicable]

[9.] [TERMS AND CONDITIONS OF THE OFFER]

9.1 Authorised Offer(s)

- (a) Public Offer: [Not Applicable]/[An offer of the Notes may be made, subject to the conditions set out below by the Authorised Offeror(s) (specified in (b) immediately below) other than pursuant to Article

- 3(2) of the Prospectus Directive in the Public Offer Jurisdiction(s) (specified in (c) immediately below) during the Offer Period (specified in (d) immediately below) subject to the conditions set forth in the Base Prospectus and in (e) immediately below]
- (b) Name(s) and address(es), to the extent known to the Issuer, of the placers in the various countries where the offer takes place (together the "**Authorised Offeror(s)**"):
- Each financial intermediary specified in (i) and (ii) below:
- (i) **Specific consent:** [] (the "**Initial Authorised Offeror(s)**") [and each financial intermediary expressly named as an Authorised Offeror on the Issuer's website (<http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/final-terms>); and
- (ii) **General consent:** [Not Applicable]/ [Applicable: each financial intermediary which (A) is authorised to make such offers under Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments, including under any applicable implementing measure in each relevant jurisdiction, and (B) accepts such offer by publishing on its website the Acceptance Statement]
- (c) Jurisdiction(s) where the offer may take place (together, the "**Public Offer Jurisdictions(s)**"):
- [Belgium/Denmark/Finland/France/Ireland/Italy/Luxembourg/Malta/the Netherlands/Norway/Portugal/Spain/Sweden/the United Kingdom]
- (d) Offer period for which use of the Base Prospectus is authorised by the Authorised Offeror(s):
- [Not Applicable]
- (e) Other conditions for use of the Base Prospectus by the Authorised Offeror(s):
- [, in relation to those Authorised Offeror(s) specified in (b)(ii) above only] [Not Applicable]

9.2 Other terms and conditions of the offer

- (a) Offer Price: [The Issue Price][] % of the Issue Price] [Not Applicable]
- (b) Total amount of offer: [Not Applicable]
- (c) Conditions to which the offer is subject: [Not Applicable]
- (d) Time period, including any possible amendments, during which the offer will be open and description of the application process: [Not Applicable]
- (e) Description of the application process: [Not Applicable]
- (f) Details of the minimum and/or [Not Applicable]

maximum amount of application:

- (g) Description of possibility to reduce subscriptions and manner for refunding excess amount paid by applicants: [●] [Not Applicable]
- (h) Details of method and time limits for paying up and delivering the Securities: [●] [Not Applicable]
- (i) Manner in and date on which results of the offer are to be made public: [●] [Not Applicable]
- (j) Procedure for exercise of any right of pre-emption, negotiability of subscription rights and treatment of subscription rights not exercised: [●] [Not Applicable]
- (k) Whether tranche(s) have been reserved for certain countries: [●] [Not Applicable]
- (l) Process for notification to applicants of the amount allotted and indication whether dealing may begin before notification is made: [●] [Not Applicable]
- (m) Amount of any expenses and taxes specifically charged to the subscriber or purchaser: [●] [Not Applicable]
- (n) Name(s) and address(es), to the extent known to the Issuer, of the placers in the various countries where the offer takes place: [●] [Not Applicable]

[SUMMARY]

(Issuer to annex form of issue specific summary to the Final Terms)

CLEARANCE AND SETTLEMENT

Book-Entry Ownership

Bearer Securities

The Issuer may make applications to Euroclear and/or Clearstream for acceptance in their respective book-entry systems in respect of any Series of Bearer Securities. In respect of Bearer Securities, a Temporary Global Security and/or a Permanent Global Security in bearer form without Coupons may be deposited with a common depository for Euroclear and/or Clearstream or an alternative clearing system as agreed between the Issuer and the Managers. Transfers of interests in such Temporary Global Securities or Permanent Global Securities will be made in accordance with the normal Euromarket debt securities operating procedures of Euroclear and Clearstream or, if appropriate, the alternative clearing system.

Registered Securities

The Issuer may make applications to Euroclear and/or Clearstream for acceptance in their respective book-entry systems in respect of the Securities to be represented by a Global Security. Each Global Security deposited with a common depository for, and registered in the name of, a nominee of Euroclear and/or Clearstream will have an ISIN and a Common Code.

All Registered Securities will initially be in the form of Global Securities. Definitive Securities will only be available, in the case of Securities initially represented by a Global Security, in amounts or numbers specified in the Final Terms.

Transfers of Registered Securities

Transfers of interests in Global Securities within Euroclear and Clearstream will be in accordance with the usual rules and operating procedures of the relevant clearing system.

Beneficial interests in a Global Security may only be held through Euroclear or Clearstream.

For a further description of restrictions on transfer of Registered Securities, see 'Transfer Restrictions for Registered Securities'.

Definitive Securities

Registration of title to Registered Securities in a name other than a common depository or its nominee for Clearstream and Euroclear will be permitted only in the circumstances set out in General Condition 1 (*Form, Title and Transfer*). In such circumstances, the Issuer will cause sufficient individual Securities to be executed and delivered to the Registrar for completion, authentication and despatch to the relevant Holder(s). A person having an interest in a Global Security must provide the Registrar with a written order containing instructions and such other information as the Issuer and the Registrar may require to complete, execute and deliver such Definitive Securities.

GENERAL INFORMATION APPLICABLE TO CREST SECURITIES AND CDIs

CREST Securities

CREST Securities may be issued and held in uncertificated registered form in accordance with the Uncertificated Regulations and, as such, are dematerialised and not constituted by any physical document of title. Securities which are CREST Securities shall be specified in the Final Terms.

CREST Securities issued pursuant to the Programme will be cleared through CREST and are participating securities for the purposes of the Uncertificated Regulations. The Operator is in charge of maintaining the Operator register of corporate securities. Title to the CREST Securities is recorded and will pass on registration in the Operator register of corporate securities. As at the date of this Base Prospectus, the relevant Operator for the purposes of the Uncertificated Regulations is Euroclear UK & Ireland Limited.

The address of Euroclear UK & Ireland Limited is 33 Cannon Street, London EC4M 5SB, United Kingdom.

CDI Securities

Investors may hold indirect interests in Cleared Securities issued pursuant to the Programme by holding CDIs through CREST. CDIs represent indirect interests in the Underlying Securities to which they relate and holders of CDIs will not be the legal owners of the Underlying Securities.

CDIs may be issued by the CREST Depository and held through CREST in dematerialised uncertificated form in accordance with the CREST Deed Poll. CDIs in respect of Underlying Securities will be constituted and issued to investors pursuant to the terms of the CREST Deed Poll.

Following their delivery into Euroclear (directly or through another clearing system using bridging arrangements with Euroclear), interests in Underlying Securities may be delivered, held and settled in CREST by means of the creation of dematerialised CDIs representing the interests in the relevant Underlying Securities. Interests in the Underlying Securities will be credited to the CREST nominee's account with Euroclear and the CREST nominee will hold such interests as nominee for the CREST Depository which will issue CDIs to the relevant CREST participants.

Each CDI will be treated as one Underlying Security, for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to holders of CDIs any interest or other amounts received by it as holder of the Underlying Securities on trust for such CDI holder. CDI holders will also be able to receive from the CREST Depository notices of meetings of holders of Underlying Securities and other relevant notices issued by the Issuer.

Transfers of interests in Underlying Securities by a CREST participant to a participant of Euroclear or another Relevant Clearing System will be effected by cancellation of the CDIs and transfer of an interest in such Securities underlying the CDIs to the account of the relevant participant with Euroclear or such other Relevant Clearing System. The CDIs will have the same securities identification number as the ISIN of the Underlying Securities and will not require a separate listing on the Official List of the UK Listing Authority.

The rights of the holders of CDIs will be governed by the arrangements between CREST, the Relevant Clearing System and the Issuer, including the CREST Deed Poll (in the form contained in Chapter 3 of the CREST International Manual (which forms part of the CREST Manual)) executed by the CREST Depository. These rights may be different from those of holders of Securities which are not represented by CDIs.

The attention of investors in CDIs is drawn to the terms of the CREST Deed Poll, the CREST Manual and the CREST Rules, copies of which are available from Euroclear UK & Ireland Limited at 33 Cannon Street, London EC4M 5SB or by calling +44 20 7849 0000 or from the Euroclear UK & Ireland Limited website at www.euroclear.com/site/public/EUI.

1. General Taxation Information

The information provided below does not purport to be a complete overview of tax law and practice currently applicable to the Securities. Transactions involving Securities (including purchases, transfers and/or redemptions), the accrual or receipt of any interest or premium payable on the Securities and the death of a holder of any Security may have tax consequences for investors which may depend, amongst other things, upon the tax residence and/or status of the investor. Investors are therefore advised to consult their own tax advisers as to the tax consequences of transactions involving Securities and the effect of any tax laws in any jurisdiction in which they may be tax resident or otherwise liable to tax. In particular, no representation is made as to the manner in which payments under the Securities would be characterised by any relevant taxing authority.

The following overviews do not consider the tax treatment of payments in respect of Underlying Assets. The taxation provisions applicable to such items may be different (and in some cases significantly different) from those described in the overviews below.

Purchasers and/or sellers of Securities may be required to pay stamp taxes and other charges in addition to the issue price or purchase price (if different) of the Securities and in connection with the transfer or delivery of any Underlying Asset.

Investors are referred to General Condition 5.12 (*Taxes and Settlement Expenses conditions to settlement*).

Terms defined in the sections below are defined for the purpose of the relevant section only.

As used below, the "**Savings Directive**" shall mean European Council Directive 2003/48/EC on the taxation of savings income.

2. United Kingdom Taxation

The comments below are of a general nature based on current United Kingdom tax law and HM Revenue & Customs ("HMRC") published practice and are an overview of the understanding of the Issuer of current law and practice in the United Kingdom relating only to certain aspects of United Kingdom taxation. They are not intended to be exhaustive. They relate only to persons who are the beneficial owners of Securities and do not apply to certain classes of taxpayers (such as persons carrying on a trade of dealing in Securities, certain professional investors and persons connected with the Issuer) to whom special rules may apply.

Investors who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

2.1 Withholding Tax

(a) Payments of interest by the Issuer only

The Issuer, provided that it continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the "Act"), and provided that the interest on Securities is paid in the ordinary course of its business within the meaning of section 878 of the Act, will be entitled to make payments of interest without withholding or deduction for or on account of United Kingdom tax.

(b) Payments of interest in respect of Securities which are listed on a recognised stock exchange

Payments of interest under Securities may be made without withholding or deduction for or on account of United Kingdom tax, provided that such Securities carry a right to interest, and are and remain listed on a 'recognised stock exchange', as defined in section 1005 of the Act. The London Stock Exchange is a recognised stock exchange. Securities will satisfy this requirement if they are admitted to trading on the relevant recognised stock exchange, and are (in the case of the UK) included in the Official List of the UK Listing Authority or (in a country outside the UK where there is a recognised stock exchange) are officially listed in accordance with provisions corresponding to those generally applicable in EEA states.

Provided, therefore, that Securities are and remain so listed, interest on such Securities will be payable without withholding or deduction for or on account of United Kingdom tax whether or not the Issuer carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

(c) Payments of interest to certain holders

Interest on Securities may also be paid without withholding or deduction for or on account of United Kingdom tax where, at the time the payment is made, the Issuer reasonably believes that either:

- (i) the person beneficially entitled to the interest payable on such Securities is within the charge to United Kingdom corporation tax as regards the payment of such interest; or
- (ii) the payment is made to one of the classes of exempt bodies or persons set out in section 936 of the Act,

provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that such payment of interest will not be an 'excepted payment' at the time the payment is made) that the interest should be paid under deduction of tax.

(d) Securities with a maturity of less than 365 calendar days

Interest on Securities having a maturity of less than one year from the date of issue and which are not issued under arrangements, the effect of which is to render such Securities part of a borrowing with a total term of a year or more, may also be paid without deduction for or on account of United Kingdom income tax.

(e) Other withholdings

In other cases, an amount may have to be withheld from payments of interest on Securities for or on account of United Kingdom income tax at the basic rate, subject to the availability of other exemptions or reliefs or to any direction to the contrary from HMRC in respect of such relief as may be available under an applicable double taxation treaty.

In addition, an amount for or on account of United Kingdom income tax at the basic rate may have to be withheld on payments on Securities where such payments do not constitute interest

for United Kingdom tax purposes but instead constitute either annual payments, subject to the availability of exemptions or reliefs or subject to any direction to the contrary from HMRC in respect of such relief as may be available under an applicable double taxation treaty.

If Securities are issued at a discount to their principal amount, any such discount element is not subject to any United Kingdom withholding tax. If Securities are redeemed at a premium to principal amount (as opposed to being issued at a discount) then, depending on the circumstances, such premium may constitute a payment of interest for United Kingdom tax purposes and hence be subject to the United Kingdom withholding tax rules outlined above.

2.2 Reporting Requirements

HMRC has powers to obtain information, including in relation to interest or payments treated as interest and payments derived from securities. This may include details of the beneficial owners of the Securities (or persons for whom the Securities are held), details of the persons to whom payments derived from the Securities are or may be paid and information in connection with transactions relating to the Securities. Information obtained by HMRC may be provided to tax authorities in other countries.

Investors are also directed to the disclosure below in respect of the Savings Directive.

2.3 United Kingdom Stamp Duty and Stamp Duty Reserve Tax ("SDRT")

Depending upon the terms and conditions of the relevant Securities (including, but not limited to, whether the Securities are in bearer or registered form or whether they are CREST Securities or CDIs), UK stamp duty or SDRT may be payable on the issue or on the subsequent transfer of such Securities.

3. European Union Taxation

3.1 EU Directive on the Taxation of Savings Income

Under the Savings Directive, each EU Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, for a transitional period, Austria will (unless it elects otherwise) instead apply a withholding system in relation to such payments, deducting tax at a rate of 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU territories to the exchange of information relating to such payments.

A number of non-EU countries, including Switzerland, and certain dependent or associated territories of certain Member States have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual or certain other persons in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

On 24 March 2014, the Council of the European Union adopted an EU Council Directive amending and broadening the scope of the requirements described above. In particular, the changes expand the range of payments covered by the Savings Directive to include certain additional types of income, and widen the range of recipients, payments to whom are covered by the Savings Directive, to include certain other types of entity and legal arrangement. Member States are required to implement national legislation giving effect to these changes by 1 January 2016 (which national legislation must apply from 1 January 2017).

4. United States Taxation

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, INVESTORS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL

TAX ISSUES IN THIS BASE PROSPECTUS IS NOT INTENDED OR WRITTEN TO BE RELIED UPON, AND CANNOT BE RELIED UPON, BY INVESTORS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON INVESTORS UNDER THE INTERNAL REVENUE CODE; (B) SUCH DISCUSSION IS INCLUDED HEREIN BY THE ISSUER IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) BY THE ISSUER OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) INVESTORS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

The following is an overview of certain material US federal income tax consequences of the acquisition, ownership and disposition of Securities by a non-US holder. For purposes of this section, a "**non-US holder**" is a beneficial owner of Securities that is: (i) a non-resident alien individual for US federal income tax purposes; (ii) a foreign corporation for US federal income tax purposes; or (iii) an estate or trust whose income is not subject to US federal income tax on a net income basis. If the investor is not a non-US holder, he/she should consult his/her tax adviser with regard to the US federal income tax treatment of an investment in Securities. In addition, this section does not apply to Securities that have a term of 30 years or more or that have no term.

An individual may, subject to certain exceptions, be deemed to be a resident of the United States for federal income tax purposes by reason of being present in the United States for at least 31 days in the calendar year and for an aggregate of at least 183 days during a three-year period ending in the current calendar year (counting for those purposes all of the days present in the current year, one-third of the days present in the immediately preceding year, and one-sixth of the days present in the second preceding year).

This overview is based on interpretations of the Internal Revenue Code of 1986, as amended (the "**Code**"), Treasury regulations issued thereunder, and rulings and decisions currently in effect (or in some cases proposed), all of which are subject to change. Any of those changes may be applied retroactively and may adversely affect the US federal income tax consequences described herein. Investors considering the purchase of Securities should consult their own tax advisers concerning the application of US federal income tax laws to their particular situations as well as any consequences of the purchase, beneficial ownership and disposition of Securities arising under the laws of any other taxing jurisdiction.

INVESTORS SHOULD CONSULT THEIR TAX ADVISERS AS TO THE US FEDERAL, STATE, LOCAL, AND OTHER TAX CONSEQUENCES TO THEM OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF SECURITIES.

4.1 **US Federal Tax Treatment of Non-US Holders**

In general and subject to the discussion in the following paragraphs, payments on the Securities to a non-US holder and gain realised on the sale, exchange, redemption or other disposition of the Securities by a non-US holder will not be subject to US federal income or withholding tax, unless (i) such income is effectively connected with a trade or business conducted by such non-US holder in the United States, or (ii) in the case of gain, such non-US holder is a non-resident alien individual who holds the Securities as a capital asset and is present in the United States for more than 182 days in the taxable year of the sale and certain other conditions are satisfied.

It is possible that Securities that do not guarantee a return of principal ("**Non-Principal-Protected Securities**") could be treated as forward or derivative contracts for US federal income tax purposes. The Internal Revenue Service ("**IRS**") released a notice in 2007 that may affect the taxation of non-US holders of Non-Principal-Protected Securities. According to the notice, the IRS and the Treasury Department are actively considering whether, among other issues, the holder of instruments such as Non-Principal-Protected Securities should be required to accrue ordinary income on a current basis. It is not possible to determine what guidance they will ultimately issue, if any. It is possible, however, that under such guidance, non-US holders of such Securities will ultimately be required to accrue income currently and that non-US holders of such Securities could be subject to withholding tax on deemed income

accruals and/or other payments made in respect of such Securities. In addition, alternative treatments of Non-Principal-Protected Securities are possible under US federal income tax law. Under one such alternative characterisation, it is possible that an investor could be treated as owning the Underlying Asset of such Securities.

If the amount that is payable on a Security is determined by reference to dividends that are paid or declared with respect to a US stock, it is possible that the IRS could assert that investors should be subject to US withholding tax in respect of such dividends. Similarly, in the case of Securities that are linked to one or more assets characterised as 'US real property interests' (as such term is defined in section 897(c) of the Code), non-US holders may be subject to special rules governing the ownership and disposition of US real property interests. Prospective non-US holders should consult their own tax advisers regarding the possible alternative treatments of the Securities.

In addition, the Treasury Department has issued proposed regulations under section 871(m) of the Code which would, if finalised in their current form, impose US federal withholding tax on 'dividend equivalent' payments made on certain financial instruments linked to US corporations (which the proposed regulations refer to as 'specified ELIs') that are owned by non-US holders. The Securities could, under certain circumstances, be treated as specified ELIs. Under the proposed regulations, non-US holders will not be subject to the section 871(m) withholding tax on payments made prior to 1 January 2016. According to a notice issued by the Internal Revenue Service on 4 March 2014, the Internal Revenue Service intends to issue regulations providing that the term 'specified ELI' will exclude any instrument issued prior to 90 days after the date when the proposed regulations under section 871(m) are finalised. Therefore, the section 871(m) withholding tax should not apply to your Securities until the date described above. A supplemental Base Prospectus or the Final Terms will include further information about this withholding tax if it could apply to an offering of the Securities.

4.2 **Foreign Account Tax Compliance Withholding**

Under legislation known as the 'Foreign Account Tax Compliance Act' or 'FATCA', a 30 per cent withholding tax will be imposed on certain payments to certain non-US financial institutions that fail to comply with information reporting requirements or certification requirements in respect of their direct and indirect United States shareholders and/or United States accountholders.

The United Kingdom and a number of other countries have entered into an intergovernmental agreement with the United States to implement FATCA (the "IGA"). The IGA may require that information about the Securities and certain holders be reported to the local tax authorities and, ultimately, the US Internal Revenue Service. Intermediaries located in other jurisdictions may be subject to similar reporting requirements.

FATCA is complex and its application to the Issuer, the Securities and the investors remains subject to significant current and future uncertainties depending on the FATCA compliance of these parties. Investors should consult their own tax advisers to obtain a more detailed explanation of FATCA and to learn how this legislation might affect each investor in his or her particular circumstances.

5. **Belgian Taxation**

The following overview describes the principal Belgian tax considerations with respect to the holding of Securities obtained by an investor in Belgium. This information is of a general nature based on the description of the Securities in the Conditions and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold or to dispose of the Securities. In some cases, different rules can be applicable taking into account the Final Terms. This overview is based on Belgian tax legislation, treaties, rules, and administrative interpretations and similar documentation, in force as of the date of the publication of this Base Prospectus, without prejudice to any amendments introduced at a later date, even if implemented with retroactive effect. Unless expressly stated otherwise, this overview does not describe the tax consequences for a holder

of Securities that are redeemable in exchange for, or convertible into, shares or other underlying assets, or of the exercise, settlement or redemption of such Securities.

Each investor should consult a professional adviser with respect to the tax consequences of an investment in the Securities, taking into account the Final Terms and taking into account the influence of each regional, local or national law.

5.1 **Belgian withholding tax and Belgian income tax**

(a) **Tax rules applicable to natural persons resident in Belgium**

Individuals who are Belgian residents for tax purposes, i.e. individuals subject to the Belgian individual income tax (*Personenbelasting/Impôt des personnes physiques*) and who hold the Securities as a private investment, are subject to the following tax treatment in Belgium with respect to the Securities. Other tax rules apply to Belgian resident individuals holding the Securities not as a private investment but in the framework of their professional activity or when the transactions with respect to the Securities fall outside the scope of the normal management of their own private estate.

Under Belgian tax law, 'interest' income is taken into account net of non-Belgian withholding tax and includes: (i) periodic interest income, (ii) any amount paid by the Issuer in excess of the issue price (whether or not on the Scheduled Redemption Date), and (iii) only if the Securities qualify as 'fixed income securities' (in the meaning of Article 2, §1, 8° Belgian Income Tax Code), in the case of a realisation of the Securities between two interest payment dates, the interest accrued during the holding period. In general, Securities are qualified as 'fixed income securities' if there is a causal link between the amount of interest income and the holding period of the security, on the basis of which it is possible to calculate the amount of *pro rata* interest income at the moment of the sale of the Securities during their lifetime. In a circular letter dated 25 January 2013, the Belgian tax authorities have taken the position that structured securities characterised by an uncertain return on investment due to the variation of the coupons or the repayment terms at maturity, such as securities whose return is linked to the evolution of underlying assets, also qualify as fixed income securities. The circular provides a somewhat unclear formula for determining the interest accrued during the holding period in the case of a realisation of structured securities between two interest payment dates (and specifies that this accrued interest is not subject to Belgian withholding tax except where the beneficiary is a legal entity). However, it is debateable whether the circular letter is in line with Belgian tax legislation and it is also unclear to what extent the Belgian tax authorities will seek to apply it to the Securities.

Payments of interest on the Securities made through an intermediary established in Belgium will in principle be subject to a 25 per cent withholding tax in Belgium. The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Securities in their personal income tax return, provided withholding tax was levied on these interest payments. They may nevertheless elect to declare interest in respect of the Securities in their personal income tax return.

If the interest is paid outside Belgium without the intervention of an intermediary established in Belgium, the interest received must be declared in the personal income tax return.

Interest income which is declared in the annual personal income tax return will in principle be taxed at a flat rate of 25 per cent (or at the progressive personal tax rate taking into account the taxpayer's other declared income, whichever is more beneficial). If the interest payment is declared, any withholding tax retained may be credited.

Capital gains realised upon the sale of the Securities are in principle tax exempt, except if the capital gains are realised outside the scope of the management of one's private estate or except to the extent that the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

(b) **Belgian resident corporations**

Corporations that are Belgian residents for tax purposes, i.e. corporations subject to Belgian corporate income tax (*Vennootschapsbelasting/Impôt des sociétés*), are subject to the following tax treatment in Belgium with respect to the Securities.

Interest derived by Belgian corporate investors on the Securities and capital gains realised on the disposal or settlement of the Securities will in principle be subject to Belgian corporate income tax (the standard rate of which is 33.99 per cent).

Payments of interest (as defined in the section '*Tax rules applicable to natural persons resident in Belgium*') on the Securities made through an intermediary established in Belgium will in principle be subject to a 25 per cent withholding tax in Belgium.

However, interest payments on the Securities (except Securities which provide for the capitalisation of interest) made through an intermediary established in Belgium can under certain circumstances be exempt from withholding tax, provided a special affidavit is delivered. The Belgian withholding tax that has been levied is creditable and refundable in accordance with the applicable legal provisions.

(c) **Other Belgian legal entities**

Legal entities that are Belgian residents for tax purposes, i.e. that are subject to Belgian tax on legal entities (*Rechtspersonenbelasting/Impôt des personnes morales*), are subject to the following tax treatment in Belgium with respect to the Securities.

Payments of interest (as defined in the section '*Tax rules applicable to natural persons resident in Belgium*') on the Securities made through an intermediary established in Belgium will in principle be subject to a 25 per cent withholding tax in Belgium and no further tax on legal entities will be due on the interest. However, if the interest is paid outside Belgium, i.e. without the intervention of an intermediary established in Belgium and without deduction of Belgian withholding tax, the legal entity itself is liable to declare the interest to the Belgian tax administration and to pay the 25 per cent withholding tax to the Belgian treasury.

Capital gains realised on the Securities are in principle tax exempt, except to the extent the capital gains qualify as interest (as defined in the section '*Tax rules applicable to natural persons resident in Belgium*'). Capital losses on the Securities are in principle not tax deductible.

(d) **Organisation for Financing Pensions**

Belgian pension fund entities that have the form of an Organisation for Financing Pensions ("**OFP**") are subject to Belgian corporate income tax (*Vennootschapsbelasting/Impôt des sociétés*). OFPs are subject to the following tax treatment in Belgium with respect to the Securities.

Interest derived on the Securities and capital gains realised on the Securities will not be subject to Belgian corporate income tax in the hands of OFPs. Capital losses incurred by OFPs on the Securities will not be tax deductible. Any Belgian withholding tax that has been levied is creditable and refundable in accordance with the applicable legal provisions.

(e) **Non-residents of Belgium**

The interest income on the Securities paid to a Belgian non-resident outside of Belgium, i.e. without the intervention of an intermediary established in Belgium, is not subject to Belgian withholding tax. Interest income on the Securities paid through an intermediary established in Belgium will in principle be subject to a 25 per cent Belgian withholding tax, unless the holder is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit.

Non-resident holders that have not allocated the Securities to business activities in Belgium can also obtain an exemption of Belgian withholding tax on interest if the interest is paid through a Belgian credit institution, a Belgian stock market company or a Belgian clearing or settlement institution and provided that the non-resident (i) is the owner or usufruct holder of

the Securities, (ii) has not allocated the Securities to business activities in Belgium and (iii) delivers an affidavit confirming his non-resident status and the fulfilment of conditions (i) and (ii).

Non-resident holders using the Securities to exercise a professional activity in Belgium through a permanent establishment are subject to the same tax rules as the Belgian resident corporations (see above). Non-resident holders who do not allocate the Securities to a professional activity in Belgium are not subject to Belgian income tax, save, as the case may be, in the form of withholding tax.

5.2 Implementation of the Savings Directive

As indicated in the separate taxation section 'EU Directive on the Taxation of Savings Income', the Savings Directive has been the subject of recent amendments. These still need to be implemented into Belgian law and are therefore not reflected in the following paragraphs.

(a) Individuals not resident in Belgium

A Belgian paying agent within the meaning of the Savings Directive will exchange information with the country of tax residence of the beneficial owner regarding interest payments as defined by the Savings Directive. It concerns payments made to an individual, beneficial owner of the interest payments and resident in another EU Member State or resident in Curaçao, Bonaire, Saba, Sint-Maarten and Sint-Eustatius (former Netherlands Antilles), Aruba, Guernsey, Jersey, the Isle of Man, Montserrat and the British Virgin Islands. Residual entities (in the meaning of the Savings Directive) are subject to a specific regime. The communicated information will include the identity and residence of the beneficial owner, the name and address of the paying agent, the account number of the beneficial owner and information concerning the interest payment. The exchange of information cannot be avoided by the submission of an affidavit.

(b) Individuals resident in Belgium

An individual resident in Belgium will be subject to the provisions of the Savings Directive, if he receives interest payments from a paying agent (within the meaning of the Savings Directive) established in another EU Member State, Switzerland, Liechtenstein, Andorra, Monaco, San Marino, Saint-Barthélemy, Curaçao, Bonaire, Saba, Sint-Maarten and Sint-Eustatius (former Netherlands Antilles), Aruba, Guernsey, Jersey, the Isle of Man, Montserrat, the British Virgin Islands, Anguilla, the Cayman Islands or the Turks and Caicos Islands.

If the interest received by an individual resident in Belgium has been subject to source tax pursuant to the withholding system under the Savings Directive, such source tax does not liberate the Belgian individual from declaring the interest income in the personal income tax declaration. The source tax will be credited against the personal income tax. If the source tax withheld exceeds the personal income tax due, the excessive amount will be reimbursed, provided it reaches a minimum of EUR 2.50.

5.3 Belgian tax on stock exchange transactions and tax on repurchase transactions

A stock exchange tax (*'Taxe sur les opérations de bourse', 'Taks op de beursverrichtingen'*) will be levied on the acquisition and disposal of the Securities for consideration on the secondary market executed in Belgium through a professional intermediary. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), and is in both cases collected by the professional intermediary. The standard tax rate is 0.27 per cent, with a maximum amount of EUR 800 per transaction and per party; the tax rate is 0.09 per cent for bonds and similar debt securities, with a maximum amount of EUR 650 per transaction and per party.

A tax on repurchase transactions (*'taxe sur les reports'*) at the rate of 0.085 per cent, subject to the same maximum amounts as the stock exchange tax, will in principle be due from each party to any such transaction entered into or settled in Belgium in which a professional intermediary for stock transactions acts for either party.

However, the tax on stock exchange transactions and the tax on repurchase transactions will not be payable by exempt persons acting for their own account, including non-residents (subject to certain formalities) and certain Belgian institutional investors, as defined in Articles 126-1.2 and 139 of the Code of various duties and taxes (*Code des droits et taxes divers*).

As indicated in the risk factor relating to the 'Proposed Financial Transaction Tax', a number of EU Member States including Belgium are contemplating introducing a common FTT. If the proposal were adopted in its current form, it would require the abolition of existing Belgian taxes on financial transactions.

5.4 **Belgian tax on the physical delivery of Bearer Securities**

A tax of 0.6 per cent is levied upon the physical delivery of Bearer Securities pursuant to their acquisition on the secondary market through a professional intermediary. The same tax applies to the conversion of Registered Securities into Bearer Securities and to the physical delivery of Bearer Securities pursuant to a withdrawal of these Securities from open custody.

The tax on the delivery of Bearer Securities is due either on the sums payable by the purchaser, or (subject to certain specific rules) on the sales value of the Securities as estimated by the depositor in the case of a withdrawal from open custody or by the person asking for the conversion of the Securities in case of conversion of Registered Securities into Bearer Securities. The tax is payable by the issuer, the professional intermediary or the custodian.

The physical delivery of Bearer Securities to recognised Belgian professional intermediaries (such as credit institutions), acting for their own account, is exempt from the above tax.

5.5 **Belgian inheritance and gift tax**

(a) **Individuals resident in Belgium**

An inheritance tax is levied on the value of the Securities transferred as part of a Belgian resident's estate.

Gifts of Securities are subject to gift tax if made by notarial or registered deed in Belgium. Securities donated without application of gift tax remain subject to inheritance tax unless a person can demonstrate that the gift occurred more than three years prior to the death of the donor.

(b) **Individuals not resident in Belgium**

There is no Belgian inheritance tax on the transfer of Securities on the death of a Belgian non-resident.

Gifts of Securities in Belgium are subject to gift tax if made by notarial or registered deed in Belgium.

6. **Danish taxation**

The following is an overview description of the taxation in Denmark of Securities according to the Danish tax laws in force at the date of this Base Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following overview does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as professional dealers in securities) may be subject to special rules. Investors are, in all circumstances, strongly recommended to contact their own tax adviser to clarify the individual consequences of their investment, holding and disposal of Securities. The Issuer makes no representations regarding the tax consequences of purchase, holding or disposal of the Securities.

6.1 **Taxation of Investors not tax resident in Denmark**

Under existing Danish tax laws, only interest and capital gains on controlled debt may be subject to withholding tax. Thus, if the holder of Securities does not control or is controlled by or under common control with the Issuer, there will be no withholding tax. The definition of controlled debt is very wide and includes the exercise of control through a joint management or a shareholder agreement.

Moreover, Danish withholding tax on payments of interest or principal or other amounts due on the Securities will not apply where the payment does not have a Danish source.

Hence, under existing Danish tax laws, payments of interest or nominal amounts to any non-resident investors are not subject to taxation in Denmark, other than in certain cases on payments in respect of controlled debt in relation to the Issuer. Thus, no Danish withholding tax will be payable with respect to such payments and any capital gains realised upon the sale, exchange or retirement of a Security will not be subject to taxation in Denmark, other than in such special cases of payments in respect of controlled debt in relation to the Issuer as described above.

This tax treatment applies solely to investors who are not subject to full tax liability in Denmark nor included in a Danish joint taxation scheme and do not carry on business in Denmark through a permanent establishment.

6.2 Taxation of Danish tax resident Investors

Depending on the characteristics of the individual issuance/tranche, Securities can either be taxed separately as a debt or financial instrument or as a gain or loss on the underlying asset.

Generally taxation based on the underlying asset will only occur if a number of conditions are met, including, in particular, that the parties to the Security remain the same and that the underlying asset will be delivered (as opposed to cash settlement). If taxation takes place as taxation of the underlying asset, the nature of the taxation will depend on the type of asset in question. The taxation of the possible underlying instruments will not be described further herein.

Provided that the Securities are to be taxed separately, the taxation will, in general, be governed by the Danish act on taxation of debt, debt claims and financial contracts (*Kursgevinstloven*) and the Securities will be taxed as either (i) debt instruments or as (ii) financial instruments – depending on the specific characteristics of the individual Security.

If the individual Security contains features typical of debt instruments it must be determined on a case-by-case basis whether that particular security is in fact a debt instrument or a financial instrument. Decisive in such respect is whether the principal and/or interests are adjusted based on factors other than local consumer price indices.

(a) Debt Instruments – Danish residents

Private individuals, including persons who are engaged in financial trade, companies and similar enterprises resident in Denmark for tax purposes or receiving interest on the Securities through their permanent establishment in Denmark are liable to pay tax on such interest.

Capital gains are taxable to individuals and corporate entities in accordance with the Danish act on taxation of debt, debt claims and financial contracts (*Kursgevinstloven*). Generally, gains and losses on Securities held by corporate entities are taxed on the annual value increase or decrease of the Securities according to a mark-to-market principle (*lagerprincippet*), as specifically laid down in the act. Gains and losses on Securities held by individuals are generally taxed on a realised basis and the gains or losses will be taxed over and above DKK 2,000 annually.

Pension funds and other entities governed by the Danish act on taxation of pension yield (*Pensionsafkastbeskatningsloven*) would, irrespective of realisation, be taxed on annual value increase or decrease of the Securities according to a mark-to-market principle (*lagerprincippet*) as specifically laid down in the act.

(b) Financial Instruments – Danish residents

Pursuant to the Danish act on taxation of debt, debt claims and financial contracts (*Kursgevinstloven*), holders of financial contracts are generally taxed on the annual value increase or decrease of the Securities according to a mark-to-market principle (*lagerprincippet*) as specifically laid down in the act.

For individuals the marginal tax rate is 42 per cent. Additionally, complicated restrictions apply with respect to the deductibility of losses for individuals; most notably deductions are generally restricted to gains on other financial instruments.

For Danish corporate holders of Securities treated as financial instruments, gains are subject to a flat 24.5 per cent tax rate which is expected to be lowered to 23.5 per cent in 2015 and 22 per cent in 2016 and onwards.

Also for corporate investors certain restrictions apply with respect to the deductibility of losses; however, only with respect to certain share-based financial instruments.

6.3 Danish non-residents

Under existing Danish tax laws, payments of interest or nominal amounts to any non-resident investors are not subject to taxation in Denmark, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to under *Taxation of Investors not tax resident in Denmark* above. Thus, no Danish withholding tax will be payable with respect to such payments and any capital gain realised upon the sale, exchange or retirement of a Security will not be subject to taxation in Denmark, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to under *Taxation of Investors not tax resident in Denmark* above.

This tax treatment applies solely to investors who are not subject to full tax liability in Denmark or included in a Danish joint taxation scheme and do not carry on business in Denmark through a permanent establishment.

7. Dutch taxation

The following overview of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Base Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following overview does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of a Security, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules.

Investors are advised to consult their professional advisers as to the tax consequences of purchase, ownership and disposition of the Securities.

7.1 Withholding tax

All payments made by the Issuer of interest and principal under the Securities can be made free of withholding or deduction of any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

7.2 Other taxes

The subscription, issue, placement, allotment, delivery or transfer of a Security will not be subject to registration tax, stamp duty or any other similar tax or duty payable in the Netherlands.

7.3 Residence

The holder of a Security will not be, or be deemed to be, resident in the Netherlands for tax purposes and will not otherwise be subject to Dutch taxation, by reason only of acquiring,

holding or disposing of a Security or the execution, performance, delivery and/or enforcement of a Security.

8. Finnish taxation

The following overview is applicable to Finnish resident individuals and limited liability companies for the purposes of Finnish domestic tax legislation relating to income and capital gains arising from the Securities issued pursuant to the Programme. The overview does not address tax considerations applicable to holders of Securities that may be subject to special tax rules, including, among others, different restructurings of corporations, controlled foreign corporations (CFCs), non-business carrying entities, income tax-exempt entities or general or limited partnerships. Furthermore, this overview addresses neither Finnish inheritance nor gift tax consequences.

This overview is based on the tax laws of Finland as in effect and applied on the date of this Base Prospectus, and is subject to changes in Finnish law, including changes that could have a retroactive effect. The following overview is not exhaustive and does not take into account or discuss the tax laws of any country other than Finland. It is assumed that the Issuer does not have any permanent establishment in Finland where the Securities would be issued.

This overview is based on the Finnish Income Tax Act (*Tuloverolaki, 30.12.1992/1535*, as amended), the Finnish Business Income Tax Act (*Laki elinkeinotulon verottamisesta, 24.6.1968/360*, as amended), the Finnish Transfer Tax Act (*Varainsiirtoverolaki, 29.11.1996/931*, as amended) and the Finnish Act on Withholding Tax on Interests (*Laki korkotulon lähdeverosta 28.12.1990/1341*, as amended). In addition, relevant case law, decisions and statements made by the tax authorities as in effect and available on the date of this Base Prospectus have been taken into account.

8.1 Income taxation

The worldwide income of persons resident in Finland is subject to taxation in Finland. Generally, an individual is deemed a resident of Finland if such individual stays in Finland for more than six consecutive months or if the permanent home and dwelling of such individual is in Finland. Earned income, including salary, is taxed at progressive rates while capital income and capital gains are currently taxed at tax rates of 30 per cent for capital income (including capital gains) not exceeding EUR 30,000 and 33 per cent for capital income (including capital gains) exceeding EUR 30,000. Capital gains arising from a sale of assets are, however, exempted from tax if the total amount of the sales prices of the assets sold by the individual does not exceed EUR 1,000 in a tax year. Capital losses arising from the transfer of assets are deductible only from capital gains arising from the sale of assets in the same year or during the following five years. The capital losses will not, however, be tax deductible if the total amount of the acquisition prices of the assets sold by the individual does not exceed EUR 1,000 in a tax year.

Based on a recent ruling by the Finnish Supreme Administrative Court (KHO 2013:117) concerning non-listed warrants, it may be argued that, analogously to the view stated in that ruling, the income from the sale or exercise of non-listed cash-settled Certificates that are transferable securities and that, even if non-listed, have such qualities that they could be listed, should be subject to taxation in Finland as a capital gain and corresponding losses would be deductible as capital loss. Analogously to the said ruling, it would, furthermore, seem that the income from the sale or exercise of non-listed cash-settled Certificates that do not fulfil the criteria discussed in the above Supreme Administrative Court ruling would be general capital income of the Finnish resident individual investor, and not a capital gain. Based on the above-mentioned ruling, losses arising from the sale or exercise of non-listed cash-settled Certificates, at least in cases where the Certificates would not qualify for capital gains taxation, may likely be non-deductible altogether in the taxation of a Finnish resident individual investor.

The final withholding tax on interest is not applicable to interest paid (directly and not using a Finnish paying agent) by a non-Finnish tax resident credit institution or other entity not having a branch or office in Finland and not carrying out business in Finland through a permanent

establishment for Finnish corporate income tax purposes on a loan instrument issued by such non-Finnish tax resident credit institution or entity. Interest that is not subject to the final withholding tax on interest is taxable as capital income of a Finnish resident individual at rates of 30 to 33 per cent as discussed above and is subject to a tax withholding, currently according to a tax withholding percentage of 30 per cent.

Corporate entities established under the laws of Finland are regarded as residents of Finland. Finnish companies are subject to corporate income tax on their worldwide income, including interest income and capital gains. Currently, the corporate income tax rate is 20 per cent.

In general, investors that are tax resident in Finland or holding Securities pursuant to the Programme through a permanent establishment in Finland should be aware that transactions involving the Securities, including any purchase, disposal of, or other transactions with the Securities, may have Finnish tax consequences. The tax consequences regarding interest, premium on redemption and capital gains may depend, amongst other things, upon the status of the investor. Investors are advised to consult their own professional tax advisers as to the Finnish or other tax consequences of the income derived from the Securities. Investors who may be affected by the tax laws of other jurisdictions should consult their tax advisers with respect to the tax consequences applicable to their particular circumstances.

8.2 **Transfer taxation**

Investors should note that Finnish transfer tax considerations may arise in connection with Securities that are settled or redeemed by way of a physical delivery of Finnish shares or other instruments deemed as securities under the Finnish Transfer Tax Act.

There is no transfer tax payable in Finland on transfers or sales of the shares admitted to trading on NASDAQ OMX Helsinki or in multilateral trading, or on a regulated market located in a member state of the EU or the EEA, or on a regulated market located in a state that has ratified the Council of Europe's and OECD's Multilateral Convention on Mutual Administrative Assistance in Tax Matters, if the transfer is made against fixed pecuniary consideration. The transfer tax exemption requires that a securities broker is brokering or acting as a party to the transaction, or that the transferee has been approved as a trading party in the market where the transfer is executed. Certain separately defined transfers are not covered by the transfer tax exemption.

If the transfer or sale of the shares does not fulfil the above criteria for a tax-exempt transfer, a transfer tax at the rate of 1.6 per cent of the sales price is payable by the buyer. However, if the buyer is neither a tax resident in Finland nor a Finnish branch or office of a foreign credit institution, investment firm or fund management company, the seller must collect the tax from the buyer. If the broker is a Finnish stockbroker or credit institution, or a Finnish branch or office of a foreign stockbroker or credit institution, it is liable to collect the transfer tax from the purchaser and pay the tax to the state. If neither the buyer nor the seller is tax resident in Finland or a Finnish branch or office of a foreign credit institution or foreign investment firm, the transfer of shares will be exempt from Finnish transfer tax. No transfer tax is collected if the amount of the tax is less than EUR 10. Transfer tax is generally not payable in connection with the issuance of new shares.

9. **French taxation**

This overview is based on tax laws and taxation practice, as in effect and applied as at the date of this Base Prospectus, and is intended to provide general information only. Tax laws, taxation practices and their interpretation are subject to constant change, and such changes may sometimes have a retroactive effect and may change the conclusions set out in this overview.

9.1 **Transfer tax and other taxes**

The following may be relevant in connection with Notes which are settled or redeemed by way of physical delivery of French shares (or certain assimilated securities):

- (a) the disposal of French shares for consideration is, in principle, subject to a 0.1 per cent transfer tax (the "**Transfer Tax**"), provided, in the case of shares listed on a recognised stock exchange, that the transfer is evidenced by a written deed or agreement;
- (b) a financial transaction tax (the "**French Financial Transaction Tax**") is imposed, subject to certain exceptions, on certain acquisitions of French shares (or certain assimilated securities) which are listed on a recognised stock exchange where the relevant issuer's stock market capitalisation exceeds EUR 1 billion (on 1 December of the previous calendar year). The French Financial Transaction Tax rate is 0.2 per cent of the acquisition price of the transaction; and
- (c) if the French Financial Transaction Tax applies to a transaction, an exemption in respect of the Transfer Tax is applicable.

9.2 **Income tax and withholding tax**

Investors in Securities who are French residents for tax purposes or who would hold such Securities through a permanent establishment or fixed base in France should be aware that transactions involving the Securities, including any purchase or disposal of, or other dealings in, the Securities, may have French tax consequences. The tax consequences regarding interest, premium on redemption and capital gains in particular may depend, amongst other things, upon the status of the investor (i.e. legal entities or individuals). Investors in Securities should consult their own advisers about the tax implications of holding Securities and of any transactions involving Securities.

Pursuant to Article 125A of the French tax code, subject to certain limited exceptions, interest and other income received by French resident holders of such Securities treated as debt instruments for French tax purposes, who are individuals and who do not hold their Securities in connection with a business they carry on, is subject to a 24 per cent advance income tax, which is deductible from such holders' personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied on top of this at an aggregate rate of 15.5 per cent on interest and other income paid to such holders.

9.3 **Implementation of the Savings Directive**

The Savings Directive was implemented into French law under Article 242 *ter* of the French tax code, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another member state, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

10. **Irish taxation**

The following is an overview based on the laws and practices currently in force in Ireland of certain matters regarding the tax position of investors who are the absolute beneficial owners of their Securities. Particular rules not discussed below may apply to certain classes of taxpayers holding Securities including dealers in securities and trusts. The overview does not constitute tax or legal advice and the comments below are of a general nature only and should be treated with appropriate caution. It does not discuss all aspects of Irish taxation that may be relevant to any particular holder of Securities. Investors should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Securities and the receipt of interest thereon under the laws of their country of residence, citizenship or domicile.

10.1 **Withholding tax**

Tax at the standard rate of income tax (currently 20 per cent) is required to be withheld from payments of Irish source interest. The Issuer will not be obliged to withhold tax from payments of interest on the Securities so long as such payments do not constitute Irish source

income. Interest and premium paid on the Securities may be treated as having an Irish source if:

- (a) the Issuer is resident in Ireland for tax purposes; or
- (b) the Issuer is not resident in Ireland for tax purposes but the register for the Securities is maintained in Ireland or if the Securities are in bearer form and the Securities are physically held in Ireland; or
- (c) the Issuer has a branch or permanent establishment in Ireland, the assets or income of which are used to fund payments on the Securities.

It is anticipated that (i) the Issuer is not and will not be resident in Ireland for tax purposes; (ii) the Issuer will not have a branch or permanent establishment in Ireland; (iii) payments under the Securities will not be derived from Irish sources or assets; (iv) Bearer Securities will not be physically located in Ireland; and (v) the Issuer will not maintain a register of any registered Securities in Ireland.

10.2 **Encashment tax**

In certain circumstances, Irish tax will be required to be withheld at the standard rate of income tax (currently 20 per cent) on any interest paid on Securities issued by a company not resident in Ireland, where such interest is collected or realised by a bank or encashment agent in Ireland on behalf of any Security holder who is an Irish resident.

Encashment tax does not apply where the Security holder is not resident in Ireland and has made a declaration in the prescribed form to the encashment agent or bank.

10.3 **Stamp duty**

As the Issuer is not registered in Ireland, stamp duty will not arise on a document effecting a transfer of the Securities so long as the instrument of transfer of the Securities does not relate to:

- (a) any immovable property in Ireland; or
- (b) stocks or marketable securities of a company registered in Ireland.

10.4 **Implementation of the Savings Directive**

Ireland has implemented the Savings Directive into national law. Accordingly, any Irish paying agent making an interest payment on behalf of the Issuer to an individual or certain residual entities resident in another member state of the European Union or certain associated and dependent territories of a member state will have to provide details of the payment and certain details relating to the Security holder (including the Security holder's name and address) to the Irish Revenue Commissioners who in turn are obliged to provide such information to the competent authorities of the state or territory of residence of the individual or residual entity concerned.

Prospective holders of Securities should note that an amended version of the Savings Directive was adopted by the European Council on 24 March 2014, which is intended to close loopholes identified in the current Savings Directive. The amendments, which must be transposed by member states prior to 1 January 2016 and which will apply from 1 January 2017, will extend the scope of the Savings Directive to (i) payments made through certain intermediate structures (whether or not established in a member state) for the ultimate benefit of an EU resident individual, and (ii) a wider range of income similar to interest.

10.5 **Taxation of receipts**

Notwithstanding that a Security holder may receive payments of interest, premium or discount on the Securities free of Irish withholding tax, the Security holder may still be liable to pay Irish income or corporation tax (and, in the case of individuals, the universal social charge) on

such interest if (i) such interest has an Irish source, (ii) the Security holder is resident or (in the case of a person other than a body corporate) ordinarily resident in Ireland for tax purposes (in which case there may also be a social insurance (PRSI) liability for an individual in receipt of interest on the Securities), or (iii) the Securities are attributed to a branch or agency in Ireland. Ireland operates a self-assessment system in respect of income and corporation tax, and each person must assess its own liability to Irish tax.

Relief from Irish income tax may be available under the specific provisions of a double taxation agreement between Ireland and the country of residence of the recipient.

10.6 **Capital gains tax**

A Security holder will be subject to Irish tax on capital gains on a disposal of Securities unless such holder is neither resident nor ordinarily resident in Ireland and does not carry on a trade in Ireland through a branch or agency in respect of which the Securities are or were used or held or acquired for use.

10.7 **Capital acquisitions tax**

A gift or inheritance comprising Securities will be within the charge to capital acquisitions tax (which subject to available exemptions and reliefs is currently levied at 33 per cent) if either (i) the donor or the donee/successor in relation to the gift or inheritance is resident or ordinarily resident in Ireland (or, in certain circumstances, if the donor is domiciled in Ireland) or (ii) if the Securities are regarded as property situate in Ireland. A foreign domiciled individual will not be regarded as being resident or ordinarily resident in Ireland at the date of the gift or inheritance unless that individual (i) has been resident in Ireland for the five consecutive tax years preceding that date, and (ii) is either resident or ordinarily resident in Ireland on that date.

Bearer instruments are generally regarded as situated where they are physically located at any particular time. Securities in registered form are regarded as property situate in Ireland if the register of the Securities is in Ireland. The Securities may, however, be regarded as situated in Ireland regardless of their physical location if they secure a debt due by an Irish resident debtor and/or are secured over Irish property. Accordingly, if Irish situate Securities are comprised in a gift or inheritance, the gift or inheritance may be within the charge to tax regardless of the residence status of the donor or the donee/successor.

11. **Italian taxation**

The following is an overview of current Italian law and practice relating to the taxation of the Securities. The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following overview does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Investors in the Securities are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Securities.

This overview does not describe the tax consequences for an investor with respect to Securities that will be redeemed by physical delivery. This overview does not describe the tax consequences for an investor with respect to Securities that provide payout linked to the profits of the Issuer, profits of another company in the group or profits of the investment in relation to which they are issued. Investors are advised to consult their own tax advisers concerning the overall tax consequences under Italian tax law, under the tax laws of the country in which they are resident for tax purposes and of any other potentially relevant jurisdiction of acquiring, holding and disposing of Securities and receiving payments of yield, principal and/or other amounts under the Securities, including in particular the effect of any state, regional or local tax laws.

The following overview does not analyse the tax issues that may arise in case of substitution of the Issuer (as provided in General Condition 21 (*Substitution (Securities other than French Securities)*) in the Terms and Conditions of the Securities).

This overview assumes that the Issuer is not a tax resident nor deemed to be a tax resident of Italy and that it has no permanent establishment within the Italian territory.

Tax treatment of Securities qualifying as debentures similar to bonds

Legislative Decree No. 239 of 1 April 1996, as subsequently amended ("**Decree 239**"), provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) from Securities falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued by non-Italian resident issuers.

For these purposes, debentures similar to bonds are defined as debt instruments that incorporate an unconditional obligation to pay, at maturity, an amount not less than their nominal value (whether or not providing for any other periodic payment) and that do not give any right to directly or indirectly participate in the management of the issuer or of the business in relation to which they are issued nor any type of control over the management.

Italian Resident investor

Where an Italian resident investor is (i) an individual not engaged in an entrepreneurial activity to which the Securities are connected (unless he has opted for the application of the *risparmio gestito* regime where applicable – see 10.6 (*Capital gains tax*) below) (a "**Non-entrepreneurial Investor**"), (ii) a non-commercial partnership pursuant to Article 5 of Presidential Decree No. 917 of 22 December 1986, the Italian Income Consolidated Code ("**TUIR**") (with the exception of general partnership, limited partnership and similar entities), (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation (altogether, from (i) to (iv), including the Non-entrepreneurial Investor, a "**Non-commercial Resident Investor**" of the Securities) interest, premium and other income relating to the Securities, accrued during the relevant holding period, are subject to a substitute tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. In the event that the investors described under (i) and (iii) above are engaged in an entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* applies as a provisional tax.

Where an Italian resident investor is a company or similar commercial entity pursuant to Article 73 of TUIR or a permanent establishment in Italy of a foreign company to which the Securities are effectively connected and the Securities are deposited with an authorised intermediary, interest, premium and other income from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant investor's income tax return and are therefore subject to general Italian corporate taxation ("**IRES**", levied at the rate of 27.5 per cent) and, in certain circumstances, depending on the 'status' of the investor, also to the regional tax on productive activities ("**IRAP**", generally levied at the rate of 3.90 per cent, but regional surcharges may apply).

If the investor is resident in Italy and is an open-ended or closed-ended investment fund (subject to the regime provided for by Law No. 77 of 23 March 1983, a "**Fund**") or a SICAV, and the Securities are held by an authorised intermediary, interest, premium and other income accrued during the holding period on the Securities will not be subject to *imposta sostitutiva* but must be included in the management result of the Fund or the SICAV. The Fund or SICAV will not be subject to taxation on such result, but a withholding tax up to 26 per cent will be levied on proceeds distributed by the Funds or the SICAV to certain categories of unitholders upon redemption or disposal of the Units.

Where an Italian resident investor is a pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Securities are deposited with an authorised intermediary, interest, premium and other income relating to the Securities and accrued during the holding period will not be subject to *imposta sostitutiva*, but

must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent substitute tax.

Italian real estate funds created under Article 37 of Italian Legislative Decree No. 58 of 24 February 1998 and Article 14 bis of Law No. 86 of 25 January 1994 and Italian resident SICAFs to which the provisions of Article 9 of Legislative Decree No. 44 of 4 March 2014 apply, are not subject to any substitute tax at the fund level nor to any other income tax in the hands of the fund.

Pursuant to Decree No. 239, *imposta sostitutiva* is applied by banks, *Società di intermediazione mobiliare* ("SIMs") by fiduciary companies, and *Società di gestione del risparmio* ("SGRs") by stockbrokers and other entities identified by a decree of the Ministry of Economics and Finance (each, an "Intermediary").

For the Intermediary to be entitled to apply the *imposta sostitutiva*, it must (i) be (a) resident in Italy or (b) resident outside Italy, with a permanent establishment in Italy or (c) an entity or a company not resident in Italy, acting through a system of centralised administration of securities and directly connected with the Department of Revenue of the Italian Ministry of Finance having appointed an Italian representative for the purposes of Decree 239; and (ii) intervene, in any way, in the collection of interest or in the transfer of the Securities. For the purpose of the application of the *imposta sostitutiva*, a transfer of Securities includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Securities.

Where the Securities are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest to an investor. If interest and other proceeds on the Securities are not collected through an Intermediary or any entity paying interest and as such no *imposta sostitutiva* is levied, the Italian resident beneficial owners listed above under (i) to (iv) of the seventh paragraph above will be required to include interest and other proceeds in their yearly income tax return and subject them to a final substitute tax at a rate of 26 per cent.

Non-Italian Resident investor

No Italian *imposta sostitutiva* is applied on payments to a non-Italian resident investor of interest or premium relating to the Securities provided that, if the Securities are held in Italy, the non-Italian resident investor declares itself to be a non-Italian resident according to Italian tax regulations.

Capital gains tax

Italian Resident investor

According to Article 67 of TUIR and Legislative Decree No. 461 of 21 November 1997 ("**Decree No. 461**"), as subsequently amended, where the Italian resident investor is a non-commercial Resident Investor, capital gains accrued under (i) the sale of Securities falling within the category of instruments similar to bonds under TUIR, or (ii) the sale or the redemption of the Securities which may be qualified as derivative securities are subject to a 26 per cent substitute tax (*imposta sostitutiva*).

The non-entrepreneurial Investor may opt for three different taxation criteria.

- (a) Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for taxation of capital gains realised by Non-entrepreneurial Investors, the *imposta sostitutiva* on capital gains will be chargeable, on a yearly cumulative basis, on all capital gains, net of any off-settable capital loss, realised by Non-entrepreneurial Investors pursuant to all sales or redemptions of the Securities carried out during any given tax year. Non-entrepreneurial Investors must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.

- (b) As an alternative to the tax declaration regime, non-entrepreneurial Investors may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Securities (the *risparmio amministrato* regime provided for by Article 6 of Decree No. 461). Such separate taxation of capital gains is allowed subject to (i) the Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries and (ii) an express valid election for the *risparmio amministrato* regime being punctually made in writing by the relevant investor. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the investor or using funds provided by the investor for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth.
- (c) Any capital gains realised or accrued by non-entrepreneurial Investors who have entrusted the management of their financial assets, including the Securities, to an authorised intermediary and have validly opted for the so-called *risparmio gestito* regime (regime provided for by Article 7 of Decree No. 461) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent substitute tax, to be paid by the managing authorised intermediary. Under this *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the investor is not required to declare the capital gains realised in the annual tax return.

Where an Italian resident investor is a company or similar commercial entity, or the Italian permanent establishment of a foreign commercial entity to which the Securities are effectively connected, capital gains arising from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant investor's income tax return and are therefore subject to IRES and, in certain circumstances, depending on the 'status' of the investor, also to IRAP as a part of the net value of production.

Any capital gains realised by an investor which is a Fund or a SICAV will not be subject to *imposta sostitutiva*, but will be included in the result of the relevant portfolio. Such result will not be taxed with the Fund or SICAV, but a withholding tax up to 26 per cent will be levied on proceeds distributed by the Funds or the SICAV to certain categories of unitholders upon redemption or disposal of the Units.

Any capital gains realised by an investor which is an Italian pension fund (subject to the regime provided by Article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 20 per cent *ad hoc* substitute tax.

Any capital gains realised by an Italian real estate fund created under Article 37 of Italian Legislative Decree No. 58 of 24 February 1998 and Article 14 *bis* of Law No. 86 of 25 January 1994 and Italian resident SICAFs to which the provisions of Article 9 of Legislative Decree No. 44 of 4 March 2014 apply, shall not be subject to any substitute tax at the fund level nor to any other income tax in the hands of the fund.

Non-Italian Resident investor

Capital gains realised by a non-Italian resident beneficial owner are not subject to Italian taxation provided that the Securities (i) are transferred on regulated markets, or (ii) if not transferred on regulated markets, are held outside Italy. Moreover, even if the Securities are held in Italy, no *imposta sostitutiva* applies if the non-Italian resident investor is resident for tax purposes in a country which recognises the Italian tax authorities' right to an adequate

exchange of information or in a country which entered into a double taxation treaty with Italy allowing for the taxation of such capital gains only in the residence country of the recipient investor, provided that the relevant procedures and conditions are met.

Tax treatment of Securities qualifying as atypical Securities

Securities that cannot be qualified as instruments similar to bonds under TUIR could be considered 'atypical' Securities pursuant to Article 8 of Law Decree No. 512 of 30 September 1983 as implemented by Law No. 649 of 25 November 1983. In this event, payments relating to Securities may be subject to an Italian withholding tax, levied at the rate of 26 per cent.

The withholding is levied by the Italian intermediary appointed by the Issuer intervening in the collection of the relevant income or in the negotiation or repurchasing of the Securities.

The 26 per cent withholding tax mentioned above does not apply to payments made to a non-Italian resident holder of the Securities and to an Italian resident holder of the Securities which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership, or (iii) a commercial private or public institution. In such cases the relevant income arising from the Securities shall be reported in the investor's income tax return.

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006, the transfers of any valuable assets (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent on the value of the inheritance or the gift exceeding EUR 1,000,000 for each beneficiary;
- (b) transfers in favour of relatives to the fourth degree and relatives-in-law to the third degree are subject to an inheritance and gift tax applied at a rate of 6 per cent on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent inheritance and gift tax on the value of the inheritance or the gift exceeding EUR 100,000 for each beneficiary; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent on the entire value of the inheritance or the gift.

If the transfer is made in favour of persons with severe disabilities, the tax applies on the value of the entire inheritance or gift exceeding Euro 1,500,000.00 for each beneficiary.

Transfer tax

The transfer of Securities is not subject to any transfer tax in Italy. Contracts relating to the transfer of Securities are subject to the registration tax as follows: (i) public deeds and notarised deeds are subject to fixed registration tax at a rate of EUR 200; and (ii) private deeds are subject to registration tax at a rate of EUR 200 due only in case of voluntary registration or if the so called *caso d'uso* or *enunciazione* occurs.

Stamp duty

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 ("**Decree 201**"), a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries carrying out their business activity within the Italian territory to their clients for the securities deposited therewith. The stamp duty applies at a rate of 0.2 per cent; this stamp duty is determined annually on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the securities held. In case of reporting periods of less than 12 months, the stamp duty is pro-rated. The stamp duty can be no lower than EUR 34.20 and not exceed the amount of EUR 14,000 if the

recipient of the periodic reporting communications is an entity (i.e. a subject different from an individual).

Wealth tax on Securities deposited abroad

Pursuant to Article 19(18) of Decree 201, Italian resident individuals holding the Securities outside the Italian territory are required to pay an additional tax at a rate of 0.2 per cent for each year.

This tax is calculated on the market value of the Securities at the end of the relevant year or – if no market value figure is available – the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

Italian Financial Transaction Tax

Law No. 228 of 24 December 2012 (the "**Stability Law**") introduced a fixed levy Italian Financial Transaction Tax ("**FTT**") that applies to all transactions involving equity derivatives which have Italian shares, Italian equity-like instruments or Italian equity-related instruments as their underlying assets. An equity derivative is subject to the FTT if the underlying or reference value constitutes more than 50 per cent of the market value of Italian shares, Italian equity-like instruments or Italian equity-related instruments. The FTT applies even if the transfer takes place outside Italy and/or any of the parties to the transaction are not resident in Italy. The FTT on derivative trades also applies to transactions in bonds and debt securities which allow the acquisition or the transfer of the financial instruments referred to above and which do not entail an unconditional obligation to pay, at maturity, an amount not lower than their nominal value. The amount of tax due depends on the type of derivative instrument and on the contract's value, but is subject to a maximum of EUR 200. This FTT is reduced to one-fifth of the relevant amount if the transfer takes place on a regulated market or multilateral trading system.

The FTT is due from each party involved in the relevant transaction. The FTT must be paid and accounted for to the Italian tax authorities by any intermediary intervening in any way in the execution of such transactions, e.g. banks, fiduciary companies or investment firms licensed to provide investment services on a professional basis to the public in accordance with Article 18 of Italian Legislative Decree No. 58 of 24 February 1998, including non-Italian resident intermediaries. However, the Stability Law provides that such an intermediary is permitted to refrain from executing the relevant transaction until it has received from the relevant person referred to above the amount of FTT due on the transaction. In terms of compliance with the FTT, a non-Italian resident intermediary may (i) fulfil all the relevant obligations through its Italian permanent establishment, if any; (ii) appoint an Italian withholding agent as a tax representative; or (iii) identify itself by filing a request with the Italian Tax Administration for an Italian tax code. In the event that several financial intermediaries are involved, the obligation to make payment of the FTT to the Italian tax authorities falls on the party that directly receives the transaction order from the parties. If no intermediary is involved in a transaction, the relevant parties referred to above must pay the FTT due directly to the Italian tax authorities.

If a derivative is equity-settled, the consequent share transaction is ordinarily subject to the FTT on equity transactions i.e. a stamp-duty-like FTT of 0.2 per cent on the transfer of shares and other equity-like instruments issued by Italian resident entities (0.1 per cent if such transfer takes place on a regulated market or multilateral trading system).

Some exemptions may apply.

Tax monitoring

Pursuant to Law Decree No. 167 of 28 June 1990, converted by Law No. 227 of 4 August 1990, as amended, individuals resident in Italy who, at the end of the fiscal year, hold investments abroad or have financial activities abroad must, in certain circumstances, disclose

the aforesaid and related transactions to the Italian tax authorities in their income tax return (or, in case the income tax return is not due, in a proper form that must be filed within the same time as prescribed for the income tax return).

Implementation of the Savings Directive

Italy has implemented the Savings Directive through Legislative Decree No. 84 of 18 April 2005 ("**Decree No. 84**"). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid to individuals who qualify as beneficial owners of the interest payment and are resident for tax purposes in another member state, Italian-qualified paying agents shall not apply the withholding tax and shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax authorities of the state of residence of the beneficial owner.

On 24 March 2014, the European Council adopted an EU Council Directive amending and broadening the scope of the requirements described above. In particular, the changes expand the range of payments covered by the Directive to include certain additional types of income, and widen the range of recipients, payments to whom are covered by the Directive, to include certain other types of entity and legal arrangement. Member States are required to implement national legislation giving effect to these changes by 1 January 2016 (which national legislation must apply from 1 January 2017).

12. **Luxembourg taxation**

The comments below are intended as a basic overview of certain tax consequences in relation to the purchase, ownership and disposal of the Securities under Luxembourg law. Persons who are in any doubt as to their tax position should consult a professional tax adviser.

12.1 **Withholding tax and self-applied tax**

Under Luxembourg tax law currently in effect and with the possible exception of interest paid to certain Luxembourg resident individual holders of Securities there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest), nor upon repayment of principal in case of reimbursement, redemption, repurchase or exchange of the Securities.

(a) **Luxembourg non-resident individuals**

Under the Luxembourg laws dated 21 June 2005 (the "**Laws**"), implementing the Savings Directive, as amended by the Law of 25 November 2014, and several agreements concluded between Luxembourg and certain dependent or associated territories of the EU, a Luxembourg-based paying agent (within the meaning of the Laws) is required since 1 January 2015 to report to the Luxembourg tax authorities the payment of interest and other similar income (and defined as interest by the Laws) paid by it to (or under certain circumstances, to the benefit of) an individual or certain 'residual entities' resident or established in another member state or in certain EU dependent or associated territories, and certain personal details on the beneficial owner. Such details will be provided by the Luxembourg Tax Authorities to the competent foreign tax authorities of the state of residence of the beneficial owner (within the meaning of the Laws). 'Residual entities' within the meaning of Article 4.2 of the Savings Directive are entities established in a member state or in certain EU dependent or associated territories which are not legal persons (the Finnish and Swedish companies listed in Article 4.5 of the Savings Directive are not considered as legal persons for this purpose), whose profits are not taxed under the general arrangements for business taxation, and which are not and have not opted to be treated as UCITS recognised in accordance with the Council Directive 85/611/EEC, as replaced by the European Council Directive 2009/65/EC, or similar collective investment funds located in Jersey, Guernsey, the Isle of Man, the Turks and Caicos Islands, the Cayman Islands, Montserrat or the British Virgin Islands.

The investors should also note that the European Council formally adopted a Council Directive amending the Savings Directive on 24 March 2014 (the "**Amending Directive**").

The Amending Directive broadens the scope of the requirements described above. It will in particular enlarge the scope of the Savings Directive to cover new types of savings income and products that generate interest or equivalent income and the scope of the tax authorities' requirements to be complied with. The member states will have until 1 January 2016 to adopt the national legislation necessary to comply with the Amending Directive.

(b) **Luxembourg resident individuals**

In accordance with the law of 23 December 2005, as amended (the "**Law**"), on the introduction of a withholding tax on certain interest payments on savings income, interest payments made by Luxembourg paying agents (defined in the same way as in the Savings Directive) to Luxembourg individual residents or to certain residual entities that secure interest payments on behalf of such individuals (unless such entities have opted either to be treated as UCITS, recognised in accordance with the European Council Directive 85/611/EEC, as replaced by the European Council Directive 2009/65/EC, or for the exchange of information regime) are subject to a 10 per cent withholding tax.

Pursuant to the Law, Luxembourg resident individuals, acting in the course of their private wealth, can opt to self-declare and pay a 10 per cent tax on interest payments made after 31 December 2007 by paying agents (defined in the same way as in the Savings Directive) located in an EU member state other than Luxembourg, a member state of the European Economic Area other than an EU member state or in a state or territory which has concluded an international agreement directly related to the Savings Directive.

13. **Maltese taxation**

This commentary is of a general nature based on current Maltese tax law and is an overview of the understanding of current law and practice in Malta relating only to certain aspects of Maltese taxation. It is not intended to be exhaustive. It relates only to the beneficial owners of Securities but investors who may be subject to tax in a jurisdiction other than Malta or who may be unsure as to their tax position should seek their own professional advice.

13.1 **Residents**

In the case of persons being both domiciled and ordinary residents in Malta, income tax is charged on their worldwide income, including specified capital gains. However, this rule is subject to any double taxation treaty provisions which may apply in the particular circumstances in terms of Malta's double taxation treaties currently in force (in this section, reference will be made to the double taxation treaty currently in force between Malta and the United Kingdom, but other double tax treaties may apply depending on the case).

In general, the income tax rate for income and capital gains currently stands at 35 per cent for companies (as defined in the Maltese Income Tax Act, "**ITA**") and varies between 0 per cent and 35 per cent for other persons. However, income and gains falling within the definition of 'investment income' pursuant to the ITA may be charged with a final withholding tax of 15 per cent subject to the satisfaction of certain statutory conditions (see below).

(a) **Interest**

Malta has the primary right to tax interest income as per the following:

(i) **Provisions under the Malta United Kingdom double tax treaty**

Article 11 of the Malta United Kingdom double tax treaty provides that interest arising in a contracting state and paid to a resident of the other contracting state may be taxed in that other contracting state. Hence in terms of the above, Malta, being the country where the investor would be resident, has the primary right to tax such interest income. However, the United Kingdom has a secondary right to tax such income and, in fact, the Article states that the tax charged in the country where the interest arises cannot exceed 10 per cent of the gross amount of such interest, provided that the investor is the beneficial owner thereof and is subject to tax thereon in the other contracting state.

(ii) Provisions under Maltese domestic tax law

The Maltese income tax treatment of any interest income derived from the Securities depends on whether such income falls within the definition of 'investment income' under the ITA. The definition provides for an exhaustive list of sources of income (including different types of interest income) which would fall within the meaning of 'investment income' for Maltese tax purposes.

'Investment income' as defined under the ITA includes, for example, 'interest, discounts or premiums payable in respect of a public issue by a company, entity or other legal person howsoever constituted and whether resident in Malta or otherwise'. If the interest income qualifies as 'investment income' under Maltese tax law, such income may be subject to a 15 per cent final withholding tax.

In order for the said 15 per cent final withholding tax to be applicable, the Maltese resident investor should fall within the definition of 'recipient' in terms of the ITA. According to this definition, a recipient is a person who is resident in Malta during the year in which investment income is payable to him (excluding a person who carries on business in the fields of banking or insurance) or a receiver, guardian, tutor, curator, judicial sequestrator or committee acting on behalf of such person or a trustee or foundation pursuant to or by virtue of which any money or other property whatsoever is paid or applied for the benefit of such person. Collective investment schemes registered in Malta are excluded from the remit of this definition with the exception of those schemes holding a classification as 'prescribed funds' in terms of Maltese law and receiving investment income not paid by another collective investment scheme. In such a case, special rules apply and recipients should seek advice accordingly.

Furthermore, in terms of current Maltese Revenue practice, the payment of the 15 per cent final withholding tax has to be effected through an authorised financial intermediary licensed in Malta, i.e. the Maltese authorised financial intermediary has the obligation to collect and forward such withholding tax to the Maltese Revenue.

The 15 per cent withholding tax is a final tax and a resident individual investor is entitled not to declare the respective interest income on his/her income tax return. A Maltese resident investor should not be charged further tax in respect of such interest income. Tax withheld will in no case be available to any person (other than individuals) for credit against that person's tax liability or for a refund, as the case may be.

Notwithstanding the above, the Maltese resident holder may opt to receive the interest income without deduction of withholding tax. In this case, such person will be obliged to declare the interest income on the income tax return and will be subject to tax on such interest income at the standard rates of tax applicable to that person at the time the interest income is received by the holder.

Where foreign (non-Maltese) tax is charged (or, in certain instances, deemed to be charged) on the interest income, subject to the satisfaction of certain statutory conditions, such foreign tax may be creditable against the Maltese tax. However, such credit should not be available in the case that the interest income is received by a person other than an individual and it is subject to the 15 per cent final withholding tax outlined above; also, in that case, the Maltese 15 per cent final withholding tax should be chargeable on the gross interest income.

(b) Capital gains

This part refers only to investors who do not deal in securities in the course of their trading activity and if the Securities in question represent a 'capital asset'. Hence the redemption or disposal of such Securities should result in a capital gain (and not a trading gain) for Maltese tax purposes.

Malta is entitled to tax capital gains realised on transfers of securities even in terms of the double taxation treaty between Malta and the United Kingdom (in the circumstances and

subject to the terms and conditions set out in the said treaty). The United Kingdom may also tax such gains if the transferor of the securities is an individual who was resident in that country throughout the five years preceding the transfer of the said securities.

According to Maltese tax law, only those capital gains as specified in the ITA are subject to income tax in Malta. The provisions regulating capital gains provide for a definition of 'securities' as follows: 'shares and stocks and such like instruments that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return'. If the particular Securities do not fall within the above-quoted definition, the capital gain arising on their redemption or disposal should not be subject to Maltese tax. In case the particular Securities fall within the definition of 'securities' as quoted above, capital gains realised by a Maltese resident and domiciled holder on the redemption or disposal of the Securities should be subject to Maltese income tax.

Similarly to the tax position outlined above in respect of interest income, the applicable tax rate on such capital gains depends on whether the capital gains qualify as 'investment income' pursuant to the ITA. The definition of 'investment income' includes, for example, 'capital gains arising on the redemption, liquidation or cancellation of securities ... not being shares in a company'. On the assumption that the Securities should not represent 'shares in a company' as required by the said provision of the law, the capital gain, if any, arising on the redemption of the Securities should qualify as 'investment income' in terms of the aforesaid provision. In this case, chargeable capital gains may be subject to a final withholding tax of 15 per cent.

The same considerations outlined in respect of interest income regarding the applicability (and other features) of the 15 per cent final withholding tax also apply in this case. Furthermore, in respect of capital gains arising on the redemption of the Securities, the holder has the option to receive the capital gains without deduction of a withholding tax, in which case the holder would be required to declare the capital gain in the tax return and charge it to tax at the standard rate of tax applicable to that person at the time of redemption of the Securities.

The position outlined in the preceding two paragraphs should not apply in the case of a disposal of the Securities since the definition of 'investment income' referred to above specifically requires a 'redemption, liquidation or cancellation'. Hence, in the case of a disposal (rather than a redemption) of the Securities, any chargeable capital gains should not qualify as 'investment income' and should therefore be declared on the investor's income tax return and be subject to tax at the standard rate of tax at the point of disposal.

13.2 Non-residents

Assuming that (i) the investor would not be a resident and not domiciled in Malta for tax purposes, and (ii) the interest income or capital gains would not represent income or gains arising in Malta and any interest income would not be received in Malta, and (iii) the Securities would not form part of the business property of the holder's Maltese permanent establishment, no Maltese income tax liability should arise pursuant to Maltese tax law.

(a) Duty on documents and transfers (stamp duty)

The Maltese Duty on Documents and Transfers Act charges duty on transfers of 'marketable securities'. A redemption of securities should not be covered by the term 'transfer' according to Maltese stamp duty legislation and should therefore not be chargeable to Maltese stamp duty. Hence the Maltese stamp duty considerations under this part should be relevant in case a disposal (direct transfer) of the Securities occurs.

Maltese stamp duty is chargeable at the rate of EUR 2 for every EUR 100 or part thereof in respect of the amount or value of the consideration or the real value of the 'marketable security', whichever is the higher.

However, if the issuer, the transferor or the transferee has in place an Article 47 exemption determination issued by the Maltese Revenue, any acquisitions or disposals of 'marketable securities' issued by the issuer should be exempt from Maltese stamp duty if such an exemption determination continues to be in place until the time that any disposal of the

Securities occurs and as long as the issuer does not own, directly or indirectly, immovable property in Malta. Generally, this exemption is granted if the applicant carries out more than 90 per cent of its business outside Malta or if such applicant is owned to the extent of more than 50 per cent by non-residents who are not owned, directly or indirectly, by persons who are resident in Malta and carries out the majority of its business outside Malta. Other stamp duty exemptions are available in the case of foreign marketable securities subject to satisfaction of certain conditions.

(b) **Implementation of the Savings Directive**

Malta has implemented the Savings Directive into Maltese domestic legislation in terms of Legal Notice 267 of 2004. If any of the payments derived from the Securities fall within the purport of the Savings Directive, the country of the Issuer or paying agent would have to determine whether any exchange of information requirements would apply or whether any foreign (non-Maltese) withholding tax would apply on such payments.

In the case where there is a Maltese paying agent, and the recipient is non-Maltese, the said agent has the obligation to report information to the competent authority in Malta (being the Commissioner of Inland Revenue) in line with the provisions of the Savings Directive. The information to be reported by the Maltese paying agent to the Maltese competent authority for all interest payments made during a calendar year in terms of the Savings Directive must be furnished annually not later than the 28 February following the end of such calendar year.

All paying agents in Malta must register for the purposes of the Savings Directive with the Inland Revenue Department. This means that both paying agents who pay interest income directly to beneficial owners and paying agents who receive income on behalf of the beneficial owners are to be registered with the Inland Revenue Department.

The Commissioner of Inland Revenue may, when and as often as he deems necessary, give notice in writing to any paying agent to furnish, within a reasonable time stated in the notice, not being less than 14 days, such information (including copies of any relevant books, documents or other records) which the Commissioner of Inland Revenue may deem necessary in order to determine that the information reported by the said paying agent was correct and complete. The said paying agent required to furnish such information must make available all the documents in his possession or under his control as required by the Commissioner of Inland Revenue.

The minimum amount of information concerning interest payments to be reported by Maltese paying agents should be the following:

- (i) the identity and residence of the beneficial owner;
- (ii) the name and address of the paying agent;
- (iii) the account number of the beneficial owner or, where there is none, identification of the debt claim giving rise to the interest; and
- (iv) information concerning the interest payment.

Investors should note that the European Council has adopted amendments to the Savings Directive to be implemented by EU member states by January 2016. The amendments, *inter alia*, extend the scope of the Savings Directive to (A) payments made through certain intermediate structures (whether or not established in a member state) for the ultimate benefit of an EU resident individual, and (B) a wider range of income similar to interest.

14. **Norwegian taxation**

The following discussion is an overview of certain material Norwegian tax considerations relating to the Securities where the holder is tax resident in Norway. The overview is based on legislation as at the date of this document. Any changes to applicable tax laws may have a retrospective effect.

This overview is intended to provide general information only and is limited to the question of whether there is withholding tax payable on the Issuer's payment of interest to holders of Securities. The tax treatment of each individual holder can depend on the holder's specific situation.

It is recommended that investors consult their own tax advisers for information with respect to the special tax consequences that may arise as a result of holding Securities, including the applicability and effect of foreign income tax rules, provisions contained in double taxation treaties and other rules which may be applicable.

Payments of interest are not subject to any withholding tax in Norway. If the amount that is payable on a Security is determined by reference to dividends that are paid or declared with respect to Norwegian shares, it is possible that Norwegian tax authorities could assert that investors should be subject to Norwegian withholding tax in respect of such dividends.

15. **Portuguese taxation**

The following is an overview of the current Portuguese tax treatment at the date hereof in relation to certain aspects of the Portuguese taxation of payments in respect of the Securities. The statements do not deal with other Portuguese tax aspects regarding the Securities and relate only to the position of persons who are absolute beneficial owners of the Securities. The following is a general guide, does not constitute tax or legal advice and should be treated with appropriate caution. Security holders who are in any doubt as to their tax position should consult their own professional advisers.

15.1 **Personal income tax**

(a) **Investment income**

Economic benefits derived from interest, amortisation, reimbursement premiums and other instances of remuneration arising from the Notes are designated as investment income for Portuguese tax purposes. If the payment of interest or other types of investment income is made available to Portuguese resident individuals through a Portuguese resident entity or a Portuguese branch of a non-resident entity, withholding tax applies at a rate of 28 per cent, which is the final tax on that income unless the individual elects for aggregation to his taxable income, subject to tax at progressive rates of up to 48 per cent. In this case, the tax withheld is deemed a payment on account of the final tax due. In the latter circumstance an additional income tax will be due on the part of the taxable income exceeding EUR 80,000 as follows: (i) 2.5 per cent on the part of the taxable income exceeding EUR 80,000 up to EUR 250,000 and (ii) 5 per cent on the remaining part (if any) of the taxable income exceeding EUR 250,000. Also, if the option of income aggregation is chosen, an additional surcharge at the rate of 3.5 per cent will be due over the amount that exceeds the annual amount of the monthly minimum guaranteed wage. However, interest paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent, unless the relevant beneficial owner(s) of the income is/are identified and as a consequence the tax rates applicable to such beneficial owner(s) will apply.

If the interest on the Notes is not received through an entity located in Portugal, it is not subject to Portuguese withholding tax, but an autonomous taxation rate of 28 per cent will apply, unless an option for aggregation is made, subject to the above-referred progressive tax rates and also to the above-referred additional income tax rate and the additional surcharge.

(b) **Capital gains**

Capital gains obtained by Portuguese resident individuals on the transfer of the Notes are taxed at a rate of 28 per cent levied on the positive difference between the capital gains and capital losses of each year, unless an option for aggregation is made, subject to the above-referred progressive tax rates and also to the above-referred additional income tax rate and the additional surcharge.

There is no Portuguese withholding tax on capital gains.

15.2 Corporate income tax

(a) Investment income and capital gains

Interest and other investment income derived from the Notes, and capital gains obtained from the transfer of the Notes by legal persons resident for tax purposes in Portugal and by non-resident legal persons with a permanent establishment in Portugal to which the income or gains are attributable, are included in their taxable profits and are subject to a 27 per cent tax rate, to which may be added a municipal surcharge (*derrama municipal*) of up to 1.5 per cent of the taxable income. A State Surcharge (*derrama estadual*) rate of 3 per cent will be due on the part of the taxable profits exceeding EUR 1,500,000 up to EUR 7,500,000, 5 per cent on the part of the taxable profits exceeding EUR 7,500,000 up to EUR 35,000,000 and 7 per cent on the part of the taxable profits exceeding EUR 35,000,000.

There is no Portuguese withholding tax on capital gains.

15.3 Implementation of the Savings Directive

Portugal has implemented the Savings Directive into Portuguese law through Decree-Law no. 62/2005 of 11 March 2005 (as amended from time to time).

16. Spanish taxation

The information provided below does not purport to be a complete overview of tax law and practice currently applicable in the Kingdom of Spain and is subject to any changes in law and the interpretation and application thereof that may take effect after such date, and which could be made with retroactive effect. Furthermore, it is not a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of the Securities issued by the Issuer, an entity resident for tax purposes in United Kingdom, and does not describe the tax consequences for certain categories of taxpayers including, but not limited to, entities falling under the attribution of income regime, financial institutions, collective investment institutions and cooperatives, which may be subject to specific rules. This overview does not take into account any regional or local legislation that could be of application. Investors who are in any doubt as to their position should consult with their own professional advisers.

The tax implications herein contained refer exclusively to the Securities, on an individual basis. If, together with the Securities, derivative instruments (i.e. call/put options) will be granted, a case-by-case analysis must be made in respect of the tax implications derived from such instruments.

This information has been prepared in accordance with the following Spanish tax legislation

- for individuals resident for tax purposes in Spain who are subject to personal income tax, Law 35/2006 of 28 November 2006 on Personal Income Tax, partial amendment of Corporate Income Tax Law, Non-Residents Income Tax Law and Wealth Tax Law as amended by Law 26/2014 of 27 November; Royal Decree 439/2007 of 30 March promulgating the Personal Income Tax Regulations, as amended; Law 19/1991 of 6 June 1991 on Net Wealth Tax, as amended, and Law 29/1987 of 18 December on Inheritance and Gift Tax, as amended;
- for legal entities resident for tax purposes in Spain which are subject to Corporate Income Tax, Law 27/2014 of 27 November on Corporate Income Tax and Royal Decree 1777/2004 of 30 July promulgating the Corporate Income Tax Regulations, as amended; and
- for individuals and entities who are not resident in Spain, Royal Legislative Decree 5/2004 of 5 March promulgating the Consolidated Text of the Non-Residents Income Tax Law, as amended by Law 26/2014 of 27 November; Royal Decree 1776/2004 of 30 July promulgating the Non-Residents Income Tax Regulations, as amended; Law 19/1991 of 6 June on Net Wealth Tax and Law 29/1987 of 18 December 1987 on Inheritance and Gift Tax, as amended.

16.1 Taxes on income and capital gains

(a) Individuals with tax residency in Spain subject to personal income tax (**Impuesto sobre la Renta de las Personas Físicas**)

The taxation, under personal income tax, of income from the Securities is not expressly foreseen in the legislation. This leads to the need to apply the general principles under said tax, as well as to try to infer, from the Spanish Tax Authorities' doctrine, a line of interpretation which allows ascertaining what the tax treatment should be.

Under this scenario, and following an interpretation of the general principles governing personal income tax, as well as the doctrine issued by the Spanish Tax Authorities on financial products, it can be said that, in principle, interest from the Securities obtained by individuals who have the status of taxpayers for the purposes of personal income tax, and also income from the transfer, reimbursement, redemption, exchange or conversion of the Securities should, in general terms, be considered income from movable capital obtained due to the supply of funds to third parties under the terms of Article 25.2 of Law 35/2006, of 28 November, on personal income tax.

For the tax year 2015, income included in the savings income taxable base will be taxed (i) at a 20 per cent tax rate (applicable to the first EUR 6,000), (ii) at a 22 per cent tax rate (applicable to the following EUR 44,000) and, (iii) at a 24 per cent tax rate (applicable to the remaining amounts).

Also for the tax year 2015, any income derived from the Securities could be subject to withholding tax of 20 per cent on account of the personal income tax of the holder, in case there is any person or entity obliged to levy said withholding tax in accordance with the general rules of the levying of withholding taxes (i.e. in the event that an entity based in Spain is the custodian of the Securities, or is charged with the collection of the income from them in favour of the holders, or is charged with the redemption of the Securities, or receives from the holder the order to transfer the Securities, as the case may be). However, there is no obligation to withhold tax on the positive income derived from the transfer or reimbursement of explicit yield Securities when they would be represented by book entries and would be traded on a Spanish official secondary securities market, except on the part of the price which is equivalent to the accrued interest on any transfers which are made within the 30 days immediately prior to the maturity of the coupon, when (i) the acquirer is an individual or entity not resident in a Spanish territory, or is a taxable person for corporate income tax purposes, and (ii) this express income is exempt from the obligation to withhold in relation to the acquirer.

From 1 January 2016 and onwards, the aforementioned withholding tax is scheduled to be 19 per cent and income included in the savings income taxable base will be taxed at 19 per cent for amounts up to EUR 6,000, 21 per cent for the following EUR 44,000 and 23 per cent for the remaining amounts.

(b) Legal Entities with tax residency in Spain subject to corporate income tax (**Impuesto sobre Sociedades**)

The tax regime for Spanish resident entity holders of Securities is included in the Law 27/2014 of 27 November on Corporate Income Tax ("**Law 27/2014**") and the Royal Decree 1777/2004 of 30 July that approves the Corporate Income Tax Regulations ("**Royal Decree 1777/2004**"), as amended.

According to Article 10.3 of Law 27/2014, the taxable income, derived from the interest generated by the Securities and also from the transfer, reimbursement, redemption, exchange or conversion of the Securities will be calculated in accordance with the accounting treatment of such income by the relevant entity. The tax adjustments to the accounting treatment which may be of application should be taken into account when calculating the taxable base. In principle, the resulting amounts will be taxed at the standard rate of 28 per cent (scheduled to be 25 per cent from 2016 and onwards) in accordance with the general rules contained in the Spanish Corporate Income Tax Act.

For the tax year 2015, any income derived from the Securities could be subject to withholding tax of 20 per cent on account of the corporate income tax of the holder in case there is any person or entity obliged to levy said withholding tax in accordance with the general rules of the levying of withholding taxes (i.e. in the event that an entity based in Spain is the custodian of the Securities, or is charged with the collection of the income from them in favour of the holders, or is charged with the redemption of the Securities, or receives from the holder the order to transfer the Security, as the case may be). From 1 January 2016 and onwards, this withholding tax is scheduled to be 19 per cent.

In any case, income derived from the Securities obtained by entities which are considered taxable persons for corporate income tax purposes will not be subject to withholding tax on account of corporate income tax, in accordance with the provisions of Article 59(s) of Royal Decree 1777/2004 provided that the Securities are traded on an organised market of an OECD country. In addition, income obtained, both as interest and due to the transfer, redemption or reimbursement of the Securities, by entities which are considered taxable persons for corporate income tax purposes will not be subject to withholding tax on account of corporate income tax, in accordance with the provisions of Article 59(q) of Royal Decree 1777/2004 of 30 July, provided that the Securities would be represented by book entries and would be traded on a Spanish official secondary securities market.

(c) **Individuals and legal entities with no tax residency in Spain subject to Non-Resident Income Tax (Impuesto sobre la Renta de no Residentes)**

Interest generated by the Securities or from the transfer, reimbursement, redemption, exchange or conversion of the Securities obtained by individuals and legal entities not resident for tax purposes in Spain will be taxed pursuant to the Consolidated Text of the Non-Residents Income Tax Law, passed by Royal Legislative Decree 5/2004 of 5 March as amended by Law 26/2014, of 27 November ("**Non-Residents Income Tax Law**").

(d) **Income obtained through a permanent establishment**

Income from the Securities obtained through a permanent establishment in Spain will be taxed in accordance with the rules of Chapter III of the Non-Residents Income Tax Law, subject to the provisions of any relevant double tax treaties.

The tax rules for taxable persons under corporate income tax (entities resident in Spain) will apply for persons or legal entities not resident in Spain with a permanent establishment in such territory.

(e) **Income obtained without a permanent establishment**

Income realised by investors residing outside Spain and without a permanent establishment within the Spanish territory (individuals and legal entities) would not be considered, in general terms, as Spanish-source income and, therefore, would not be subject to taxation and withholding tax in Spain under the Non-Residents Income Tax Law.

16.2 **Wealth Tax (Impuesto sobre el Patrimonio)**

Subject to the application of any relevant double tax treaties, the ownership of Securities would be subject to the Spanish Net Wealth Tax that was restored temporarily for years 2011 and 2012, and subsequently extended to years 2013 and 2014. Pursuant to Law 36/2014 of 26 December, which amended Spanish Net Wealth Tax regulated by Law 19/1991 of 6 June ("**Net Wealth Tax Law**"), Spanish Net Wealth Tax is scheduled to be removed from 1 January 2016 onwards.

Only individual holders of Securities would be subject to the Net Wealth Tax. Legal entities are not taxable persons under the Spanish Net Wealth Tax ("**NWT**").

(a) **Individuals with tax residency in Spain**

Under Article 5 of the Net Wealth Tax Law, the relevant taxpayers will be all those individuals who have their habitual residence in Spain regardless of the place where their assets or rights are located or could be exercised.

Consequently, the ownership of the Securities by individuals resident for tax purposes in Spain will be subject to taxation under the Net Wealth Tax at a progressive rate scale from 0.2 per cent to 2.5 per cent (subject to a minimum exempted threshold of €700,000).

However, it is necessary to take into account that the power to implement the Net Wealth Tax (including certain tax benefits) has been transferred to the Spanish regions. Therefore, an analysis must be made in each specific case to determine to what extent any regional legislation might be applicable, since there might be differences in respect of the final taxation under Net Wealth Tax depending on the region in which an investor resides that could even eliminate the taxation.

(b) **Individuals with no tax residency in Spain**

Non-Spanish residents would not be subject to the Net Wealth Tax on the holding of the Securities, provided that the Securities were not located in Spain and the rights deriving from them could not be exercised within Spanish territory.

16.3 **Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)**

(a) **Individuals with tax residency in Spain**

Individuals resident in Spain for tax purposes who acquire ownership or other rights over any Securities by inheritance, gift or legacy will be subject to the Spanish Inheritance and Gift Tax in accordance with the applicable Spanish regional and state rules. The applicable effective tax rates range between 7.65 per cent and 81.6 per cent, depending on several factors. However, it is necessary to take into account that the Spanish Inheritance and Gift Tax (including certain tax benefits) has been transferred to the Spanish regions. Therefore, an analysis must be made in each specific case to determine to what extent any regional legislation might be applicable, since there might be differences in respect of the final taxation under Spanish Inheritance and Gift Tax depending on the region in which an investor resides that could even eliminate the taxation.

(b) **Legal entities with tax residency in Spain**

Legal entities resident in Spain for tax purposes which acquire ownership or other rights over the Securities by inheritance, gift or legacy are not subject to the Spanish Inheritance and Gift Tax, as income obtained will be subject to corporate income tax.

(c) **Individuals and legal entities with no tax residency in Spain**

Non-Spanish resident individuals and non-Spanish legal entities without a permanent establishment in Spain that acquire ownership or other rights over the Securities by inheritance, gift or legacy will not be subject to Inheritance and Gift Tax provided that the Securities are not located in Spain and the rights deriving from them could not be exercised within Spanish territory.

Non-Resident entities with a permanent establishment within the Spanish territory which acquire the ownership or other rights over the Securities by inheritance, gift or legacy are not subject to the Spanish Inheritance and Gift Tax, but income obtained will be subject to the Non-Resident Income Tax, subject to the application of any relevant double taxation treaty.

16.4 **Value Added Tax, Transfer Tax and Stamp Duty**

The issuance, acquisition and transfer of Securities, in principle, is not taxable under the Transfer Tax and Stamp Duty Tax, in accordance with the Consolidated Text of such tax promulgated by Royal Legislative Decree 1/1993 of 24 September. Nor will it be taxable, in principle, under the Value Added Tax, in accordance with Law 37/1992 of 28 December

regulating such tax. Physical settlement of the Securities must be analysed on a case-by-case basis for VAT purposes.

In any case, a case-by-case analysis should be made in order to ascertain potential tax implications.

16.5 Implementation of the Savings Directive

The Savings Directive applies to, amongst other things, payments of interest or other income on debt claims of every kind made by a paying agent in an EU member state for the benefit of individual investors resident in another member state of the EU. In circumstances where the Savings Directive applies, such a paying agent would be under an obligation to provide information to the tax authorities of the EU member states in which individual investors reside (although, for a transitional period, certain countries (not Spain) are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries and territories)).

A paying agent for these purposes is any economic operator who pays interest or other similar income to, or secures interest or other similar income for, the beneficial owner.

Securities are, from a Spanish point of view, affected by the obligations foreseen in the Savings Directive and its corresponding transposition into Spanish legislation.

On 15 April 2014, the Directive 2014/48/UE was published in the Official Journal of the European Union (the "**Amending Directive**") amending the Savings Directive, which, when implemented, will amend and broaden the scope of the requirements described above. In particular, the Amending Directive will materially broaden the circumstances in which information must be provided and/or tax withheld pursuant to the Savings Directive, and will require additional steps to be taken in certain circumstances to identify the beneficial owner of interest (and other income) payments, through a 'look through' approach. The EU member states will have until 1 January 2016 to adopt the national legislation necessary to comply with this Amending Directive. Investors should inform themselves of, and where appropriate take advice on, the impact of the Savings Directive and the Amending Directive on their investment.

17. Swedish taxation

The following overview of certain tax issues that may arise as a result of holding Securities is based on current Swedish tax legislation and is intended only as general information for holders of Securities who are resident in Sweden for tax purposes, unless otherwise indicated. This description does not deal comprehensively with all tax consequences that may occur for holders of Securities, nor does it cover the specific rules where Securities are held in an investment savings account (*investerings-sparkonto*) by a partnership or as current assets in a business operation. Special tax consequences that are not described below may also apply for certain categories of taxpayers, including investment companies. Investors should consult their own tax advisers for information with respect to the special tax consequences that may arise as a result of holding Securities, including the applicability and effect of foreign income tax rules, provisions contained in double taxation treaties and other rules which may be applicable.

17.1 Taxation of individuals resident in Sweden

(a) Capital gains and losses

Individuals who sell their securities, or have their securities redeemed or bought back, are subject to capital gains tax. The tax rate is 30 per cent.

The capital gain or loss is calculated as the difference between the sales (or redemption) proceeds, after deduction of sales costs, and the securities' acquisition cost for tax purposes. The acquisition cost is determined according to the 'average method'. This means that the costs

of acquiring all securities of the same type and class as the sold securities are added together and the average acquisition cost is calculated collectively, with respect to changes to the holding.

Gains or losses on foreign exchange rate fluctuations may arise in relation to securities where the sales proceeds received are in a foreign currency. However, no special calculations are required if the sales proceeds are exchanged into SEK (Swedish Krona) within 30 days from the time of disposal. In such case, the exchange rate on the date of exchange shall be used when calculating the value of the sales proceeds. The exchange rate on the date of acquisition is generally used when determining the acquisition cost for tax purposes.

For the purpose of the subsequent paragraph, securities could be defined as:

- (i) listed shares and other listed securities that are taxed in the same manner as shares (*delägar rätt*);
- (ii) receivables (*fordrings rätt*); or
- (iii) non-financial items (*andra tillgångar*).

As a general rule, 70 per cent of a capital loss is deductible against any other taxable income from capital. However, capital losses on listed Swedish receivables are fully deductible in the income from capital category. According to Swedish case law, full deductibility also applies to capital losses on listed foreign receivables.

Capital losses on listed shares and other listed securities that are taxed in the same manner as shares (except for listed shares in mutual funds (*värdepappersfonder*) or hedge funds (*specialfonder*) containing only Swedish receivables) are fully deductible against taxable gains on such assets and on non-listed shares in Swedish limited liability companies and foreign legal entities. On non-listed shares in Swedish limited liability companies and foreign legal entities only five-sixths of capital losses are deductible. If capital losses pertain to both listed and non-listed shares, the losses pertaining to the listed shares are deductible prior to the losses on the non-listed shares. 70 per cent of any excess amount is deductible according to the general rule or five-sixths of 70 per cent is deductible if the capital loss relates to non-listed shares. Capital losses on listed shares in mutual funds (*värdepappersfonder*) or hedge funds (*specialfonder*) containing only Swedish receivables are fully deductible in the income from capital category.

If a deductible deficit arises in the income from capital category, a reduction of the tax on income from employment and from business operations, as well as the tax on real estate and the municipal real estate fee, is allowed. The tax reduction is 30 per cent of any part of the deficit not exceeding SEK 100,000 and 21 per cent of any part of the deficit in excess of SEK 100,000. Deficits may not be carried forward to a subsequent fiscal year.

(b) **Interest/dividends**

Any interest or dividend income received by an individual holder during the life of a financial instrument is subject to Swedish tax at a tax rate of 30 per cent in the income from capital category. Interest and dividends are taxable when the income can be disposed of.

There are no specific Swedish tax rules defining what constitutes debt or equity, nor is there a definition of interest. However, where a payment during the life of the instrument is made at the determination of the Issuer, such payment should generally be considered a dividend. It is further generally held, that where the terms and conditions of the instrument provide for payments to be made under predetermined circumstances established by the terms and conditions and no shareholder meeting is required to determine the payment, such payment should be considered interest.

(c) **Taxation of Swedish legal entities**

Limited liability companies and other legal entities (except partnerships and estates of deceased persons) are normally taxed on all income (including income from the sale,

redemption or repayment of the Securities) as income from business operations at a flat rate of 22 per cent (the tax rate is 26.3 per cent for fiscal years commencing prior to 1 January 2013).

Regarding the calculation of capital gains or losses, see '*Taxation of Individuals Resident in Sweden*' above. However, for legal entities, interest income and currency exchange fluctuations are normally taxable, or deductible, as the case may be, on an accrual basis. Note that capital losses on non-financial items (*annan tillgång*) are fully deductible for tax purposes when the holder is a legal entity.

Tax deductible capital losses on receivables incurred by limited liability companies and certain other legal entities are normally fully deductible against any taxable income.

Specific rules may apply to Securities held as a hedge for foreign currency exposure.

17.2 **Taxation of Holders of Securities residing outside of Sweden**

Payments of any nominal amount or any amount that is considered to be interest or dividends for Swedish tax purposes to holders of Securities who are not fiscally resident in Sweden and who are not engaged in trade or business in Sweden through permanent establishments are not subject to Swedish income tax.

Swedish withholding tax, or Swedish tax deduction, is not imposed on payments of any nominal amount or any amount that is considered to be interest for Swedish tax purposes to a non-resident holder of Securities.

Investors who are not fiscally resident in Sweden and who are not carrying on business operations from a permanent establishment in Sweden are generally not liable for Swedish capital gains taxation on the disposal of Securities. The holders may be subject to tax in their country of residence.

As far as non-resident individuals are concerned, capital gains on the sale of certain securities may in some cases be subject to Swedish tax if the individual has been resident or permanently lived in Sweden at any time during the calendar year of the sale or any of the ten preceding calendar years. The application of this provision is, in many cases, limited by tax treaties for the avoidance of double taxation, which Sweden has concluded with other countries.

17.3 **Other**

Sweden does not levy any net wealth tax and there are no transfer taxes on transfers of financial instruments.

18. **Swiss taxation**

The following is an overview only of the Issuer's understanding of current law and practice in Switzerland relating to the taxation of the Securities issued pursuant to the Programme. Because this overview does not address all tax considerations under Swiss law and as the specific tax situation of an investor cannot be considered in this context, investors are recommended to consult their personal tax advisers as to the tax consequences of the purchase, ownership, sale or redemption of and the income derived from the Securities issued pursuant to the Programme including, in particular, the effect of tax laws of any other jurisdiction.

The Swiss Federal Tax Administration issued on 7 February 2007 a Circular Letter No. 15 regarding Certificates and Derivative Financial Instruments subject to Direct Federal Tax, Withholding Tax and Stamp Duty ("**Circular Letter No. 15**"). The Securities issued pursuant to the Programme will be taxed in accordance with Circular Letter No. 15 and its appendices. Depending on the qualification of the relevant Security by the competent Swiss tax authorities the taxation of each Security may be different.

18.1 **Income tax**

(a) Securities are held as private assets (Privatvermögen) by investors resident in Switzerland

Pursuant to the principles of Swiss income taxation, capital gains are in principle Swiss personal income tax exempt for (i) federal direct tax purposes if realised upon a disposal or exchange of movable and immovable private assets and (ii) cantonal/municipal direct tax purposes if realised upon a disposal or exchange of movable private assets whereas investment income (such as, but not limited to, interest, dividends, etc.) deriving from private assets is subject to Swiss personal income tax. However, any capital losses sustained in relation to private assets are not tax deductible. Hence, (i) capital gains realised upon a sale or redemption of the Securities or (ii) income derived from the Securities stemming from capital gains are in principle Swiss personal income tax exempt for an investor resident in Switzerland holding the Securities as private assets whereas investment income deriving from the Securities is in principle subject to Swiss personal income tax.

(b) Securities are held as business assets (Geschäftsvermögen) by investors resident in Switzerland

Pursuant to the principles of Swiss income taxation, capital gains realised upon disposal, exchange or re-evaluation of business assets are in general subject to (i) either Swiss personal income tax with respect to individuals or (ii) Swiss corporate income tax with respect to corporations in the same manner as any other commercial or investment income. This applies to both movable and immovable assets. However, as capital gains in relation to business assets are in principle fully taxable, it follows that capital loss in relation to business assets is tax deductible. Hence, (i) capital gains realised upon a sale, exchange, redemption or re-evaluation of the Securities or (ii) income derived from the Securities, irrespective of whether such income stems from investment income or capital gains, are in principle subject to either Swiss personal income tax with respect to an individual investor resident in Switzerland holding the Securities as business assets or subject to Swiss corporate income tax with respect to a corporate investor resident in Switzerland.

18.2 Withholding tax

The Swiss federal withholding tax is in principle levied on income (such as, but not limited to, interest, pensions, profit distributions, etc.) from, amongst others, bonds and other similar negotiable debt instruments issued by a Swiss tax resident (*Inländer*), distributions from Swiss tax resident corporations, interest on deposits with Swiss banks as well as distributions of or in connection with Swiss tax resident collective investment schemes. For Swiss federal withholding tax purposes, an individual or corporation qualifies as Swiss tax resident (*Inländer*) being subject to withholding taxation if it (i) is resident in Switzerland, (ii) has its permanent abode in Switzerland, (iii) is a company incorporated under Swiss law having its statutory seat in Switzerland, (iv) is a company incorporated under foreign law but with a registered office in Switzerland, or (v) is a company incorporated under foreign law but is managed and conducts business activities in Switzerland. Hence, as long as the Securities are not issued by an issuer qualifying as a Swiss tax resident for the purposes of the Swiss withholding tax, income derived from the Securities is in principle not subject to Swiss withholding tax.

18.3 Securities transfer tax

Swiss securities transfer tax is levied on the transfer of ownership against consideration of certain taxable securities (including, but not limited to, bonds) if a Swiss securities dealer is involved in the transaction. Hence, secondary market transactions in the Securities are subject to Swiss securities transfer tax, calculated on the purchase price or sales proceeds, if the Securities are qualified as taxable securities, provided that a Swiss securities dealer is involved in the transaction and no exemption applies.

18.4 EU System of tax retention

Switzerland has introduced a tax retention (withholding tax) pursuant to the agreement between the European Community and the Swiss Confederation providing for measures

equivalent to those laid down in the Savings Directive effective as of 1 July 2005 on interest payments or similar income paid by a Swiss paying agent to an individual resident of an EU member state, unless the interest payments are made as debt claims issued by debtors who are residents of Switzerland or pertaining to permanent establishments in Switzerland of non-residents, at a rate of 35 per cent from 1 July 2011. The beneficial owner may avoid the retention by expressly authorising the paying agent in Switzerland to report the interest payments to the competent authority of that state. The competent authority of Switzerland then communicates the information to the competent authority of the EU member state of residence of the beneficial owner.

18.5 **Rubik agreements**

Switzerland has signed agreements on a final withholding tax (*Quellensteuerabkommen*) with the United Kingdom and with Austria. According to these agreements, qualifying Swiss paying agents levy a final withholding tax on any investment income if the Securities are held in a custody account with a qualifying Swiss paying agent and if the custody account is directly or indirectly owned by an individual resident in the other contracting state (e.g. Austria). The applicable final withholding tax rate may vary depending on the applicable tax rate in the other contracting state and the type of realised investment income (dividend, interest, capital gain, etc.). Furthermore, the calculation of the income subject to a final withholding tax may vary depending on the applicable agreement. A person subject to a final withholding tax ("**Affected Person**") may avoid such final withholding tax by expressly allowing the qualifying Swiss paying agent to report to the foreign tax authorities in the state of residence of the Affected Person, amongst others, the identity of the Affected Person and the amount of the realised investment income in a certain period.

PURCHASE AND SALE

Pursuant to the master subscription agreement dated 9 May 2014 (as amended, supplemented and/or restated or replaced from time to time, the "**Master Subscription Agreement**"), each Manager (being, at the date of this Base Prospectus, each of Barclays Bank PLC and Barclays Capital Inc. in their respective capacities as a Manager) has agreed with the Issuer the basis on which it may from time to time agree to purchase Securities. Any such agreement will extend to those matters stated under '*Summary*' and '*Terms and Conditions of the Securities*'. In the Master Subscription Agreement, the Issuer has agreed to reimburse the relevant Manager for certain of its expenses in connection with the Securities issued pursuant to the Programme.

No representation is made that any action has been or will be taken by the Issuer or the Managers in any jurisdiction that would permit a public offering of any of the Securities or possession or distribution of the Base Prospectus or any other offering material or any Final Terms in relation to any Securities in any country or jurisdiction where action for that purpose is required (other than actions by the Issuer to meet the requirements of the Prospectus Directive for offerings contemplated in this Base Prospectus and/or the Final Terms). No offers, sales, resales or deliveries of any Securities, or distribution of any offering material relating to any Securities, may be made in or from any jurisdiction and/or to any individual or entity except in circumstances which will result in compliance with any applicable laws and regulations and which will not impose any obligation on the Issuer and/or the Managers.

Subject to the restrictions and conditions set out in this Base Prospectus, the categories of potential investors to which the Securities are intended to be offered are retail and institutional investors in Belgium, Denmark, Finland, France, Ireland, Italy, Luxembourg, Malta, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

Selling Restrictions

Australia

No prospectus or other disclosure document (as defined in the Corporations Act 2001 of Australia ("**Australian Corporations Act**")) in relation to the Securities has been or will be lodged with the Australian Securities and Investments Commission ("**ASIC**") or is a prospectus or product disclosure statement under Part 6D or Part 7.9 respectively of the Australia Corporations Act. Unless the Final Terms (or another supplement to any Base Prospectus) otherwise provides, no person:

- (a) shall have offered or invited applications, and no person will offer or invite applications, for the issue, sale or purchase of the Securities in Australia (including, without limitation, an offer or invitation which is received by a person in Australia); and
- (b) shall have distributed or published, and no person will distribute or publish, any draft, preliminary or definitive Base Prospectus or other offering material or advertisement relating to the Securities in Australia,

unless, depending upon the characterisation of the offering:

- (i) the offer or invitation is made to a 'wholesale client' (as defined for the purposes of Chapter 7 of the Australian Corporations Act); or
- (ii) the offer or invitation does not require disclosure to investors under Part 6D.2 or Chapter 7 of the Australian Corporations Act,

as appropriate, and:

- (iii) such action complies with all applicable laws, regulations and directives (including, without limitation, the licensing requirements of Chapter 7 of the Australian Corporations Act); and
- (iv) such action does not require any document to be lodged with ASIC.

European Economic Area

In relation to each member state of the European Economic Area which has implemented the Prospectus Directive (each a "**Relevant Member State**"), each Manager has represented and agreed, and each further Manager appointed pursuant to the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Securities to the public in that Relevant Member State:

- (a) if the Issuer expressly specifies that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Public Offer**"), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Public Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Final Terms, as applicable, and the Issuer has consented in writing to its use for the purpose of that Public Offer;
- (b) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Manager or Managers nominated by the Issuer for any such offer; or
- (d) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Securities referred to in (b) to (d) above shall require the Issuer or any Manager to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression "an offer of Securities to the public" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe for the Securities, as the same may be varied in that member state by any measure implementing the Prospectus Directive in that member state. The expression 'Prospectus Directive' means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

Each Manager has represented and agreed, and each further Manager appointed under this Programme will be required to represent and agree, that any commission or fee received from the Issuer complies with the applicable rules set out in the Markets in Financial Instruments Directive 2004/39/EC.

Hong Kong

No person:

- (a) should have offered or sold or will offer or sell in Hong Kong, by means of any document, any Securities (except for Securities which are a 'structured product' as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong) other than (i) to 'professional investors' as defined in the Securities and Futures Ordinance and any rules made under that Ordinance; or (ii) in other circumstances which do not result in the document being a 'prospectus' as defined in the Companies Ordinance (Cap. 32) of Hong Kong or which do not constitute an offer to the public within the meaning of that Ordinance; and
- (b) should have issued or should have had in its possession for the purposes of issue, or will issue, or has or will have in its possession for the purposes of issue (whether in Hong Kong or elsewhere), any advertisement, invitation or document relating to the Securities which is

directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Securities which are or are intended to be disposed of only to persons outside Hong Kong or only to 'professional investors' as defined in the Securities and Futures Ordinance (Cap. 571) and any rules made under that Ordinance.

Ireland

Each Manager has represented and agreed, and each further Manager appointed pursuant to the Programme will be required to represent and agree, that:

- (a) it will not underwrite the issue of, or place, any Securities, otherwise than in conformity with the provisions of the European Communities (Markets in Financial Instruments) Regulations 2007 (Nos. 1 to 3) (as amended), including, without limitation, Regulations 7 and 152 thereof or any codes of conduct used in connection therewith and the provisions of the Investor Compensation Act 1998;
- (b) it will not underwrite the issue of, or place, the Securities, otherwise than in conformity with the provisions of the Companies Acts 1963 to 2012 (as amended), the Central Bank Acts 1942 to 2014 (as amended) and any codes of conduct rules made under section 117(1) of the Central Bank Act 1989;
- (c) it will not underwrite the issue of, place or otherwise act in Ireland in respect of the Securities, otherwise than in conformity with the provisions of the Market Abuse (Directive 2003/6/EC) Regulations 2005 (as amended) and any rules issued under section 34 of the Investment Funds, Companies and Miscellaneous Provisions Act 2005 by the Central Bank of Ireland; and
- (d) in respect of any Securities that have a maturity of less than one year, it shall ensure that the Securities are issued in accordance with an exemption granted by the Central Bank of Ireland under section 8(2) of the Central Bank Act 1971 (as amended).

Italy

In addition to the requirements set out under '*European Economic Area*' above, any offer, sale or delivery of the Securities or distribution of copies of the Base Prospectus or any other document relating to the Securities in the Republic of Italy must be:

- (a) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, CONSOB Regulation 29 October 2007, No. 16190 (as amended from time to time) and Legislative Decree No. 385 of 1 September 1993, as amended;
- (b) in compliance with any other applicable laws and regulations or requirement imposed by CONSOB or any other Italian authority.

Please note that in accordance with Article 100–*bis* of the Financial Services Act, where no exemption from the rules on public offerings applies, Securities which are initially offered and placed in Italy or abroad to qualified investors only but in the following year are continuously (*sistematicamente*) distributed on the secondary market in Italy become subject to the public offer and the prospectus requirement rules provided under the Financial Services Act and Regulation No. 11971. Failure to comply with such rules may result in the sale of such Securities being declared null and void and in the liability of the intermediary transferring the financial instruments for any damages suffered by the investors.

Japan

The Securities have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (Law No. 25 of 1948, as amended) (the "**Financial Instruments and Exchange Law**"). Accordingly, each Manager has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Securities in Japan or to, or for the benefit of, any resident of Japan or to others for reoffering or resale, directly or indirectly, in Japan or to any

resident of Japan, except in circumstances which will result in compliance with the Financial Instruments and Exchange Law and all applicable other laws, regulations and ministerial guidelines in Japan. As used in this paragraph, "resident of Japan" means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

Korea

Each Manager has represented, warranted and agreed, and any additional Manager or holder of Securities named in the Final Terms will be required to represent, warrant and agree, that the Securities have not been and will not be registered under the Financial Investment Services and Capital Markets Act of the Republic of Korea and that the Securities have not been and will not be offered, delivered or sold directly or indirectly in Korea or to any resident of Korea (as defined under the Foreign Exchange Transaction Law of Korea and the regulations thereunder) or to others for reoffering or resale, directly or indirectly, in Korea or to any resident of Korea, except as otherwise permitted under the applicable laws and regulations of Korea. Furthermore, a holder of Securities is prohibited from offering, delivering or selling any Securities, directly or indirectly, in Korea or to any Korean resident except as otherwise permitted under Korean laws and regulations. Each Manager has undertaken, and any additional Manager named in the Final Terms will be required to undertake, to ensure that any investor to which it sells Securities confirms that it is purchasing such Securities as principal and agrees with such Manager that it will comply with the restrictions described above.

Mainland China

The Securities may not be offered or sold or delivered, or offered or sold or delivered to any person for reoffering or resale or redelivery, in any such case directly or indirectly (a) by means of any advertisement, invitation, document or activity which is directed at, or the contents of which are likely to be accessed or read by, the public in the People's Republic of China, excluding Hong Kong, Taiwan and Macau ("**Mainland China**"), or (b) to any person within Mainland China other than as permitted by and in full compliance with the relevant laws and regulations of Mainland China, including but not limited to the Mainland China Securities Law, the Company Law and/or the Administrative Rules Governing Derivatives Activities of Financial Institutions (as amended from time to time). The Issuer does not represent that the Base Prospectus may be lawfully distributed, or that any Securities may be lawfully offered, in compliance with any applicable registration or other requirements in Mainland China, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. Neither the Base Prospectus nor any material or information contained or incorporated by reference therein relating to the Programme, which has not been and will not be submitted to or approved/verified by or registered with the China Securities Regulatory Commission or other relevant governmental authorities in Mainland China, constitutes an offer or solicitation of an offer to subscribe for, purchase or sell the Securities in Mainland China or may be supplied to the public in Mainland China or used in connection with any offer for the subscription, purchase or sale of the Securities other than in compliance with the aforesaid in Mainland China.

The Netherlands

Dutch Savings Certificate Act

In addition and without prejudice to the relevant restrictions set out under '*European Economic Area*' above, Zero Coupon Notes (as defined below) in definitive form may only be transferred and accepted, directly or indirectly, within, from or into the Netherlands through the mediation of either the Issuer or a member firm of Euronext Amsterdam N.V., admitted in a function on one or more markets or systems held or operated by Euronext Amsterdam N.V., in accordance with the Dutch Savings Certificates Act (*Wet inzake spaarbewijzen*) of 21 May 1985 (as amended).

No such mediation is required in respect of: (a) the transfer and acceptance of rights representing an interest in a global security; (b) the transfer and acceptance of Zero Coupon Notes in definitive form between individuals who do not act in the conduct of a business or profession; (c) the initial issue of Zero Coupon Notes in definitive form to the first holders thereof; or (d) the transfer and acceptance of such Zero Coupon Notes within, from or into the Netherlands if all Zero Coupon Notes (either in definitive form or as rights representing an interest in a Zero Coupon Note in global form) of any particular Series or Tranche are issued outside the Netherlands and are not distributed into the Netherlands in the course of initial distribution or immediately thereafter. In the event that the Savings

Certificates Act applies, certain identification requirements in relation to the issue and transfer of, and payments on, Zero Coupon Notes have to be complied with.

As used herein "**Zero Coupon Notes**" are Securities that are in bearer form and that constitute a claim for a fixed sum against the Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever.

Financial Supervision Act

This Base Prospectus has not been approved by or filed with the Netherlands Authority for the Financial Markets (*Autoriteit Financiële Markten*). Accordingly, the Securities may not, directly or indirectly, be (or be announced to be) offered, sold, resold, delivered or transferred as part of their initial distribution or at any time thereafter to, or to the order of, or for the account of, any person in the Netherlands other than in compliance with the Dutch Financial Supervision Act (*Wet op het financieel toezicht*) and the implementing regulations thereunder, as amended and supplemented from time to time.

Portugal

Each Manager has represented and agreed, and each further Manager appointed pursuant to the Programme will be required to represent and agree, that the Securities may not be and will not be offered to the public in Portugal under circumstances which are deemed to be a public offer under the Portuguese Securities Code (*Código dos Valores Mobiliários*) approved by Decree-Law no. 486/99 of 13 November 1999 (as amended and restated from time to time), unless the requirements and provisions applicable to public offering in Portugal are met and the registration, filing, approval or recognition procedure with the Portuguese Securities Market Commission (*Comissão do Mercado de Valores Mobiliários*, "CMVM") is made.

In addition, each Manager has represented and agreed, and each further Manager appointed pursuant to the Programme will be required to represent and agree, that, other than in compliance with all applicable provisions of the Portuguese Securities Code implementing the Prospectus Directive, the Prospectus Regulation and any applicable CMVM Regulations and all relevant Portuguese securities laws and regulations, in any such case that may be applicable to it in respect of any offer or sale of Securities by it in Portugal or to individuals or entities resident in Portugal or having a permanent establishment located in Portuguese territory, as the case may be, including compliance with the rules and regulations that require the publication of a prospectus, when applicable, (a) it has not directly or indirectly taken any action or offered, advertised, marketed, invited to subscribe for, gathered investment intentions, sold or delivered and will not directly or indirectly take any action, offer, advertise, invite to subscribe for, gather investment intentions, sell, re-sell, re-offer or deliver any Securities in circumstances which could qualify as a public offer (*oferta pública*) of securities pursuant to the Portuguese Securities Code, notably in circumstances which could qualify as a public offer addressed to individuals or entities resident in Portugal or having a permanent establishment located in Portuguese territory, as the case may be; (b) it has not distributed, made available or caused to be distributed and will not distribute, make available or cause to be distributed the Base Prospectus or any other offering or advertising material relating to the Securities to the public in Portugal; and (c) any such distribution shall only be authorised and performed to the extent that there is full compliance with such laws and regulations.

Singapore

THIS DOCUMENT HAS NOT BEEN REGISTERED AS A PROSPECTUS WITH THE MONETARY AUTHORITY OF SINGAPORE. ACCORDINGLY, THIS DOCUMENT AND ANY OTHER DOCUMENT OR MATERIAL IN CONNECTION WITH THE OFFER OR SALE, OR INVITATION FOR SUBSCRIPTION OR PURCHASE, OF INTERESTS MAY NOT BE CIRCULATED OR DISTRIBUTED, NOR MAY INTERESTS BE OFFERED OR SOLD, OR BE MADE THE SUBJECT OF AN INVITATION FOR SUBSCRIPTION OR PURCHASE, WHETHER DIRECTLY OR INDIRECTLY, TO PERSONS IN SINGAPORE OTHER THAN (I) TO AN INSTITUTIONAL INVESTOR UNDER SECTION 274 OF THE SECURITIES AND FUTURES ACT, CHAPTER 289, OF SINGAPORE (THE "SFA"), (II) TO A RELEVANT PERSON PURSUANT TO SECTION 275(1), OR ANY PERSON PURSUANT TO SECTION 275(1A), AND IN ACCORDANCE WITH THE CONDITIONS SPECIFIED IN SECTION 275, OF THE SFA, OR

(III) OTHERWISE PURSUANT TO, AND IN ACCORDANCE WITH THE CONDITIONS OF, ANY OTHER APPLICABLE PROVISION OF THE SFA.

WHERE INTERESTS ARE SUBSCRIBED OR PURCHASED UNDER SECTION 275 BY A RELEVANT PERSON WHICH IS:

- (a) A CORPORATION (WHICH IS NOT AN ACCREDITED INVESTOR (AS DEFINED IN SECTION 4A OF THE SFA)) THE SOLE BUSINESS OF WHICH IS TO HOLD INVESTMENTS AND THE ENTIRE SHARE CAPITAL OF WHICH IS OWNED BY ONE OR MORE INDIVIDUALS, EACH OF WHOM IS AN ACCREDITED INVESTOR; OR
- (b) A TRUST (WHERE THE TRUSTEE IS NOT AN ACCREDITED INVESTOR) WHOSE SOLE PURPOSE IS TO HOLD INVESTMENTS AND EACH BENEFICIARY OF THE TRUST IS AN INDIVIDUAL WHO IS AN ACCREDITED INVESTOR,

SECURITIES (AS DEFINED IN SECTION 239(1) OF THE SFA) OF THAT CORPORATION OR THE BENEFICIARIES' RIGHTS AND INTEREST (HOWSOEVER DESCRIBED) IN THAT TRUST SHALL NOT BE TRANSFERRED WITHIN SIX MONTHS AFTER THAT CORPORATION OR THAT TRUST HAS ACQUIRED THE INTERESTS PURSUANT TO AN OFFER MADE UNDER SECTION 275 OF THE SFA EXCEPT:

- (i) TO AN INSTITUTIONAL INVESTOR OR TO A RELEVANT PERSON DEFINED IN SECTION 275(2) OF THE SFA, OR TO ANY PERSON ARISING FROM AN OFFER REFERRED TO IN SECTION 275(1A) OR SECTION 276(4)(i)(B) OF THE SFA;
- (ii) WHERE NO CONSIDERATION IS OR WILL BE GIVEN FOR THE TRANSFER;
- (iii) WHERE THE TRANSFER IS BY OPERATION OF LAW;
- (iv) AS SPECIFIED IN SECTION 276(7) OF THE SFA; OR
- (v) AS SPECIFIED IN REGULATION 32 OF THE SECURITIES AND FUTURES (OFFERS OF INVESTMENTS) (SHARES AND DEBENTURES) REGULATIONS 2005 OF SINGAPORE.

Switzerland

The Securities may not be publicly distributed in Switzerland. This Base Prospectus shall not be dispatched, copied to or otherwise made available to, and the Securities may not be offered for sale to, any person in Switzerland, except to 'qualified investors' as defined in Article 10 of the Swiss Act on Collective Investment Schemes ("CISA").

This document is neither a prospectus according to Article 1156 of the Swiss Code of Obligations nor a simplified prospectus according to Article 5 of the CISA nor a listing prospectus according to the Listing Rules of the SIX Swiss Exchange.

Taiwan

The Securities may not be sold, offered or issued to Taiwan resident investors or in Taiwan unless they are made available (a) outside Taiwan for purchase outside Taiwan by such investors and/or (b) in Taiwan through bank trust departments, licensed securities brokers and/or insurance company investment-linked insurance policies pursuant to the Taiwan Rules Governing Offshore Structured Products.

United Kingdom

Each Manager has represented and agreed, and each further Manager appointed pursuant to the Programme will be required to represent and agree, that:

- (a) *Financial Promotion*: it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in

connection with the issue or sale of any Securities in circumstances in which section 21(1) of the FSMA would not, if it was not an authorised person, apply to the Issuer;

- (b) *General Compliance*: it has complied and will comply with all applicable provisions of the FSMA and the Financial Conduct Authority Handbook (as applicable) with respect to anything done by it in relation to any Securities in, from or otherwise involving the United Kingdom; and
- (c) *Commissions and fees*:
 - (i) if it is distributing Securities that are 'retail investment products' (as such term is defined in the Financial Conduct Authority Handbook) into the UK and it is entitled to receive any commission or fee from the Issuer, it will not transfer any part of that commission or fee to any third party for their advice to any retail investors to purchase a Security that is a retail investment product; and
 - (ii) if it is authorised and regulated by the Financial Conduct Authority to provide investment advice to retail investors in the UK and it is providing advice to retail investors in respect of a Security that is a retail investment product, it undertakes not to request any commission or fee from the Issuer and to otherwise reject any such payment offered to it that relates to that advice other than in circumstances where the Issuer has agreed to facilitate the payment of an advisory fee and has the express consent of the retail investor to do so.

United States of America

US Tax Selling Restrictions

Securities issued in bearer form for US tax purposes ("**Bearer Instruments**") may not be offered, sold or delivered within the United States or its possessions or to a United States person except as permitted under US Treasury Regulation section 1.163-5(c)(2)(i)(D) (the "**D Rules**").

The Issuer and each Manager has represented and agreed (and each additional Manager named in a set of Final Terms will be required to represent and agree) that in addition to the relevant US Securities Selling Restrictions set forth below:

- (a) except to the extent permitted under the D Rules, (x) it has not offered or sold, and during a 40-calendar-day restricted period it will not offer or sell, Bearer Instruments to a person who is within the United States or its possessions or to a United States person and (y) such Manager has not delivered and agrees that it will not deliver within the United States or its possessions definitive Bearer Instruments that will be sold during the restricted period;
- (b) it has and agrees that throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Bearer Instruments are aware that Bearer Instruments may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person (except to the extent permitted under the D Rules);
- (c) if it is a United States person, it is acquiring the Bearer Instruments for purposes of resale in connection with their original issuance, and, if it retains Bearer Instruments for its own account, it will do so in accordance with the requirements of the D Rules;
- (d) with respect to each affiliate or distributor that acquires Bearer Instruments from a Manager for the purpose of offering or selling such Bearer Instruments during the restricted period, the Manager either repeats and confirms the representations and agreements contained in sub-clauses (a), (b) and (c) above on such affiliate's or distributor's behalf or agrees that it will obtain from such affiliate or distributor for the benefit of the Issuer and each Manager the representations and agreements contained in such sub-clauses; and
- (e) it has not entered into and agrees that it will not enter into any written contract (other than confirmation or other notice of the transaction) pursuant to which any other party to the contract (other than one of its affiliates or another Manager) has offered or sold, or during the

restricted period will offer or sell, any Bearer Instruments except where pursuant to the contract the relevant Manager has obtained or will obtain from that party, for the benefit of the Issuer and each Manager, the representations contained in, and that party's agreement to comply with, the provisions of sub-clauses (a), (b), (c) and (d).

Terms used in this section (*US Tax Selling Restrictions*) shall, unless the context otherwise requires, have the meanings given to them by the Internal Revenue Code and the US Treasury Regulations thereunder, including the D Rules.

US Securities Selling Restrictions

The Securities have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, US persons, except in certain transactions exempt from the registration requirements of the Securities Act or in a manner that would not require the Issuer to register under the US Investment Company Act of 1940, as amended. Terms used in this section (*US Securities Selling Restrictions*) shall, unless the context otherwise requires, have the meanings given to them by Regulation S under the Securities Act.

Each Manager has agreed (and each further Manager named in the Final Terms will be required to agree) that it will not offer or sell Securities (i) as part of their distribution at any time or (ii) otherwise until 40 calendar days after the completion of the distribution of an identifiable tranche of which such Securities are part, as determined and certified to the Agent by such Manager (in the case of a non-syndicated issue) or the relevant lead Manager (in the case of a syndicated issue, who shall notify the Managers when all Managers participating in that syndicated issue have so certified in respect of the Securities purchased by or through it), within the United States or to, or for the account or benefit of, US persons, and it will have sent to each Manager to which it sells Securities during the Distribution Compliance Period a confirmation or other notice setting out the restrictions on offers and sales of the Securities within the United States or to, or for the account or benefit of, US persons. Neither such Manager nor its affiliates, nor any persons acting on its or their behalf, have engaged or will engage in any directed selling efforts (as defined in Regulation S) with respect to the Securities, and such Manager, its affiliates and all persons acting on its or their behalf have complied and will comply with the offering restrictions requirement of Regulation S.

In addition, until 40 calendar days after the commencement of the offering of an identifiable tranche of Securities, an offer or sale of Securities within the United States by any dealer that is not participating in the offering of such Securities may violate the registration requirements of the Securities Act.

The Securities are being offered and sold outside the United States to non-US persons in reliance on Regulation S.

The Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of Securities outside the United States and for the listing of Securities on the Relevant Stock Exchange. The Issuer and the Managers reserve the right to reject any offer to purchase the Securities, in whole or in part, for any reason. The Base Prospectus does not constitute an offer to any person in the United States or to any US person. Distribution of the Base Prospectus to any US person or other person within the United States is unauthorised, and any disclosure without the prior written consent of the Issuer of any of its contents to any of such US person or other person within the United States is prohibited.

US Retirement Plan Selling Restrictions

The Securities may not be sold or transferred to, and each purchaser by its purchase of Securities shall be deemed to have represented and covenanted that it is not acquiring the Securities for or on behalf of, and will not transfer Securities to, any pension or welfare plan, as defined in section 3 of the Employee Retirement Income Security Act ("**ERISA**"), that is subject to Title I of ERISA or any plan or arrangement that is subject to section 4975 of the Internal Revenue Code, or an entity the assets of which are considered assets of such a plan, except that such purchase for or on behalf of a plan shall be permitted when, in the sole judgement of the relevant Manager, and to the extent:

- (a) such purchase is made by or on behalf of a bank collective investment fund maintained by the purchaser in which no plan (together with any other plans maintained by the same employer or

employee organisation) has an interest in excess of 10 per cent of the total assets in such collective investment fund, and the other applicable conditions of Prohibited Transaction Class Exemption ("PTCE") 91–38 issued by the US Department of Labor are satisfied;

- (b) such purchase is made by or on behalf of an insurance company pooled separate account maintained by the purchaser in which, at any time while the Securities are outstanding, no plan (together with any other plans maintained by the same employer or employee organisation) has an interest in excess of 10 per cent of the total of all assets in such pooled separate account, and the other applicable conditions of PTCE 90–1 issued by the US Department of Labor are satisfied;
- (c) such purchase is made on behalf of a plan by (i) an investment adviser registered under the US Investment Advisers Act of 1940, as amended (the "**Investment Advisers Act**"), that had as at the last day of its most recent fiscal year total assets under its management and control in excess of \$85 million and had stockholders' or partners' equity in excess of \$1 million, as shown in its most recent balance sheet prepared in accordance with generally accepted accounting principles, or (ii) a bank as defined in section 202(a)(2) of the Investment Advisers Act with equity capital in excess of \$1 million as at the last day of its most recent fiscal year or (iii) an insurance company which is qualified under the laws of more than one State to manage, acquire or dispose of any assets of a pension or welfare plan, which insurance company had, as at the last day of its most recent fiscal year, net worth in excess of \$1 million and which is subject to supervision and examination by a State authority having supervision over insurance companies and, in any case, such investment adviser, bank or insurance company is otherwise a qualified professional asset manager, as such term is used in PTCE 84–14 issued by the US Department of Labor, and the assets of such plan when combined with the assets of other plans established or maintained by the same employer (or affiliate thereof) or employee organisation and managed by such investment adviser, bank or insurance company do not represent more than 20 per cent of the total client assets managed by such investment adviser, bank or insurance company at the time of the transaction, and the other applicable conditions of such exemption are otherwise satisfied;
- (d) such plan is a governmental plan (as defined in section 3(3) of ERISA) which is not subject to the provisions of Title I of ERISA or section 4975 of the Internal Revenue Code;
- (e) such purchase is made by or on behalf of an insurance company using the assets of its general account, of which the reserves and liabilities for the general account contracts held by or on behalf of any plan, together with any other plans maintained by the same employer (or its affiliates) or employee organisation, do not exceed 10 per cent of the total reserves and liabilities of the insurance company general account (exclusive of separate account liabilities), plus surplus as set forth in the National Association of Insurance Commissioners Annual Statement filed with the state domicile of the insurer, in accordance with PTCE 95–60, and the other applicable conditions of such exemption are otherwise satisfied;
- (f) such purchase is made by an in-house asset manager within the meaning of Part IV(a) of PTCE 96–23, and such manager has made or properly authorised the decision for such plan to purchase Securities under circumstances such that PTCE 96–23 is applicable to the purchase and holding of Securities; or
- (g) such purchase will not otherwise give rise to a transaction described in section 406 of ERISA or section 4975(c)(1) of the Internal Revenue Code for which a statutory or administrative exemption is unavailable.

General

The selling restrictions may be modified by the agreement of the Issuer and the relevant Manager, including following a change in a relevant law, regulation or directive.

No action has been taken in any jurisdiction that would permit a public offering of any of the Securities, or possession or distribution of the Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Each Manager has agreed that it will comply with all relevant laws, regulations and directives, and obtain all relevant consents, approvals or permissions, in each jurisdiction in which it purchases, offers, sells or delivers Securities or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms, and neither the Issuer nor any Manager shall have responsibility therefor.

IMPORTANT LEGAL INFORMATION

Responsibility, Public Offers and Consent

Responsibility

The Issuer accepts responsibility for the information contained in this Base Prospectus and any Final Terms. To the best of the knowledge of the Issuer (having taken all reasonable care to ensure that such is the case), the information contained in this Base Prospectus and any Final Terms is in accordance with the facts and contains no omission likely to affect the import of such information.

Public Offers

Certain tranches of Securities may, subject as provided below, be subsequently resold, finally placed or otherwise offered by financial intermediaries in circumstances where there is no exemption from the requirement to publish a prospectus under the Prospectus Directive. Any such resale, placement or offer is referred to in this Base Prospectus as a 'Public Offer'. Any person making or intending to make a Public Offer of Securities must do so only with the consent of the Issuer and subject to and in accordance with the relevant conditions to such consent – see '*Consent to the use of this Base Prospectus*' below.

Other than as set out immediately below, neither the Issuer nor any of the Managers has authorised (nor do they authorise or consent to the use of this Base Prospectus (or Final Terms) in connection with) the making of any Public Offer of Securities by any person in any circumstances. Any such unauthorised offers are not made on behalf of the Issuer or any of the Managers or Authorised Offerors (as defined below) and none of the Issuer or any of the Managers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers. Any Public Offer made without the consent of the Issuer is unauthorised and none of the Issuer or any of the Managers or Authorised Offerors accepts any responsibility or liability for the actions of the persons making any such unauthorised offer. Any persons to whom an offer of any Securities is made should enquire whether a financial intermediary is an Authorised Offeror.

Consent to the use of this Base Prospectus

In connection with a Public Offer of Securities as described in the Final Terms, the Issuer consents or (in the case of (b) (*General Consent*)) offers to grant its consent to the use of this Base Prospectus and Final Terms to each of the following financial intermediaries, in each case provided that the financial intermediary has complied with the Conditions to Consent (as described below) (each such financial intermediary, an "**Authorised Offeror**"):

- (a) **Specific Consent:** if the Final Terms provides that 'Specific Consent' is applicable, each financial intermediary which either:
 - (i) is expressly named as an Initial Authorised Offeror in the Final Terms; or
 - (ii) is expressly named as an Authorised Offeror on the Issuer's website: (<http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/final-terms>) (in which case, its name and address will be published on the Issuer's website); and
- (b) **General Consent:** if the Final Terms provides that 'General Consent' is applicable, each financial intermediary which both:
 - (i) is authorised to make such offers under Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments, including under any applicable implementing measure in each relevant jurisdiction (as may be supplemented from time to time, "**MiFID**"); and
 - (ii) accepts the offer by the Issuer by publishing on its website the following statement (with the information in square brackets duly completed with the relevant information) (the "**Acceptance Statement**"):

*"We, [specify name of financial intermediary], refer to the offer of [specify title of securities] (the "**Securities**") described in the Final Terms dated [specify date] (the "**Final Terms**") published by Barclays Bank PLC (the "**Issuer**"). In consideration of the Issuer offering to grant its consent to our use of the Base Prospectus (as defined in the Final Terms) in connection with the Public Offer of the Securities in the Public Offer Jurisdiction(s) during the Offer Period and subject to and in accordance with the conditions set forth in the Final Terms and Base Prospectus, we accept the offer by the Issuer. We confirm that we are authorised under MiFID to make, and are using the Base Prospectus in connection with, the Public Offer accordingly. Terms used herein and otherwise not defined shall have the same meaning as given to such terms in the Base Prospectus and Final Terms."*

The consent of the Issuer referred to in (a) and (b) above only applies where the relevant financial intermediary has satisfied the following conditions in making the Public Offer (the "**Conditions to Consent**"):

- (A) **Public Offer Jurisdiction(s)**: the Public Offer is only made in Belgium, Denmark, Finland, France, Ireland, Italy, Luxembourg, Malta, the Netherlands, Norway, Portugal, Spain, Sweden and/or the United Kingdom, as specified in the Final Terms (the "Public Offer Jurisdiction(s)");
- (B) **Offer Period**: the Public Offer is only made during the offer period specified in the Final Terms (the "**Offer Period**"); and
- (C) **Other conditions**: each of the other conditions (if any) provided in the Final Terms.

The consent referred to above relates to Offer Periods occurring within 12 months from the date of this Base Prospectus.

The Issuer may give consent to one or more additional Authorised Offerors in respect of a Public Offer after the date of the Final Terms, discontinue or change the Offer Period, and/or remove or add conditions to consent and, if it does so, such information will be published at: <http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/final-terms>. Any new information with respect to Authorised Offerors unknown at the time of the approval of this Base Prospectus or the filing of the Final Terms will be published and can be found at: <http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/final-terms>.

Neither the Issuer nor any Manager has any responsibility for any of the actions of any Authorised Offeror, including their compliance with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to an offer.

Any offer or sale of Securities to an investor by an Authorised Offeror will be made in accordance with any terms and other arrangements in place between such Authorised Offeror and such investor, including as to price, allocations and settlement arrangements. Where such information is not contained in the Base Prospectus or Final Terms, it will be the responsibility of the applicable financial intermediary at the time of such offer to provide the investor with that information and neither the Issuer, nor any Manager or other Authorised Offeror has any responsibility or liability for such information.

Any Authorised Offeror falling within (b) (*General Consent*) above using this Base Prospectus in connection with a Public Offer is required, for the duration of the relevant Offer Period, to publish on its website the Acceptance Statement.

Hyper-links to websites

For the avoidance of doubt, the content of any website to which a hyper-link is provided shall not form part of this Base Prospectus.

Type of Securities

Securities with repayment terms that are linked to one or more Underlying Assets will be 'derivative securities' for the purposes of the Prospectus Directive (and, as such, specific items of information will be included in this Base Prospectus that may not be included for Securities that are not 'derivative securities'). Securities may also be 'debt securities' for the purposes of the Prospectus Directive, in

which case they will provide for repayment at a fixed amount equal to 100 per cent or more of the nominal value.

GENERAL INFORMATION

Significant Change Statement

There has been no significant change in the financial or trading position of the Bank Group since 30 June 2014.

Material Adverse Change Statement

There has been no material adverse change in the prospects of the Issuer since 31 December 2013.

Litigation - Alternative Trading Systems and High-Frequency Trading

The SEC and the New York State Attorney General (the "NYAG") have been investigating a range of issues associated with alternative trading systems (the "ATs") and the activities of high-frequency traders. Barclays PLC and its subsidiary undertakings have been providing information to the authorities in response to their enquiries.

On 25 June 2014, the NYAG filed a complaint against Barclays PLC and Barclays Capital Inc. in the Supreme Court of the State of New York alleging, amongst other things, that Barclays PLC and Barclays Capital Inc. engaged in fraud and deceptive practices in connection with LX Liquidity Cross, the Group's SEC-registered ATS. The NYAG complaint seeks unspecified monetary damages and injunctive relief.

Lehman Brothers Litigation Update

On 5 August 2014, the U.S. Court of Appeals for the Second Circuit (Second Circuit) affirmed the rulings of the US District Court for the Southern District of New York (the "SDNY Court") in favour of the Group on certain claims with respect to its rights over assets it claims from the Sale.

On 5 August 2014, the Second Circuit issued an opinion affirming the rulings of the SDNY Court that the Group is entitled to receive \$1.1bn (£0.6bn) from the trustee in respect of 'clearance box' assets and the property held at various institutions in respect of the exchange traded derivatives accounts transferred to BCI in the Sale (the "ETD Margin").

On 1 October 2014, the Trustee filed a motion with the SDNY Court challenging the Group's entitlement to circa. \$1.2bn (£0.7bn) of the assets not yet received by the Group, claiming that such assets do not constitute ETD Margin.

Legal Proceedings

Save as disclosed in respect of the Citi Proceedings, ADS Proceedings, and the RMBS Proceedings (in each case under the section headed 'Legal, Competition and Regulatory Matters' on pages 27 to 30 of the Registration Document), and the Devonshire Proceedings, LIBOR Proceedings, FX Trading Proceedings, Benchmark Proceedings, FERC Proceedings, BDC Finance Proceedings, CDS Proceedings, Qatar Holding Proceedings and ATs and HFT Proceedings (in each case under the section headed 'Regulatory Inquiries' on pages 30 to 38 of the Registration Document), the paragraphs headed 'Litigation - Alternative Trading Systems and High-Frequency Trading' and 'Lehman Brothers Litigation Update' above, Note 17 (Legal, Competition and Regulatory Matters) on pages 73 to 84 of the Interim Results Announcement and the paragraph headed "Other Matters" on page 8 of the Q3 Interim Management Statement, there are no, and have not been, any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware), which may have, or have had during the 12 months preceding the date of this Base Prospectus, a significant effect on the financial position or profitability of the Issuer and/or the Bank Group.

Recent developments

On 31 August 2014 the Issuer announced it had agreed to sell its Retail Banking, Wealth and Investment Management and Corporate Banking businesses in Spain to CaixaBank S.A. ("CaixaBank"). CaixaBank agreed to acquire Barclays Bank SAU and certain subsidiaries, which represent total assets of €22.2bn and liabilities of €20.5bn as at 30 June 2014, for a consideration of €800m (approximately £630m), payable in cash upon completion and subject to adjustment based on

the statutory Net Asset Value as at 31 December 2014. At 30 September 2014, the Issuer reported a loss after tax on the transaction of £364mn, with an estimated further loss of approximately £0.1bn to be recognised on completion. The Issuer completed the sale on 2 January 2015. The completion will be reflected in the Issuer's Q1 2015 results.

Authorisation and Consents

The establishment of the Programme and the issue of Securities pursuant to the Programme have been duly authorised by resolutions of an authorised committee of the Board of Directors of the Issuer on 1 May 2014.

The Issuer has obtained all necessary consents, approvals and authorisations in connection with establishing and updating this Programme and will obtain all such consents, approvals and authorisations in connection with the issue and performance of each Security or Series issued under this Programme.

Use of Proceeds

The Issuer intends to apply the net proceeds from the sale of any Securities either for hedging purposes or for general corporate purposes unless otherwise specified in the Final Terms relating to a particular Security or Series. If, in respect of any particular issue of Securities, there is a particular identified use of proceeds, this will be stated in the Final Terms.

Base Prospectus and Supplements

This Base Prospectus may be used for a period of one year from its date in connection with a public offer of Securities in the EU, or for the listing and admission to trading of a Series. A revised Base Prospectus will be prepared in connection with the listing of any Series issued after such period unless all consents necessary are obtained for an extension of such period.

If at any time the Issuer shall be required to prepare a supplement to the Base Prospectus pursuant to section 87 of the FSMA, or to give effect to the provisions of Article 16(1) of the Prospectus Directive, the Issuer will prepare and make available an appropriate amendment or supplement to this Base Prospectus or a further base prospectus which, in respect of any subsequent issue of Securities to be offered to the public or to be admitted to trading on the Regulated Market of the London Stock Exchange, or of any other Relevant Stock Exchange, shall constitute a supplemental base prospectus as required by the FCA and section 87 of the FSMA.

Listing and Admission to Trading

Applications may be made for the listing of Securities on the Official List of the UK Listing Authority and for the admission to trading on the Regulated Market of the London Stock Exchange.

In addition, application may be made for a listing and admission to trading of Securities on the regulated market of the Irish Stock Exchange, NYSE Euronext Paris, NYSE Euronext Brussels, NYSE Euronext Amsterdam, Luxembourg Stock Exchange, Malta Stock Exchange, NASDAQ OMX Copenhagen, NASDAQ OMX Stockholm, Nordic Derivatives Exchange (NDX), NASDAQ OMX Helsinki, Oslo Stock Exchange, Borsa Italiana S.p.A., Bolsas y Mercados Españoles and/or NYSE Euronext Lisbon and/or the SIX Swiss Exchange and/or on the multilateral trading facility of EuroTLX SIM S.p.A., as specified in the Final Terms. The SIX Swiss Exchange and the multilateral trading facility of EuroTLX SIM S.p.A. are not regulated markets for the purposes of the Prospectus Directive.

Passporting

A request has been made to the FCA of the United Kingdom to passport this Base Prospectus to the following competent authorities:

- (a) *Commission Bancaire Financière et des Assurances (CBFA)* (Belgium);
- (b) *Finanstilsynet* (Denmark);
- (c) *Finanssivalvonta* (Finland);

- (d) *Autorité des Marchés Financiers* (AMF) (France);
- (e) Central Bank of Ireland (Ireland);
- (f) *Commissione Nazionale per le Società e la Borsa* (CONSOB) (Italy);
- (g) *Commission de Surveillance du Secteur Financier* (Luxembourg);
- (h) Malta Financial Services Authority (Malta);
- (i) *Autoriteit Financiële Markten* (AFM) (the Netherlands);
- (j) The Financial Supervisory Authority of Norway (Norway);
- (k) *Comissão do Mercado de Valores Mobiliários* (Portugal);
- (l) *Comisión Nacional del Mercado de Valores* (CNMV) (Spain); and
- (m) *Finanzinspektionen* (Sweden).

Relevant Clearing Systems

The Securities issued pursuant to the Programme may be accepted for clearance through Euroclear, Clearstream and any other Relevant Clearing System as set out in the Final Terms. The appropriate common code for each Series allocated by Euroclear and Clearstream will be set out in the Final Terms, together with the International Securities Identification Number (the "ISIN") for that Series. Transactions will be effected for settlement in accordance with the Relevant Rules.

The address of Euroclear is 1 Boulevard du Roi Albert II, B-1210 Brussels, Belgium and the address of Clearstream is 42 Avenue JF Kennedy, L-1855 Luxembourg. The address of any additional clearing system will be set out in the General Conditions.

Documents Available

For as long as this Base Prospectus remains in effect or any Securities remain outstanding, copies of the following documents will, when available, be made available during usual business hours on a weekday (Saturdays, Sundays and public holidays excepted) for inspection and, in the case of (b), (c), (h) and (i) below, shall be available for collection free of charge at the registered office of the Issuer, at <http://www.barclays.com/barclays-investor-relations/results-and-reports/results.html>, <http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/prospectuses> and <http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/final-terms> (as applicable) and at and at the specified office of the Issue and Paying Agent. The Final Terms in respect of any Series, shall also be available at the specified office of the relevant Paying Agents or Transfer Agents and in respect of CREST Securities, at the specified office of the CREST Agent:

- (a) the constitutional documents of the Issuer;
- (b) the documents set out in the 'Information Incorporated by Reference' section of this Base Prospectus;
- (c) all future annual reports and semi-annual and quarterly financial statements of the Issuer;
- (d) the Master Subscription Agreement;
- (e) the Agency Agreement;
- (f) the Deed of Covenant;
- (g) the current Base Prospectus in respect of the Programme and any future supplements thereto;
- (h) any Final Terms issued in respect of Securities admitted to listing, trading and/or quotation by any listing authority, stock exchange, and/or quotation system since the most recent base prospectus was published; and

- (i) any other future documents and/or announcements issued by the Issuer.

Post-issuance Information

The Issuer does not intend to provide any post-issuance information in relation to any of the Securities or the performance of any Underlying Asset or any other underlying relating to Securities, except if required by any applicable laws and regulations.

Temporary ISIN and Temporary Common Code

Any Temporary ISIN or Temporary Common Code specified in the Final Terms will apply until such time as the Relevant Clearing System recognises the Securities of the relevant Tranche to be fungible with any other Tranches of the relevant Series.

Yield

In relation to Securities that pay only Fixed Rate Interest and zero coupon Securities, an indication of yield will be specified in the Final Terms. The yield will be calculated at the Issue Date on the basis of the Issue Price, using the formula below. It will not be an indication of future yield.

For Securities that pay only Fixed Rate Interest: $P = \frac{C}{r}(1 - (1 + r)^{-n}) + A(1 + r)^{-n}$

where:

"P" is the Issue Price of the Securities;

"C" is the Interest Amount;

"r" is the annualised yield;

"n" is the time from Issue Date to Scheduled Redemption Date, expressed in years;

"A" is the Settlement Amount of the Securities, being the Specified Denomination.

For zero coupon Securities: $P = A(1 + r)^{-n}$

where:

"P" is the Issue Price of the Securities;

"r" is the annualised yield;

"n" is the time from Issue Date to Scheduled Redemption Date, expressed in years;

"A" is the Settlement Amount of the Securities, being the Specified Denomination.

In respect of Securities for which the Final Terms specifies any Type of Interest other than 'Fixed Rate Interest' or 'Zero Coupon', the Issuer is unable to calculate and specify an indication of yield at the Issue Date because the Interest Amount is conditional and depends on the performance of the Underlying Asset during the life of the Securities.
