PROSPECTUS SUPPLEMENT

COMBINED SUPPLEMENT 3/2017

BARCLAYS BANK PLC
(Incorporated with limited liability in England and Wales)

Pursuant to the Global Structured Securities Programme

This prospectus supplement dated 21 November 2017 (the "**Prospectus Supplement**") is supplemental to, and must be read in conjunction with, each of the base prospectuses listed in the Schedule hereto, (in respect of Base Prospectus 6 only, as supplemented by the Supplement 1/2017 dated 13 July 2017 and the Supplement 2/2017 dated 4 August 2017) (each, a "**Base Prospectus**" and together, the "**Base Prospectuses**") as prepared by Barclays Bank PLC in its capacity as issuer (the "**Issuer**") in respect of its Global Structured Securities Programme (the "**Programme**"). This Prospectus Supplement constitutes a base prospectus supplement of each Base Prospectus for the purposes of Article 13 of Chapter 1 of Part II of the Luxembourg Law on Prospectuses for Securities dated 10 July 2005 and amended on 3 July 2012, and has been approved by the *Commission de Surveillance du Secteur Financier*, which is the competent authority in the Grand Duchy of Luxembourg for the purposes of the Prospectus Directive and the relevant implementing measures in the Grand Duchy of Luxembourg, as a prospectus supplement issued in compliance with the Prospectus Directive and the relevant implementing measures in the Grand Duchy of Luxembourg for the purpose of giving information with regard to the issue of securities under the Programme. This Prospectus Supplement and any documents incorporated by reference will be published on www.bourse.lu.

Terms defined in the Base Prospectuses shall, unless the context otherwise requires, have the same meanings when used in the Prospectus Supplement.

The purpose of this Prospectus Supplement is to amend and supplement (a) certain information in each of the "Important Information", "Summary", "Information Incorporated by Reference", "Form of Final Terms", "Terms and Conditions of the Securities", "Taxation", "Important Legal Information" and "General Information" sections in each of the Base Prospectuses due to (i) the release of the Q3 2017 Results Announcement and the Structural Reform Announcement (each as defined below), (ii) the upgrade by Standard & Poor's Credit Market Services Europe Limited to the short-term debt obligations of the Issuer and (iii) the forthcoming date of application of the Benchmarks Regulation (Regulation (EU) 2016/1011) and (b) the "General Terms and Conditions" of the Securities in respect of Belgian Securities.

A) IMPORTANT INFORMATION

The section entitled "Important Information on (i) pages 4 to 6 of Base Prospectus 6 and (ii) pages 4 to 6 of Base Prospectus 9 is updated by inserting a new paragraph at the end of the section as follows:

"Use of a benchmark

Amounts payable under the Securities or assets deliverable under the Securities may be calculated or otherwise determined by reference to an index or a combination of indices. Any such index may constitute a benchmark for the purposes of the Benchmarks Regulation (Regulation (EU) 2016/1011) (the "**Benchmarks**

Regulation"). If any such index does constitute such a benchmark, from 1 January 2018, the Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to article 36 of the Benchmarks Regulation. Not every index will fall within the scope of the Benchmarks Regulation. Furthermore transitional provisions in the Benchmarks Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the applicable final terms. The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Final Terms to reflect any change in the registration status of the administrator."

E) TERMS AND CONDITIONS OF THE SECURITIES

i) In respect of Base Prospectus 9 only, the section entitled "Terms and Conditions of the Securities" on pages 103 to 315 of Base Prospectus 9 is amended as follows:

(1) General Condition 6.1 (c) (*Alternate Cash Amount*) is supplemented by adding the following paragraph at the end thereof:

"In respect of Belgian Securities only, the Securityholders will not be charged any amounts by or on behalf of the Issuer in connection with the substitution of the Affected Entitlement Components or the payment of the Alternate Cash Amount in lieu thereof."

(2) General Condition 29.2 (*Determinations by the Determination Agent*) is supplemented by deleting the first sentence of the second paragraph thereof and replacing in with the following:

"Save in relation to Belgian Securities, in making such determinations, considerations, decisions, elections and calculations, the Determination Agent may take into account the impact on the Issuer's hedging arrangements."

(3) General Condition 29.3 (*Responsibility of the Issuer and the Agents*) is supplemented by deleting the last sentence thereof and replacing it with the following:

"Where the Issuer or any of the Agents is prevented from effecting payment or delivery due to such event, payment or delivery may be postponed until the time the event or circumstance impeding payment has ceased, and (save in relation to Belgian Securities) shall have no obligation to pay or deliver any additional amounts in respect of such postponement."

The amendments included in this Supplement to the Terms and Conditions of the Securities shall only apply to Final Terms, the date of which falls on or after the approval of this Supplement (save where the Final Terms provides that the Terms and Conditions of the Securities are to be incorporated from an earlier base prospectus).

F) TAXATION

In respect of Base Prospectus 6 only, the information under the heading "US federal tax treatment of non-US holders" on pages 197 to 199 of Base Prospectus 6 shall be amended by deleting the fourth, fifth, sixth, seventh, eighth and ninth paragraphs in their entirety and replacing them with the following:

"Under Section 871(m), actual or deemed payments on financial instruments that reference one or more US corporations may be treated as 'dividend equivalent' payments that are subject to US withholding tax at a rate of 30 per cent. Generally, a 'dividend equivalent' is a payment that is directly or indirectly contingent upon a US source dividend or is determined by reference to a US source dividend, including a payment that implicitly takes into account such a dividend. For financial instruments issued on or after 1 January 2017 but prior to 1 January 2019, dividend equivalent payments will be subject to withholding if the instrument has a 'delta' of one with respect to either an underlying US stock or a US stock component of an underlying index or basket. For financial instruments issued on or after 1 January 2019, dividend equivalent payments on (1) a 'simple' financial instrument that has a delta of 0.8 or greater with respect to an underlying US stock or a US stock component of an underlying index or basket and (2) a 'complex' financial instrument that meets the 'substantial equivalence' test with respect to an underlying US stock or a US stock component of an underlying index or basket, will be subject to withholding tax under Section 871(m). An issue of Securities that references an index or basket that is treated as a 'qualified index' will not be subject to withholding under Section 871(m), even if such Warrants meet, as applicable, the delta or substantial equivalence test. In general, a qualified index is a diverse, passive, and widely used index that satisfies the technical requirements prescribed by regulations.

The delta of a financial instrument generally is defined as the ratio of the change in the fair market value of the instrument to a small change in the fair market value of the number of shares of the underlying US corporation, determined either as of the pricing or issue date of the instrument, in accordance with applicable regulations. A financial instrument generally will be treated as having a delta of one if it provides for 100 per cent participation in all of the appreciation and depreciation of one or more underlying US stocks. Very broadly, the substantial equivalence test analyses whether a financial instrument has a correlation to the applicable underlying US stock that is at least as great as that of a simple financial instrument with a delta of at least 0.8.

The Final Terms will indicate if the Issuer has determined that the particular issue of Warrants is expected to be subject to withholding under Section 871(m). Any determination by the Issuer on the application of Section 871(m) to a particular Warrant generally is binding on Holders, but is not binding on the IRS. The Section 871(m) regulations require complex calculations to be made with respect to Warrants referencing shares of US corporations and their application to a specific issue of Warrants may be uncertain. Accordingly, even if the Issuer determines that a Warrant is not subject to Section 871(m), the IRS could assert that the Holder is liable for Section 871(m) tax in respect of such Warrant, including where the IRS concludes

that the delta or substantial equivalence with respect to the Warrant was determined more than 14 days prior to the Warrant's issue date.

In addition, a Warrant may be treated as reissued for purposes of Section 871(m) upon a significant modification of the terms of the Warrant. In certain circumstances, a rebalancing or adjustment to the components of an underlying index or basket may result in the deemed reissuance of the Warrant, in particular where the rebalancing or adjustment is made other than pursuant to defined rules, or involves the exercise of discretion. In that case, a Warrant that was not subject to withholding under Section 871(m) at issuance may become subject to withholding at the time of the deemed reissuance. In addition, a Warrant that in isolation is not subject to Section 871(m) may nonetheless be subject to Section 871(m) if the non-US Holder has engaged, or engages, in other transactions in respect of an underlying US stock or component of an underlying index or basket. In such situations, such non-US Holders could be subject to Section 871(m) tax even if the Issuer does not withhold in respect of the Warrant. Further, a non-US Holder may be required, including by custodians and other withholding agents with respect to the Warrant, to make representations regarding the nature of any other positions with respect to US stock directly or indirectly referenced (including components of any index or basket) by such Warrant. A non-US Holder that enters, or has entered, into other transactions in respect of a US stock, component of an underlying index or basket, or the Warrants should consult its own tax advisor regarding the application of Section 871(m) to the Warrants and such other transactions.

If an issue of Warrants is determined to be subject to US withholding tax under Section 871(m), information regarding the amount of each dividend equivalent, the delta of the Warrants, the amount of any tax withheld and deposited, the estimated dividend amount (if applicable), and any other information required under Section 871(m), will be provided, communicated, or made available to Holders in a manner permitted by applicable regulations. Withholding on payments will be based on actual dividends on the underlying US stock or, if otherwise notified by the Issuer in accordance with applicable regulations, on estimated dividends used in pricing the Warrants. Where an issue of Warrants that references estimated dividend amounts also provides for any additional payments to reflect actual dividends on the underlying US stock, withholding tax will also apply to any additional payments.

If the Issuer determines that a Warrant is subject to withholding under Section 871(m), it will withhold tax in respect of the actual (or estimated, as described above) dividends that are paid on the underlying US stock. In addition, the US tax may be withheld on any portion of a payment or deemed payment (including, if appropriate, the payment of the purchase price) that is a dividend equivalent. Such withholding may occur at the time a dividend is paid on the relevant US stock (or, in certain cases, at the close of the quarter upon which the dividend is paid). Upon remitting the taxes withheld to the IRS, any increase in value of the relevant asset, index or basket or distributions to a Holder in respect of a dividend equivalent will reflect the amount of the dividend net of the withholding described above."
